EAST TEXAS BAPTIST UNIVERSITY

2010 - 11 CATALOG

THE EAST TEXAS BAPTIST UNIVERSITY 2010-11 CATALOG is a statement of present policies. Information in this catalog is as complete and accurate as possible at the time of publication. Please consult the website at www.etbu.edu for past and future catalogs as well as changes required since publication. East Texas Baptist University reserves the right to amend, add to, or delete any or all policies, procedures, requirements, tuition, fees and charges, major requirements, course offerings, class schedules, teacher assignments, and any or all aspects of its educational and co-curricular programs at any time without prior notice which are published in this catalog. Departments are authorized to update for all enrolled students those approved requirements within a program which are considered necessary for meeting professional standards or requirements of various accrediting agencies. Degree requirements for students admitted under this catalog and continuously enrolled expire at the end of six academic years.

The value of programs offered in terms of achievement, employment, professional licensing, or other measures are in large part dependent on market conditions and factors beyond the University's control. The University makes no representation or contract that following a particular course or curriculum will result in specific achievement, employment, or qualification for employment, admission to degree programs, or licensing for particular professions or occupations.

Other university policies or regulations are located in the Student Handbook and through other materials available to students.

PRIVACY AND DISCLOSURE OF STUDENT RECORDS

ETBU is committed to complying with the Family Educational Rights and Privacy Act of 1974 (*FERPA*). Certain student information (called "Directory Information") has been determined as public information under the terms of the act. Directory Information may include release of name, address, telephone number, e-mail address, date and place of birth, photographic images, major field of study, participation in university sports and activities, weight and height of athletic team members, dates of attendance, degrees and awards received, previous educational institutions attended, eligibility for or induction into honors societies programs, etc. Other information about a student is considered private and is protected by FERPA. Please note that even though certain information is considered Directory Information, ETBU is not required to release it, and our practice is to do so on a very limited basis and only after careful consideration of the need.

At the age of 18, or whenever a student enrolls in an institution of higher learning, students are guaranteed the following rights:

- (1) The right to control who can access records through the student's signed written consent
- (2) The right to restrict access to Directory Information
- (3) The right to inspect and review education records
- (4) The right to seek to amend records if in error

Certain individuals with a "verified educational need to know" may access a student's educational records without consent, according to FERPA. For more information on who may access student records, refer to the FERPA policy.

A *Third-Party Release Form* is available in the Office of the Registrar for ETBU students who wish to grant access to certain individuals for their records. A *Request to Block Directory Information* is also available in the Office of the Registrar for students who wish no information to be released.

A copy of the complete FERPA policy may be reviewed in the Office of the Registrar.

NON-DISCRIMINATION

East Texas Baptist University does not illegally discriminate in its programs or activities on the basis of race, color, national origin, sex, religion, disability, age, or status as a veteran or disabled veteran. The following person has been designated to handle inquiries regarding the non-discrimination policies:

Dr. Dennis Robertson, Vice President for Student Affairs
East Texas Baptist University
1209 N. Grove • Marshall, TX 75670-1498 • 903-923-2320

STUDENTS WITH DISABILITIES

The complete disabilities policy can be found on the ETBU web site under *Current Students: Advising: Disability Accommodation Information*.

Admission

When seeking admission to East Texas Baptist University, a student with a disability should be aware of the admission standards. The standard admissions criteria also apply to students with disabilities who are interested in attending. Extended time ACT and SAT tests will be accepted. Disability will not enter into the admissions decision.

Academic Program

East Texas Baptist University has no specific programs for students with disabilities. The appropriate academic support, deemed reasonable and necessary by law, will be provided to students with documented disabilities that have been accepted according to the university's admissions criteria. The student must understand that academic standards at East Texas Baptist University are rigorous.

A student may be considered unqualified for admission to a program if his/her disability would require individualized supervision or the lowering of program requirements. No modifications will be made and no substitute courses will be accepted if they would fundamentally alter the nature of the educational program. A requirement that is essential to a degree will not be waived.

Financial Aid

All financial aid including federal, state, or private grants; scholarships; and loans will be administered without discrimination to any student, regardless of disability, who is admitted to East Texas Baptist University. The amount of financial aid may be affected by the reduced course load of any student, including that reduction which learning disabled students may require.

Self-Identification

Students enrolled in an institution of higher education are required to self identify if they would like to request academic support services on the basis of a disability. East Texas Baptist University encourages a student with a disability to self identify after admission and provide required documentation to the Director of Academic Advising and Career Development. Through self identification and the utilization of appropriate academic services, it is assumed that academic progress must be made.

Documentation

Students are required to provide documentation of a learning or physical disability to the Director of Academic Advising and Career Development prior to the provision of academic support services or facility adjustments if they are requesting accommodation. In the case of a medical disability of mobility, sensory, health, or physical limitations, a complete medical report and formal diagnosis from a physician is necessary. The deadline for providing documentation is 60 days prior to the beginning of the initial semester, to allow time to provide reasonable accommodation and adequate coordination of services.

A student who wishes to identify himself or herself as having a disability must provide documentation of the disability from an appropriate licensed and qualified health professional. The documentation should specify the diagnosis and any recommended accommodations. The documentation should be dated within the past 3 years unless the disability is of a permanent nature.

Academic Support

After appropriate documentation has been provided to the Director of Academic Advising and Career Development, accommodation(s) will be determined on an individual basis dependent upon documented need for

services and the university's assessment of the individual's need as related to his or her academic program. These services may include liaison with faculty members, promotion of self-advocacy skills, and securing appropriate classroom accommodations. Study skills counseling and some tutoring are also available.

At the student's request and upon receipt of a signed consent form, the Director of Academic Advising and Career Development will notify the appropriate faculty of recommended specific accommodation(s). The student will then meet with his or her instructors to discuss the accommodation(s). It is expected that students will update their requests for accommodation(s) each semester by completing and returning the update form to the Director of Academic Advising and Career Development in a timely manner.

Reasonable accommodation involves a level of shared responsibility, cooperation, and communication among faculty, staff, and students in order to ensure academic integrity and provide equal educational opportunities for students with disabilities. Ultimately, it is the student's responsibility to tell the Director of Academic Advising and Career Development if adjustments are not working out well.

Students who receive academic auxiliary aids and services from the university, based on the university's assessment of the need related to the academic program, will be required to apply for state and/or federal funds for which they may be eligible and to reimburse the university for expenses incurred. Examples of those sources include but are not limited to the Texas Rehabilitation Commission, the Texas Commission for the Blind, or the Veterans Administration.

MISSION STATEMENT

East Texas Baptist University is an institution affiliated with the Baptist General Convention of Texas since 1912. Our purpose is the development of intellectual inquiry, social consciousness, wellness, skills for a contemporary society, global awareness, and Christian character, for we believe that these endeavors prepare students to accept the obligations and opportunities to serve humanity and the Kingdom of God. Our primary focus is on quality academic programs in the humanities, natural and social sciences, fine arts, and selected professional areas. We are committed to Christian stewardship and to providing and maintaining an environment conducive to learning, leadership development, and academic excellence. We affirm that the liberal arts form the surest foundation for education and that the Christian faith provides the surest foundation for life.

We strive to serve students of varied ages and of diverse socioeconomic, geographic, cultural, ethnic, and religious backgrounds. We seek students who demonstrate a potential for success in our supportive and challenging environment. We employ Christian faculty who are dedicated to teaching, scholarship, advising, and service as they model the principles of the Christian faith. As a Baptist university we are committed to the integration of learning and Christian faith in the pursuit of truth.

THE VISION STATEMENT

Our vision is to provide "A World of Opportunity in a Community of Faith."

BAPTIST HERITAGE

Christianity is the faith of enlightenment and intelligence. In Jesus Christ abide all the treasures of wisdom and knowledge. All sound learning is, therefore, a part of our Christian heritage. The new birth opens all human faculties and creates a thirst for knowledge. Moreover, the cause of education in the Kingdom of Christ is coordinate with the causes of missions and general benevolence, and should receive along with these the liberal support of the churches. An adequate system of Christian education is necessary to a complete spiritual program for Christ's people.

In Christian education there should be a proper balance between academic freedom and academic responsibility. Freedom in any orderly relationship of human life is always limited and never absolute. The freedom of a teacher in a Christian school, college, or seminary is limited by the preeminence of Jesus Christ, by the authoritative nature of the Scriptures, and by the distinct purpose for which the school exists.

THE HISTORY OF EAST TEXAS BAPTIST UNIVERSITY

Academic instruction at East Texas Baptist University began in 1917 with the inaugural session of a two-year institution known as College of Marshall. The campaign to launch the college had begun in 1911 and was led by William Thomas Tardy, pastor of Marshall's First Baptist Church. Tardy negotiated the purchase of 100 acres of the original K. M. Van Zandt family plantation for \$25,000. Keeping 50 of the 100 acres on Van Zandt Hill in northwest Marshall, the college subdivided and sold the remaining property. Marshall's citizens subscribed another \$70,000, and the Baptist General Convention of Texas assumed control of the college, appropriating \$40,000 for buildings and furnishings. The trustees applied for and received a charter from the State of Texas in 1912, and **Thurman C. Gardner**, an early day Baptist Training Union leader, became the first president in 1913.

For the first building, Marshall Hall, contractors broke ground on July 5, 1915. Of neoclassical architecture and completed in 1916, Marshall Hall crowned the highest point in Harrison County. The robust building was a self-contained educational facility with a ground floor gymnasium, main floor administrative offices, laboratories, and library, third floor classrooms, and a chapel/theatre on the top floor.

The first freshman class registered in 1917 under **President Henry Eugene Watters** (1916-1918). The college boasted a teaching faculty of nine members. By the academic year 1918-19, some 300 students were enrolled in either a junior college or an academy curriculum. With World War I raging, a student cavalry unit drilled regularly on the college grounds.

New dormitories soon encircled the classic campus quadrangle. In 1924, **Dr. Franklin S. Groner**, the Secretary of the Baptist General Convention of Texas, conveyed the Baptists' commitment to assume the college debt if the Marshall Chamber of Commerce would supply \$12,500 annually for five years, enabling it to remain open.

Leading the college during the trying days of the great depression, **Dr. Franklin Groner** (1928-42) assumed the presidency and instituted a permanent endowment program. In 1935, an additional 43 acres were purchased, including the land and buildings of the St. Joseph's Boys Industrial Orphanage, some of which was converted to men's housing. In 1938, Baptist layman and builder Fred Hale broke ground for Laura Groner Hall, a modern residence hall for women. A reduced replica of Mt. Vernon, the stunning structure stood complete in 1940, its austere construction having cost only \$10,500.

World War II robbed the campus of its men and resources. By 1943, only 137 students remained. In 1944, the trustees, making perhaps the most important decision in the institution's history, asked the Baptist General Convention of Texas to elevate the college to four-year status and to change the name to East Texas Baptist College.

A former pastor of First Baptist Church, Midland, Texas, **Dr. Harvey Daniel Bruce** (1942-1960), the college's ninth president, oversaw a vigorous postwar enrollment and building boom. Veterans arrived on campus, many bringing their families, and enrollment briefly surpassed 800. Prefabricated war surplus family housing was erected on the campus perimeter.

The college added Scarborough Chapel in 1948, which was built in the neo-Gothic style. Also added were Feagin Hall, a new men's residence facility; a cafeteria and student center; and additions to the women's residence hall, which was renamed for Merle Bruce, wife of the college president. Two ornate, neo-classical buildings were added in the 1950s, Sanderson Hall (now Craig Hall) to house the laboratory sciences departments, and Harvey Daniel Bruce Hall as the new library/administrative complex. Keys Gymnasium was built in 1960. In 1961 a new women's residence hall, named after Evelyn Linebery, with its long portico and roomy plantation-style architecture, was completed.

Dr. Bruce labored to establish a liberal arts tradition, along with strong degree programs in Bible and religion. His administration's crowning achievement came in 1957 when the Southern Association of Colleges and Schools granted accreditation to East Texas Baptist College.

Under **Dr. Howard C. Bennett** as president (1960-76), the academic program established enduring credibility. Dr. Bennett, the former pastor of First Baptist Church, Kilgore, oversaw construction of the new Howard C. Bennett Student Center in 1973.

Dr. Jerry Dawson (1976-85), who had been Graduate Dean at Southwest Texas State University, became the first professional educator to lead the college. By 1982, the postwar “baby boom” peaked and enrollment stood at 920 students. A spacious new president’s home replaced the stately residence that Drs. Bruce and Bennett had occupied. After the opening of the Mamye Jarrett Library in 1979, H. D. Bruce Hall became available for the Religion and Teacher Education departments. Married students occupied several new brick housing units. Charles Fry Hall for Men was opened. As age claimed some of the original college buildings, the older men’s dormitory, buildings of the old orphanage, and various frame and prefabricated structures were dismantled during the 1970s and 1980s.

In 1984 the University Charter revision changed the institutional name to East Texas Baptist University. However, by 1985, enrollment gains had eroded. During the interim presidency of **Dr. Harvey Lewis** (1985-86), the University met various deferred maintenance and operating needs.

The former president of two other Baptist institutions from 1961 to 1986, **Dr. Robert Craig** (1986-1992) launched a building program of unprecedented proportions, including the Fred Hale Business Building in 1988-89. Other subsequent construction projects were the Jenna Guest Music Building, the Louise Ornelas Spiritual Life Center; major additions to the Bennett Student Center, construction of the Clifford Nelson Murphy Science Hall, and the Mabee Housing Complex.

The untimely death of Dr. Craig in March 1992, only two months prior to his announced retirement, was followed by the leadership of **Dr. Bob E. Riley** (1992-2009), who had been President of the Howard County Junior College District in Big Spring, Texas. Under Dr. Riley, the University experienced record student enrollments.

The campus continued to develop under President Riley’s leadership with the 1995 completion of the Dean Healthplex and Ornelas Gymnasium. Fall 1996 found the opening of The Joseph and Louise Ornelas Residential Complex and the renovation of Marshall Hall, which was completed in 1997. Meadows Hall, which houses the Murphy Instructional Technology Center and the Department of Mathematics was renovated and occupied beginning with the fall semester of 1999. The University Apartments opened in fall 2002, and the renovation of Scarborough Chapel into Scarborough Hall was complete in January 2004.

Dr. Samuel W. “Dub” Oliver, former Vice President for Student Life at Baylor University, was elected President effective June 1, 2009. Dr. Oliver is a professional educator and licensed minister and brings a wide range of experience in student life and higher education to East Texas Baptist University.

As the University seeks to streamline academic planning and to continue development of its academic and co-curricular programs, the task remains, as always, to affirm and focus the ETBU mission, to see God active in all its parts, and to sustain faithfully the ethical, spiritual, and intellectual foundations of a truly Christian liberal arts education.

THE ALUMNI ASSOCIATION

The University maintains an alumni office which serves as the primary link between the University and its graduates and former students.

Alumni are organized into a functioning body known as the Alumni Association of East Texas Baptist University. This Association is not only concerned with the welfare of graduates and former students of the institution but is vitally interested in developing a stronger university with a broad base of financial support. Presently the Association is seeking to increase the corpus of the Rufus Spraberry Memorial/Alumni Endowed Scholarship to \$250,000. The scholarship serves to encourage families to make attending ETBU a family tradition. Students may apply for these scholarships during the spring semester.

The constitution of the Alumni Association offers two types of memberships: lifetime and annual. Further information regarding these memberships may be obtained from the Office of Alumni Relations.

THE CAMPUS

Located on Van Zandt Hill in the northwestern portion of Marshall, Texas, the university campus of over 200 acres occupies a site of scenic beauty. The buildings are grouped in a setting of native oaks and pines surrounded by sloping lawns. Evergreens and other shrubs employed in landscaping the grounds add to the natural beauty of the campus.

ANDERSON SPORTS COMPLEX, named to honor Marshall and Joan Anderson of Tenaha, Texas, includes all sports fields in the area: Young Field, Taylor Field, a soccer field, the sand volleyball court, and the intramural fields.

BRUCE HOME is the second president's home. The house was designed and built by Dr. and Mrs. H. D. Bruce in 1949. Originally built in the center of campus, it was moved to the current location in 2005.

CARLILE-HOWELL HALL, a brick and steel building, is a multiple use facility dating from the early 1980s. It now serves as the field house for the football program and provides athletic offices.

CHARLES E. HERRINGTON SERVICE CENTER, located at the southwest corner of the University, houses the offices of Institutional Technology and Physical Facilities. It was dedicated on April 28, 2000, by Louise Ornelas and her husband, Joseph Z. Ornelas, as a memorial to Mrs. Ornelas' late brother.

CHARLES FRY HALL is a one-story residence hall for men. The facility was built in 1977 and completely renovated in 2008. The facility features apartment style living with the availability of five private rooms in each apartment that are fully furnished. There are no kitchen facilities associated with this residence hall.

CORNISH SOCCER FIELD was built in 2000, and named for Hal and Joyce Cornish. The field is located on the North edge of campus and is the home of the East Texas Baptist University soccer teams.

DAWSON HOUSE is the current president's home. The house was designed and built by Dr. and Mrs. Jerry Dawson. The colonial-style home was completed in 1977 and graces the campus from a high point on the north perimeter of the campus.

DEAN HEALTHPLEX, featuring the **ORNELAS GYMNASIUM**, which opened in May 1995, provides two physical education classrooms, six offices for staff, four racquetball courts, and an exercise area equipped with technologically advanced training equipment.

EVERLYN LINEBERY HALL was completed in 1961 and provides gracious accommodations for single female upperclassmen. It has a formal parlor, laundry facilities, and an apartment for the director. Its neo-classical architecture and wide portico are distinctive features of classical configuration and beauty.

FEAGIN HALL is a four-story residence hall of colonial design that was completed in 1950. It provides accommodations for freshman men and an apartment for the director. It features four-person suites with central bath.

FRED M. HALE BUSINESS BUILDING, occupied in the fall of 1989, houses the Fred M. Hale School of Business. Central to the building is its large multipurpose lecture hall.

GARDNER APARTMENTS on Van Zandt Street were completed in 1978 and originally consisted of eight one-bedroom apartments of 640 square feet each. These are equipped with ranges, refrigerators, and air conditioning. The completion of sixteen more one-bedroom apartments in 1981 brought the total to twenty-four.

HARVEY DANIEL BRUCE HALL, completed in 1956, is a two-story brick structure of Georgian Colonial design. Originally a library and administrative center, it has been renovated to provide offices, laboratories, and classrooms for the Departments of Teacher Education and Modern Languages. It also contains the Center for the Professional Development of Teachers.

HOWARD C. BENNETT STUDENT CENTER, which was completed in the fall of 1973 and expanded and renovated in the spring of 1991, houses the Division of Student Affairs. Facilities include the central lounge, the main cafeteria, The Tiger Grrrill, private dining rooms, the bookstore, post office, and game room. It is designed as the focal point for campus life for commuting and residential students, alumni and visitors, and for special events.

HUDSON HALL is the first president's home. The house was built by Dr. M. E. Hudson in 1921. The president's living area was on the first floor and students were housed on the second floor.

JENNA GUEST MUSIC BUILDING, occupied in the fall of 1990, houses the School of Fine Arts. It provides classrooms for music instruction, rehearsal halls for theatre and choir, studio/offices for applied music instruction, practice rooms, a music technology center, the Kawai electronic piano laboratory, and the 168-seat Mabee Recital Hall. Theatre Arts academic, production and administrative space, as well as visual arts administration, are housed in the Jenna Guest Building.

MABEE HOUSING COMPLEX was completed in August 1992 and is a two-story, 126-bed apartment building for single male upperclassmen offering four private rooms per apartment with two three-bedroom apartments designed to accommodate mobility-impaired students. The wings open onto private courtyards leading to a commons area which contains an office, a laundry room, a social room, and an upstairs apartment for the director.

MAMYE JARRETT LIBRARY was made possible by the generosity of Mamye Jarrett, a longtime resident of Garrison, Texas. The library occupied the building in 1979. In addition to over 125,000 volumes of books, periodicals, and audiovisual materials and some 10,000 pieces of microfiche the library also has access to over 120,000 electronic books, databases, full-text and electronic journals, and streaming audio and video, bringing the total number of available resources to over 245,000. In addition, over 1 million digital images are available through several databases. Electronic resources are available outside of the library through the campus network and proxy server. Available services include research assistance, Interlibrary Loan, instruction in library usage, private and group study rooms and areas, and a large number of computers for study and research. The library also maintains a virtual presence on the ETBU web site.

MARSHALL HALL, a four-story fireproof brick building completed in 1916, was the first permanent structure erected on campus. It was partially renovated and air-conditioned during the summer and fall of 1985. It underwent complete renovations during the 1996-97 academic year and reopened for the Fall 1997 semester. It houses a spacious classroom, laboratory, and office facilities for the Department of Behavioral Sciences, as well as serving as the University Administrative Center.

MEADOWS HALL, was first completed in 1949 and received its third major renovation, re-opening for the Fall 1999 semester. It houses the Murphy Instructional Technology Center, classrooms, and the Department of Mathematics. The Center includes a multi-media classroom, mathematics learning center, and technology training center.

MURPHY SCIENCE BUILDING, newly occupied in the fall of 1991, provides classrooms, laboratories, and offices for the Departments of Biology and Chemistry-Physics.

ORNELAS GYMNASIUM, opened in May, 1995, provides for intercollegiate athletic contests for both men's and women's basketball and for women's volleyball. It will seat 1,800 for athletic contests and up to 2,500 for special events. The facility includes an indoor jogging track, a fully equipped athletic training room, and ample locker room space for physical education classes, athletic teams, and faculty/staff. The "Tiger Room" is located at court level and provides an attractive location for meetings of the East Texas Baptist University Athletic Association, alumni, and friends of the University.

ORNELAS RESIDENTIAL CENTER was completed in June 1996 and is a two-story, 191-bed apartment building with separate facilities for men and women. The center offers four private rooms per apartment with one three-bedroom apartment designed to accommodate mobility impaired students. A spacious

main lobby is located in the Center with two separate laundry facilities, private courtyards, office, storage room, and an apartment for the director.

ORNELAS SPIRITUAL LIFE CENTER, first occupied in July 1991, contains the 1,501-seat Baker Auditorium for the University community to convene for religious services, cultural and educational programs, and conferences. A multipurpose room, the Edwards Conference Center, provides additional facilities. Office space for the Division of Spiritual Development is also located there.

ORNELAS STADIUM, named for Joseph and Louise Ornelas of Tyler, the home of the East Texas Baptist University Tiger football team was completed in 2000.

REDWINE HALL was acquired from the Marshall Independent School District in 1989. The building now services the Instrumental Program and contains a 3,000 square foot band hall, faculty offices, practice rooms, and additional support space.

ROBERT E. CRAIG HALL is a two-story brick building of Georgian Colonial architecture. Built in 1953, it formerly housed the science programs. It was extensively renovated in 1992 for the Department of Nursing and renamed for the former University president.

SCARBOROUGH HALL, dating from 1948, was originally built as Scarborough Memorial Chapel as a memorial to W. F. and Kara Scarborough and to Lee R. and Neppie Scarborough. Renovations completed in 2004 transformed Scarborough into a four-story academic building housing offices and classrooms for the School of Christian Studies, Departments of Communication, English, History and Political Science, and Academic Advising and Career Development.

SIMS-WEBB APARTMENTS, completed in 1974, consist of eight contemporary apartment units primarily for married students. The Cobb Apartments, a similar unit constructed as a pilot project, were completed and occupied in 1973. The sixteen two-bedroom apartments housed in the two buildings on Van Zandt Street are equipped with ranges, refrigerators, and air conditioning.

TAYLOR FIELD, completed in 1997 and named for Earl and Louise Taylor of Linden, Texas, is the home of the East Texas Baptist University Lady Tigers softball team.

THE UNIVERSITY APARTMENTS, completed in 2002, have 100 male and 100 female beds arranged in a series of six separate buildings containing apartments that house four students in their own private room. The apartments are furnished with living room furniture, refrigerator and stove. In the center of the complex is the commons building which includes laundry facilities, two conference rooms for study and meetings, and a large lounge area furnished with tables, couches, snack bar, and big screen television.

WARREN F. KEYS GYMNASIUM, built in 1960, provides additional space for intercollegiate athletics, intramural games, physical education classes, exercise and recreation areas. The gymnasium accommodates basketball, volleyball, badminton, and other student recreational activities.

WOODS FIELD, completed in 1966 and renovated in 2006, was named for Mildred and Lloyd Woods of Tenaha, Texas, and is the home of the East Texas Baptist University varsity baseball team.

YOUNG FIELD, built in 1994, was named for A. C. and Sibyl Young of Dekalb, Texas. This field is used for the outdoor intramural program, varsity practices, and events by off-campus patrons.

ADMISSION AND ENROLLMENT

ADMISSION

East Texas Baptist University welcomes applications from all prospective students who meet its requirements and qualifications. Persons who wish to apply may obtain the required forms by visiting the website at www.etbu.edu or by writing the Office of Admissions at: East Texas Baptist University, 1209 North Grove, Marshall, TX 75670-1498. Applicants for admission must:

1. Submit a completed Application for Admission and Financial Aid.
2. Send an Application Fee of \$25.00 with the Application for Admission and Financial Aid. (*International Student Application Fee is \$50.00 US - Re-enter fee is \$15.00*)
3. Submit official copies of the required transcripts. Entering freshmen with less than 24 transferable semester hours must send a copy of their official high school transcript with a seal of authenticity, class rank, and date of graduation. A seventh semester transcript should be sent early to expedite the admissions decision. **A final official transcript is required prior to attendance of university classes.** All students with prior college level experience are required to disclose all colleges attended or enrolled in and present official transcripts prior to a decision on admission. College transcripts are considered official when sent directly from the college/university via SPEEDE or U.S. mail.
4. Submit official ACT or SAT scores. Applicants with 24 or more transferable college semester hours are not required to submit test scores. Registration for these tests may be obtained by contacting your local high school counselor or by calling the ETBU Office of Advising. For students unable to take the national administration of these examinations, a residual ACT is offered on the campus of ETBU during the orientation process. These scores may only be used for ETBU purposes.
5. Single students must submit a completed Single Student Resident/Commuter Housing Application. This is for all single students regardless of commuter or resident status.
6. Exhibit good character, in the judgment of the University. East Texas Baptist University reserves the right to deny admission to any individual who has been convicted or adjudicated of a felony or a Class A (or equivalent) misdemeanor.

Once a student has submitted the required credentials, a decision regarding admission or denial of admission of the student to the University will be made in a timely manner. The student will be notified by mail by the Director of Admissions.

ADMISSION TO THE FRESHMAN CLASS

Students granted admission to the freshman class are selected from applicants who meet the admission standards of East Texas Baptist University. Information used to determine admission to the University includes:

1. Graduation from an accredited high school. Acceptance may be granted to students who rank in the upper 40 percent of their graduating class.
 - a. Graduates from non-accredited institutions (including home-schools) must meet the ACT or SAT score requirement below.
 - b. Non-graduates of high school may submit, in lieu of a high school diploma, a General Education Diploma (GED) certificate. Acceptance will be granted to holders of the GED certificate who meet the ACT or SAT score requirement below.
2. Satisfactory test scores on either the ACT or SAT examination. The ACT is the preferred test and is offered residually at ETBU for those students unable to take it on a national test date. Acceptance may be granted to students who have either a composite ACT score of at least 18 (excluding the writing portion) or a combined score of 860 or above on the Critical Reading and Math sections of the SAT.
3. Evidence of good character.

APPEAL FOR ADMISSION TO THE UNIVERSITY

Applicants with an ACT score of 17 (*excluding Writing*) or SAT score of 810-850 (*excluding Writing*) who are not ranked in the upper 40 percent of their graduating class may appeal for admission to the Admissions/

Financial Aid Committee. Students wishing to pursue this process should contact the Admissions Office for details. Once all required materials are received, a recommendation will be made by the committee based on the applicant's portfolio, including diversity of achievements, expressed objectives, and academic background. All required documents should be received in the Admissions Office by May 15 (for fall admission) or December 1 (for spring admission). *(No more than 15 students per academic year may be admitted on appeal.)*

ADMISSION OF TRANSFER STUDENTS

Transfer students are students who have earned college credit beyond high school graduation (excluding the summer immediately following high school graduation). In addition to the general requirements for admission, transfer students must submit all official transcripts of any college(s) attended or enrolled. Students with fewer than twenty-four (24) semester hours of transferable credit must also provide an official high school transcript and ACT or SAT scores. In order to be considered official, all college transcripts must be sent directly from the college/university via SPEEDE or U.S. registered mail.

Acceptance is granted to students who transfer from accredited colleges, who meet the general admissions requirements and who are in good academic standing at the last college attended.

PROBATION

Students who are on probation at the last college attended may be admitted to the University on probation. Students admitted on probation are limited to enrollment in no more than thirteen (13) semester hours and may be required to enroll in a course to develop appropriate skills during their first semester of attendance. To qualify for re-enrollment in subsequent terms, a student admitted on probation must earn a cumulative grade point average in accordance with university standards cited in the enrollment and attendance section of the catalog.

TRANSFER OF CREDIT AT TIME OF ADMISSION

Evaluation and awarding of transfer credit will be based on official transcripts from all prior institutions after students have made application for admission to the University. Prospective students may request an unofficial evaluation based on unofficial documents.

The University accepts academic work from institutions listed in the American Council on Education publication, Accredited Institutions of Postsecondary Education, on the basis of a course-by-course evaluation. Transfer credit is generally awarded for coursework that is comparable to ETBU's curriculum in level and nature and for which the student earned satisfactory grades. The Office of the Registrar will consult with the appropriate Academic Dean for questions of course content or applicability. Total transfer credits from non-baccalaureate degree granting institutions may not exceed 66 hours (*72 for BAS degree*).

Grades on hours transferred to the University are recorded as received. No grade is changed. Courses relevant to the student's degree plan will be accepted provided they do not place the student on probation. Courses for which ETBU has no equivalent may be accepted as electives.

ADDITIONAL ADMISSION REQUIREMENTS FOR THE BACHELOR OF APPLIED SCIENCE

1. Since the degree presumes a level of previous learning from employment or related activities, students must be a minimum of twenty-five (25) years of age by the end of the academic year prior to application for enrollment at the University.
2. Submit an essay [1-2 pages in length] indicating the reason for pursuing the degree.
3. Submit up-to-date and complete resume of all employment experiences and other educationally relevant activities/experiences.
4. Students with fewer than twenty-four (24) semester hours of transferable credit must also provide an official high school transcript and ACT or SAT scores.

ONLINE STUDENTS

Online students must meet all admissions standards stated above and they must be age 25 or older by the first day of class.

PERMISSION TO REGISTER FOR CLASSES

A student may receive a formal Letter of Acceptance to the University prior to the completion of the admissions file; however, for a new student to receive permission to register from the Admissions Office, the student must:

1. Complete the Application for Admission and Financial Aid, supplying official copies of the final transcripts from the appropriate schools and the required test scores as well as other required documentation.
2. Submit a completed Health Information form (not required for online students). This form may be obtained from the ETBU website or the Office of Admissions and returned to that office. It will be forwarded on behalf of the student to the Office of Student Affairs.
3. Single students must submit a completed Single Student Resident/Commuter Housing Application.
4. Complete the required assessment testing, ACT or SAT and any other tests required.

NON-DEGREE STUDENTS

1. Transient/Non-degree seeking students – Transient students are those in transit from another post-secondary institution within the current academic year or the one preceding the current year. Enrollment is limited to seven (7) semester hours in any one term. A Non-degree Application is required (*those enrolling in consecutive semesters other than summer terms in transit are required to follow regular procedures for admission*). Non-degree seeking students must show documentary evidence of good standing at the last college attended by either a letter from that school or an official transcript. Students desiring to apply course work towards a degree must be formally admitted to the University.
2. Post Graduate/Non-degree seeking students – Post Graduate students are graduates of four-year institutions and may be admitted as non-degree seeking students for up to the maximum hours allowed per term. A Non-degree application is required. Non-degree seeking students must show documentary evidence of good standing at the last college attended by either a letter from that school or an official transcript. Students desiring to apply course work towards a degree must be formally admitted to the University.
3. Non-Traditional/Non-degree seeking students – Non-Traditional students are those over the age of 25. Enrollment is limited to seven (7) semester hours in any one term and students may only accumulate 24 total hours. A Non-degree application is required. Students desiring to apply course work towards a degree must be formally admitted to the University.

ADMISSION OF INTERNATIONAL STUDENTS

Applicants who hold citizenship in a country other than the United States and who are not resident aliens of the United States will be considered international students. All federal laws and regulations as stipulated by the Department of Homeland Security will be followed in the admission of international students.

The International Office will assist prospective international students wishing to apply for admission. Students will submit all credentials specified in the Admission and Enrollment section of the catalog. The applicant must also provide the following:

1. Test of English as a Foreign Language (TOEFL) score of at least 500 (paper-based), 173 (computer-based), or 61 (internet-based); International English Language Testing Service (IELTS) score of 5.0; proof of successful completion of an accredited ESL program; or verification that English was the medium of instruction for the student's high school education.
2. Certification of Finances showing adequate financial support to meet all financial obligations considered to be costs of education.

International applicants to the freshman class who are unable to complete the ACT or SAT testing batteries and who, because of logistical barriers, are unable to complete the examinations prior to arrival in the United States, may be admitted on the demonstrated evidence of graded rankings in their regional systems of secondary education. These are to be evaluated as equal to standards required of students originating from within the United States. Standardized criteria are to be gathered and approved by the Director of Admissions in consultation with the Director of International Education. ACT/SAT testing for students admitted on this basis will be required for reporting and/or placement purposes.

For additional information concerning meals and housing during school holidays or for assistance in completing the admissions process, contact the Office of International Education.

The deadline for completing the Application for Admission for international students is ninety days prior to the start of the initial term of attendance. International students desiring to transfer credits from foreign universities are responsible for submitting to the Registrar professional evaluations of their transcripts. Fees for evaluation of credit are the responsibility of the student. The Registrar will determine which credits transfer and how they fit into the student's degree plan.

EARLY ADMISSION OF HIGH SCHOOL STUDENTS

Part-time, non-degree seeking students currently enrolled in secondary school may be admitted to the University through special permission prior to their graduation from high school. Such students must have completed at least six semesters (three years) of graded high school work, have transcribed evidence of at least a 3.0 grade point average on a 4.0 scale, or the equivalent, for all high school work, and have the written recommendation of a school counselor or principal. Enrollment will be limited to no more than two classes or seven semester hours in fall and spring semesters.

Students who wish to be admitted under the above conditions and have not completed six semesters of high school work must submit a personally written statement related to the request, a written statement from a parent or guardian, a written statement from a school counselor or principal, and transcribed grades of any secondary school work completed. Recommendations to admit the above students will be made by the Admissions Committee. Such students will be limited to two courses or seven (7) semester hours in a given term.

Students applying for early admission must also submit a completed Health Information Form.

ACADEMIC POLICIES

ENROLLMENT AND ATTENDANCE POLICIES

ACADEMIC ADVISING AND REGISTRATION

The Advising and Career Development Center assigns all students an academic advisor. The academic advisor will assist the student in planning his or her academic program and will approve the enrollment schedule for each semester. A student will not be authorized to register without the signature of his or her assigned advisor. Students returning after a semester's lapse should contact the Advising and Career Development Center before registration. Students must have all financial accounts in good standing in order to register.

NOTE: While ETBU endeavors to provide accurate advising information and assistance, the student has final and complete responsibility for the selection of and registration in courses.

ACADEMIC DISCIPLINE

Conflicts involving matters of academic discipline will follow the academic appeals procedure described in the Student Handbook. These conflicts include, but are not limited to, cheating, plagiarism, student grievances related to academic assignments and classroom procedures, and violations of stated academic policies described in this catalog. All such incidents are required to be reported to the Vice President for Academic Affairs, who will refer to advisory guidelines outlined in the Student Handbook. Disciplinary measures may include dismissal from the University, failure of the class in question, failure of particular assignments, and/or disciplinary probation, which may include forfeiture of academic honors and/or involvement in certain academic and extra curricular programs.

Questions related to academic discipline should be referred to the Office of the Vice President for Academic Affairs.

ACADEMIC LOAD

Full-time status for purposes of financial aid, athletic eligibility and campus housing requires that the student be enrolled in a minimum of twelve (12) semester hours at East Texas Baptist University during the fall and spring semesters. ETBU will not recognize courses taken at other institutions concurrently as fulfilling the full-time enrollment policy. Students enrolled in fewer than 12 semester hours at ETBU will be treated as part time, and financial aid awards will be adjusted accordingly. The normal load for students is fifteen to eighteen (15-18) semester hours. Students who need fewer than twelve (12) hours to complete all degree requirements and are in their final semester of enrollment will be treated as full-time students for athletic eligibility or campus residence purposes. Students who are enrolled in fewer than twelve hours during either a fall or spring term and wish to live in campus housing must obtain permission from the Office of Student Affairs.

A student in his or her first semester will not normally be permitted to take more than seventeen (17) semester hours of class work, including physical activity credit. After completion of one semester at the University, students in good academic standing may schedule as many as eighteen (18) semester hours.

Upon approval of the advisor and the advisor's Dean, a student may be permitted to carry nineteen (19) hours a semester if the following conditions are met:

1. A 2.5 grade point average on all previous work.
2. A 3.0 grade point average on the previous semester's work.
3. At least 15 credit hours of work completed at East Texas Baptist University.
4. A degree audit on file.

No more than seven (7) semester hours are authorized during each summer term (*May, June, July*).

NOTE: Transfer hours taken in violation of this policy may not be accepted at ETBU.

ACADEMIC OR COURSE WITHDRAWALS

A student may withdraw from a course or courses or from the University beginning with the first day through the last class day without academic penalty. A student may not withdraw from a course after exceeding the number of absences allowed according to the Class Attendance Policy in this Catalog.

To withdraw from a course or courses or from the University the student must secure a withdrawal form from the Registrar's Office, his/her advisor, or from the ETBU website, and follow the directions on the form, securing all required signatures. Parents or guardians of a single student under eighteen years of age will be notified by the University of the student's withdrawal from the University. **Students must process their own withdrawals.**

Withdrawal from a course (or courses) may affect the student's academic progress. See "Satisfactory Academic Progress" in the Financial Aid section of this Catalog. Failure to maintain satisfactory progress will result in ineligibility to participate in NCAA athletics and may lead to the loss of financial aid or scholarships. Students dropping below full-time status in a regular semester are ineligible for the Dean's List or the Dean's List with Honors.

Any refunds due to the student as a result of withdrawing from a course or from the University will be governed by the policies stated in the Refunds section of the Finances pages of this catalog. Failure to complete the official process will result in the forfeiture of any refund to which the student may be entitled.

Any student who withdraws from or otherwise leaves the University without clearing his/her financial record (*i.e., without having returned borrowed books and equipment, paid any outstanding fines, and settled other financial matters with the University*) will be subject to the following restrictions until such time that the record is cleared:

1. The student will not be permitted to re-enroll.
2. The student will not be eligible to receive a transcript of academic work completed.
3. The student will not be issued a diploma.

Students called into active military duty during a semester will be allowed to withdraw from courses in which they are enrolled without penalty. Official military orders should be presented in the Office of the Registrar at the time a student must stop attending classes. Upon presentation of a copy of the student's official military orders, the student will have the following options:

1. The student may withdraw from a course or all courses with full refund of tuition and fees.
2. Depending on the point in the semester at which orders are received, the Vice President for Academic Affairs may permit final grades to be assigned based upon grades earned at that time.
3. Depending upon the point in the semester at which orders are received, the student may request grades of Incomplete with no restriction on completion date.

NOTE: Students intending to transfer to a State of Texas institution of higher education should bear in mind the six course withdrawal regulation. See <http://www.capitol.state.tx.us/BillLookup/BillSummary.aspx?LegSess=80R&Bill=SB1231>.

ADMINISTRATIVE WITHDRAWAL OF STUDENTS

Fraud or misrepresentation in any part of the admission or registration process, academic misconduct, social discipline, and special circumstances outside the control of the University may lead to the administrative withdrawal of a student. In the case of involuntary withdrawal, the chief administrative officers for Student Affairs, Enrollment Management, Administration Finance, or Academic Affairs may initiate the withdrawal process and all must be notified of the withdrawal.

ACADEMIC PROBATION

A student may be placed on Academic Probation at the end of any semester or term in which the student fails to maintain "Good Academic Standing" (*see page 24*). He or she has one calendar year to raise his or her cumulative GPA to the required minimum, thus removing the probation. During that period, the student is limited to thirteen (13) hours and will be subject to the terms of an official Plan to Remove Academic Deficiencies, which may include a course to develop appropriate skills. Students who fail to meet the terms of the deficiency plan within the time allotted will be subject to Academic Suspension. The Academic Probation may be removed at the end of any semester or term if the cumulative GPA has been raised to or above the minimum GPA required for "Good Academic Standing." First time freshmen whose initial enrollment is in a summer term will be evaluated at the end of the subsequent Fall semester.

Students on Academic Probation and/or those not making satisfactory academic progress as defined in the Financial Aid Programs section of the University catalog are not eligible for participation in NCAA Div III athletics and may not be eligible for federal/state financial aid.

Individual scholarships may also have minimum cumulative grade point average standards. (*Consult the Financial Aid office for conditions attached to specific programs or awards.*)

ACADEMIC SUSPENSION

Students who fail to make satisfactory progress toward a degree after being placed on or continued on Academic Probation will be suspended from attending classes at East Texas Baptist University. The terms of the suspension will be clearly defined in a letter informing the student of his or her suspension.

Students on Academic Suspension will be eligible to re-enroll at the University after one regular semester. Summer terms may be used to correct the conditions of probation or suspension. Reinstated students will be placed on Academic Probation during the first semester of reinstatement and must remove the grade point deficiency within one year or be subject to a second suspension. Students placed on Academic Suspension for the second time will not be eligible to re-enroll until two regular semesters have elapsed. Students will not be allowed to re-enroll at the University following a third academic suspension.

Credit courses taken at another institution while the student is on academic suspension from the University will not be accepted.

CLASS ATTENDANCE

East Texas Baptist University is committed to the policy that regular and punctual attendance is essential to successful scholastic achievement. Attendance at all meetings of the course for which a student is registered is expected. **To be eligible to earn credit in a course, the student must attend at least 75 percent of all class meetings.**

1. Absences begin with the first meeting of a class, and students registering late incur absences from the first class meeting of the semester.
2. Students are responsible for all material covered in class meetings and are expected to meet all class requirements for the course.
3. Students who accumulate university-approved absences (*athletic teams, musical organizations, other authorized groups*) will be allowed to make up work missed as a result of that activity provided that:
 - A. The activity was properly scheduled.
 - B. The absence was authorized in advance.
 - C. Arrangements were made with their instructors prior to the absence.

Such absences are, nonetheless, counted as classes missed.

Note: All graded in-class activities, which by their nature cannot be taken in advance or made up upon return, will not count against the student's grade OR may at the discretion of the faculty member be replaced by a different evaluation method.

4. The opportunity to make up work missed as a result of absences other than those identified in Item 3 above may be granted only when the instructor involved grants that privilege. Such absences should be documented by the student to the fullest extent possible.
5. Due to the nature of the content of some courses and some programs of study, more stringent attendance requirements may be required. Students should carefully follow all requirements contained in the course syllabi.

When a student has exceeded the absence limit for a class due to circumstances beyond his or her control, the student may appeal in writing. The appeal must follow the process detailed in the "Grade Appeals Process" in this catalog.

No appeal will be heard after six weeks from the date the student is officially notified that the absence limit has been exceeded.

If a resident student is not attending classes he/she may be required to move out of the residence hall.

CLASSIFICATION OF STUDENTS

Classification of students will be determined by the number of credits earned.

Classification is as follows:

Freshman:Less than thirty (30) semester hours

Sophomore:Thirty (30)- fifty-nine (59) semester hours

Junior:Sixty (60)- eighty-nine (89) semester hours

Senior:Ninety (90) semester hours and successful completion of the Junior Qualifying Examination (JQE).

COURSE GRADES

Credit in each course is dependent upon completion of all academic assignments required for that course. Assigned work may include class recitation, daily written work, tests, library assignments, research papers, laboratory assignments, and other requirements which facilitate learning and which enable the instructor to evaluate the progress of each student. Students will be informed at the beginning of the semester as to course requirements and the criteria for the determination of the final grade.

Student progress is evaluated according to a grading system that differentiates levels of achievement, and reflects the student's competencies with the subject matter and course skills. Although criteria for grading will vary with subject area and instructor, achievement is indicated by the following grades, which are given by the instructor and placed on the student's permanent transcript.

- A Superior Quality..... Four grade points per credit hour
- B Excellent Three grade points per credit hour
- C Strong Average College Level Work Two grade points per credit hour
- D Fair/Below College Standards One grade point per credit hour
- F No Credit..... No grade points
- I Incomplete
- IP In Progress

For courses that by design (*as indicated in the syllabus*) cannot be completed during the semester or term of registration. If a grade of "IP" remains on the transcript after one calendar year from date of enrollment, it will be administratively changed to a grade of "F." A student may not graduate with an "IP" grade on the transcript.

- NR..... Not Required.....Applies to Chapel Credit Only
- W..... Withdrew
- XF..... Failure due to excessive absences
- CR Credit.....No grade or grade points
- P Passing.....No grade points
- NC No Credit, No Grade or Grade Points
- NG No Grade (*Temporary – No grade submitted from instructor at time of posting*)

COURSE NUMBERING

Regular University course numbers contain four digits. The first digit indicates whether the course is primarily for freshmen, sophomores, juniors, or seniors; the second indicates the number of hours of credit; the third and fourth are a departmental designation. Course numbers containing a 7 as the third digit represent special topics courses and are not included in the catalog. Courses numbered in the 3000s and 4000s are considered to be advanced (*upper division*) courses.

The numbers in parenthesis following course titles indicate the credit hours awarded for different educational experiences associated with the course. The first number represents semester hours of credit awarded for the lecture experience, if any. The second number represents semester hours of credit awarded for lab experience, if any. The third number represents the total number of semester hours of credit awarded and is the sum of the first two.

COURSE PREREQUISITES

In order to ensure adequate student preparation for a particular course, prerequisites are established and listed after the course description. These prerequisites may be other numbered courses, academic standing, or instructor consent. Students should consult the catalog carefully and adhere to the prerequisites. Permission to enroll in a course for which the student does not meet the published prerequisites must be obtained from the course instructor, the department chair, or the school dean.

COURSE SUBSTITUTION

As a part of a major, minor, or teaching specialization, all course substitutions must have the signature of the appropriate department chairman or Dean. Authorization forms are available in the Registrar's Office and online.

DROPPING AND ADDING COURSES

The signed approval of the student's advisor is required to change a student's class schedule. Changing sections of the same course, does not require advisor's approval. Additions to a student's schedule must be made during the add period (*the first seven class days of the fall or spring semester or proportionate number of days for a short term*).

ETBU 101

This ETBU 101 is an orientation program for all first-time, full-time freshmen conducted by the office of Student Affairs.

FOREIGN LANGUAGE CREDIT

Students may take the CLEP examination and earn up to eight (8) hours of foreign language credit in any language. Students seeking a B.A. degree who CLEP out of eight (8) hours of a language not offered by ETBU must earn their final three hours, for a total of eleven (11) hours, through another accredited university program.

GOOD ACADEMIC STANDING

In order to be considered in good academic standing, students must maintain a cumulative grade point average (GPA) as follows:

Semesters Hours Attempted	Minimum GPA
1-35	1.65
36	2.00

Transfer students (definition: 24 or more transferrable hours) must maintain a cumulative GPA of 2.0.

GRADE APPEALS PROCESS

A student has a six-week period following the conclusion of a semester in which to request a grade change or to appeal the assigned grade. The student must follow these steps:

1. The student should first consult with the faculty member who assigned the grade to attempt to resolve the misunderstanding or difference of opinion regarding the assigned grade.
2. If the matter is not resolved in the faculty/student conference, then the student may submit a written request to the appropriate department chair. The written appeal should include all pertinent facts and copies of papers, grades, etc. The department chair will meet with the student and the faculty member to gather additional information as needed and attempt to resolve the issue. The department chair will communicate the results in writing to the student and the faculty member. The department chair will give priority treatment to the request.
3. If the student continues to be dissatisfied, the student may then appeal in the same manner to the Dean of the school which offers the course. The Dean will gather any additional information needed and attempt to resolve the difference of opinion as to the nature of the grade assigned. The Dean will communicate the results in writing to the student and the faculty member. The Dean will give priority treatment to the request.
4. If the student is still not satisfied, he/she may appeal to the Vice President for Academic Affairs who will consider the nature of the appeal and the information gathered as well as the recommendations from the faculty member, department chair, and Dean. The Vice President for Academic Affairs, depending on the nature of the appeal, may refer the matter to the Deans Council or uphold the previous recommendation and communicate the decision to the student. The Vice President for Academic Affairs will give priority treatment to the request.
5. If the appeal is referred to the Deans Council, they may gather any additional information required to make a recommendation to the Vice President for Academic Affairs who will review the Council's recommendation.
6. The decision of the Vice President for Academic Affairs will be final and ends the appeal process.

GRADE POINT AVERAGE

In the 4-point system as used at East Texas Baptist University, an "A" earns four (4) grade points per credit

hour, “B” earns three (3) grade points per credit hour, “C” earns two (2) grade points per credit hour, and “D” earns one (1) grade point per credit hour.

The grade point average is determined by dividing the total number of grade points by the total number of credit hours attempted. When a course is repeated (*unless the course is specified in the course description as repeatable for credit*), the official grade is the highest grade received, and these hours and grade points will be used in computing the grade point average. All other grades for the same course will be disregarded in computing the student’s grade point average; however, all courses repeated will be shown on the transcript with grades shown and zero hours credit. A 2.0 cumulative grade point average is the minimum required for graduation. Some degrees, majors, and minors require a higher standard. Consult the specific program or degree for further information.

GRADE REPORTS

Students have on-line access to view mid-term and final grades through Campus Connect. Only grades below “C” are reported at mid-term. Students who desire a printed copy of their grades must file a request in the Office of the Registrar each semester or term for which a report is desired.

INCOMPLETE WORK

A student who has substantially completed a course but who lacks certain essentials of performance due to circumstances beyond his or her control may be granted an “I” (*Incomplete*). To request an Incomplete, the student must secure an Application for Grade of Incomplete from the Office of the Registrar and must secure the approval of the instructor. The instructor may award the Incomplete grade without a student request. The Application for Grade of Incomplete must be filed with the Registrar before the grade of Incomplete may be placed on the student’s transcript. In determining eligibility for granting an Incomplete, the following guidelines will be utilized:

1. The student must have completed at least twelve (12) weeks (*or seventy-five percent of short terms*) of classes.
2. The student must not lack more than one-half of the course requirements at the time that the contract is approved.
3. The student must not have exceeded the number of absences set forth in the catalog. If the absence limit has been exceeded, an appeal must be submitted to the Vice President for Academic Affairs, and if the appeal is approved, the student will be allowed to proceed with the Incomplete Contract.
4. All work must be completed within four (4) months of the end of the term in which the contract is approved.

Successful completion of the Incomplete Contract will entitle the student to a regular grade. Failure to complete the Incomplete Contract will result in an automatic grade of “F”

JUNIOR QUALIFYING EXAMINATION

Successful completion of the Junior Qualifying Examination (*JQE*) is a graduation requirement. The examination should be taken by all students no later than the semester after they have completed forty-five (45) semester hours and should be passed before attainment of ninety (90) semester hours of university work. Students may not apply for graduation until the JQE requirement is satisfied. Transfer students with at least forty-five (45) semester hours of transferred college work should take the JQE during their first semester in residence.

The JQE consists of several tests of general education basic skills typically obtained in the first two years of college which are foundational for performance in upper level courses. The student must obtain a satisfactory score on all areas of the JQE. Some areas are embedded in specific courses. There is a fee for taking the embedded areas of the JQE if not successfully completed within the specific course in which it is offered. For more information about and registration for the JQE, contact the Advising and Career Development Center. It is the student’s responsibility to make application for the JQE.

PLACEMENT PROGRAM

The Advising and Career Development Center coordinates placement of all entering students, including transfers, with the Department of Chemistry and Mathematics and the Department of Languages and Literature. The departments will determine a student’s placement before the beginning of the advising and registration process. Placement is determined based on the information listed below in the department proficiency sections. Students may address any questions concerning their placement to the Advising and Career Development Center.

English Proficiency

As a graduation requirement, all students must demonstrate proficiency in writing and oral communication as evidenced by:

1. Achieving a grade of at least "C" in English 1301 and English 1302. Students desiring to transfer credit for equivalent courses from another institution must have achieved a grade of at least a "C" in those courses.
2. Passing the writing and oral communication sections of the Junior Qualifying Examination (JQE).

Mathematics Proficiency

The academic advisor determines the University mathematics placement based on ACT scores, high school mathematics grades, intended major and degree, and other factors. As a graduation requirement, students must demonstrate quantitative analysis skills by passing the mathematics section of the Junior Qualifying Examination (JQE).

REGISTRATION

Following admission to the University and receipt of a "permit to register," students may register during approved times.

SEMESTER HOURS

The semester hour is the basis for assigning credit for academic work. The term is generally used to identify one class hour of attendance per week during a regular semester. Two to three (2-3) hours of laboratory are generally equivalent to one hour of lecture or recitation.

TRANSFER CREDIT

The University accepts academic work from institutions listed in the American Council on Education publication, Accredited Institutions of Postsecondary Education. Transfer credit is generally awarded for coursework that is comparable to ETBU's curriculum in level and nature and for which the student earned satisfactory grades. The Office of the Registrar will consult with the appropriate Academic Dean for questions of course content or applicability. Total transfer credits from non-baccalaureate degree granting institutions may not exceed 66 hours (72 for BAS degree).

For institutions of higher education not listed in the American Council on Education publication, Accredited Institutions of Postsecondary Education, as well as course work from technical and vocational institutions, the student must furnish sufficient information that the appropriate academic department can evaluate the course work.

1. All transfer work will be evaluated on a course-by-course basis in terms of:
 - a. Collegiate level work
 - b. Comparable to ETBU curriculum in level and nature
 - c. Appropriateness for application to an ETBU degree
2. No grade will be changed.
3. Transfer work with grades that would cause the student to be placed on probation will not be accepted. (Such courses may not be transferred in a later semester even if the student's GPA improves.)
4. In the case of multiple transfer courses, only those courses relevant to the degree plan and which do not place the student on probation will be accepted.

Transfer students with 24 or more transferrable hours must maintain a cumulative GPA of 2.0.

PROCEDURES FOR ENROLLED STUDENTS

Courses to be applied in the general education portion of the degree. If the course to be taken is listed in the TCCN equivalency list found in the Appendix of this catalog, the student does not need permission in advance. If the course to be taken is not in the TCCN listing, the student must complete all of the following:

1. Complete and submit to the Registrar's office a Permission for Course Transfer form (*available online or through the Office of the Registrar*) before enrolling.
2. Make certain the course will meet the general education requirements specified for the student's declared major.

3. Submit official transcripts to the Registrar's office upon completion of the course.
4. Must not exceed eighteen (18) semester hours if enrolling for transfer courses anytime during the fall or spring terms without obtaining permission (see *Academic Load policy*).

Note: *The general education requirements for each major are specified in the departmental sections of this catalog. A student's declared major is the basis of the degree audit for graduation. It is the student's responsibility to ensure the declared major is accurate and his/her degree audit current.*

Courses to be applied to any major, minor, or teaching specialization requirement. The student must complete all of the following:

1. Secure a "Permission for Course Transfer" form (available on-line or through the Office of the Registrar).
2. Provide transfer course/institution data and present to appropriate department chair for a signature of approval.
3. Submit completed form with departmental signature of approval to the Registrar.
4. Once permission is granted, enroll for the course.
5. Submit official transcripts to the Registrar upon completion of the course.
6. Must not exceed eighteen (18) semester hours if enrolling for transfer courses anytime during the fall or spring terms (or 7 hours in short terms) without obtaining permission (see *Academic Load policy*).

Note: *Courses to be applied in the major, minor, or teaching specialization may not be taken Pass/Fail.*

Courses to be used as elective credit. The student must complete all of the following:

1. Secure a "Permission for Course Transfer" form (available on-line or through the Office of the Registrar).
2. Complete the form and submit to the Registrar.
3. Once permission is granted, enroll for the course.
4. Submit official transcripts to the Registrar upon completion of the course.
5. Must not exceed eighteen (18) semester hours if enrolling for transfer courses anytime during the fall or spring terms (or 7 hours in short terms) without obtaining permission (see *Academic Load policy*).

Important Note: *Failure to complete any of the above may be basis for denial of transfer credit.*

OTHER COURSE CREDIT POLICIES

ADVANCED PLACEMENT PROGRAM

The University will grant credit by examination for courses on the basis of acceptable scores on the Advanced Placement Examinations of the College Entrance Examination Board in one or more of the following subjects: American history, biology, chemistry, English, European history, French, mathematics, physics, political science, psychology and Spanish. Credit and placement will be determined by the department of the University in which the same or an equivalent course is offered. Students should make arrangements through their counselors for taking these tests during their senior year of high school, and should have the scores sent to the Advising and Career Development Center. See Appendix for accepted tests and minimum score requirements.

ADVANCED STANDING-CREDIT BY EXAMINATION

Students enrolled at East Texas Baptist University may earn credit for certain courses offered by the University through various programs. No credit by examination will be granted in a case in which (a) the course has been taken at an earlier date in any college, or (b) the course is being taken at the time of the examination and it is after the last date to register for credit. (See *Departmental Examinations for procedures*).

ARMED FORCES

The University will grant credit for all appropriate educational experiences in the Armed Forces in accordance with the recommendations of the American Council on Education in its publication, *A Guide to the Evaluation of Educational Experiences in the Armed Services*, most current edition. Army, Navy, Air Force, Marine Corps and Coast Guard veterans with continuous active duty may receive up to two hours of physical activity in kinesiology. One kinesiology activity credit may be awarded per each six months of active duty. All students, including military veterans, are required to successfully complete KINE 1164 Lifetime Fitness unless seeking the B.A.S. degree. Other credits for service in the armed forces may be documented on a case-by-case basis. The evaluation will be made from either the veterans DD214 or the official AARTS/SMARTS transcript. The transcript is the preferred document.

AUDITING COURSES

Any course may be taken on an audit basis when no college credit is desired. The student who enrolls as an audit student is not expected to satisfy any of the course requirements which regular credit students are expected to meet. He or she may participate in class assignments to the degree desired. No grade is awarded for an audit course. Intention to audit a course must be declared at the time of registration or during the change of schedule period. College credit will not be awarded for a course taken on an audit basis. Courses taken on an audit basis do not count toward full-time status.

COLLEGE LEVEL EXAMINATION PROGRAM

The University will grant credit for acceptable scores on the Subject Examinations of the College Level Examination Program (CLEP) in the following areas: American government, American history, American literature, biology (*except for biology major, minor, or teaching field*), general chemistry, college algebra, freshman English composition (*with local essay*), English literature, French, general psychology, introductory calculus, introductory economics, Spanish, western civilization, and introductory sociology (*No credit will be allowed for completion of the General Examinations.*) Go to www.collegeboard.com/student/testing/clep to locate world-wide test centers and test dates. Tests will be administered on the ETBU campus during scheduled times. Application to take tests administered at ETBU is made through the Advising and Career Development Center. See Appendix for accepted tests and minimum score requirements.

CONFERENCE COURSES

Conference courses are utilized only under extraordinary circumstances in order for the student to meet degree requirements. The conference course should not be used: (a) to bypass fundamental portions of the curriculum, (b) to enhance the GPA, (c) to repeat a previously failed course, or (d) for the convenience of the student. The department chair may recommend a course substitution for a course requirement within the department curriculum in lieu of a conference course.

Procedure:

1. The student must be classified as a senior or a junior to enroll in a conference course.
2. The student's advisor must approve the conference course only after considering all other options.
3. A conference course is permitted only if the following requirements are met:
 - A. A course deficiency is demonstrated upon examination of the student's degree audit.
 - B. There are irreconcilable course scheduling conflicts.
 - C. There is no departmentally acceptable course substitute.
 - D. The course is not offered during the current academic year.
4. A specialized course syllabus, specific to the conference format, must be presented to the student in lieu of the regular syllabus. A copy of the syllabus must be attached to the application.
5. The advisor, instructor, department chair, and dean of the school must approve the application. Approval of the Vice President for Academic Affairs is required if any of the conditions are not met.
6. A fee of \$25 per semester hour will be assessed for the conference course in addition to tuition.

DEPARTMENTAL EXAMINATIONS

Departmental examinations are administered by selected departments for two separate purposes:

Placement Exam

Placement exams are used to determine the appropriate level of instruction for entering students, usually freshmen. This ensures that the student will begin study in the field at the level at which he/she is most likely to succeed. There is no fee for placement exams.

Advanced Standing

A student who has acquired knowledge and skills of a specific course offered by the University (*for example, by continuing education, self-study, or experience*) may be allowed to take an advanced standing examination.

Procedure for taking Advanced Standing Examinations:

The procedure for the student is as follows:

1. Secure application form from the office of the dean of the school which offers the course exam.
2. Secure approval signature of the chairman of the department in which the course is taught. (*Approval must be obtained fifteen (15) days prior to examination administration.*)
3. Secure the approval of the dean of the school which offers the course.
4. If approval has been given, pay the departmental examination fee in the Business Office.
5. Present completed and signed application form and fee receipt to the department chairman and make arrangements for the test administration.

6. Take the test at the agreed upon time and place.

The department chairman will then submit the approved form with the examination results, and fee receipt to the Registrar, who will post credit (if any) to the student's transcript.

Note: No grades will be awarded for successful performance on the examination, but courses and credit hours will be posted to the academic transcript with the designation "CR." These hours are not used in calculation of the grade point average.

DIRECTED STUDY

The directed study course is for an advanced and/or specified study not available in the current curriculum. Seniors or juniors may be allowed to pursue studies which cross departmental lines or to pursue advanced studies in a specific discipline.

Procedure:

1. The student must be classified as a senior or a junior to enroll in a directed study.
2. The student and the advisor jointly propose the directed study by completing the Directed Study Form (available in the Office of the Registrar and the ETBU website).
3. The advisor, with authorization of the department chair, will select a committee of one or two additional faculty members.
4. The project, proposed by the student with direction from the advisor, should include methodology for research and an annotated bibliography.
5. The committee will review the proposal and submit it for approval to the department chair and the dean of the school. Approval of the Vice President for Academic Affairs is required if any of the conditions are not met.
6. Submit the completed Directed Study Form, bearing required signatures and with a syllabus attached to the Office of the Registrar during registration for the semester in which the course will be taken.
7. A fee of \$25 per semester hour will be assessed for the directed study in addition to tuition.
8. The project will be completed and submitted for evaluation by the committee and a grade assigned through collaboration by the committee.

FINAL EXAMINATIONS

All students are to take the final exam at the published time. Students may request a change in or special administration of their final exam for the following reasons:

1. Four scheduled exams on the same day
2. Serious personal illness
3. Death of an immediate family member

For any of the above three reasons, the student must discuss the matter with their faculty member. The faculty member may request verification of proof, so the student should be prepared to present any documentation requested. Such documentation may include class schedule, doctor's letter, etc. The student and the faculty member must agree on a make up time.

INTERNATIONAL BACCALAUREATE

Students graduating from high schools that offer approved International Baccalaureate programs may request evaluation of their credits by the Advising and Career Development Center. Credit in lieu of college work will be granted dependent on the particular courses taken and grades earned. An official transcript from the student's high school is required for official evaluation. See Appendix for additional information.

REPEATING COURSES

Students may repeat courses for two reasons:

1. to raise a previously earned grade, or
2. to earn additional credit.

Note: Only certain courses may be repeated for additional credit and in most cases will only apply as elective credit. Students should consult the course description to determine if the course is repeatable for credit.

SPECIAL TOPICS COURSES

These courses may be offered at any level, though they are most generally junior and senior level courses. They represent a course not in the usual curriculum, typically an experimental course or an area of specialized interest to a group of students. These courses may range from one to six (1-6) semester hours. Although they are not listed in the catalog, they are designated on the course schedule using a 7 as the third digit in the course number.

SUMMER SESSION

East Texas Baptist University offers three summer sessions of approximately four weeks each. These sessions are designated as May, June, and July terms. The University calendar provides the exact dates. Students may enroll in any or all of the terms. Maximum credit is seven (7) semester hours per term. A schedule of course offerings is available for the summer sessions on the University's web site or upon written request.

TRANSCRIPTS

The student's permanent official record of all academic work is referred to as the transcript. In order to comply with the Privacy Act of 1974, transcripts of credits will be supplied to all students and former students only when requested in writing. All financial obligations must be paid in full or loan notes current. The Registrar's Office should be notified at least three business days before the transcript is needed in order to obtain the necessary approvals before the transcript copy is made. During peak times, such as registration or graduation, or the beginning or ending of a semester, the process may be delayed. If the transcript is being mailed, additional notice should be given to allow for postal delays.

ACADEMIC HONORS

THE DEAN'S LIST

The Dean's List identifies those students who have a 3.25 to 3.49 grade point average on a minimum of twelve (12) semester hours in academic courses in which a regular grade is assigned. The list is compiled at the end of the fall and spring semesters.

THE DEAN'S LIST WITH HONORS

Students who have a 3.5 grade point average or above on a minimum of twelve (12) semester hours in academic courses will be named to the "Dean's List with Honor." This list is compiled at the end of the fall and spring semester.

GRADUATION HONORS

To graduate with honors, a student must have earned a minimum of forty-five (45) semester hours at East Texas Baptist University previous to the term of graduation. Credits for transfer students will be evaluated in terms of grade point system used at East Texas Baptist University. Official calculation of honors will be affixed to the final official transcript based on the student's comprehensive calculated grade point average upon completion of all degree requirements. Honors are awarded as follows:

Overall GPA

3.85 or above
3.70 - 3.84
3.50 - 3.69

Honor Status

Summa Cum Laude
Magna Cum Laude
Cum Laude

RECOGNITION OF HONORS AT GRADUATION

Honors designated on the graduation program are unofficial. They are based on the cumulative GPA at the end of the term completed prior to the commencement ceremony in which the student participates. Recognition follows the same GPA requirements noted in the Graduation Honors section of the catalog.

HONORS PROJECT

An Honors Project is designed to allow students the opportunity to conduct advanced research in their chosen discipline. The Honors Project culminates in graduating "with distinction" and special recognition during commencement ceremonies. The project is a four-semester program of individual research directed by a faculty member in the student's academic major and supported by an Honors Project Committee.

In order to be eligible for an Honors Project, a student must meet the following criteria:

1. Have completed sixty (60) hours by the beginning of the first semester of the project,
2. Have completed six (6) hours in their major area, and
3. Maintain an overall GPA of 3.5 with a GPA of 3.75 in the student's major.

The project must be completed in the student's major.

Students should discuss conducting an Honors Project with their academic advisor.

PROGRAMS AND SERVICES

MATHEMATICS LEARNING CENTER

The Mathematics Learning Center, located in Meadows Hall, provides individual assistance with mathematics skills. It also serves as a gathering place for small groups seeking to study mathematics collaboratively. Open daily, the MLC is staffed at selected hours by student assistants prepared to provide mathematics tutoring.

PLACEMENT ASSISTANCE

The Advising and Career Development Center provides computer-assisted job searches and a listing of position vacancies. Career fairs bring potential employers and graduate school representatives to campus.

WRITING TUTORS

The Department of Languages and Literature provides tutors to help students with their writing. Students in need of assistance should contact the department chair for more information.

OFFICE OF INTERNATIONAL EDUCATION

The Office of International Education provides programs, services, and activities to meet University goals which are of a global or international nature.

The Office promotes cultural diversity and helps prepare ETBU students to successfully study, live, and/or work in international markets and societies. The Office also promotes and coordinates study abroad opportunities and facilitates selected exchange programs.

The Office of International Education recruits, screens admission for, and meets various needs unique to foreign students and scholars. Specific services provided by the Office include:

1. Advice and assistance in all matters related to international students' and individual visiting scholars' status as noncitizens of the United States.
2. New international student/scholar campus and community orientation.
3. English language proficiency placement testing. Initial academic advising for international students.
4. Activities that help international students/scholars share their home culture with the ETBU and local community.
5. Assistance for internationals as they relate to other campus and community offices, agencies, and organizations.

The Office of International Education is located in the Ornelas Spiritual Life Center.

TRAVEL STUDY

East Texas Baptist University strives to make international study experiences available to all students. ETBU has focused its university initiated/sponsored travel study efforts primarily in three countries: China, Poland, and Ecuador. Students desiring more information should consult their advisor or the Office of International Education.

THE AU SABLE INSTITUTE

Au Sable offers an environmentally based curriculum which is endorsed by and is part of the ETBU curriculum in the biological sciences. Located at Mancelona, Michigan, its programs are structured toward promotion of Christian environmental stewardship. The Institute offers college level credit courses during ETBU's summer sessions. Courses are offered at the 3000 and 4000 (*advanced*) level and include environmental ethics, land resources, field botany, animal ecology, aquatic biology, conservation biology, limnology, insect biology and ecology, field geology, environmental chemistry, fish biology and ecology, restoration ecology, research, and various practica. Application is made through and enrollment approved by the Department of Biology at ETBU. Tuition is paid to Au Sable through ETBU.

CCCU PROGRAMS

In addition to university initiated/sponsored travel study, East Texas Baptist University is a member of the Council for Christian Colleges and Universities (CCCU), an organization of more than ninety evangelical Christian colleges, which sponsors a number of study abroad programs. (*To learn more about the CCCU, visit the following website - www.bestsemester.com*).

Travel study programs are usually one semester in length and include various seminars of contemporary religious, cultural, and social importance in the region as well as immersion in a language component. Programs within the U.S. offer students a wide variety of experiences. Through the CCCU, ETBU students have the opportunity to study in many different national and international arenas, including those listed below.

CCCU PROGRAMS WITHIN THE U.S.:

Asheville, NC - Journalism

Au Sable, MI - Environmental Studies

Chicago, IL - Urban Studies

Colorado Springs, CO - Focus on the Family

Los Angeles, CA - Film Studies

Martha's Vineyard, MA - Contemporary Music and Music Business

Washington, DC - Political Science, Journalism

Wheaton, IL - International Business

HONG KONG BAPTIST UNIVERSITY

Hong Kong Baptist University and East Texas Baptist University have an exchange agreement whereby two ETBU junior or senior students are chosen each semester (*year*) to study on the campus of HKBU. Students may choose from a wide variety of courses offered in the HKBU catalog, sixty-five (65) percent of which are offered in English.

JANA DLUGOSZA UNIVERSITY

Jana Dlugosza University in Czestochowa, Poland and ETBU have an exchange partnership. Two ETBU students may study at JDU for either a semester or an academic year. Study may include Polish language and culture and courses in the student's major or minor. For more information contact the Office of International Education.

LANZHOU UNIVERSITY OF TECHNOLOGY

Lanzhou University of Technology (*LUT*) in Lanzhou, China, and ETBU have an exchange partnership. Two ETBU students may study at LUT for either a semester or an academic year. Study may include Chinese language and culture and courses in the student's major or minor. For more information contact the Office of International Education.

THE ACADEMIC PROGRAM

POLICY STATEMENT-CATALOG REQUIREMENTS, READMITTED STUDENTS, AND PROGRAM CHANGES

CATALOG REQUIREMENTS

Students may choose to meet requirements under any catalog effective while enrolled. Students planning to complete requirements for a degree under any catalog other than the one effective at the time of initial enrollment (or re-entry) should inform their advisor and seek an updated degree audit reflecting catalog changes.

READMITTED STUDENTS

Students not enrolled in the institution for two or more consecutive long semesters are considered to have departed the institution, must apply for readmission, and may be allowed to complete academic requirements in effect at the time of departure. Depending on the major, students may be required to meet new catalog requirements; however, the six year time limit to complete the degree still applies.

Veterans who leave the university to perform military service of 5 years or less will be readmitted with the same academic status as when last in attendance at the institution. Veterans must notify the Admissions Office and the Registrar's Office if they are returning to the university from military service. Veterans may consult http://www.naicu.edu/docLib/20081016_HEA101-veteransreadmission.pdf for additional information.

PROGRAM CHANGES

It is sometimes necessary or appropriate, due to professional standards or judgment, for the University to change the terms and/or requirements of the programs offered. The University retains the right to terminate or change any of its policies, programs, major requirements, course offerings, class schedules, teacher assignments, and any or all aspects of its educational and co-curricular programs at any time without prior notice. Departments are authorized to update, for all enrolled students, those approved requirements within a program which are considered necessary for meeting professional standards or requirements of various accrediting agencies.

ORGANIZATION OF THE ACADEMIC PROGRAM

The University curriculum is organized by schools, each chaired by a dean. The seven schools, as well as the departments and programs, are:

MINORS

Accounting for Business Majors

The accounting minor for business majors will prepare students for business careers in the private sector, accounting-related fields, graduate school, or careers in public accounting.

American Studies

The minor will provide students an interdisciplinary approach to the study of historical, literary, social, religious, and political themes dominant in United States culture. The minor will allow students to choose courses related to personal interests and professional needs.

Biblical Languages

This minor provides students an opportunity to enhance their knowledge of the Bible through an intensive and rigorous study of Hebrew and Greek.

Biology

The minor provides a solid foundation in biology and to complement a student's major. It will allow students to prepare for many different types of vocations.

British Studies

The minor will provide students a broad foundation for understanding Britain, the Isles, the Empire, and the global influence of British institutions, culture and the English language during the colonial, post-colonial, and devolutionary periods.

Business Administration for non-Business Majors

The business administration minor is for non-business majors only and is not available for business majors. This minor will focus on the theory of business administration and the fundamentals of how businesses function and operate.

Chemistry

The minor will provide the student with exposure to the four major divisions of chemistry: inorganic, organic, analytical, and physical. This minor should prove particularly attractive to those considering a career in the health professions, environmental work, manufacturing, and oil/gas business. A basic understanding of chemistry is widely desired throughout corporate America.

Children's Music

This minor is intended for students who have a background in music and who are interested in working with children in a music setting. Students will receive instruction that will prove helpful in church children's choirs programs, elementary education settings, or any other setting that involves the teaching of children.

Church History

The church history minor provides a strong, balanced foundation in the history of Christianity and the Church within the context of world history.

Counseling

The counseling minor provides a survey of the major theories of counseling and introduces students to the skills and practices essential to the process of facilitating change in human thought, emotion, and behavior.

Criminal Justice

The purpose of this minor is to stimulate thinking about the nature of justice and just relations within society, and to introduce students to the field of justice administration which includes, but is not limited to, law enforcement, corrections (court, prison, and parole), legal assisting, court administration, private security, and juvenile justice.

English

Students pursuing a minor in English can select from a variety of courses intended to increase their appreciation of literature, enhance their understanding of language, and sharpen their skills in rhetoric and composition. An English minor is an excellent complement to majors in such fields as history, speech, theater, business, and religion.

Faith Development

This minor will enable students to understand how psychological development, within specific social, familial, and religious contexts, can deeply influence a person's capacity for faithful relationships with self, with others, and with God. Integral to this study is the investigation of the ways in which crucial developmental factors can be supported, or hindered, by varying forms of religious experience.

Family Studies

This minor is intended to deepen students' understanding of the many ways in which every person both influences, and is influenced by, the system of relationships within their families. A practical, but in-depth, understanding of family dynamics, child development, and the resources for forging healthy relationships will help prepare students for the challenges of marriage and parenting.

History

The history minor provides opportunities to gain broader historical understanding and to enhance analytical and interpretive skills; thus it complements various majors according to the student's plans and interests.

Human/Social Services

This minor is intended to help students prepare for social service careers. They will learn about the field of social work, relationships with and among minority groups, and the resources available for meeting the challenges of complex social problems. Practicum and internship experiences will enhance learning and enable students to establish professional relationships and explore opportunities for future employment.

Information Systems

The information systems minor will prepare students for a role in using computer applications to solve problems in business, industry, and government. The minor will focus on developing cost effective solutions using computer technology.

International Studies

The International Studies minor is intended to facilitate international awareness and knowledge as a useful enhancement to the student's study and experiences in various university majors.

Kinesiology

This minor will enable a student to gain skills that can be utilized throughout a person's entire life, and will allow the student to acquire skills for success in exercise-related professions. This minor will not lead to teacher certification.

Leadership

The leadership minor provides an opportunity for students to develop both knowledge and skills in leadership. It is a minor that requires participation over a two-year period. Applications should be made through one of the deans.

Life Science

This minor prepares the student to teach life science classes at the secondary education level.

Management for Business Majors

The management minor will prepare students for future training in business careers involving planning, human resources, operations, graduate school, or careers in business management.

Marketing for Business Majors

The marketing minor will prepare students for future training in business careers involving sales, advertising, consumer behavior, graduate school, or careers in marketing.

Mass Communication

The mass communication minor will provide students a broad area of intellectual studies that will prepare them for success in a diverse society of media practitioners. The minor will also allow students the opportunity to incorporate mass communication courses that will support his/her major program of study.

Mathematics

Students who are majoring in disciplines as diverse as natural or physical sciences, humanities, and social or behavioral sciences may benefit from this minor. It will provide fundamental skills and techniques in mathematics that will support a wide variety of disciplines.

Music Conducting

This minor combines courses in conducting, performance and music theory. It provides necessary instruction for non-music students who seek opportunities to lead music ensembles in churches or other venues.

Music and Worship in Ministry

This minor is available to any student. It is designed for the student who may seek involvement in a ministry position of any kind: pastoral, religious education, youth ministry, or others. The minor combines courses in sacred music, performance, and music theory. The sacred music portion of the minor provides a wide range of options that allows the student to select a specific area of interest.

Music History

This minor combines courses in music history, performance and music theory. While it is available to all students who are interested in these courses, it compliments the history major particularly well.

Music Theory

This minor is designed for the student who has a background in music and is interested in understanding the elements of music. These courses prepare students to work with the language of music and prepare them to compose or arrange music for their own enjoyment.

Not for Profit Business Administration

This minor will focus on not-for-profit organizations such as churches or church related fields but will also have practical benefits for any student wanting practical business training. The minor will NOT be available for business students but will be designed as practical training for not-for-profit practitioners.

Political Science

This minor fosters the understanding and appreciation of political science and examines the significance and influence of politics. The minor program also provides the foundation for further studies in American government and politics, constitutional law, and international relations, and serves as a useful supplemental program

to majors in other disciplines. Associated with studies in political science, the Model United Nations program provides students the opportunity to apply their learning to debates on international relations issues.

Psychology

In this course of study, students are introduced to the schools of thought, and the methods of study used by psychologist to understand, predict, and control the enormous variations that are possible in human behavior.

Religion

This minor is intended to assist students in the creation of a board-based theological foundation for the expression of their life and faith. The flexibility of this minor allows for all students to reflect theologically upon and strengthen their own interests, gifts, ministries, and lifestyles, and to enhance their own chosen majors.

Social Sciences

The interdepartmental minor provides a general background in the social sciences. The minor can supplement the student's preparation for various careers, including Christian ministry, social work, business, and civic leadership.

Sociology

This minor is intended to help students better understand the groups to which they belong. Students may select courses and explore their own interests in understanding the nature of group development, group structure and collective behavior.

Spanish

The Spanish minor will provide the fundamentals of Spanish grammar, conversation, reading and writing. It will also provide students with opportunities for further study in advanced grammar, advanced conversation, culture and civilization, and literature. The minor will prepare students to communicate adequately in an increasingly Spanish-speaking society.

Speech Communication

The speech communication minor is designed to allow the student the opportunity to incorporate communication courses that will support his/her major program of study.

Theatre Arts

This minor introduces the student to the principal areas of theatre. It offers the opportunity to develop skills in and knowledge of the theatre and utilize it as an adjunct to a variety of other fields including ministry and teaching. Students who enjoy theatre for the sake of arts are encouraged to minor in theatre as well.

Writing

This minor will provide the student with advanced written communications skills that can be used to support his/her chosen major or profession. The minor draws on courses from English, Communication, Computer Science, and Theatre.

DEGREE REQUIREMENTS

GENERAL REQUIREMENTS FOR BACHELOR'S DEGREES

1. Completion of a minimum of one hundred twenty (120) semester hours.
2. Completion of general education, major, and minor (if applicable) requirements as listed for the degree sought.
3. Completion of English 1301 and 1302 with a grade of C or higher.
4. A minimum cumulative GPA (Grade Point Average) of 2.0.
5. A minimum grade of "C" on all courses in the major, minor, departmental core, and concentration (if applicable) except the University Studies major (see specifics in University Studies degree requirements).
6. Satisfaction of advanced hour credit requirements in all categories.
 - a. A minimum of thirty-nine (39) advanced hours in the degree of which a minimum of thirty-three (33) must be earned at ETBU.
 - b. A minimum of twelve (12) advanced hours in the major earned at ETBU.
 - c. A minimum of six (6) advanced hours in the minor earned at ETBU.
 - d. Portfolio hours do not count as hours earned at ETBU.
7. Completion of required chapel/assembly credits.
8. Successful completion of the Junior Qualifying Examination (JQE).

ADDITIONAL CONDITIONS

1. No more than sixty-six (66) semester hours of junior college transfer credit (72 for BAS).
2. No more than eight (8) semester hours in physical activity courses.

TIME LIMIT FOR ALL DEGREES

Student may choose to graduate under the catalog in effect during the first semester of enrollment or any successive catalog. All catalog provisions expire after six years. Students unable to complete all requirements within the six-year time limit must choose to graduate under a successive catalog.

PROCEDURE FOR AWARDING OF DEGREE

Degrees are awarded four (4) times a year (fall, spring, May, and summer) when all degree requirements have been completed. Participation in the graduation ceremony is optional. In order for the degree to be awarded, the student must have completed the following by the deadline stated in the University Calendar at the front of this catalog:

1. Submitted an application for graduation before the published deadline.
2. Satisfactorily completed all portions of the JQE.
3. Satisfactorily completed all chapel requirements.
4. Satisfactorily completed all course and curricular requirements.

PROCEDURE FOR PARTICIPATION IN A GRADUATION CEREMONY

Ceremonies are held in December and May at the end of fall and spring semesters. Students may participate in either ceremony if:

1. They have met the first three criteria above and
2. They lack no more than 7 hours of academic credit beyond current enrollment.

CURRICULUM REQUIREMENTS

GENERAL EDUCATION STATEMENT

The general education requirement required for all degrees offered by East Texas Baptist University is designed to develop certain basic skills in oral and written communication and computational analysis to support continued study in a variety of majors. Furthermore, the general education requirement fosters development of a liberal arts foundation. The liberal arts as endorsed at ETBU include exposure to and experience in a prescribed variety of disciplines. This exposure and experience is intended to provide the initial discovery of critical reflection, problem solving, and moral/ethical reasoning and thought processes which are subsequently refined in upper-level coursework both within and outside the student's chosen major or minor. These courses do not narrowly focus on skills, techniques, or procedures specific to a particular occupation or profession but rather provide the opportunity for the student to be broadly educated and to integrate and see connections between and within disciplines.

SPECIFIC REQUIREMENTS FOR ADMISSION TO THE BACHELOR OF APPLIED SCIENCE

The Bachelor of Applied Science degree program is designed for working adults, adults who wish to return to school, and other non-traditional students. The degree provides a mechanism to recognize college level learning from prior work experience, individual and other types of study, prior academic experience, and transfer credit in fields which are not offered at ETBU.

Admission Requirements:

1. Students must be a minimum of twenty-five (25) years of age by the end of the academic year prior to application for enrollment at the University.
2. Meet with an assigned advisor to develop an academic plan.

REQUIREMENTS FOR THE BACHELOR OF SCIENCE IN EDUCATION

Specific course recommendations may vary depending on area and level of certification. Consult the academic departmental section for additional information.

Professional Education Requirements

To enroll in professional development courses in Teacher Education, a student must have sophomore standing and have a cumulative grade point average (GPA) of 2.6 or above. For a comprehensive explanation of professional education requirements for teacher certification, consult the Department of Teacher Education section in this catalog.

Content Area Requirements:

Requirements for each academic area are listed under each department’s heading. Various certification options are detailed in the same section.

Total: Minimum one hundred twenty-two (122) semester hours

REQUIREMENTS FOR THE BACHELOR OF SCIENCE IN NURSING

See Department of Nursing for Specific Requirements.

TEXAS GENERAL EDUCATION CORE CURRICULUM

Public colleges and universities in Texas participate in the “Texas General Education Core Curriculum.” Students who enroll at a Texas public university or college have degree requirements which include a general education core curriculum. Every public institution in Texas has a Core, which is designed to provide a solid foundation for a college education and make transfers between and among Texas institutions of higher education as smooth and seamless as possible.

ETBU voluntarily participates in this initiative to facilitate transfer. All core requirements met through the Texas General Education Core Curriculum are transferable to ETBU in the following categories:

English—Composition and Literature

010 - Communication (English rhetoric/composition)
will also include sophomore level literature from 040 Humanities

Speech Communication

011 - Communication (1311 or 1315)

Mathematics and Sciences

020 - Mathematics (logic, college algebra-equivalent or above)
030 - Natural Sciences

Fine Arts

050 - Visual/Performing Arts
music and other fine arts courses

History

060 - U.S. History
world or other history courses

Social Sciences

070 - Political Science
080 - Social/Behavioral Science

Electives

ETBU has additional general education requirements as listed in the catalog. Please also note that some departments may have additional specific courses which serve as prerequisite or foundational courses for the major.

Consult <http://statecore.its.txstate.edu/> for more information on the Texas Core Curriculum. Consult the ETBU Catalog www.etbu.edu/Forms/Catalogs, your academic advisor, or the Registrar’s Office if you have questions.

ACTIVITY COURSE REQUIREMENTS

With the exception of KINE 1164, activity courses, when repeated, do not replace previous grades, but rather count toward the total hours for degree requirements. Specific activity courses may count only once toward general education requirements.

A maximum of eight (8) semester hours of physical activity classes (*including KINE 1164*) may be applied to the hours required for graduation. EXCEPTION: Medically excused students with a physician’s letter may take KINE 1109, Restricted Activities, to satisfy these requirements. Course details are listed under “Activity Courses” in the course section of the catalog.

Military veterans may receive up to two (2) semester hours of physical activity credit. Such credit will be granted by the Registrar upon presentation of the DD 214 or AARTS/SMARTS transcript. (*Refer to the “Armed Forces” paragraph in the Academic Policies section.*)

MAJORS AND MINORS

A major is required for graduation with any baccalaureate degree. (The major is the specialized and concerted study in a particular discipline.) A major requires a minimum of thirty (30) semester hours. To complete a major, students must complete twelve (12) advanced hours at ETBU.

Most degrees require a minor or allow for a second major, (see departmental sections for specific requirements). A minor requires a minimum of eighteen (18) semester hours. Students should select one or more minors as an opportunity to complement their chosen major. Minors may prepare the student to apply their major to a particular interdisciplinary, ministry, cultural, or vocational setting. Minors may open future opportunities in ministry, or career advancement, or to pursue graduate study. To complete a minor, students must complete a minimum of six (6) advanced hours at ETBU, unless otherwise specified.

Grades of "C" or above are required for all courses which count toward a major (except University Studies, see University Studies Major for details) or minor.

DOUBLE MAJOR AND MINOR POLICY

Students pursuing double or multiple majors/minors must consult closely with their assigned advisor as well as the department chair of all other majors/minors sought. Majors and minors may be declared in the same department but must be in different disciplines. A student may complete two majors within a single bachelor's degree, provided the requirements of both majors are satisfied and the approval of the department chairperson or chairpersons is obtained. If one major leads to one bachelor's degree and the other to a different degree, the student will select one or the other degree at the time the degree plan is filed. Only one degree title will appear on the student's transcript and diploma.

The University Studies major may not be combined with any other major.

COURSE WORK MEETING MULTIPLE REQUIREMENTS

Courses may satisfy multiple curriculum requirements, but semester hours count only once.

ADDITIONAL BACHELOR'S DEGREES

A student who has earned one bachelor's degree may receive a second bachelor's degree from East Texas Baptist University by:

1. completing the general education requirements for the second degree,
2. selecting and completing a major in a field not used as a major or a minor in the first degree,
3. selecting, with the advice of the major professor, and completing a related minor not used as a major or a minor for the first degree, AND
4. completing a minimum of thirty (30) semester hours at ETBU after receiving the first degree.

ACADEMIC PROGRAMS

ALLIED AND PREPROFESSIONAL HEALTH PROGRAMS

DR. CATHERINE CONE AND DR. DAVID BROOKS, ADVISORS

The purposes of the Allied and Preprofessional Health Programs are: (1) to provide a foundation in the liberal arts for students who plan careers in a health field; (2) to satisfy the entrance requirements for professional schools, particularly those in Texas; and (3) to satisfy the requirements for graduation at East Texas Baptist University.

PREPROFESSIONAL HEALTH PROGRAMS

Preprofessional programs offered at East Texas Baptist University include premedical, preidental, prephysical therapy, prepodiatry, prepharmacy, preoptometry, preoccupational therapy, prephysician assistant, and preveterinary medicine. Other fields such as medical records and dental hygiene are available upon consultation with the Allied Health Advisor. Students wishing to enroll in professional schools should obtain requirements for admission from these schools. Since the various professional schools have different requirements for entrance, preprofessional students should familiarize themselves as soon as possible with the requirements of their chosen school. Completion of the program at East Texas Baptist University does not guarantee acceptance into the professional sequence.

Premedical, preidental, and prepharmacy students should plan to take the appropriate entrance examinations during the spring semester of the junior year and no later than August prior to their senior year.

All health programs require eight (8) semester hours of general biology for majors with accompanying laboratory and eight (8) semester hours of general (*inorganic*) chemistry for majors with accompanying laboratory.

Students desiring to pursue a career in the health professions must adhere to the steps listed below or risk delay in completing the program.

1. Register for at least these classes in their freshman year:

Fall - Biology 1406, Chemistry 1311 and 1111, English 1301

Spring - Biology 1407, Chemistry 1312 and 1112, English 1302, with no more than sixteen (16) semester hours each semester.

BIOLOGY

DR. ROY DARVILLE, CHAIR

Department of Biology

The Department of Biology offers programs of study with a major and minor in biology. A major in biology allows a student to specialize by choosing one of three tracks: general biology, environmental studies, or human biology. A life science major or minor is available for the Teacher Education Program for secondary-level certification. The department also serves other academic disciplines by providing biological knowledge and skills needed in those areas. By balancing courses in biology with English, math, speech and other courses outside the department students gain the broad education necessary for success in many careers.

Students may take biology and environmental studies courses offered at Au Sable Institute of Environmental Studies in Michigan. Further details may be found in the International Education section of the catalog and from the chair, Department of Biology.

The department is committed to teaching the fundamental skills and techniques of biology, exploring how biology as a science is a way of knowing about life and instilling a desire for further study in biology.

Students who major in biology will:

1. Compare favorably in their knowledge of biological terms and concepts with those students completing a similar program statewide and nationwide.
2. Demonstrate understanding of the scientific method through understanding of biological concepts and acquisition of laboratory skills.
3. Develop a world-view that incorporates biology.

BUSINESS

Dean of the Fred Hale School of Business

MISSION AND PURPOSE

The School of Business seeks to prepare undergraduate students for careers in business, business-related, and nonprofit organizations and to provide students with the academic preparation necessary to undertake study in various graduate and professional degree programs. The department strives to instill Christian values in its students and to develop individuals who are committed to the ethical and moral standards in business fostered by the Christian faith. The department places emphasis on quality teaching and is committed to supporting activities that help advance the economic development of the primary geographical area that the department serves. Students completing the undergraduate business degree programs offered by the School of Business should:

1. Possess a fundamental knowledge of the basic business core subjects.
2. Possess an in-depth knowledge of their area(s) of business specialization.
3. Be prepared to pursue graduate studies in business.
4. Be able to apply Christian values in their employment practices.

DEGREES

Students may select concentrations in accounting, management, management information systems, and marketing within the B.S. in business administration.

Business is a highly diversified field requiring general liberal arts education for a lifetime of opportunities and changes. This degree is a broad-based business education in which students gain a better working knowledge of the world around them.

CHEMISTRY

DR. STEVEN R. CAPEHART, CHAIR
Department of Chemistry and Mathematics

The Department of Chemistry and Mathematics offers a major and minor in chemistry. The department seeks to provide students with the knowledge and skills necessary to prepare them for admission to professional schools in the health fields, for admission to graduate study in chemistry, or for careers as chemists in industry.

Students completing the baccalaureate degree in chemistry should:

1. Compare favorably in their knowledge of undergraduate chemistry with those students completing a similar program nationally or statewide.
2. Possess the skills necessary for employment in industry.
3. Possess the skills necessary to remain current in their field.

CRIMINAL JUSTICE

DR. LYNN NEW, CHAIR

Department of Behavioral Sciences

The criminal justice major has the following goals:

1. Prepare students for entry-level work in jobs requiring a bachelor's degree.
2. Prepare students to enter graduate programs in criminal justice.
3. Integrate Christian values with the knowledge essential for effective service in varied criminal justice settings.
4. Contribute to the development of the student's ability for critical thinking and capacity for personal reflection.

The criminal justice major may be taken on either the Bachelor of Arts degree or the Bachelor of Science degree and can lead to a broad range of career options. Because career opportunities in some areas of specialization require a graduate degree, it is important for students to take time to examine their interests, values, and goals before embarking on a course of study.

General education courses build and strengthen the verbal and quantitative skills that are the foundation of the criminal justice major and they provide an essential context for the study of human development and social problems. Recent research has demonstrated that such courses also can be instrumental in increasing a person's capacity for open and flexible thought.

CORNERSTONE COURSE

SOCI 2332, Introduction to Research Methods, is required for all a criminal justice majors. In this course students are introduced to the philosophy and methods of science, which provide the foundation for all knowledge in each of the behavioral sciences. As part of the requirements for this sophomore-level course, students begin to explore topics of interest for individual study.

SENIOR RESEARCH PROJECT

All students with a major in criminal justice will complete a senior research project. SOCI 4331, Applied Social Research I, will help students prepare for the senior project by introducing the analytical and quantitative research skills that will prove useful when working in jobs related to the behavioral sciences. Then, as part of SOCI 4131 Applied Social Research II, students will participate in a community service research project which will give them the opportunity to utilize a combination of their knowledge of the discipline and research skills in a real world setting.

HONORS PROJECT

To be eligible to participate in the University Honors Project, leading to graduation with distinction, students in the Department of Behavioral Sciences must earn a grade of "A" in both MATH 2316 and SOCI/PSYC 2332. Information describing the Honors Project process is available on the university website.

COMPUTER COMPETENCY

All criminal justice majors are expected to demonstrate competency in basic computer skills and in the use of SPSS. Basic skills will be assessed as a part of SOCI/PSYC 2332; skill in the use of SPSS will be assessed in CJUS 4331.

ENGLISH

DR. SARAH WATSON, CHAIR

Department of Languages and Literature

The Department of Languages and Literature seeks to develop the language skills, composition skills, and knowledge of literature expected of all liberally-educated students. By balancing courses in English with history, psychology, math, and other courses outside the department, students gain the broad education necessary for success in many careers. The department offers (a) a major in English wherein students can pursue a track in Literature or Writing, (b) a minor in English and Writing, (c) an English major or minor for secondary level certification, and (d) major/minor in English Language Arts, reading specialization for the EC-6 interdisciplinary major. Students completing a major in English should:

1. Compare favorably in their knowledge of literature, composition, and rhetoric with students completing similar programs at other schools.
2. Compare favorably with their peers on standardized tests such as the TExES and GRE.
3. Be well prepared for graduate study, positions in the elementary and secondary schools, or other careers in the public and private sectors.

Instruction in literature at East Texas Baptist University is guided by the principle of literary merit set in a Christian context. The English Department not only seeks to expose learners to the traditionally accepted canon of American, British, and world literature and to provide a literary education commensurate with that in other colleges and universities but also proposes to present and interpret works from Christian perspectives. While instructors strive to be sensitive to the religious beliefs and traditions of all students who enroll in a literature course, some works may offend some students in one way or another. Students should be aware that including a literary work in the curriculum does not necessarily mean that the instructor or the department endorses the language or views expressed in it. Any student who objects to a particular selection should discuss the matter with his or her instructor.

HISTORY

DR. JERRY L. SUMMERS, CHAIR

Department of History and Political Science

Dean of the School of Humanities

The department faculty members seek to foster our students' competence and understanding in the disciplines of history, political science, and geography. Thus we emphasize the study of the global human past, the institutions and traditions of law, government, and politics, and the interactions of humans and the environment as understood through geographical study. By balancing courses in history and political science with speech communication, English, mathematics, and other courses outside the department, students gain the broad education necessary for success in many careers.

Students completing a history major should be able to understand, research, write, and analyze history in accordance with recognized research principles, methodology, and processes. Students seeking State of Texas teacher certification must meet or exceed the state minimum criteria on the TExES.

The department offers or hosts the following majors and minors in the Bachelor of Arts or the Bachelor of Science in Education: history, political science, church history, international studies, American studies, British studies, and social sciences.

Pre-law students may prepare for law school using any East Texas Baptist University major. The department faculty members will advise students who intend to apply to law school. The department recommends a pre-law concentration through the University Studies major.

Social Sciences Minor

An interdepartmental minor is offered to serve students whose careers call for a broad background in the social sciences including pre-ministerial students, pre-social work students, business students, those preparing for civic leadership positions, and others.

The Social Sciences Minor requires course work from three different approved areas (*twenty-four (24) semester hours*).

Choose the primary area from the choices below and complete requirements listed.

History: 1301-1302 or 2321-2322 plus six (6) advanced semester hours

Political Science: 2304, 1301 plus six (6) advanced semester hours

Psychology: 2301, 3367 plus six (6) advanced hours

Sociology: 1301 and three (3) additional semester hours plus six (6) advanced semester hours

Choose two additional support areas from the choices below and complete courses listed.

Economics: 2303 and three (3) additional semester hours

Geography: 1303, 2312

History: 1301-1302 or 2321-2322

Political Science: 1301, 2304

Psychology: 2301, 3367

Sociology: 1301 and three (3) additional semester hours

The minor is administered by the department from which the primary area is selected.

INTERNATIONAL STUDIES

DR. JERRY L. SUMMERS, CHAIR

Department of History and Political Science

Dean of the School of Humanities

INTERNATIONAL STUDIES

The International Studies major is intended to develop the student's international awareness, experience, and understanding, and encourage preparation for service domestically or abroad. The minor is intended to encourage similar goals and thus to enhance the student's study and experiences in various university majors. By balancing courses in the general education requirements from the various disciplines, students gain the broad education necessary for success in many careers.

The major and minor in International Studies are intended to:

1. Provide education about the broader world, the world's nations, and the relationships between nations, within the context of a liberal arts approach to higher education;
2. Develop skills in modern languages and intercultural communication;
3. Provide a formal curricular base to connect with study abroad opportunities and thus improve international studies and study abroad programming, planning, and participation;
4. Enhance students' vocational and interpersonal skills in international settings;
5. Cultivate curiosity, tolerance and understanding of the world's people; and
6. Provide opportunities for personal relationships and intercultural experiences outside the student's native culture and society.

KINESIOLOGY & EXERCISE SCIENCE

DR. WILL WALKER, CHAIR

Department of Kinesiology and Exercise Science

The physiological benefits of exercise upon the human condition are well documented; moreover, research continues to demonstrate the benefits of physical activity on social, spiritual and mental/emotional well being. Attaining knowledge and skills related to physical health, fitness and wellness allows for the promotion of total well being. It is the aim of the Kinesiology and Exercise Science department to:

1. Promote the benefits of an active lifestyle to the campus community
2. Prepare students for graduate school who wish to attend
3. Prepare professional educators in the field of physical education
4. Prepare professionals for careers in health, fitness, and wellness industries
5. Prepare athletic trainers for careers in education, clinical practice, and amateur or professional sports

The department offers programs leading to degrees for the Bachelor of Science and the Bachelor of Science in Education. A major in Kinesiology and Exercise Science or a major in Athletic Training may be chosen for the Bachelor of Science degree. A major in All-Level Physical Education is offered for the Bachelor of Science in Education degree. The department also offers a minor in Kinesiology.

ATHLETIC TRAINING EDUCATION PROGRAM

An athletic trainer is a qualified allied health care professional, educated and experienced in the management of health care problems associated with sport participation. In cooperation with physicians and other allied health care personnel, the athletic trainer functions as an integral member of the athletic health care team in secondary schools, colleges and universities, professional sports programs, sports medicine clinics, and other athletic health care settings.

The program prepares graduates, through a combination of formal classroom instruction and clinical experience, to assume entry level positions in the athletic training profession and provides a foundation for advanced study in athletic training. The student must satisfactorily complete all academic requirements as well as the supervised practical experience hours as set forth by the Athletic Training Advisory Board of Texas or the National Athletic Trainers' Association Board of Certification. The ETBU Department of Kinesiology and Exercise Science does not guarantee that each person admitted to the athletic training educational program will pass all elements of the program or that those graduated from the program will be able to pass the licensing or certification exams. The attainment of these goals is dependent upon the degree to which the students diligently apply themselves to their studies.

ADMISSION AND PROGRAM REQUIREMENTS

All students must meet the following criteria prior to being officially admitted into the program:

1. Admission to East Texas Baptist University: Athletic Training should be indicated as the major on the application.
2. Submission of Athletic Training Educational Program application to Program Director. The application includes the following:
 - A. Three letters of reference (*from someone other than a family member*).
 - B. Academic transcripts.
 - C. ACT and/or SAT scores.
 - D. Written essay outlining professional goals and objectives which should reflect a sincere interest in athletic training as a profession.
 - E. Proof of current CPR certification.
 - F. Proof of current immunization records.
 - G. Proof of liability insurance.
 - H. Completed Health Screening/Physical Form.
 - I. Proof of a Blood Borne Pathogen training course.
 - J. Proof of HBV or declination of such.
 - K. Signed Technical Standards Contract.
 - L. Signed First Responder Contract.
3. Completion of a personal interview with the Program Director.
4. Basic Skills Exam.
5. Basic Written Exam

6. Successful completion of the following courses with a combined GPA of 2.5 or above:

- A. KINE 1141 Practicum in Athletic Training I.
- B. KINE 1142 Practicum in Athletic Training II.
- C. KINE 1301 Introduction to Kinesiology.
- D. KINE 1302 Introduction to the Structure and Function of the Human Body.
- E. KINE 1306 First Aid and Safety
- F. KINE 2302 Care of Injuries

The Athletic Training Education Program admission process is competitive in nature, with only a limited number of students being admitted. The deadline for admission to the program is August 1 of each year. All general education requirements are offered at ETBU or may be transferred from another college or university. Courses within the major must be taken at ETBU. Transfer students will be evaluated on an individual basis in reference to the major courses.

The profession of athletic training is physically as well as emotionally demanding. Students seeking a degree in athletic training must have certain abilities and skills relevant to the profession. Reasonable accommodations will be made for disabilities; however, students are expected to perform in a reasonably independent manner. Students will be expected to perform clinical proficiency skills in a laboratory setting as well as real-life situations.

RETENTION/PROGRESSION POLICY

With the exception of the repeated course option, students must earn a minimum grade of "C" and maintain a combined GPA of 2.75 in all required courses in the athletic training major to remain in the program. Students will also undergo a written performance evaluation at the end of each semester. These evaluations are intended to be a positive experience to show the student athletic trainer areas needing improvement such as attitude, communication skills, and clinical skills.

DISMISSAL POLICY

Students will be allowed to repeat only one of the courses in the major in which they score below a grade of "C." Students may repeat the course in question the next time the course is offered. Students will not be allowed to take any other courses required in the major until the repeated course is satisfactorily completed. A course may be repeated only one time.

Dismissal from the program does not constitute dismissal from the University. The Athletic Training Educational Program reserves the right to dismiss any student whose behavior is deemed threatening to the welfare of any individual or is unsafe in any manner or who engages in unprofessional conduct.

Students who have been dismissed from the program will be given the opportunity to petition the Program Director for readmission to the program. In order to petition, the student must submit to the program director a formal letter indicating an intent to seek readmission prior to the end of the semester preceding requested re-entry. The student will be required to submit an essay outlining the reasons the student should be considered for readmission as well as complete a re-entry interview with the Program Director. Students may petition for readmission to the program only once.

AFFILIATED CLINICAL EXPERIENCE

In conjunction with KINE 4350 (*Clinical Internship in Athletic Training*), students must complete an internship in a clinical setting off campus. It will be the responsibility of the student to secure a position in the setting of his or her choice. Internship positions should be arranged with other allied health care professionals such as medical doctors, orthopedic doctors, emergency medical technicians, paramedics, physical therapists, etc. Students may also choose to seek positions in clinics, hospitals, or high schools with other certified athletic trainers. Positions must be approved in advance by the Program Director.

Students will be required to have an affiliated site contract signed by the internship supervisor prior to the beginning of the clinical experience. The site supervisor must also agree to complete periodic written evaluations that will include documentation of the hours completed as well as descriptions of the interns' skills and progression in the internship experience. Students will also be required to have an Affiliated Site Student Agreement signed and on file in the Program Director's office prior to the beginning of the clinical experience.

This course is limited to students who have attained junior or senior level status.

ACCREDITATION

The ETBU Athletic Training Education Program is a CAATE accredited education program for entry-level athletic trainers. Accreditation was granted in April 2005.

MASS COMMUNICATION

DR. COLE FRANKLIN, CHAIR

Department of Communication

The Department of Communication seeks to provide students pursuing a degree in mass communication with the theoretical foundations and practical knowledge of effective mass communication principles. By balancing courses in journalism and mass communication with history, English, math and other courses outside the department, students gain the broad education necessary for mass media careers.

Students completing a major in mass communication should:

1. Demonstrate a knowledge of mass communication theory and practice.
2. Demonstrate an expertise in a broad range of skills and concepts involving the gathering, editing and presentation of information.
3. Demonstrate a knowledge of the mass media and their roles in society.

The mass communication major course curriculum reflects an integrated, interdisciplinary approach to the study of the ever-changing world of mass communication. The mission of the mass communication major is to provide a broad area of intellectual studies that will prepare students to become ethical and responsible media professionals.

MATHEMATICS

DR. STEVEN R. CAPEHART, CHAIR

Department of Chemistry and Mathematics

The Department of Chemistry and Mathematics offers programs of study with a major or minor in mathematical sciences and a major or minor for secondary-level teacher certification in mathematics. An integrated interdisciplinary major with mathematics specialization is also offered. The department serves other academic disciplines by providing the mathematical skills needed in those areas.

For students taking mathematics courses, the department is committed to teaching the fundamental skills and techniques of mathematics, developing mathematics as a mode of thought, and encouraging attitudes, habits, and ideals inherent in the study of mathematics, including the desire to pursue further study.

Students completing a major in mathematics should:

1. Compare favorably in their knowledge of undergraduate mathematics with those students completing a similar program nationally or statewide.
2. Demonstrate adequate mathematical reasoning skills appropriate to students at this level.

The mathematics major, in accordance with a recommendation of the Mathematical Association of America (MAA), has been designed to reflect a more applied orientation demanded for today's career opportunities. To provide this more versatile curriculum, the major is designated as "mathematical sciences." The course requirements for the major in mathematical sciences provide preparation for industrial positions, graduate study in mathematics, and a variety of other career options.

MUSIC

DR. THOMAS R. WEBSTER, CHAIR

Department of Music

Dean of the School of Fine Arts

MISSION

The mission of the Department of Music is to serve students of varied ages and diverse social, geographic, economic, cultural, and religious backgrounds in the study of music. By including courses in English, History, Religion, Math and others, the music major will become a broadly educated individual more prepared for success in a variety of music related professions. Students completing a baccalaureate program in music should:

1. Excel in their primary performance medium as evidenced by mid-course and senior recital evaluations.
2. Demonstrate proficiency in their secondary performance medium as evidenced by success on the secondary proficiency examination.
3. Demonstrate excellence in their general knowledge of music.

East Texas Baptist University is an accredited institutional member of the National Association of Schools of Music. The curricula are designed to prepare students for various professions in music. In addition, all students have opportunities to develop musical skills and an appreciation and understanding of music.

The Department offers the Bachelor of Music degree with majors in vocal performance, piano performance, music and worship in ministry and music education. A Bachelor of Arts music major is also available as preparatory study to graduate work in certain areas of specialty or as cultural enrichment. Minors in music and music and worship in ministry are also offered.

Elaboration of the following materials may be found in the Music Student Handbook.

APPLIED MUSIC LESSONS

Applied music lessons are available in voice, piano, organ, guitar, band, and other stringed instruments. Students majoring in music may elect any one of these as their applied concentration, with the exception of guitar and stringed instruments. Enrollment in applied lessons may be limited in accordance with departmental guidelines.

To receive one (1) semester hour of credit, students must attend one twenty-five (25) minute lesson per week. Applied music students receiving two (2) or more semester hours credit in their concentration study must attend two twenty-five minute lessons or the equivalent per week. Performance and repertoire requirements for the various performance areas and levels of study are detailed in the current version of the Music Student Handbook.

SECONDARY APPLIED MUSIC STUDY

Secondary applied music study must be completed by all music majors. All music majors with concentrations of voice, percussion or wind instrument (i.e. non-piano) are required to complete their secondary applied music study in piano. Piano students may choose from the performance areas of voice, percussion or wind instrument. Each music major program requires three credit hours of secondary applied study to be taken in one hour increments over three semesters. Students are required to begin their secondary applied study at the beginning of their music study as instructed by their faculty advisors. Students are required to pass a course-imbedded or juried proficiency exam in order to successfully complete the secondary applied music study requirement.

RECITAL PERFORMANCE

Recital performance is required of all music majors and minors. Students should refer to the current version of the Music Student Handbook for the performance requirements for each level of private study and each separate music major.

RECITAL ATTENDANCE

Recital attendance is required of all music majors. Students should refer to the current version of the Music Student Handbook for details on the credits system. Students who need recital credit must register for MUSI 1000. Degree requirements are not met until sufficient recital credit appears on the student's permanent record.

ACCOMPANIST AND RECITAL FEES

All students taking applied music lessons in wind instrument or voice will be charged an accompanist fee as indicated in the Fees Section of this catalog. This fee allows each student to have an accompanist for

half of the week. In addition, the accompanist will play for the student's general student recital performances, studio classes and jury performances. Students who are presenting a recital must register for the appropriate recital performance course number. This course is a zero hour course and, therefore, does not require tuition. It does require an additional accompanist fee in order to provide the student with an accompanist for the recital performance and additional rehearsal. This additional fee will be assessed only to those students who require accompanists for the recital.

MUSIC LABORATORY EXPERIENCE

Music laboratory experience is required of all music majors and minors. The exact number of credits will vary according to the specific requirements of each program. Music majors must participate in at least one small ensemble and one large ensemble in order to complete the laboratory requirement. For voice concentrations: Concert Choir and Chapel Choir will meet the large ensemble requirement; and Opera Workshop, Musical Theatre, and University Singers will meet the small ensemble requirements. For instrumental concentrations: Marching Band and Symphonic Band will meet the large ensemble requirement; and Jazz Band, Handbell Choir, and various chamber ensembles will meet the small ensemble requirements. The keyboard coordinator will recommend the most appropriate ensemble to meet these requirements for students with a keyboard concentration. Only one music lab experience may count as elective credit. Three (3) semester hours of lab credit must be earned at ETBU.

MUSIC PLACEMENT EVALUATIONS

All students seeking a Bachelor of Music degree or a Bachelor of Arts degree in music must audition for acceptance into the music program at ETBU. The requirements of this audition may be obtained by contacting the Department of Music office. The audition will evaluate each student's performance abilities in two performance areas and test their academic competency in music theory. The auditions will allow the music faculty to place each new student in appropriate theory and performance classes. Any student who does not pass the audition will be required to seek a different academic degree. Students desiring a degree in Vocal Performance or Piano Performance will be required to pass an additional performance audition after two semesters of music study. The Music Student Handbook has complete details regarding this audition.

CREDIT TOWARD A MUSIC MAJOR OR MINOR

All lessons in this category may be taken at the freshman, sophomore, junior or senior level as designated by the first digit of the course number. In addition, students may enroll in one to four (1-4) semester hours of applied study as dictated by the degree structures. Only performance majors are encouraged and required to register for more than two (2) semester hours of applied study in any given semester. Thus, performance majors will take ten (10) hours of lower-division lessons (4 semesters) and the remaining applied lesson requirements will be upper-level study. Other music majors may register for more than two (2) semester hours with the consent of the applied instructor and the student's advisor. However, these programs will count only eight (8) hours of lower-division applied study towards the requirement.

RECITALS

These courses allow a student to present a public recital. Students must pass a hearing presented before an adjudication panel of at least three music faculty members 1-2 weeks prior to the anticipated date of the recital. Full details of the recital and hearing requirements are outlined in the current version of the Music Student Handbook.

NURSING

LESLIE BORCHERDING, INTERIM DEAN

Frank S. Groner Endowed Memorial School of Professional Studies

The Department of Nursing offers a baccalaureate degree with a major in nursing. A strong liberal arts general education foundation rich in natural and social sciences provides the knowledge and critical thinking skills necessary for success throughout the upper level nursing curriculum and as a beginning generalist in the field of professional nursing. The program prepares graduates to assume entry level nursing positions in nursing practice in a variety of healthcare settings within a culturally diverse environment and provides a foundation for advanced study in nursing. Graduates are eligible to apply to take the examination for licensure as registered nurses as set forth in the Texas Occupation Code and Statutes Regulating the Practice of Professional Nursing.

Students completing the nursing major shall accomplish the following outcomes:

1. Synthesize and incorporate empirical knowledge from nursing, religion, science, and the humanities into nursing practice.
2. Provide holistic nursing care based on knowledge derived from theory, practice, and research.
3. Utilize a critical thinking process as a basis for providing care for individuals, families, aggregates, and communities of varying cultures and ethnic groups.
4. Collaborate with other health care providers and consumers in promoting health and effecting change in the health care system.
5. Demonstrate accountability for incorporating professional, ethical, moral, and legal aspects into nursing practice.
6. Demonstrate accountability for incorporating independent and self-directed learning as a prerequisite for professional growth.
7. Identify and implement nursing roles designed to meet changing health care needs of society, including health promotion, disease prevention, illness care, restoration, rehabilitation, and health teaching.
8. Exhibit competent clinical judgment, by utilizing evidence-based practice in structured and unstructured settings.
9. Demonstrate ability to implement appropriate leadership strategies and management competencies as generalists in professional nursing.

The nursing curriculum requires practice and application of numerous theoretical concepts. This is accomplished in the classroom, learning laboratories on campus, and in various community-based healthcare facilities. Faculty and approved registered nurse preceptors employed in these agencies provide supervision of student learning experiences. Students may be required to complete additional background checks and drug screens beyond those required for admission to the nursing program in order to meet requirements of healthcare facilities.

The Department of Nursing does not guarantee that each person admitted to the nursing program will pass all elements of the program or that those graduated with a baccalaureate degree in nursing will be able to pass nursing board examination(s). Attaining these goals depends upon the degree to which students apply themselves to their studies.

ACCREDITATION

The Nursing Program is accredited by the Commission on Collegiate Nursing Education and approved by the Board of Nursing for the State of Texas. The Board of Nursing for the State of Texas can be contacted at 333 Guadalupe #3-460, Austin, Texas 78701, or by telephone at (512) 305-7400. The Commission on Collegiate Nursing Education can be contacted at One Dupont Circle, N.W., Suite 530, Washington, D.C. 20036-1120, or by telephone at (202) 887-6791.

B.S.N. PROGRAM

ADMISSION AND PROGRAM REQUIREMENTS

Applicants to the program must meet requirements and be accepted for admission to the University. Further admission and program requirements are available on the ETBU nursing website (www.etbu.edu/academic_programs/School_of_Nursing).

The program is four (4) years in length, with the first two (2) years consisting of sixty (60) semester hours of general education courses. The last four (4) semesters consist of upper division nursing courses. Completion of standardized nationally-normed exams is included in the nursing curriculum.

Required freshman and sophomore general education courses are offered at ETBU or may be transferred from another college or university. Transfer of nursing courses will be considered on a case-by-case basis due to variations in content among colleges and universities.

DEVELOPMENTAL STANDARDS FOR ADMISSION AND RETENTION

A candidate for the B.S.N. degree must have the following abilities and skills: observation, communication, motor, and behavioral. Reasonable accommodations may be made for some disabilities; however, a candidate is expected to perform in an independent manner.

1. Observation: A candidate must be able to observe a patient/client accurately. Examples of observation include, but are not limited to, listening to heart and breath sounds, visualizing the appearance of a surgical wound, detecting the presence of a foul odor, and palpating an abdomen.
2. Communication: A candidate must be able to communicate/interact effectively with patients/clients and other members of the health care team to obtain information, describe patient situations, and perceive nonverbal communication.
3. Motor: A candidate must have adequate motor function to work effectively with nursing problems and issues and carry out related nursing care. Examples of nursing care include, but are not limited to, ambulating and positioning clients, cardiopulmonary resuscitation; administration of intravenous, intramuscular, subcutaneous and oral medications; application of pressure to stop bleeding; opening an obstructed airway; and provision of client daily hygiene care.
4. Behavioral: A candidate must possess the emotional health required for total utilization of his or her intellectual abilities. Candidates need to be able to tolerate physically taxing workloads and to function effectively during stressful situations. They must be capable of adapting to ever-changing environments, displaying flexibility, appropriately interacting with others, and learning to function in situations of uncertainty that are inherent in clinical situations involving clients.

STATE STANDARDS FOR ADMISSION AND RETENTION

The Texas Board of Nursing (BON) has identified certain circumstances that may render a potential candidate ineligible for licensure as a registered nurse in the State of Texas. These circumstances are found on the BON website (www.bon.state.tx.us) under the section entitled Verification and Licensure / Candidates for Licensure / Declaratory Order.

Any student seeking admission to the nursing program will be required to complete the required criminal background check and initiate the Petition for Declaratory Order process if applicable. This process does require a fee payable to the BON if it is determined that a thorough investigation is necessary. Students who are deemed ineligible for licensure by the BON will not be granted admission to the nursing program.

PHYSICAL SCIENCE

DR. STEVEN R. CAPEHART, CHAIR
Department of Chemistry and Mathematics

The Department of Chemistry and Mathematics offers a physical science major for secondary level teacher certification. An integrated interdisciplinary major with science specialization is also supported by the department. The department seeks to provide students with the knowledge and skills necessary to prepare them for admission to the teaching profession

Students completing the baccalaureate degree in physical science should:

1. Compare favorably in their knowledge of undergraduate physical science with those students completing a similar program nationally or statewide.
2. Demonstrate adequate physical science reasoning skills appropriate to students at this level.

POLITICAL SCIENCE

DR. JERRY L. SUMMERS, CHAIR

Department of History and Political Science

Dean of the School of Humanities

The political science major is intended to guide the student to know and understand the traditions, institutions of law, politics, and government. By balancing courses in the general education requirements from the various disciplines, students gain the broad education necessary for success in many careers. The goals of the major are to:

1. Acquaint students thoroughly with the broad discipline of political science.
2. Help students develop skills in analysis and in spoken and written communication.
3. Enable students to understand and apply basic social science research methods including research design, data analysis and interpretation.
4. Provide students a foundational understanding of constitutional government, governmental institutions, and civic virtues.
5. Help students to appreciate the history, values, and cultures of various countries.
6. Enable students to develop a broad understanding of global political issues.
7. Help students prepare to enter careers in federal, state, or local governments.
8. Encourage students as servant leaders to enter academic careers in public school and higher education.
9. Prepare students for advanced studies in, for example, American government, international relations, comparative politics, public policy, American foreign policy, and the politics of developing countries.
10. Prepare students for law school.
11. Encourage and nurture students for civic and political service and leadership, including citizen activism, career civil service, and elective public office.
12. Prepare students as servant leaders to accept the obligations and opportunities of the age by serving humanity and the Kingdom of God.

PSYCHOLOGY

DR. LYNN NEW, CHAIR

Department of Behavioral Sciences

The psychology major has the following goals:

1. To aid in the professional preparation of students seeking careers in psychology, counseling or social work, Christian ministry, nursing, business, and law.
2. To give basic preparation to students who expect to attend graduate school in psychology or one of the other behavioral sciences.
3. To contribute to the development of the student's ability for critical thinking and capacity for personal reflection.

The psychology major may be taken on either the Bachelor of Arts degree or the Bachelor of Science Degree and can lead to a broad range of career options. Because career opportunities in some areas of specialization require a graduate degree, it is important for students to take time to examine their interests, values, and goals before embarking on a course of study.

General education courses build and strengthen the verbal and quantitative skills that are the foundation of the psychology major and they provide an essential context for the study of human development and social problems. Recent research has demonstrated that such courses also can be instrumental in increasing a person's capacity for open and flexible thought.

CORNERSTONE COURSE

PSYC 2332, Introduction to Research Methods, is required for all psychology majors. In this course students are introduced to the philosophy and methods of science, which provide the foundation for all knowledge in each of the behavioral sciences. As part of the requirements for this sophomore-level course, students begin to explore topics of interest for individual study and choose one of two possible career tracks that can be followed to complete the major. Students preparing for graduate programs will follow the course of study outlined in the Pre-Professional Concentration. Students with no immediate plans for graduate school, but who plan to seek jobs upon graduation from ETBU will select the applied concentration in Community Psychology.

SENIOR RESEARCH PROJECT

All students with a major in psychology will complete a senior research project.

Pre-Professional Concentration – In preparation for the senior project, students first take PSYC 3132, Linking Research and Writing: The Literature Review. This course will review the basics of using APA style and formatting and will help students complete the literature review for required research projects. In PSYC 3310 Advanced Research and Data Analysis and PSYC 4332 Social-Experimental Research, students will develop and conduct research projects intended to replicate or extend previous research findings.

Community Psychology Concentration – PSYC 4331, Applied Social Research I, will help students prepare for the senior project by introducing the analytical and quantitative research skills that will prove useful when working in jobs related to the behavioral sciences. As part of PSYC 4131 Applied Social Research II, students will participate in a community service research project which provides the opportunity to utilize a combination of knowledge of the discipline and research skills in a real world setting.

HONORS PROJECT

To be eligible to participate in the University Honors Project, leading to graduation with distinction, students in the Department of Behavioral Sciences must earn an "A" grade in both MATH 2316 and PSYC 2332. Information describing the Honors Project process is available on the university website.

COMPUTER COMPETENCY

All psychology majors are expected to demonstrate competency in basic computer skills and in the use of SPSS. Basic skills will be assessed as a part of PSYC 2332; skill in the use of SPSS will be assessed in PSYC 3310 or PSYC 4331.

Leadership Minor

The leadership minor provides an opportunity for students to develop both knowledge and skills in leadership. It is a minor that requires participation over a two-year period. Applications should be made through one of the deans.

Admission to Minor:

1. Submission of an essay to the respective dean indicating the applicant's desire to develop his/her leadership potential as well as past leadership experiences (if any). Previous leadership experiences are not required for admission.
2. Minimum GPA 3.0
3. Letter of recommendation is required from the dean. Other letters from faculty advisor or department chair are encouraged.
4. The Program Director will examine the applications, and seek additional input if needed from the Deans' Council and others.
5. Materials will be due by mid term of the spring semester of the student's sophomore year. Students will apply and receive notification of acceptance in the spring and enroll in GSTU 3102 in the fall of their junior year.

Leadership Minor Requirements: Eighteen (18) semester hours as follows:

GSTU 3102 Leadership Development I
GSTU 3103 Leadership Development II
GSTU 4102 Leadership Development III

Fifteen (15) semester hours of advanced electives in psychology.

Sociology Minor Requirements: Eighteen (18) semester hours as follows:

SOCI 1301 Introduction to Sociology

SOCI 2332 Introduction to Research Methods

SOCI 4301 Sociological Theory

Electives in sociology to total eighteen (18) semester hours, at least six (6) advanced, approved by the advisor.

RELIGION

DR. JOHN L. HARRIS,

Dean of the School of Christian Studies

The faculty of the Department of Religion welcomes students into a community of learning, rigorous scholarship, academic freedom, ministry, and service. As a part of the historic and long-standing service to the foundation curriculum of East Texas Baptist University, the faculty seeks to lead students to a mature understanding of the Bible and the development of a Christian worldview. Through teaching, mentoring, and advising, students will be given the opportunity to gain a basic knowledge of God's word, to reflect upon its theology, and to apply it personally and professionally.

Committed to equipping students who are preparing for vocational or dual-vocational ministries, the religion faculty seeks to encourage and challenge—both spiritually and academically—those students who have responded to the divine call into Christian ministry; to prepare students for additional graduate studies; and to equip students to serve as pastors, youth ministers, education ministers, missionaries, professors, and other positions of Christian leadership. Students will be given the opportunity to develop their skills in biblical interpretation, to display analytical and reflective thought, and to integrate a Christian worldview into their life and ministry.

The general education courses serve to build a solid foundation for educational transformation and are meant to assist students in the exploration and integration of knowledge complementary to their chosen major. In addition, the broad educational curriculum attempts to create a stability and coherency in intellectual experience. By completing courses in a broad-based liberal arts education, students are better equipped to view their studies in the field of religion in a more comprehensive academic context, thus helping to ensure that students will be well educated, successful, and valuable participants in the rapidly changing global community.

As religion majors, students will have intentional experiences focusing upon the development of identity and Christian servant leadership. Students will participate in such activities as a compilation of a personal growth portfolio, monthly faculty mentoring, monthly meetings with other majors and the religion faculty, community projects, and learning the principles of Christian servant leadership. These experiences will help provide an environment that will encourage students to mature and present an avenue through which an integration of faith, learning, and service may be expressed.

As part of the process for providing students a high-quality education, a sense of ethics, and a responsible spiritual and social consciousness, the Religion Department Academic Honor Code was formed. As a requirement for continued admission, all religion majors will affirm their commitment, by their signature, to abide by the following code:

Having read the Religion Department Academic Honor Code, I pledge to keep it, avoiding all academic dishonesty and conducting myself in ways that honor God. I will be respectful of others; I will maintain a high level of personal integrity, moral purity, and honor; I will take seriously my academic commitment to God and to those who support me financially and emotionally; and I will seek excellence and professionalism in everything I do.

The complete Student Honor Code, including descriptions of responsibilities and procedures regarding those who fail to uphold the code, can be found at https://www.etbu.edu/Academics/Semester_by_Semester_Plans/School_of_Christian_Studies/Religion/default.htm.

PROGRAM REQUIREMENTS

1. A student must complete all Department of Religion general education courses with a "C" or higher for each course.
2. A student must receive credit for RLGN 1000 for each semester that he/she is a religion major.
3. A student must receive credit for RLGN 1001 for each academic year (any semester within an academic year is designated as an academic year) that he/she is a religion major.
4. A student must successfully complete RLGN 4350.
5. A student must maintain a cumulative 2.25 grade point average (i.e., GPA).
6. A student must have a 2.50 GPA for all coursework within the Department of Religion.

7. If a student falls below the levels listed in numbers 5 and 6, he/she must retake courses to raise his/her GPA.
8. No student may graduate with a major in Religion with less than a 2.50 GPA in his/her major courses.

STUDENT OBJECTIVES

The Department of Religion seeks to accomplish the following:

1. To equip students with the ability to articulate a general knowledge of the contents of the Bible.
2. To equip ministry students with the information and skills necessary for them to excel academically, vocationally, and professionally.

SOCIOLOGY

DR. LYNN NEW, CHAIR

Department of Behavioral Sciences

The sociology major has the following goals:

1. To provide marketable skills such as research, planning and evaluation, and grant writing for students planning to enter the work force after graduation.
2. To give basic preparation to students who expect to attend graduate school in sociology or one of the behavioral sciences.
3. To contribute to the development of the student's ability for critical thinking and capacity for personal reflection.

The sociology major may be taken on either the Bachelor of Arts degree or the Bachelor of Science degree and can lead to a broad range of career options. Because career opportunities in some areas of specialization require a graduate degree, it is important for students to take time to examine their interests, values, and goals before embarking on a course of study.

General education courses build and strengthen the verbal and quantitative skills that are the foundation of the sociology major and they provide an essential context for the study of human development and social problems. Recent research has demonstrated that such courses also can be instrumental in increasing a person's capacity of open and flexible thought.

CORNERSTONE COURSE

SOCI 2332, Introduction to Research Methods, is required for all sociology majors. In this course students are introduced to the philosophy and methods of science, which provide the foundation for all knowledge in each of the behavioral sciences. As part of the requirements for this sophomore-level course, students begin to explore topics of interest for individual study and chose one of two possible career tracks that can be followed to complete the major. Students preparing for graduate programs will follow the course of study outlined in the Pre-Professional Concentration. Students with no immediate plans for graduate school, but who plan to seek jobs upon graduation from ETBU will select an applied concentration in Human Services.

SENIOR RESEARCH PROJECT

All students with a major in sociology will complete a senior research project.

Pre-Professional Concentration – In preparation for the senior project, students first will take SOCI 3132, Linking Research and Writing: The Literature Review. This course will review the basics of using APA style and formatting and will help students complete the literature review for required research projects. Then, in SOCI 3310 Advanced Research and Data Analysis and in SOCI 4332 Social-Experimental Research, they will develop and conduct research projects intended to replicate or extend previous research findings.

Human Services Concentration – SOCI 4331, Applied Social Research I, will help students prepare for the senior project by introducing the analytical and quantitative research skills that will prove useful when working in jobs related to the behavioral sciences. Then, as part of SOCI 4131 Applied Social Research II, students will participate in a community service research project which will give them the opportunity to utilize a combination of their knowledge of the discipline and research skills in a real world setting.

HONORS PROJECT

To be eligible to participate in the University Honors Project, leading to graduation with distinction, students in the Department of Behavioral Sciences must earn an "A" grade in both MATH 2316 and SOCI 2332. Information describing the Honors Project process is available on the university website.

COMPUTER COMPETENCY

All sociology majors are expected to demonstrate competency in basic computer skills and in the use of SPSS. Basic skills will be assessed as a part of SOCI 2332; skill in the use of SPSS will be assessed in SOCI 3310 or SOCI 4331.

SPANISH

DR. SARAH WATSON CHAIR

Department of Languages and Literature

The Department of Languages and Literature seeks to prepare students to develop the language skills and culture awareness necessary for future study in Spanish or a career teaching or using Spanish. By balancing courses in Spanish with history, English, psychology, math, and other courses outside the department, students gain the broad education necessary for success in many careers.

Also, the department seeks to prepare students who wish to pursue: (a) a major or minor in Spanish; (b) a Spanish major or minor for the secondary level certification. The department offers courses in Spanish and French.

Students completing baccalaureate programs in Spanish should:

1. Be able to demonstrate their knowledge of the Spanish language, culture, and literature.
2. Be well prepared for their first position in the field.
3. Be well prepared to enter, and successfully complete, graduate school programs.
4. Compare favorably with their peers on the written and oral Spanish TExES and TOPT examinations.

MODERN LANGUAGE CREDIT

Students may take the CLEP Examination to receive a maximum of fourteen (14) semester hours credit. Students who wish to receive additional CLEP credit may do so by petitioning the department chair.

STUDY ABROAD

The Department of Languages and Literature offers a Study Abroad program in Latin America during the May session. The department offers the experience in a major cultural and archeological center. Students have the opportunity, therefore, to learn conversational Spanish in a historically-rich setting. In addition, students will have an opportunity to integrate faith and learning by assisting Spanish-speaking missionaries with evangelization in Spanish. Students can earn credits on the sophomore, junior, and senior levels of Spanish. Spanish 3303 may be repeated for credit.

SPEECH COMMUNICATION

DR. COLE FRANKLIN, CHAIR

Department of Communication

The Department of Communication seeks to provide students pursuing a degree in speech communication with the theoretical foundations and practical knowledge of effective communication principles. By balancing courses in speech communication with history, English, math, and other courses outside the department, students gain the broad education necessary for success in many careers.

Students completing a major in speech communication should:

1. Demonstrate a knowledge of public communication theory and practice.
2. Demonstrate a knowledge of interpersonal communication theory and practice.
3. Demonstrate a knowledge of effective listening skills.

TEACHER EDUCATION

DR. DONNA H. LUBCKER
*Department of Teacher Education,
Dean of the School of Education*

The Teacher Education Program at East Texas Baptist University provides a comprehensive background of professional education courses designed to prepare future elementary, secondary, and all-level teachers to perform effectively in the classroom setting.

The State Board for Educator Certification (SBEC) establishes teacher certification standards. Any change in these standards must be reflected in East Texas Baptist University's certification requirements. Therefore, any modifications in the State law affecting ETBU certification requirements takes precedence over statements in this catalog.

The current certification levels for teaching certificates include Early Childhood (EC) Grade 6; Grades 4-8; Grades 8-12; and All-Level.

MISSION STATEMENT

The Department of Teacher Education is responsible for developing a strong program of preparation for prospective public school teachers. The purposes of the department include (1) provide a quality professional preparation program leading to teacher certification in Texas, (2) require a strong academic foundation, (3) provide practical applications through site-based experiences, and (4) promote ethical and professional practices.

Students completing graduation and certification requirements for the Bachelor of Science in Education (B.S.E.) will be able to:

1. Demonstrate knowledge of learner-centered proficiencies for teachers.
2. Demonstrate proficiency on all state mandated tests.
3. Demonstrate proficiency in the utilization of multimedia technology in the classroom.
4. Demonstrate a knowledge of the Code of Ethics and Standard Practices for Teachers.
5. Be employed as a classroom teacher within one year of completing certification requirements, if they desire.

SITE-BASED PROGRAM

The Teacher Education Program is committed to ensuring that all students receive effective, high-level teacher preparation. Components of the site-based program include a full range of experiences with culturally diverse and low socioeconomic students as well as students who have perceptual/physical challenges. Learning experiences include attending school board and faculty meetings, participating in grade level and vertical planning, facilitating parental involvement, participating in workshops, assisting with training for technology, and planning and participating in special events.

In addition, a criminal history background check is run on each student at various stages of our program in order to determine suitability for public school placement.

The Strategic Action Plan of the department includes the following program evaluation:

1. Assessment of learning outcomes.
2. Performance evaluations using various measures.
3. Successful performance on tests required for all certification candidates.
4. Full appraisal requirements of the state and local district for the program's students.

ADMISSION INTO THE TEACHER EDUCATION PROGRAM

Admission to the Teacher Education Program of the University is by application to the Dean of the School of Education during the semester in which the student is enrolled in EDUC 3302.

Students who plan to make application for admission to the Teacher Education Program are encouraged to obtain a copy of the admission policy and standards for admission as early as possible to avoid delays in the admission process. Transfer and post-graduate students must satisfy all admission requirements.

The Teacher Education Council may prescribe additional screening procedures to evaluate the emotional stability and/or communication effectiveness of an applicant. A negative TB test is required before field experiences are scheduled, as is a satisfactory criminal history check.

TEACHER CERTIFICATION PROCESS:

STEP 1: Complete requirements for admission to the Teacher Education Program.

In order to be admitted to the Teacher Education Program, a student must:

1. Have completed the application process prior to the deadline for admission to the Teacher Education Program. (Late applications and documentation of the \$75.00 late fee must be submitted no later than three (3) calendar weeks past the announced deadline. If a student fails to meet this deadline they will need to apply during the following semester.)
2. Be classified as a sophomore or higher.
3. Have met the 2.60 GPA requirements (cumulative, in major, minor, and professional development).
4. Have an updated degree audit from the registrar's office on file that reflects most recent grades.
5. Have completed most general education requirements for the B.S.E.
6. Have demonstrated proficiency in reading, oral and written communication, critical thinking, computer proficiency and mathematics (Junior Qualifying Exam; all sections as stated in university requirements as well as the Texas Higher Education Assessment {THEA} with the following minimum scores: Reading 240, Math 240, and Writing 230. Please note that the required THEA scores are higher than the State requirements.)
7. Not be on disciplinary probation.

STEP 2: Complete requirements for admission to elementary, secondary, or all-level Certification/Site-based block(s).

In order to be admitted to a site-based block, a student must:

1. Have completed Education 3301 and 3302 with a grade of "C" or higher, and have a GPA in these two courses of 2.60 or higher
2. Have met all requirements indicated in Step 1 above.
3. Have been admitted to the Teacher Education Program.
4. Not be under Departmental Review. (see p. 113)

STEP 3: Complete requirements for admission to the Student Teaching Level.

In order to be admitted to the Student Teaching Level and be placed in a student teaching assignment, a student must:

1. Have met all requirements indicated in Steps 1 and 2 above.
2. Have completed application and placement forms for a student teaching assignment prior to deadline. (Late applications and documentation of the \$75.00 late fee must be submitted no later than three (3) calendar weeks past the announced deadline. If a student fails to meet this deadline they will not be eligible to student teach during the following semester.)
3. Have completed all requirements of the site-based block(s).
4. Have a cumulative GPA of 2.60 or higher in all college work at the time of application.
5. Have a minimum GPA of 2.75 or higher in teaching field(s) or interdisciplinary major.
6. Have a grade of "C" or higher and a cumulative GPA of 2.60 or higher in all professional development courses required for certification.
7. Have completed all general education courses as prescribed in the degree plan.
8. Have written approval of the major and minor departments.
9. Not be on disciplinary probation.
10. Lack no more than six (6) additional hours, plus student teaching to graduate.
11. Not be under Departmental Review. (see p. 113)

Students may not be admitted to the Teacher Education Program and the Student Teaching Level during the same semester.

STEP 4: Complete requirements for graduation, state-mandated tests, and certification.

In order to be recommended for certification, the student must:

1. Pass the appropriate practice tests prior to taking state-mandated tests.
2. Pass required state-mandated tests.
3. Complete all academic requirements for the degree.
4. Complete all requirements of the Teacher Education Program of the University.

Note: Anyone seeking a standard certificate as an educator based upon completion of an approved educator certification program may take the appropriate certification examination required at such time as the entity delivering the certification program determines the individual's readiness to take the examination, or upon successful completion of the program, whichever comes first.

All certification requirements are subject to the State Board for Educator Certification (SBEC) standards, rules, and regulations. The State Board for Educator Certification has the authority to suspend, revoke, or refuse to issue a teaching certificate to a person who has been convicted of a felony or misdemeanor for a crime which directly relates to the duties and responsibilities of the teaching profession. The Department of Public Safety and SBEC will conduct a criminal record search of all certificate applicants.

CANDIDATE REVIEW PROCESS

Rationale

Teacher candidates who fail to meet substantive university, department or faculty expectations should be subject to the candidate review process. The review process has as its goal to help students grow in areas of weakness so that they will meet Teacher Education Council standards for admission to the student teaching level and to ultimately graduate from the University.

Levels of Review

Informal Review

An informal review involves a faculty member and a teacher candidate. When a faculty member has concerns about a teacher candidate meeting the University's criteria, the faculty member will:

- a. Discuss the concerns directly with the teacher candidate.
- b. Advise the appropriate department head and the Dean of the concern(s);
- c. Provide written documentation of the informal review to the Dean of the School of Education for placement in the student's file.

Departmental Review: Level One

When a faculty member is sufficiently concerned about a candidate's fitness to teach and has tried other avenues of solution, he or she will complete a Departmental Review Form and will attend a meeting with the candidate and the Dean of the School of Education. During this conference, a plan for how to resolve the issue will be discussed and developed. A copy of the plan will be provided to all parties involved. Candidates under Departmental Review: Level One will be placed on probationary status, until such time that the plan to resolve the issue has been accomplished. Once accomplished, as certified by the Dean, probationary status will be removed.

Departmental Review: Level Two

If a second incident or concern is reported on the same candidate, or if the candidate fails to meet the requirements of the Level One review, a Teacher Education Council subcommittee,

made up of the Dean of the School of Education and two other members, will be convened. This subcommittee will meet to:

- a. Review the paperwork;
- b. Interview faculty members and the teacher candidate;
- c. Make a recommendation regarding the teacher candidate's suitability to continue in the correction program.

The subcommittee will summarize its findings and/or recommendations and forward them to the full Teacher Education Council. The Council will then make a decision regarding the candidate's suitability to continue in the program. Any appeal of this decision will follow established University guidelines.

STUDENT TEACHING IN PUBLIC SCHOOLS

In order for a student to be placed in the public schools for student teaching, he or she must have a cumulative grade point average of 2.6 or higher on all college work and in all professional development courses, and 2.75 in the selected teaching field(s) or in the interdisciplinary major.

Any probation or suspension from the University automatically removes a student from the Student Teaching Program. The student, if qualified, may apply for readmission after satisfying all University requirements.

The student teaching experience consists of six (6) semester hours and a minimum of fourteen (14) consecutive weeks of all day assignments which will begin during the public school in-service period. Specific criteria for student teaching courses will be found in the course descriptions.

GUIDELINES FOR STUDENT TEACHING ASSIGNMENT

- The Director of Student Teaching, in accordance with the guidelines and procedures of the University and the local school district, will make the assignment.
- Assignments will be made only with school districts where it is possible for the student teacher to attend the required weekly seminar.
- School districts listed on the University's list of approved districts have a program that is of a quality nature, and will be used in making assignments.
- The class and school have a wide range of activities and program experiences available.
- A certified teacher, with at least three years of teaching experience, is available and has been recommended by the principal and/or leadership personnel in the school district.
- The teacher agrees to work with a student teacher, is skilled in human relations, and works well with others. The needs and interests of the student teacher are considered.
- Student requests are considered.

SCHOOL DISTRICTS APPROVED FOR STUDENT TEACHING

<i>Gregg County:</i>	<i>Harrison County:</i>	<i>Marion County:</i>	<i>Panola County:</i>	<i>Upshur County:</i>
Gilmer	Elysian Fields	Jefferson	Beckville	New Diana
Gladewater	Hallsville		Carthage	
Kilgore	Harleton		Gary	
Longview	Karnack		Tatum	
Pine Tree	Marshall			
Sabine	Waskom			
Spring Hill				
White Oak				
Union Grove				

STUDENT TEACHING SEMINARS

During full-time student teaching, students are required to meet weekly with the University supervisor. This seminar will be held outside of regular school hours unless the University supervisor decides that student teachers may leave their school earlier for these meetings. If that decision is made, the University supervisor is responsible for notifying all supervising teachers and will pro-

vide a list of meeting dates, times, and places to both the student teacher and supervising teacher. Attendance, participation, and all academic work required during these meetings will count in the total grade for student teaching.

CERTIFICATION AFTER BACHELOR'S DEGREE

Persons with a baccalaureate degree seeking initial certification must (1) meet qualifications for admission to both the University and the Teacher Education Program, (2) meet qualifications for certification, (3) complete a minimum of eighteen semester hours of coursework in residence at East Texas Baptist University, and (4) pass appropriate state-mandated tests before they will be recommended for certification. An evaluation fee of \$25 is required for preparation of a deficiency plan. Upon enrollment, this fee will be credited to the student's account. Contact ETBU School of Education for information.

ACCELERATED TEACHER CERTIFICATION PROGRAM (ATCP)

The Accelerated Teacher Certification Program (ATCP) is designed for individuals who have at least a bachelor's degree in a field other than education and have a desire to enter the teaching field. The program offers the possibility of becoming a certified secondary school teacher within one year or less.

APPEALS PROCESS

An appeals process is available to students at any stage of the Teacher Education Program. If a student is denied admission into the program, student teaching, or certification, he or she may appeal in writing to the Dean of the School of Education. The teacher education faculty and/or Teacher Education Council will review the student's appeal and reach a decision which the Dean of the School of Education will send, in writing, to the student. If the individual wishes to appeal further, he or she may request, in writing, a review by the Vice President for Academic Affairs. After this review the decision will be sent, in writing, to the student and to the Dean of the School of Education. The decision of the Vice President for Academic Affairs is final.

TEACHER EDUCATION COUNCIL

The Teacher Education Council is comprised of the chairman of the Teacher Education Department, appointed full-time faculty members of the Teacher Education Department, and a representative from each department with approved certification programs.

ASSESSMENT OF THE TEACHER EDUCATION PROGRAM

An on-going system of assessment is used to determine the quality of the Teacher Education Program through accreditation processes with the State Board for Educator Certification (SBEC) and Southern Association of Colleges and Schools.

CERTIFICATION PROCEDURES

All certification requirements are subject to State Board for Educator Certification standards, rules, and regulations. After successfully completing student teaching and all University and teacher education requirements, the student may be recommended for certification by the Teacher Education Council. This may be met through fulfillment of all appropriate requirements listed in the Teacher Education Program, passing the appropriate TExES tests, filing an application for certification, and paying appropriate fees.

LEVELS OF CERTIFICATION

The certificate levels for teacher certification include Early Childhood–Grade 6; Grades 4-8; Grades 8-12; and all levels.

AVAILABLE MAJORS IN SECONDARY EDUCATION

Secondary Major and Minor Certification Plans for Grades 8-12

ETBU students desiring to teach at the secondary school level (grades 8-12) must choose one (1) of the three (3) plans listed below. (The minimum GPA for all majors and minors is 2.75.)

PLAN I: This plan includes one (1) major and no minor. Students must select one (1) of the following majors:

Life Science (*see Biology section*)

Mathematics (see *Mathematics section*)

Physical Science (see *Physical Science section*)

Social Studies (see *History section*)

Note: (See departments for specific course requirements for the major).

Secondary Professional Development (Twenty-one (21) semester hours).

PLAN II: This plan requires two (2) academic fields which correspond to certification tests and fields. Students must choose a major and a minor from the following:

MAJORS

English (see *English section*)

History (see *History section*)

Mathematics (see *Mathematics section*)

Spanish (see *Spanish section*)

Speech Communication (see *Speech Communication section*)

MINORS

English (see *English section*)

History (see *History section*)

Life Science (see *Biology section*)

Mathematics (see *Mathematics section*)

Spanish (see *Spanish section*)

Speech Communication (see *Speech Communication section*)

Note: (See departments for specific course requirements for the major and minor).

Secondary Professional Development (Twenty-one (21) semester hours).

PLAN III: This plan requires one (1) major for certification purposes and a minor from any available non-teacher education minor offered by ETBU. (Some departmental minors are not available.)

MAJORS

English (see *Biology section*)

History (see *Biology section*)

Mathematics (see *Biology section*)

Spanish (see *Biology section*)

Speech Communication (see *Biology section*)

Note: (See departments for specific course requirements for the major and minor).

Secondary Professional Development (Twenty-one (21) semester hours).

SPECIAL EDUCATION ELECTIVES

EDUC 3353 Special Education

EDUC 3354 Mild/IModerate Disabilities

EDUC 3355 Severe/Profound Disabilities

AVAILABLE MAJORS IN ALL-LEVEL EDUCATION

This plan is limited to one (1) Academic Teaching Field offered by ETBU and prepares students to teach in grades EC-12.

The minimum GPA for the Academic Teaching Field is 2.75.

Select one (1) from the following approved teaching fields:

Kinesiology (*Physical Education*)

Music (**Bachelor of Music only**)

Theatre Arts

Note: See departments for specific course requirements.

All-Level Professional Development (Twenty-one (21) semester hours).

THEATRE ARTS

DR. THOMAS R. WEBSTER, ACTING CHAIR

Department of Theatre Arts

Dean of the School of Fine Arts

The Department of Theatre Arts seeks to provide students pursuing a degree in theatre arts with both an academic and a practical exploration of historical, cultural, and aesthetic context of Western theatre. By including courses in English, History, Religion, Math and others, the theatre major will become a broadly educated individual more prepared for success in a variety of theatre related professions

Students completing a baccalaureate program in theatre arts will:

1. Demonstrate an understanding of theatre history, theatre criticism, the body of theory and methods leading theatre to its present form in contemporary society.
2. Demonstrate an understanding of specific practical assignments in the areas of performance, technical theatre production, theatre design, and theatre administration.

The Department offers students the following programs of study: (a) a major or minor in theatre arts, (b) a major in theatre arts with a design and technical concentration, (c) a major in theatre arts with a performance concentration, and (d) a major in theatre arts education with all-level certification.

UNIVERSITY STUDIES

UNIVERSITY STUDIES MAJOR

University Studies is a general liberal arts education. Rather than focusing in one specific area, this degree is a broad-based education in which students study a variety of different subjects in order to gain a better working knowledge of the world around them.

The University Studies education prepares students for a lifetime of opportunities and changes. University Studies major is available on a BA, BS, or BAS degree and is designed for:

1. students who wish to attend ETBU yet aspire to a career for which ETBU does not offer a specific major.
2. students who have accumulated hours at various other institutions who desire a BA, BS or BAS degree
3. students who encounter a major hurdle(s) in a specific major and wish to graduate in order to secure work as a college graduate
4. students whose vocational /career goals require a general bachelor's degree rather than a specific major

Students selecting the University Studies major do not have a minor.

ADMINISTRATIVE ASSISTANCE:

Requests for appeals and/or substitutions should be directed to the Dean of the School of Business. Students declaring their major as University Studies must meet with their assigned advisor and develop a specific plan of study which incorporates their educational and vocational goals.

COURSE DESCRIPTIONS

The number following the course title indicates the distribution of the course credit as follows: (lecture, lab, semester hours).

ACCOUNTING

ACCT 2301 Principles of Financial Accounting (2,1,3)

This course presents an introduction to the principles and procedures of financial accounting with emphasis placed on the measurement, recording, and preparation of general-purpose financial reports for profit-oriented organizations based on generally accepted accounting principles.

ACCT 2302 Principles of Managerial Accounting (2,1,3)

This course presents an introduction to the principles and procedures of accounting that apply primarily to the accumulation and reporting of accounting information for internal management decision making and control in profit-oriented organizations. *Prerequisite: ACCT 2301.*

ACCT 3210 Practical Management Accounting (2,0,2)

This course presents an overview of practical accounting practices as they relate to individuals, non-profitable organizations, and religious or charitable organizations, with an emphasis placed on budgeting, taxation, social security issues, financial software, and bookkeeping activities. *Those students majoring in business may not take this course for credit.*

ACCT 3332 Accounting Information Systems (3,0,3)

This course deals with the development and use of modern accounting information systems. Emphasis is placed on the use of computerized procedures, including microcomputer applications. *Prerequisite: ACCT 2302.*

ACCT 3335 Intermediate Accounting I (3,0,3)

This course presents an in-depth study of the theory, principles, and procedures of the measurement, recording, and reporting of financial accounting information according to generally accepted accounting principles. *Prerequisite: ACCT 2302.*

ACCT 3336 Intermediate Accounting II (3,0,3)

This course is a continuation of the in-depth study of the theory, principles, and procedures of the measurement, recording, and reporting of financial accounting information according to generally accepted accounting principles. *Prerequisite: ACCT 3335.*

ACCT 3337 Cost Accounting (3,0,3)

This course presents a study of the principles and procedures pertaining to the accumulation and utilization of cost data for financial reporting purposes and by management for making internal decisions and controlling operations. Some of the topics covered are cost terminology and classifications, analysis of cost behavior, cost systems and accumulation procedures, standard costs, cost-volume-profit relationships, and relevant costs for decision making. *Prerequisite: ACCT 2302.*

ACCT 4331 Federal Taxation (3,0,3)

This course covers the federal income taxation of individuals and the preparation of individual federal income tax returns. *Prerequisite: ACCT 2302.*

ACCT 4332 Fraud Examination and Forensic Accounting (3,0,3)

This course will present both proactive and reactive fraud examination and forensic accounting principles. Specific issues to be covered will include the audit committee, fraud liability, investigation, decision models, prevention, detection and reporting of fraud. *Prerequisites: ACCT 2302.*

ACCT 4333 Auditing (3,0,3)

The principles, standards, and procedures of auditing are covered in this course. Auditing techniques, internal controls, and reports are emphasized. *Prerequisite: ACCT 3335.*

ACCT 4335 Advanced Accounting (3,0,3)

This course covers the principles and techniques of consolidation, partnership accounting, and accounting for international transaction. Emphasis is placed on the procedures of preparing consolidated financial statements. *Prerequisite: ACCT 3336.*

ACCT 4338 Governmental and Not-for-Profit Accounting (3,0,3)

This course deals with the principles and practices that apply to fund accounting used by governmental units and not-for-profit organizations. Some of the topics covered are revenues, expenditures, appropriations, tax levies, budgets, special funds, and financial reports. *Prerequisite: ACCT 2302.*

ACCT 4340 Accounting Theory (3,0,3)

This course covers theory of accounting with emphasis on the development of standards, account pricing, and financial reporting. *Prerequisite: ACCT 3335.*

ART

ARTS 1301 Creative Arts in the Elementary School Curriculum (3,0,3)

This course presents a study of the history, organization, evaluation, and function of the creative arts in elementary curriculum. Opportunity is provided for the student to work with the various materials and equipment suitable for classroom use. *This course is for Elementary Education Majors. It is strongly recommended that EDUC 3301 be completed prior to taking this course.*

ARTS 1302 Fundamentals of Art (3,0,3)

A general course in the fundamentals of art offers creative activities in drawing, design, color, and related experiences.

BIOLOGY

BIOL 1322 Nutrition (3,0,3)

This course is a study of food, kinds and functions; body processes; and diets in health and disease. *Prerequisite: Four (4) semester hours of chemistry.*

BIOL 1406 General Biology I (3,1,4)

This is an introductory course designed for biology majors and minors. Topics include the history and philosophy of biology, chemical concepts of life, the cell, genetics, and the origin and development of life on earth. This course includes a two-hour laboratory per week.

BIOL 1407 General Biology II (3,1,4)

This course is a continuation of BIOL 1406. Topics include plant form and function, animal form and function, and ecology. This course includes a two-hour laboratory per week. *Prerequisite: BIOL1406.*

BIOL 1410 Human Health and Disease (3,1,4)

Normal and abnormal body function will be explored using simplified models, flowcharts, classifications and descriptions. Diseases will be surveyed by system, including, where possible, diseases of interest to the students. Students will be exposed to concepts of various basic medical sciences and the scientific bases of disease treatment and prevention. The course is for students wishing to explore biomedical and health sciences. It does not count towards a major or minor in biology. The course includes a two-hour laboratory per week.

BIOL 1421 Fundamentals of Anatomy and Physiology I (3,1,4) (Same as NURS 1421)

The course is a study of the integumentary, skeletal, muscular, nervous, and endocrine systems in humans. The course is designed for pre-nursing majors and non-science majors. The course will not count toward a biology major or minor. It includes a two-hour laboratory per week.

BIOL 1422 Fundamentals of Anatomy and Physiology II (3,1,4) (Same as NURS 1422)

The course is study of the circulatory, immune, respiratory, digestive, urinary, and reproductive systems in humans. The course is designed for pre-nursing majors and non-science majors. The course will not count toward a biology major or minor. It includes a two-hour laboratory per week. *Prerequisite: BIOL/NURS 1421.*

BIOL 2302 Medical Terminology and Health Occupations (3,0,3)

This course consists of a study of the health fields and the basic structure of medical words including prefixes, suffixes, roots, combining forms and plurals; pronunciation, spelling, and definition of medical terms; emphasis on building a professional vocabulary required for working in the medical field; and a study of the health occupations.

BIOL 2305 Introduction to Research Methods (3,0,3)

This course is an introduction to the principles of research in the biological sciences. The course will give the student a foundation in the philosophy of science, the scientific method, data analysis, and report writing. Students will be required to conduct a literature review of a research topic and write a proposal to conduct research on the topic. CHEM 1312/1112 and MATH 1342 strongly recommended. *Prerequisite:* BIOL 1407.

BIOL 2320 Fundamentals of Pathophysiology (3,0,3) (Same as NURS 2320)

Principles of pathophysiology and nutrition are examined in relation to disease and wellness states. Effects of abnormal function are discussed using critical thinking, case studies, and simulations. *Prerequisite:* Concurrent enrollment in NURS 3311.

BIOL 2401 Human Anatomy and Physiology I (3,1,4)

This course emphasizes the integration of structure and function of the integumentary, skeletal, muscle, nervous, and endocrine systems. The course includes a three-hour laboratory per week. Included in the laboratory is the gross anatomy of the human skeleton, cat, sheep brain, and cow eye and the microscopic anatomy of each system. Experiments are performed to demonstrate muscular physiology, human reflex physiology, sensory physiology, and hormonal actions. This is a course for biology or closely related majors. *Prerequisite:* BIOL 1407 or BIOL 1322.

BIOL 2402 Human Anatomy and Physiology II (3,1,4)

This course is a continuation of BIOL 2401 with emphasis on the integration of structure and function of the cardiovascular, respiratory, digestive, urinary, and reproductive systems. The course includes a three-hour laboratory per week. Laboratory exercises include dissection of the cat, mammalian heart, and mature pig lungs. Microscopic anatomy of each of the systems is included. Experiments are performed to demonstrate cardiovascular physiology, blood pressure, digestive physiology, urinalysis, gametogenesis, and the principles of human genetics. *Prerequisite:* BIOL 2401.

BIOL 2406 Man and the Environment (3,1,4)

This is an overview of how man relates to the environment. Topics include ecology, energy, populations, natural resources, and pollution. The course includes a two-hour laboratory per week.

BIOL 2421 Fundamentals of Microbiology (3,1,4) (Same as NURS 2421)

This course is a study of microorganisms especially those that cause human disease. Topics covered are basic microbiology principles; viral, bacterial, and fungal diseases; how the body responds to infections; and anti-microbial treatments. The course is designed for pre-nursing majors and non-science majors. The course will not count toward a biology major or minor. It includes a two-hour laboratory per week. *Prerequisites:* four (4) hours in general chemistry; four (4) hours in human anatomy and physiology.

BIOL 3100-3600 Field Course (One to six (1-6) semester hours)

Courses will be designed which will involve lectures, discussion and collecting trips, short oral and written examinations, and summary reports in biological areas which are not available on the campus. *Prerequisites:* Four (4) semester hours of biology and permission of the instructor.

BIOL 3301 Pathophysiology (3,0,3)

This course emphasizes the etiology, pathogenesis, clinical manifestations, and treatment of human diseases and disorders. The connections between structure, function, and dysfunction will be discussed. *Prerequisites:* BIOL 2402 and CHEM 1312/1112.

BIOL 3402 Field Zoology (3,1,4)

This course is an advanced zoology course which emphasizes the principles of zoology. Topics include a survey of the animal kingdom as well as the study of animal structure and function, and animal ecology. Emphasis will be placed on the native animals of East Texas. It includes a three-hour laboratory per week. *Prerequisite:* BIOL 1407.

BIOL 3410 Field Botany (3,1,4)

This is an advanced botany course with an emphasis on the plant species and communities of East Texas. Topics include an overview of plant taxonomy, a survey of native East Texas plants, and an analysis of East Texas plant communities. This course includes a three-hour laboratory per week. *Prerequisite:* BIOL 1407.

BIOL 3450 Histology (3,1,4)

This is the study of the microscopic structure of vertebrate tissues and will include a detailed study of cells

and tissues, their origin and function in the adult. The course includes a three-hour laboratory per week. *Prerequisite: BIOL 2402 or BIOL 2428.*

BIOL 3452 Microbiology (3,1,4)

This course includes a study of prevalence, morphology, physiology, taxonomy, and importance of microorganisms. The course includes a three-hour laboratory per week. *Prerequisites: BIOL 1407 and CHEM 1312/1112.*

BIOL 4151-4451 Internship (0, 1-4, 1-4)

This course involves working either on campus or off campus with the objective of integrating classroom experiences into the work setting. No more than four hours can be earned in this internship and be applied to the major or minor. This course is offered during any semester, but arrangements with the Department of Biology must be made during the prior semester. *Prerequisites: 16 hours in biology and junior or senior standing*

BIOL 4167 Biochemistry Techniques (0,1,1) (Same as CHEM 4167)

BIOL 4301 Cell Biology (3,0,3)

Study of the principles of cell biology is emphasized. Topics will include cell membranes, cell organelle structure and function, energy flow and metabolism. *Prerequisites: BIOL 1407 and CHEM 1312/1112.*

BIOL 4302 Immunology (3,0,3)

This course is the study of the structure and function of antigens and antibodies, nature of immune responses, immunological diseases, and immunological methods. *Prerequisite: BIOL 3452.*

BIOL 4303 Population Biology (3,0,3)

Study of the microevolutionary and macroevolutionary processes that occur within populations that lead to genetic and phenotypic change. History of evolutionary thinking, population genetics, and the analysis of evolutionary forces are discussed. Competencies required by the State of Texas TEEXES Life Science examinations covered. BIOL 4403 Genetics strongly recommended.

BIOL 4304 Toxicology (3,0,3)

This course is the study of the effect of poisons on living organisms. Topics include toxicology principles, the effect of toxic agents on human body systems, and the chemistry of toxic agents. *Prerequisite: BIOL 1407, CHEM 1312/1112.*

BIOL 4305 Molecular Genetics (3,0,3)

This course is an advanced genetics course which emphasizes the principles of molecular genetics. Topics include an in depth analysis of DNA structure and function, the molecular tools of DNA analysis, the methods used in DNA technology, nuclear and mitochondrial DNA analysis and diagnosis. Emphasis will be placed on the criminal and medical forensics. *Prerequisite: BIOL 4403.*

BIOL 4367 Biochemistry (3,0,3) (Same as CHEM 4367)

BIOL 4401 Embryology (3,1,4)

This course deals with the process by which animals of various types develop from the fertilized egg to maturity. The course includes a three-hour laboratory per week. *Prerequisite: BIOL 2402 or BIOL 2428.*

BIOL 4403 Genetics (3,1,4)

This course is a thorough study of classical, population, and molecular genetics. Genetics as it relates to bacteria, plants, and humans will be discussed. This course includes a three-hour laboratory per week. Experiments are conducted to demonstrate genetic principles. *Prerequisites: BIOL 1407.*

BIOL 4405 General Ecology (3,1,4)

This is a course in general ecology. Topics include the physical environment, energy, population ecology, community ecology, ecosystems, and systems ecology. This course includes a three-hour laboratory per week. *Prerequisites: BIOL 1407.*

BIOL 4406 Wetland Ecology (3,1,4)

Wetland Ecology will examine definitions and types of wetlands and will typically study hydrology, biogeochemistry, and wetland management, including the protection, valuation, creation, and restoration of wetlands. It will include a three-hour laboratory per week. *Prerequisites: BIOL 1407.*

BUSINESS ADMINISTRATION**BUAD 1305 Business Software Applications (3,0,3)**

This course will utilize PC's for users to demonstrate a basic understanding of major business software applications. Prerequisite: Basic computer literacy is required.

BUAD 3327 Business Law (3,0,3)

This course includes a study of the general principles of law as applied to business transactions: contracts, agency, negotiable instruments, business organizations, trusts and estates, and government regulations.

BUAD 3328 Business Legal Environment (3,0,3)

This course includes a study of the general principles of law as applied to business transactions: sales, negligence, torts, unincorporated business associations, corporations, debtor and creditor relations, and property.

BUAD 3367 Business and Accounting Ethics (3,0,3)

The integration of ethical reasoning, objectivity, independence and other business core values are studied. Students will study the critical analysis of ethical lapses which have occurred in business and the accounting profession by exploring ways to integrate ethical behavior into professional life. The course will include an overview of ethics from a philosophical viewpoint in addition to the specific discussion of codes of conduct, SEC requirements, and the Sarbanes-Oxley Act of 2002.

BUAD 4662 Business Policy and Communication (6,0,6)

This course studies the written solutions and oral presentations of comprehensive business problems by utilizing principles and concepts from the various business disciplines, such as accounting, communications, economics, finance, management, and marketing. Students will deliver individual and group presentations for their problem solving exercises. Prerequisites: ACCT 2302, ECON 2303, FINA 3344, MGMT 3350, and MKTG 3324, SPCH 1311, and senior standing. (Capstone course)

COALITION FOR CHRISTIAN COLLEGES AND UNIVERSITIES**CCCU XX8X Title for CCCU Course Content**

This course documents specific areas of study for students participating in Coalition for Christian Colleges and Universities Semester Study Programs. Specific course title is determined by the Dean in consultation with the student's academic advisor and the CCCU Study Coordinator.

CHEMISTRY**CHEM 1105 Chemical Concepts Laboratory (0,1,1)**

This course is an introduction to the methods and techniques of measurement, observation, and reporting of physical and chemical data. Emphasis will be placed on chemical reactions encountered in daily life.

CHEM 1111 General Chemistry I Laboratory (0,1,1)

This course is an introduction to methods and techniques of chemical experimentation, observation, and measurement of physical and chemical properties. Prerequisite: Registration in or completion of CHEM 1311.

CHEM 1112 General Chemistry II Laboratory (0,1,1)

This course is a study of the qualitative and quantitative aspects of inorganic chemistry with an emphasis on equilibrium and kinetic theory. Prerequisite: CHEM 1311/1111.

CHEM 1305 Chemical Concepts (3,0,3)

This one semester course is designed to meet the chemistry requirement for students in the Nursing and Kinesiology-Athletic Training programs, and, together with CHEM 1105, satisfies the university general education requirement for laboratory science. The course presents the essentials of the basic laws, theories and concepts of chemistry; the types of chemical reactions; and an overview of inorganic, organic, and biochemical compounds.

CHEM 1311 General Chemistry (3,0,3)

This is an introductory course designed for chemistry majors and minors. The course is a study of the general principles governing chemical and physical change. Emphasis is placed on atomic and molecular structure, formulas, equations, periodicity, solutions, and physical states. Special emphasis is placed on stoichiometric calculations.

CHEM 1312 General Chemistry II (3,0,3)

This course is a continuation of CHEM 1311 and is a study of chemical equilibrium, kinetics, thermodynamics, chemical families, and elementary principles of inorganic analysis. *Prerequisite:* CHEM 1311/1111.

CHEM 3103 General Organic Chemistry I Laboratory (0,1,1)

This course is an introduction to the techniques used in organic chemistry with emphasis on the separation and purification of organic compounds. Emphasis is placed on preparation, properties, and reactions of organic compounds. *Prerequisite:* CHEM 1312/1112.

CHEM 3104 General Organic Chemistry II Laboratory (0,1,1)

This course is a continuation of Chemistry 3103 with the addition of interpretation of spectra in the classification and identification of compounds. *Prerequisite:* CHEM 3303/3103.

CHEM 3105 Quantitative Analysis Laboratory (0,1,1)

This course is a study of selected experiments in quantitative analysis designed to typify classical volumetric and gravimetric methods. *Prerequisite:* Enrollment in or completion of CHEM 3305.

CHEM 3106 Instrumental Analysis Laboratory (0,1,1)

This course is an introduction to the use of instruments in chemical analysis. *Prerequisites:* CHEM 1312 and PHYS 1402.

CHEM 3303 General Organic Chemistry I (3,0,3)

This course is a study of structure, nomenclature, preparation, and reactions of hydrocarbons. *Prerequisite:* CHEM 1312.

CHEM 3304 General Organic Chemistry II (3,0,3)

This course is a study of the specialized functional groups of organic compounds with an emphasis on structure, mechanisms, and synthesis. *Prerequisite:* CHEM 3303.

CHEM 3305 Quantitative Analysis (3,0,3)

This course is a review of the classical volumetric and gravimetric methods of analysis with emphasis on the theory and calculations of quantitative analysis. *Prerequisite:* CHEM 1312/1112.

CHEM 3306 Instrumental Analysis (3,0,3)

This course is a study of instrumental methods of analysis including optical, electrometric, and chromatographic techniques with emphasis on the theory, design, and applications of the various instruments. *Prerequisites:* CHEM 1312/1112 and PHYS 1402.

CHEM 4101 Chemical Literature (1,0,1)

This course is a study of the published sources of chemical information, the location of information, literature search methods, and organization of information. The course also includes a review of the various fields of chemistry followed by an examination of general chemical knowledge. *Prerequisite:* CHEM 4301.

CHEM 4103 Physical Chemistry I Laboratory (0,1,1)

The student will perform experiments in the areas of thermodynamics, electrochemistry, equilibria, and kinetics. *Prerequisite:* Enrollment in or completion of CHEM 4301.

CHEM 4104 Physical Chemistry II Laboratory (0,1,1)

This course is a continuation of Chemistry 4103. *Prerequisites:* CHEM 4301 and 4103.

CHEM 4167 Biochemistry Techniques (0,1,1)

Theory and practice of common biochemical techniques including: photometry, centrifugation, chromatography, electrophoresis, immunodiffusion, biochemical reaction kinetics, membrane preparations, cellular studies, and other topics. Emphasis is on attaining technical competence. A student research project that applies techniques learned in the course is required. *Prerequisites:* CHEM 3304/3104 and registration in or completion of CHEM 4367.

CHEM 4200 Forensic Chemistry Laboratory (0,2,2)

The course is a study of the application of the theory and practice of instrumental chemical analysis to the field of forensics. Analytical techniques that will be studied include atomic absorption, ultraviolet-visible,

and infrared spectroscopic methods, and gas chromatography and mass spectroscopy methods of analysis. *Prerequisite: CHEM 3305/3105.*

CHEM 4301 Physical Chemistry I (3,0,3)

This course is an introduction to chemical thermodynamics and kinetics. Topics include laws of thermodynamics, phase equilibrium, nonideal solutions and reaction rates. *Prerequisites: CHEM 1312, MATH 2301, and PHYS 1402.*

CHEM 4302 Physical Chemistry II (3,0,3)

This course is a continuation of Chemistry 4301. Topics include chemical electrochemistry and quantum mechanics with applications to problems in chemistry. *Prerequisite: CHEM 4301.*

CHEM 4308 Advanced Inorganic Chemistry (3,0,3)

This course is an intensive study of the principles of inorganic chemistry including atomic structure, nomenclature, chemical bonding, thermodynamics and reactivity, stereochemistry, acid and base theory, and coordination compounds. *Prerequisite: CHEM 1312.*

CHEM 4367 Biochemistry (3,0,3) (Same as Biology 4367)

This course is a study of the chemical constitution and chemical changes of living matter, metabolism, and energy transfer. *Prerequisite: CHEM 3304.*

COMMUNICATION

COMM 1303 Introduction to Journalism (3,0,3)

A course designed to provide practical knowledge and experience in news gathering, news writing, and editing for the print media, particularly newspapers and magazines. Special attention is given to basic writing skills for reporting, interviewing, and feature writing.

COMM 1307 Introduction to Mass Communication (3,0,3)

This course acquaints students with the theory, practice, policies, and techniques of the print and broadcast media. Special attention is given to analyzing media effects on thinking and culture.

COMM 2339 Mass Media Writing (3,0,3)

Fundamental principles of information gathering, writing, editing and reporting. Students will be given practical assignments to perfect their knowledge and skills in various areas of mass communication. This course will include a number of written exercises.

COMM 2400 Radio Broadcasting (3,1,4)

Instruction in the concepts and skills necessary to operate a modern radio station. Principles of sound recording, editing, on-air announcing, and programming will be examined. In addition, contemporary radio station management practices will be reviewed. The course requires both classroom instruction and lab work at the campus radio station.

COMM 3300 Research Methods in Communication (3,0,3) (Same as SPCH 3300)

This course introduces students to the methods of research used in the field of communication. Emphasis will be placed on topic development, using the scholarly literature of the field, writing the literature review, research design, and APA style.

COMM 3307 Mass Communication Law and Ethics (3,0,3)

A survey of media law and ethics and their relevance in the lives of consumers and producers of mass media messages. The course examines the history and development of mass media laws and regulations leading to an emphasis on current practice.

COMM 3309 Graphic Design 1 (3,0,3)

This is a basic introduction to various aspects of graphic design covering concepts, typography, composition, form, rendering, production and desktop publishing. Students will also be introduced to the concepts of digital photography, logo creation, advertisements, presentations, and using a scanner. In-class critiques will help to develop student's problem solving and design development styles and skills. This course deals with a variety of graphic design topics.

COMM 3321 Public Relations (3,0,3) (Same as SPCH 3321)

COMM 3350 *Broadcast News Reporting* (3,0,3)

Principles and techniques involved in reporting, writing, and producing news for radio and television.

COMM 4300 *Senior Seminar* (3,0,3)

A capstone course that explores both current issues within mass communication and the preparedness of students completing their studies in mass communication.

COMM 4450 *Internship in Communication* (0,4,4)

This internship provides communication majors and minors an opportunity to receive practical work experience under faculty and professional supervision. Students chosen will work as interns in organizational communication, communication consulting, broadcasting, or public relations. Must have consent of the instructor. This course may be repeated once for elective credit with departmental chair's approval. This course is for variable credit and will increase by one credit hour for students with a concentration in mass communication.

COMPUTER SCIENCE

COSC 1302 *Principles of Information Systems* (3,0,3)

This course introduces the student to Information Systems as developed, managed and maintained in a typical business environment. This is the first course for MIS majors and minors. Topics include an overview of information systems in business organizations, hardware, software, telecommunications, networking, internet, electronic commerce, algorithm design, data representation, and programming languages.

COSC 1318 *Computer Programming* (3,0,3)

This course is an introduction to problem-solving using a high level programming language, Microsoft Visual C++. Computer organization design techniques, structured programming concepts, object-oriented programming, and algorithm development will be covered. *Prerequisite:* COSC 1302 or MATH 3300 (from ETBU for math majors).

COSC 2308 *Personal Computer Operating Systems* (3,0,3)

This is a study of the current popular operating systems found on personal computers. Topics covered will vary based on the particular operating systems being examined. Students will be given hands-on experience working with the systems software being studied. *Prerequisite:* COSC 1302.

COSC 2312 *Web Authoring* (3,0,3)

This course gives the student an introduction in planning, creating, designing, editing, implementing, and reviewing web sites using application software. Students will gain an understanding of web design and application software so that they can make strategic decisions in creating, critiquing, troubleshooting, and revising web pages. Introductory HTML will also be included. Basic computer literacy is required.

COSC 2328 *Visual Basic Programming* (3,0,3)

This course will provide training in computer programming using Visual Basic. Object-oriented programming as well as visual programming techniques will be emphasized. *Prerequisite:* COSC 1318 or MATH 3300.

COSC 3315 *Computer Networking Applications* (3,0,3)

This course gives the student an opportunity to design and implement a set of networking applications using both theoretical and practical knowledge as presented in class. Students will gain an understanding of practical usage of computer networks as used in day-to-day business activities worldwide. *Prerequisites:* Basic computer literacy is required.

COSC 3317 *E-Commerce and Internet Applications* (3,0,3)

This course is an overview of e-commerce and the Internet, which will allow students an opportunity to investigate and to learn about the Internet and its many uses in the business world. *Prerequisite:* Basic computer literacy is required.

COSC 3333 *Computer Networking Infrastructure* (3,2,2)

This course is a study of cabling and hardware components necessary to build and maintain a computer networking environment for small business. Special emphasis will be placed on personal computer hardware, hubs, switches; along with the Ethernet, wireless, and fiber optic cables.

COSC 4321 Information Systems Development (3,0,3)

This is a study of traditional, structured, and advanced concepts and techniques for the design and development of an information system. Special emphasis will be placed on the development of database systems using fourth generation tools. *Prerequisite: Twelve (12) semester hours of computer science.*

COSC 4325 Advanced Database Techniques (3,0,3)

This course gives students the opportunity to design and implement a database using a current Windows-based database management software package and its application language. Techniques for designing a database system are reviewed and put into practice on the term project. *Prerequisite: COSC 4321.*

CRIMINAL JUSTICE**CJUS 1301 Introduction to the Criminal Justice System (3,0,3)**

This course provides a broad overview of the criminal justice system. It will explore the history, development, structure, and philosophy of the three major components of the criminal justice system: law enforcement, the courts, and corrections.

CJUS 1310 Criminal Law and Procedure (3,0,3) (Same as SOCI 1310)

This course includes the topics of punishment; specific crimes; ingredients of a crime; group criminality; special defenses; limitations of criminal law; constitutionalization of criminal procedure, arrest, search, and seizure; wiretapping; electronic eavesdropping; the use of secret agents, police interrogation, confessions, lineups, and other pretrial identification procedure; and application of the exclusionary rule, right to counsel, and raising constitutional claims.

CJUS 1313 Juvenile Delinquency (3,0,3) (Same as SOCI 1313)

This course is a survey and analysis of the nature and extent of juvenile delinquency in the United States. This course will examine the juvenile justice system, delinquency theories, the control of juvenile offenders, and programs for prevention. *Prerequisites: SOCI 3303 or SOCI/CJUS 3304.*

CJUS 2313 Correctional Systems and Practices (3,0,3) (Same as SOCI 2313)

This course examines the history of punishment and the evolution of correctional systems and practices in the United States. Consideration also will be given to the growth of community based corrections as well as other intermediate based sanctions that attempt to reduce prison populations. *Prerequisites: SOCI 3303 or SOCI/CJUS 3304.*

CJUS 3303 Criminology (3,0,3) (Same as SOCI 3303)

This course is a comprehensive survey of crime in the United States, emphasizing the measurement, causes, and characteristics of crime and criminal behavior, as well as an overview of the American criminal justice system. *Prerequisite: SOCI 1301 or consent of instructor.*

CJUS 3306 Violence and Victimization (3,0,3)

This course examines the nature of violence in our society, including victimization by strangers, family members, and intimate partners. Both victimization theory and applied responses to victimization by the criminal justice system are reviewed. This course includes a study of situational factors and responses to victims, crime prevention and victim services programs, and victim-offender relationships.

CJUS 3313 Drugs and Drug Policy (3,0,3) (same as PSYC 3313 and SOCI 3313)

An examination of the physiological and psychological and behavioral effects of legal and illicit drugs; pattern and correlates of use; and theories of the causes of drug use. The course also provides a cross-national perspective on the regulation of drug use by examining and critiquing drug policies in terms of their goals, scope and effectiveness. *Prerequisite: PSYC 2301 or SOCI 1301.*

ECONOMICS**ECON 2301 Macroeconomics (3,0,3)**

Macroeconomics is the study of the theories and principles that guide the national economy. Emphasis is placed on the market system in a global economy.

ECON 2302 Microeconomics (3,0,3)

Microeconomics is the branch of economics that deals with individual economic agents such as consumers and producers.

ECON 2303 Introduction to Economics (3,0,3)

An introduction to the study of macroeconomics and microeconomics that guides the national economy, individual economic agents, market systems, global economics, consumers, and producers.

ECON 3343 Problems in Economics (3,0,3)

This course covers historic and present-day economic problems and their effects on society. *Prerequisites:* ECON 2303

ECON 3361 International Trade (3,0,3)

This course examines the trade operations of the firm from an international point of view. The course is designed to expose students to theories of trade, international monetary systems, exchange rates, futures, and currency markets. *Prerequisites:* This course is open to business and non-business majors who have attained junior standing.

EDUCATION

EDUC 3301 The Professional Teacher and Diverse Learners (3,0,3)

This course will give students an opportunity to explore the field of teaching by building a background that includes an historical overview, as well as current trends, legal issues, and professionalism, as they apply to teaching in the public schools. The present structure, organization, and management of local, state and national systems will be reviewed. In-depth study of diverse learners and the legislation and regulation of special needs students will also be included. Thirty (30) clock hours of on-site field experience is required. If concurrently enrolled in EDUC 3302, most General Education requirements must be completed prior to enrollment in order to meet the requirements for admission to the Teacher Education Program. *Prerequisites:* Sophomore standing and cumulative GPA of 2.6. Students are required to take all portions of the JQE and THEA prior to or while enrolled in this course, and are required to successfully complete a criminal history check to determine suitability for public school placement for the required observation hours.

EDUC 3302 Learning and Evaluation Theory (3,0,3)

This course will give attention to the following components: nature of learning, nature of teaching, tests, and measurement, and teaching in a multicultural classroom. Students should make application to the Teacher Education Program while enrolled in this course. If concurrently enrolled in EDUC 3301, most General Education requirements must be completed prior to enrollment and all portions of the JQE and THEA must be passed by the end of the course in order to meet the requirements for admission to the Teacher Education Program. *Prerequisite:* Sophomore standing; Completion of or concurrent enrollment in EDUC 3301; and cumulative GPA 2.6

EDUC 3303 Classroom Management and Effective Teaching in the Elementary School (3,0,3)

Pre-service teachers will explore the methods and strategies needed to foster a positive learning climate with equity and excellence. Students will examine what research says about classroom management strategies and effective use of procedures and rules while developing a sense of community in the classroom. *Prerequisites:* EDUC 3301 and EDUC 3302; cumulative, major/minor and professional development GPA of 2.6; and admission to the Teacher Education Program. This course is a prerequisite for all Elementary Literacy Block courses and should be taken concurrently or prior to all-level site-based experiences..

EDUC 3304 The Integrated Curriculum for EC-8 (3,0,3)

This course will cover curriculum organization, planning, evaluation, and practical applications of instructional methods as they apply to the curriculum for early childhood through grade 8. An overall understanding of how all the curriculum areas relate to one another will be realized through thematic teaching. *Prerequisites:* Senior standing, completion of Literacy Block; concurrent enrollment in READ 3305, SOCI 3307, EDUC 4352; cumulative, major/minor and professional development GPA of 2.6; and admission to the Teacher Education Program.

EDUC 3352 Language Arts Site-Based Experiences in the Elementary School (0,3,3)

This primary purpose of this practicum is to provide the pre-service teacher with the opportunity to relate the theories learned in the university classroom with the reality of the public school classroom. The pre-service teacher will actively take part in the Reading/English/Language Arts program in the public school classroom by participating in activities such as but not limited to working with students one-on-one, preparing materials and presenting simple lessons. Students will also reflect on their classroom experiences

in writing and in classroom discussions. This course is necessary to fulfill the State's requirements for field-based education programs. (Site-based laboratory fee required). *Prerequisites:* Junior standing; completion of EDUC 3301, EDUC 3302, EDUC 3303, READ 3316; concurrent enrollment in READ 3317 READ 3318, READ 3364; cumulative, major/minor and professional development GPA of 2.6; and admission to the Teacher Education Program.

EDUC 3353 Special Education (3,0,3)

This course is an introductory survey of exceptional children covering categories of children with disabilities and those who are gifted and talented. This class will help students identify the characteristics, problems, and needs of the exceptional learner. Students will also be made aware of the public and private services available to the handicapped citizen.

EDUC 3354 Mild/Moderate Disabilities (3,0,3)

This course will review the principles of instruction for students with mild/moderate disabilities. Additionally, the course will examine the principles of behavior management for students with disabilities.

EDUC 3355 Severe/Profound Disabilities (3,0,3)

This course will review the methods of teaching students with severe and profound disabilities. Additionally, collaboration procedures with families, government agencies and transition planning for students as they transition to adulthood will be discussed.

EDUC 4307 Classroom Management and Effective Teaching for the Secondary School (3,0,3)

This site-based course examines classroom management techniques and research related to the effective management of the secondary classroom learning environment, student behavior, and classroom resources. Characteristics and needs of students with special needs are scrutinized. Instructional accommodations and modifications for the at-risk learner are examined in the secondary setting. *Prerequisites:* EDUC 3301, EDUC 3302; senior standing; to be taken in the same block as EDUC 4308, EDUC 4358 (secondary) or EDUC 4357 only (all-level); cumulative, major/minor, professional development GPA of 2.6; and admission to the Teacher Education Program.

EDUC 4308 The Secondary School Curriculum (3,0,3)

This site-based course presents events and concepts that have shaped the organization, objectives, planning, and evaluation of the secondary curriculum. Emphasis is given to curriculum development within the framework of the Texas Essential Knowledge and Skills (TEKS). Concepts of the curriculum guide, the course of study, the instructional unit, lesson plans, and basic lesson design are studied within a collaborative framework. Strategies and practice for teaching reading in all content areas are included. *Prerequisites:* EDUC 3301 and 3302; senior standing; to be taken in the same block with EDUC 4307 and EDUC 4358; cumulative, major/minor and professional development GPA of 2.6; and admission to the Teacher Education Program.

EDUC 4316 Directed Student Teaching in Grades 4-8 (0,3,3)

Students are assigned to classrooms in the public schools all day for seven (7) weeks. Pre-service teachers will be given the opportunity to observe and teach in all areas covered in the classroom to which they are assigned. Seminar for pre-service teachers will be held one afternoon each week on the University campus. Seminar is a required part of student teaching and all pre-service teachers are expected to attend. All paperwork necessary to complete the State certification process will be completed. (Student teaching laboratory fee required). Students must attempt the required TExES exams applicable to certification prior to completion of student teaching. *Prerequisites:* Completion of EDUC 3301, EDUC 3302, EDUC 3303, READ 3316, Literacy and Curriculum/Practicum Blocks; cumulative and professional development GPA of 2.6, major/minor GPA of 2.75; concurrent enrollment in EDUC 4317; and admission to the Student Teaching Level; and are required to have a criminal history check to determine suitability for public school placement.

EDUC 4317 Directed Student Teaching in EC-Grade 6 (0,3,3)

Students are assigned to classrooms in the public schools all day for seven (7) weeks. Pre-service teachers will be given the opportunity to observe and teach in all areas covered in the classroom to which they are assigned. Seminar for pre-service teachers will be held one afternoon each week on the University campus. Seminar is a required part of student teaching and all pre-service teachers are expected to attend. All paperwork necessary to complete the State certification process will be completed. (Student teaching laboratory fee required). Students must attempt the required TExES exams applicable to certification prior to completion of student teaching. *Prerequisites:* Completion of EDUC 3301, EDUC 3302, READ

3316 Literacy and Curriculum/Practicum Blocks; cumulative and professional development GPA of 2.6, major/minor GPA of 2.75; concurrent enrollment in EDUC 4316; and admission to the Student Teaching Level; and are required to have a criminal history check to determine suitability for public school placement.

EDUC 4318 Directed Student Teaching in the Secondary School I (0,3,3)

Students are assigned to public school classrooms all day for seven (7) weeks in their major teaching field, during which time they observe their supervising teachers to become oriented to classroom procedures, and then begin to assume increasing responsibility for teaching the classes. One day each week all student teachers meet on the University campus for a one-hour seminar. Seminar is a required part of student teaching and all pre-service teachers are expected to attend. (Student teaching laboratory fee required). Students must attempt the required TExES exams applicable to certification prior to completion of student teaching. *Prerequisites: Completion of EDUC 3301, EDUC 3302, Curriculum/Practicum Blocks; cumulative and professional development GPA of 2.6, major/minor GPA of 2.75; concurrent enrollment in EDUC 4320; and admission to the Student Teaching Level; and are required to have a criminal history check to determine suitability for public school placement.*

EDUC 4320 Directed Student Teaching in the Secondary School II (0,3,3)

Students are assigned to public school classrooms all day for seven (7) weeks in their minor teaching field, during which they observe their supervising teachers to become oriented to classroom procedures, and then begin to assume increasing responsibility for teaching the classes. One day each week all student teachers meet on the University campus for a one-hour seminar. Seminar is a required part of student teaching and all pre-service teachers are expected to attend. (Student teaching laboratory fee required). Students must attempt the required TExES exams applicable to certification prior to completion of student teaching. *Prerequisites: Completion of EDUC 3301, EDUC 3302, Curriculum/Practicum Block; cumulative and professional development GPA of 2.6, major/minor GPA of 2.75; concurrent enrollment in EDUC 4318; and admission to the Student Teaching Level; and are required to have a criminal history check to determine suitability for public school placement.*

EDUC 4335 Student Teaching for All-Level, Elementary (0,3,3)

Students are assigned to a public elementary school all day for seven (7) weeks. One day each week all student teachers meet on the University campus for a one-hour seminar. Seminar is a required part of student teaching and all pre-service teachers are expected to attend. (Student teaching laboratory fee required). Students must attempt the required TExES exams applicable to certification prior to completion of student teaching. *Prerequisites: Completion of EDUC 3301, EDUC 3302, EDUC 3303, Curriculum/Practicum Block; cumulative and professional development GPA of 2.6, major/minor GPA of 2.75; concurrent enrollment in EDUC 4336; and admission to the Student Teaching Level; and are required to have a criminal history check to determine suitability for public school placement.*

EDUC 4336 Student Teaching for All-Level, Secondary (0,3,3)

Students are assigned to a public secondary school all day for seven (7) weeks. One day each week all student teachers meet on the University campus for a one-hour seminar. Seminar is a required part of student teaching and all pre-service teachers are expected to attend. (Student teaching laboratory fee required). Students must attempt the required TExES exams applicable to certification prior to completion of student teaching. *Prerequisites: Completion of EDUC 3301, EDUC 3302, EDUC 3303, Curriculum/Practicum Block; cumulative and professional development GPA of 2.6, major/minor GPA of 2.75; concurrent enrollment in EDUC 4335; and admission to the Student Teaching Level; and are required to have a criminal history check to determine suitability for public school placement.*

EDUC 4352 Elementary Site-Based Experiences (0,3,3)

This practicum is to be taken concurrently with the Curriculum/Practicum Block to give students an opportunity to observe and apply the curriculum development theories learned in the university classroom in the public school classroom. Pre-service teachers will work with students one-on-one, prepare and teach lessons, participate in other classroom activities as directed by the classroom teacher. Students will also reflect on their classroom experiences in writing and in classroom discussions. Students will spend part of the semester in an elementary school and part of the semester in a middle school or junior high school. This course is necessary to fulfill the State's requirements for field-based education programs. This course will also help students learn strategies, review and practice for the certification exam mandated by the State of Texas for teacher certification. A student must make 75 percent on appropriate practice exams to pass this course. Passing this course is a requirement for graduation with a B.S.E. degree. A student must be enrolled in the Curriculum Block to take this course the first time. (Site based laboratory fee required). *Prerequisites:*

Senior standing; completion of EDUC 3301, EDUC 3302, EDUC 3303, READ 3316, Literacy Block; cumulative, major/minor and professional development GPA of 2.6; concurrent enrollment in READ 3305, SSCI 3307, and EDUC 3304; and admission to the Teacher Education Program.

EDUC 4357 All-Level Site-Based Experiences (0,3,3)

This practicum has been designed to provide students with an opportunity for practical application of information learned about teaching skills in the elementary and secondary schools. Students are assigned public school mentors in the elementary and secondary schools. Students will be assigned to an elementary school for a block of time and to the secondary school for a block of time. This course will also help students learn strategies and review and practice for the certification exam mandated by the State of Texas for teacher certification. A student must make 75 percent on the appropriate practice exam for the state-mandated exam to pass this course. Passing this course is a requirement for graduation with a B.S.E. degree. (Site-based laboratory fee required). *Prerequisites: Senior standing; completion of EDUC 3301, EDUC 3302; cumulative, major/minor and professional development GPA of 2.6; concurrent enrollment in EDUC 4307; and admission to the Teacher Education Program. Prior or concurrent enrollment in EDUC 3303.*

EDUC 4358 Secondary Site-Based Experiences and Certification Preparation (0,3,3)

This practicum has been designed to provide students with an opportunity for practical application of information learned about teaching skills in the secondary school. Students are assigned public school mentors in their major and minor fields. Students spend one block of time in their major and /or one block of time in their minor teaching fields. This course fulfills the State's requirement for site-based education courses. This course will also help students learn strategies, review, and practice for the certification exam mandated by the State of Texas for teacher certification. A student must make 75 percent on the appropriate practice exam for the state-mandated exam to pass this course. Passing this course is a requirement for graduation with a B.S.E. degree. A student must be enrolled in the Curriculum Block (formerly Block II) in order to take this course the first time. (Site-based laboratory fee required). *Prerequisites: Senior standing; completion of EDUC 3301, EDUC 3302; cumulative, major/minor and professional development GPA of 2.6; concurrent enrollment in EDUC 4307, EDUC 4308; and admission to the Teacher Education Program.*

EDUC 4612 Directed Student Teaching in the Elementary School (0,6,6)

This course is designed specifically for students seeking an EC-6 Generalist certification. Students are assigned to classrooms in the public schools all day for fourteen (14) weeks. The period of assignment is expected to provide extensive directed observation of all classroom activities and a generous period of teaching in all classes held during the time of their assignment. One day each week all student teachers meet on the University campus for a one-hour seminar. Seminar is a required part of student teaching and all pre-service teachers are expected to attend. (Student teaching laboratory fee required). KINE 2307 Upper Extremity Injury Assessment in Athletic Training (3,0,3)

This course will present a study and critical analysis of the anatomy, injury signs and symptoms, and specific evaluation procedures for the upper extremities, head, face, and neck. **Prerequisite:** KINE 2302 *Care of Injuries*.

KINE 2308 Lower Extremity Injury Assessment in Athletic Training (3,0,3)

This course will present a study and critical analysis of the anatomy, injury signs and symptoms, and specific evaluation procedures for the lower extremities, pelvis, and spine. **Prerequisite:** KINE 2302 *Care of Injuries*.

KINE 3301 Health and Fitness in the Elementary School (3,0,3)

This course will introduce the future elementary educator to current trends of health education in the elementary schools. Development of a conceptual curriculum and practical application will be emphasized.

KINE 3302 Injury Rehabilitation Techniques (3,0,3)

This course will instruct the student in the planning and implementation of a comprehensive injury rehabilitation and reconditioning program, especially focusing on injuries sustained by the physically active person. **Prerequisite:** KINE 2302

KINE 3310 Concepts of Personal Health and Wellness (3,0,3)

This course is a study of the current concepts of personal health and wellness as they relate to the teaching of secondary school students. Emphasis will be placed on assessment and prescription of fitness levels for high school age students.

KINE 3311 Physiology of Exercise (3,0,3)

This course is designed to provide a study of the physical changes experienced by the human body during exercise. The main systems of the body will be examined. The effects of exercise with regard to aging and gender will be considered. **Prerequisite:** KINE 1302

KINE 3312 Kinesiology and Applied Anatomy (3,0,3)

This course offers the future kinesiologist the opportunity to apply previously learned facts and concepts of the structure and function of the human body to basic and advanced human movements. Analysis of skill performances and their relationship to muscle, skeletal, and nervous systems will be emphasized. **Prerequisite:** KINE 1302

KINE 3313 Recreational Facility Management Internship (3,0,3)

This internship will provide an opportunity in the professional atmosphere of a recreational facility for students to examine, explore, and refine their skills in management of such facilities. This internship is

designed to assist students with decisions concerning a career in recreational facility management. Most of the class activities will take place outside of a structured classroom setting. *Prerequisite: Permission of instructor and department chair.*

KINE 3362 Sport Psychology (3,0,3) (Same as PSYC 3362)

KINE 4301 Organization and Administration in Kinesiology and Sport (3,0,3)

This course provides a study of the principles and practices of personnel leadership, planning, budgeting, scheduling of facilities and events, purchasing, and other topics related to the operation of a physical education program in the public schools.

KINE 4304 Contemporary Issues in Kinesiology and Sport (3,0,3)

This course surveys the modern trends and issues related to physical education programs today. Included is a study of up-to-date principles relating to the field. The interpretations and application of these principles to program planning is emphasized. NOTE: This course is to be taken during or immediately prior to student teaching. *Prerequisites: KINE 1301 and senior status.*

KINE 4306 Evaluation in Kinesiology (3,0,3)

This course will include a brief history of testing and measurement in kinesiology. Various statistical procedures necessary for kinesiology / exercise science will be introduced. Tests of physical fitness, social efficiency, and motor skills will be studied. *Prerequisite: MATH 1314 or 1342 or permission of instructor.*

KINE 4309 Athletic Training (3,0,3)

This course is an advanced study of the prevention, evaluation, first aid, treatment, and rehabilitation of injuries incurred by the physically active population. The organization and administration, education, and counseling of persons with athletic injuries is covered. *Prerequisite: KINE 3300, KINE 3302*

KINE 4310 Human Diseases (3,0,3)

This course will compare and contrast the human body in health and disease. Emphasis will be placed upon wellness through lifestyle as a disease preventative.

KINE 4350 Clinical Internship in Athletic Training (0,3,3)

This course is designed to offer controlled practical experiences in an allied health care setting approved by the Athletic Training Educational Program Director. Internship positions should reflect the student's career specialization area. This course may be repeated with program director approval to accommodate varied internship positions. It is expected that the student will obtain 150 hours of practical experience in this course. *Prerequisites: Junior or senior status and signature of ATEP Director.*

PROFESSIONAL SKILLS / TECHNIQUES COURSES:

(These courses are specifically designed for the Kinesiology major or minor. Students will not be allowed to count these courses toward fulfilling the physical activity general education requirement. Any student may receive elective credit for these courses.)

KINE 1141 Practicum in Athletic Training I (0,1,1)

This course consists of directed practical experiences for working with athletes and the physically active population. First semester students will work toward mastery of specific competencies and proficiencies in the areas of Directed Clinical Experience, Athletic Training Clinic Operations, Administration, Acute Care of Injuries and Illnesses, and Risk Management. Skills will be instructed under the supervision of an approved clinical instructor. This class will meet two times per week. *Prerequisite: Signature of the ATEP Director.*

KINE 1142 Practicum in Athletic Training II (0,1,1)

This course consists of directed practical experiences for working with athletes and the physically active population. Second semester students will work toward mastery of specific competencies and proficiencies in the areas of Basic Pharmacology and Nutrition, Acute Care of Injuries and Illnesses, Taping, Wrapping, Bracing, and Padding, Risk Management, and Specific Injury Management. Skills will be instructed under the supervision of an approved clinical instructor. This class will meet two times per week. *Prerequisite: KINE 1141.*

KINE 2113 Outdoor Recreational Activities (0,1,1)

This class offers the university student the opportunity to participate in various outdoor leisure and recreational activities such as camping, canoeing, fishing and hiking.

KINE 2141 Practicum in Athletic Training III (0,1,1)

This course consists of directed practical experiences for working with athletes and the physically active population. Third semester students will work toward mastery of specific competencies and proficiencies in the areas of Basic Assessment and Evaluation, Basic Pharmacology and Nutrition, and Specific Injury Management for lower extremities. Skills will be instructed under the supervision of an approved clinical instructor. This class will meet two times per week. *Prerequisite:* KINE 1142.

KINE 2142 Practicum in Athletic Training IV (0,1,1)

This course consists of directed practical experiences for working with athletes and the physically active population. Fourth semester students will work toward mastery of specific competencies and proficiencies in the areas of Basis Assessment and Evaluation, and Specific Injury Management. Skills will be instructed under the supervision of an approved clinical instructor. This class will meet two times per week. *Prerequisite:* KINE 2141.

KINE 2200 Individual and Group Teaching Techniques in Kinesiology (2,0,2)

This course is designed to give Kinesiology majors and minors opportunities to experience teaching physical activities to individuals, small groups, and large groups. Students will prepare and teach lessons and workshops in instructor-selected activities. Teaching cues and biomechanical execution of fundamental motor skills will be emphasized in all activities.

KINE 2201 Activities for All-Level Physical Education (2,0,2)

This course is designed to introduce prospective teachers to a variety of developmentally appropriate activities used in All-Level Physical Education. Students will be exposed to multiple activities; generally, the activities will range on a spectrum from cooperative to competitive. Lesson planning for specific age groups using developmentally appropriate activities will be highlighted. Teaching cues and biomechanical execution of fundamental motor skills will be emphasized in all activities.

KINE 2202 Special Populations in Kinesiology (1,1,2)

This course is designed to introduce prospective Kinesiologists to a variety of developmentally appropriate activities used in Adapted Physical Education and other Kinesiology fields. Teaching cues and biomechanical execution of fundamental motor skills will be emphasized in all activities.

KINE 3141 Practicum in Athletic Training V (0,1,1)

This course consists of directed practical experiences for working with athletes and the physically active population. Fifth semester students will work toward mastery of specific competencies and proficiencies in the area of Therapeutic Exercise. Skills will be instructed under the supervision of an approved clinical instructor. This class will meet two times per week. *Prerequisite:* KINE 2142.

KINE 3142 Practicum in Athletic Training VI (0,1,1)

This course consists of directed practical experiences for working with athletes and the physically active population. Sixth semester students will work toward mastery of specific competencies and proficiencies in the areas of Specific Injury Management and Therapeutic Modalities. Skills will be instructed under the supervision of an approved clinical instructor. This class will meet two times per week. *Prerequisite:* KINE 3141.

KINE 3304 Ropes Course Process (3,0,3)

This course is designed to teach the techniques of group facilitation for initiatives and ropes / challenge course events, activity presentation and sequencing, safety techniques and construction principles, and the processing of experiences for the transfer of learning. This course will prepare the student to become a certified challenge course facilitator.

KINE 4100 Techniques of Coaching Soccer (1,0,1)

This course will cover the psychological and physiological aspects of coaching soccer. Strategies for games and training techniques will be emphasized.

KINE 4101 Techniques of Coaching Football (1,0,1)

This course will cover the psychological and physiological aspects of coaching football. Strategies for games and training techniques will be emphasized.

KINE 4102 Techniques of Coaching Baseball (1,0,1)

This course will cover the psychological and physiological aspects of coaching baseball. Strategies for games and training techniques will be emphasized.

KINE 4103 Techniques of Coaching Basketball (1,0,1)

This course will cover the psychological and physiological aspects of coaching basketball. Strategies for games and training techniques will be emphasized.

KINE 4104 Techniques of Coaching Volleyball (1,0,1)

This course will cover the psychological and physiological aspects of coaching volleyball. Strategies for games and training techniques will be emphasized.

KINE 4107 Special Projects in Kinesiology (1,0,1)

This course is designed to acquaint the student with professional literature and techniques of research reporting appropriate to the profession. *Prerequisites: Instructor permission.*

KINE 4141 Practicum in Athletic Training VII (0,1,1)

This course consists of directed practical experiences for working with athletes and the physically active population. Seventh semester students will work toward mastery of specific competencies and proficiencies in the areas of Specific Injury Management, Basic Assessment and Evaluation, Risk Management, Communication, Administration, and Athletic Training Presentation. Skills will be instructed under the supervision of an approved clinical instructor. This class will meet two times per week. *Prerequisite: KINE 3142.*

MANAGEMENT**MGMT 3310 Practical Management for Personal, Non-profitable, and Religious Organizations (3,0,3)**

This course will provide the student with a practical foundation for developing leadership, strategic planning, organizational structure and governance, physical resources, and staffing issues for individuals, non-profitable organizations, and religious or charitable organizations. *Those students majoring in business may not take this course for credit.*

MGMT 3350 Principles of Management (3,0,3)

This course is an introduction to the managerial functions and the management process. Topics included are areas of traditional management and such contemporary issues as teamwork, diversity, quality, ethics, and the global environment. The major objective is to familiarize the student with the knowledge, roles, responsibilities, and skills required of modern managers. *Prerequisite: Junior or Senior standing.*

MGMT 3353 Human Resource Management (3,0,3)

This is a study of the basic personnel processes involved in the selection, training, motivation and remuneration of employees, including the maintenance of labor relations in light of changing technological, social and economic conditions. *Prerequisite: MGMT 3350.*

MGMT 3354 Business Information Systems Management (3,0,3)

This course focuses on organization and management of information systems. The primary emphasis of this course is the application of technology in business problem solving and decision making. *Prerequisite: MGMT 3350.*

MGMT 4350 Practicum/Internship (3,0,3)

This course is designed to utilize a student's academic training to solve problems for a local organization. The student and firm will enter into a contract with the school of business where the firm will monitor the student's work performance and report this performance to the school of business who will assign a grade. The course may be repeated for credit. *Prerequisite: Consent of the dean.*

MGMT 4351 Organizational Behavior (3,0,3)

This course will study the interaction of the individual with the organization, motivation theories, and the relationship between organizations and individuals. *Prerequisite: MGMT 3350.*

MGMT 4353 Organizational Leadership (3,0,3)

The course will provide a basis for applying contributions of various theories of leadership to the diagnosis and development of successful intervention strategies for managing individual as well as complex organizational systems and processes. By studying leadership roles and skills, students can develop their personal aptitude for leadership. *Prerequisite: MGMT 3350.*

MGMT 4356 Problems in Management (3,0,3)

This course emphasizes the application of management theory and philosophy to current business problems. *Prerequisite:* MGMT 3350.

MGMT 4357 Theory and Practice of Supervision (3,0,3)

This is a practical course that covers the skills needed to become an effective supervisor. Practice of these skills in class will provide the confidence necessary to properly perform the function of management. *Prerequisite:* MGMT 3350.

MGMT 4359 Production Management (3,0,3)

This course is a study of the management of production systems with emphasis upon the concepts and methods of planning and controlling production. *Prerequisites:* MGMT 3350.

MGMT 4366 Management Science (3,0,3)

An introduction to quantitative techniques applicable to business and economics. Topics include queuing analysis, linear programming, transportation programming, PERT/CPM, and simple linear regression. *Prerequisites:* MATH 1342 and MATH 2313.

MARKETING

MKTG 3210 Practical Marketing Management (2,0,2)

This course will provide the student with a practical foundation for developing an advertising program for individuals, non-profitable organizations, and religious or charitable organizations. *Those students majoring in business may not take this course for credit.*

MKTG 3324 Principles of Marketing (3,0,3)

This course presents the fundamental principles and methods of marketing as it relates to the producer, the wholesaler, the retailer, and the consumer. *Prerequisites:* Junior or Senior standing.

MKTG 3325 Salesmanship (3,0,3)

This course presents the fundamental principles of selling involved in the distribution of goods and services. The course includes a study of economic problems connected with selling and analysis of the product and the market. *Prerequisite:* MKTG 3324.

MKTG 3326 Retailing (3,0,3)

This course presents a study of the business activity of selling goods or services to the final consumer for personal non-business use. The course covers basic retailing principles, practices, and procedures. Included are such topics as managing the buying, pricing, promotion, layout, security of merchandise, and location of the retail organization. *Prerequisite:* MKTG 3324.

MKTG 3352 Consumer Behavior (3,0,3)

Consumer Behavior is a study of consumer attitudes, preferences, and consumption patterns with implications for marketing management decisions. *Prerequisite:* MKTG 3324.

MKTG 3356 Sales Management (3,0,3)

This course emphasizes solutions to various sales problems with special emphasis on the decision making process. Major areas of study will be organization, recruitment, selection and supervision, time and territory management, motivation, compensation, leadership, sales planning, forecasting, resource allocation, and ethical issues in sales management. *Prerequisites:* MKTG 3324.

MKTG 4321 Advertising (3,0,3)

This course presents a study of successful advertising principles and practices. Ethics and truth in advertising are emphasized. *Prerequisites:* MKTG 3324.

MKTG 4322 Marketing Research (3,0,3)

This course presents a study of marketing research methods exercised to enhance decision-making effectiveness and solve marketing problems. Marketing research design and sampling techniques are presented. *Prerequisites:* MKTG 3324.

MKTG 4326 Marketing Management (3,0,3)

Emphasis will be on analyzing marketing problems in the areas of marketing research, product development, pricing, advertising, distribution, sales management, and sales promotion. *Prerequisites:* MKTG 3324.

MKTG 4345 International Marketing (3,0,3)

This course will provide a study of how marketing managers can adapt international marketing practices to cultural, social, political, legal and economic factors. International marketing problems and opportunities will be examined. *Prerequisites:* MKTG 3324.

MATHEMATICS**MATH 1300 Finite Mathematics (3,0,3)**

This course is designed as a course for liberal arts students. It assumes minimal algebraic and geometric background. Emphasis is on logic, set theory, graph theory, consumer mathematics, and probability. Access to a departmentally approved scientific calculator is required.

MATH 1314 College Algebra (3,0,3)

This course is devoted to the study of functions, their graphs, and their inverses; factoring, as well as the use of synthetic division and partial fractions; linear, quadratic, rational, radical, and exponential expressions; and solutions to systems of equations and inequalities using graphing, elimination, and Cramer's rule. Access to a departmentally approved graphing calculator is required. *Prerequisite:* Math ACT score of at least 20 or consent of the department.

MATH 1316 Plane Trigonometry (3,0,3)

This course consists of a study of transcendental functions. It includes a brief discussion of exponential and logarithmic functions but deals mainly with trigonometric functions and their applications. Concepts and graphing techniques are developed using graphing calculators. Access to a departmentally approved graphing calculator is required. *Prerequisite:* MATH 1314 or the consent of the department.

MATH 1342 Elementary Statistics (3,0,3)

This course is an introduction to the principles and methods of descriptive and inferential statistics. It is recommended for students in social and behavioral sciences, business, natural and physical sciences, nursing, and teacher education. Access to a departmentally approved scientific calculator is required.

MATH 1425 Precalculus (4,0,4)

This course will focus on the study of elementary functions and their graphs including linear, quadratic, polynomial, rational, exponential, logarithmic and trigonometric functions. Emphasis will also be placed on the use of graphing calculators, complex numbers, mathematical modeling, and the mathematics of finance. A departmentally approved graphing calculator is required for this course. *Prerequisite:* Math ACT score of at least 23 or consent of the department.

MATH 2301 Calculus with Analytic Geometry I (3,0,3)

This course includes elements of analytic geometry, functions, limits, derivatives, and applications of the derivative. A departmentally approved graphing calculator is required. *Prerequisites:* MATH 1314 and 1316, or consent of the department. (This course is available for credit only through a dual credit arrangement with Marshall High School.)

MATH 2302 Calculus with Analytic Geometry II (3,0,3)

Topics include integrals and their applications; exponential, logarithmic, trigonometric and inverse trigonometric functions, and related derivatives and integrals; and formal integration techniques. A departmentally approved graphing calculator is required. *Prerequisite:* MATH 2301 with a grade of "C" or higher. (This course is available for credit only through a dual credit arrangement with Marshall High School.)

MATH 2313 Mathematics with Applications to Business and the Social Sciences (3,0,3)

This course includes applications of algebra, linear algebra, and probability to the areas of business and the social sciences. Access to a departmentally approved graphing calculator is required. *Prerequisite:* Math ACT score of at least 20 or consent of the department.

MATH 2316 Data Analysis (3,0,3)

This is an introduction to a variety of statistical methods to analyze data sets and uncover important information about data. The statistical methods introduced will include: linear regression and correlation, one-way and two-way ANOVA, multiple regression, and some nonparametric procedures. This course will not be oriented toward theory or formula-based calculations but rather toward using SPSS software to create graphical and numerical output and then interpreting this output. *Prerequisite:* MATH 1342.

MATH 2401 Calculus I (4,0,4)

This course includes elements of analytic geometry, functions, limits, derivatives, and applications of the derivative. The course also includes an introduction to integral calculus. A departmentally approved graphing calculator is required. *Prerequisite: MATH 1425 with a grade of "C" or higher, or consent of the department.*

MATH 2402 Calculus II (4,0,4)

This course includes applications of integration, integration techniques, L'Hôpital's Rule, and improper integrals. The course also includes infinite series, conics, parametric equations, and polar coordinates. A departmentally approved graphing calculator is required. *Prerequisite: MATH 2401 with a grade of "C" or higher.*

MATH 3300 Foundations of Mathematical Reasoning (3,0,3)

This course introduces the logic and techniques used in the proofs of mathematical theorems and covers topics in set theory and number theory. *Prerequisite: MATH 2302 with a grade of "C" or higher.*

MATH 3301 Number Systems (3,0,3)

This course uses basic concepts of sets, number theory, whole numbers, integers, and rational and irrational numbers as decimals to develop the real numbers. Enrollment is limited to elementary education majors unless approved by instructor. May not be used for General Education Mathematics requirement. *Prerequisites: Junior standing and MATH 1342.*

MATH 3302 Mathematics for Elementary School Teachers (3,0,3)

This course covers mathematical content areas for elementary grades such as probability, statistics, geometry, measurement, geometric constructions, and algebra. Enrollment is limited to elementary education majors. May not be used for General Education Mathematics requirement. *Prerequisites: MATH 3301 and junior standing.*

MATH 3303 Calculus with Analytic Geometry III (3,0,3)

Topics include applications of the calculus, indeterminate forms, improper integrals, Taylor's formula, infinite series, plane curves, vectors, and polar coordinates. A departmentally approved graphing calculator is required. *Prerequisite: MATH 2302 with a grade of "C" or higher.*

MATH 3304 Calculus with Analytic Geometry IV (3,0,3)

A course in multivariate calculus, the material includes a study of three-dimensional analytic geometry, differential calculus of functions of several variables, multiple integration, and further topics in integration. A departmentally approved graphing calculator is required. *Prerequisite: MATH 3303 with a grade of "C" or higher.*

MATH 3305 Discrete Methods (3,0,3)

This course introduces the basic techniques and modes of reasoning of combinatorial problem solving. Topics include graph theory, counting principles, permutations, combinations, and recurrence relations. *Prerequisite: MATH 3300 with a grade of "C" or higher.*

MATH 3306 Differential Equations (3,0,3)

An introductory course in differential equations including techniques for solving equations and supporting theory. Some applications are included. *Prerequisite: MATH 3303 with a grade of "C" or higher.*

MATH 3308 Linear Algebra (3,0,3)

Topics include matrix algebra and elementary operations, determinants and their applications, vector spaces, and characteristic roots and vectors. A departmentally approved graphing calculator is required. *Prerequisite: MATH 2301 with a grade of "C" or higher.*

MATH 3322 Numerical Analysis (3,0,3)

This course develops problem-solving techniques using numerical methods. Topics include roots of equations, interpolation and representation of functions, solutions of systems of equations, least squares, and numerical differentiation and integration. Credit may be earned in only one of the following courses: MATH 3322 or MATH 3422. A departmentally approved graphing calculator is required. *Prerequisite: MATH 3303 with a grade of "C" or higher.*

MATH 3325 Using Technology to Teach Mathematics (3,0,3)

This course investigates the various uses of computers and other technology in the teaching of mathematics. Topics will include the use of graphing calculators, computer algebra systems, and other mathematical software. A departmentally approved graphing calculator is required. *Prerequisite:* MATH 2302.

MATH 3403 Calculus III (4,0,4)

This course includes vectors, vector-valued functions, and the geometry of space. It is also a course in multivariate calculus; the material includes a study of three-dimensional analytic geometry, differential calculus of functions of several variables, and multiple integration. A departmentally approved graphing calculator is required. *Prerequisite:* MATH 2402 with a grade of "C" or higher.

MATH 3422 Numerical Methods (3,1,4)

This course includes advanced programming concepts and problem-solving using numerical methods. Topics include roots of equations, interpolation and representation of functions, solutions of systems of equations, least-squares, and numerical differentiation and integration. The course requires three hours lecture and two hours laboratory weekly. Credit may be earned in only one of the following courses: MATH 3422 or MATH 3322. *Prerequisite:* MATH 3303 with a grade of "C" or higher.

MATH 4100 Content Review and Test Preparation (0,1,1)

This course provides structure and guidance to students completing a BSE major or minor in mathematics for teacher certification. In addition to providing an overview of mathematical methods for certification purposes, the course provides assistance with review of subject area content, administration of practice examinations, and departmental evaluation of student learning outcomes. *Prerequisites:* Senior status and an education major or minor in mathematics for certification purposes.

MATH 4200 Capstone Course in Mathematics (2,0,2)

This two-hour course serves as a capstone course for all mathematics majors. It provides a vehicle for synthesizing major mathematical concepts studied in the major core and provides an opportunity for the student to become further acquainted with significant mathematical writings. A senior research paper is required. *Prerequisites:* Senior standing and completion of or concurrent enrollment in the other major core courses.

MATH 4302 College Geometry (3,0,3)

This course places an emphasis on Euclidean geometry with an introduction to selected non-Euclidean geometries. *Prerequisite:* MATH 3300 with a grade of "C" or higher.

MATH 4303 Probability and Statistics (3,0,3)

This course is designed as an introduction to mathematical statistics. Topics include descriptive statistics, probability, random variables and their distributions, sampling, regression, and correlation. Selected non-parametric statistics are introduced. *Prerequisites:* MATH 3300 with a grade of "C" or higher; MATH 1342 or successful performance on departmental examination.

MATH 4304 History of Mathematics (3,0,3)

This is a study of the historical development of mathematical concepts and the men and women who developed them. *Prerequisites:* MATH 2302 with a grade of "C" or higher and junior standing.

MATH 4305 Abstract Algebra (3,0,3)

An introduction to abstract algebra, this course focuses on fundamental concepts of basic algebraic systems; groups, subgroups, and homomorphisms; rings, ideals, integral domains, and fields. *Prerequisite:* MATH 3300 with a grade of "C" or higher.

MATH 4307 Real Analysis (3,0,3)

This is an introductory course on real-function theory. It includes a study of the real number system, limits, sequences, series, continuity, and convergence. *Prerequisites:* MATH 3300 and MATH 3303 with grades of "C" or higher.

MUSIC**MUSI 1000 Recital (0,1,1)**

This course is an attendance based course that provides students the opportunity to experience and understand repertory in their major performance area, and to become acquainted with repertoires beyond their

area of specialization. Students will be exposed to a large and varied body of music through study and attendance at recitals, concerts, opera and musical theatre productions, and other performances.

MUSI 1100 Introduction to Music (1,0,1)

This course is designed to acquaint the beginning student with an overview of the field of classical music. It will deal with styles, major periods, media of performance, textures, literature, and music research. It is designed for majors and minors in music and any others interested in a brief survey of the field.

MUSI 1116 Elementary Ear Training I (0,1,1)

Elementary Ear Training I is an applied skills course designed to develop skills in sight singing, rhythmic reading, improvising short melodic and rhythmic phrases and notating melodies, rhythms and chords using folk, western and non-western melodies. *Prerequisites: MUSI 1311 or concurrent enrollment.*

MUSI 1117 Elementary Ear Training II (0,1,1)

This course is an extension of MUSI 1116 in the development of sight singing and ear training ability. The class meets two hours per week. *Prerequisites: MUSI 1116 and 1311.*

MUSI 1120 Handbell Choir (0,1,1)

Handbell Choir is a laboratory experience in playing handbells. The study includes the various ways of playing the bells, an acquaintance with the literature for bells, and how to care for the instruments. This is a course in which music laboratory credit may be earned. This course may be repeated for additional credit. *Prerequisites: some ability to read music and instructor's consent.*

MUSI 1130 Symphonic Band (0,1,1)

Concert Band is the primary performance ensemble of the instrumental program. It performs a wide variety of wind band literature and serves as a public relations arm for the School of Music and Fine Arts. The Band performs periodically during the academic year and tours in the spring of each year. While the director's consent is required for all band members, participation is open to all students with previous band experience. Formal attire is required. This course may be repeated for additional credit. *Prerequisite: Instructor's consent.*

MUSI 1133 Marching Band (0,1,1)

The ETBU Marching Band is an organization open to all students without audition who have band experience prior to coming to ETBU. The band performs at ETBU Football Games and other related athletic events, and the band provides a variety of opportunities for students to accept roles of leadership and responsibility. The band is designed to provide an enjoyable performance experience and a musically educational experience for all participants. In addition, the band serves as a working lab for music education students preparing for vocations in public school band programs. This course may be repeated for additional credit. *Prerequisite: Instructor's consent*

MUSI 1138 Instrumental Ensemble (0,1,1)

Students interested in participating in any instrumental ensemble other than Concert Band should enroll in Music 1138. This course includes participation in the Jazz Ensemble, Flute Choir, Brass Choir, and other chamber ensembles. Director's consent is required for all instrumental ensembles, but these groups are open to all students regardless of major. This course may be repeated for additional credit. *Corequisite: MUSI 1130 or 1133.*

MUSI 1150 Chapel Choir (0,1,1)

Chapel Choir is a choral organization open to all students without an audition. Various styles of sacred music are rehearsed and performed in the University chapel services or in evening concert. Music laboratory credit may be earned in this course. Formal attire is required. This course may be repeated for additional credit.

MUSI 1157 Opera Workshop (0,1,1)

This course is a laboratory experience in the performance of opera. Study includes singing, acting, staging, selection of props, mechanical demands, etc. The course is normally offered during the spring semester and is one in which music laboratory credit may be earned. This course may be repeated for additional credit. An opera score is required. *Prerequisite: Instructor's consent.*

MUSI 1158 University Singers (0,1,1)

This ensemble is a performing group of limited size selected from the Concert Choir membership which

studies and performs choral chamber music from different periods and styles, such as madrigal, pop music, “swing choir” music, etc. Music Laboratory credit may be earned in this course. This course may be repeated for additional credit. Note: *Formal attire is required. Prerequisite: An audition with the director.*

MUSI 1159 Musical Theatre (0,1,1)

This course is a performance course in which students will perform in and/or assume technical crew responsibilities in a musical theatre production. Study includes singing, acting, staging, selection of props, mechanical demands, etc. The course may be repeated for additional credit. *Prerequisites: Successful performance audition or instructor-assigned technical responsibility*

MUSI 1181 Class Piano I (0,1,1)

Basic musicianship is taught through music reading, elementary piano technique, and piano repertoire. Students are placed in one of four progressive levels. *Prerequisite: Instructor’s consent.*

MUSI 1182 Class Piano II (0,1,1)

This is an extension of MUSI 1181. *Prerequisite: MUSI 1181 or instructor’s consent.*

MUSI 1183 Class Voice I (0,1,1)

A study of the fundamentals of singing including posture, breathing, tone quality, extension of range, etc. is taught. It is designed for those interested in singing who have had little or no training or experience.

MUSI 1184 Class Voice II (0,1,1)

This is an extension of MUSI 1183. *Prerequisite: MUSI 1183 or instructor’s consent.*

MUSI 1192 Class Guitar I (0,1,1)

Instruction includes strumming the seven basic chords in the keys of G and C with or without musical scores. Taped cassettes accompany the guitar manual as an aid to practice. The possession of a guitar is required.

SPIRITUAL DEVELOPMENT

CHAPEL PROGRAMS are generally held each Monday and Wednesday at 10:00 a.m. in Ornelas Spiritual Life Center. The programs provide a community experience for the campus family. Chapel programs not oriented toward structured worship contribute to the integration of faith and learning. Chapel, like any other required course and graduation requirement, is considered an essential part of each student's education.

CHAPEL CREDIT must be earned when enrolled for seven (7) or more semester hours, according to the following table:

<i>Semesters</i> ENROLLED	<i>Credits</i> NEEDED
8 or more.....	6
7.....	5
6.....	4
5.....	4
4.....	3
3.....	2
2.....	1
1.....	1

Regardless of the number of semesters of enrollment at East Texas Baptist University or the number of hours taken each semester, each student is required to earn at least one chapel credit.

In a given semester, those enrolled for chapel are expected to attend all chapel programs. While the University recognizes that circumstances may require one to miss some programs, a student may earn chapel credit for a given semester if 75 percent of the programs are attended. Chapel absences may be "made-up" by watching the chapel program online and submitting a completed reporting form available from the office of Spiritual Development. All make-ups must be submitted by the end of the following full term.

Consideration is given to students with special circumstances related to the regular Chapel schedule, such as being enrolled in only Tuesday -Thursday and/or night classes. A reduction in the number of programs required for chapel credit may be allowed for students enrolled for seven to eleven (7-11) semester hours. Forms for requesting a reduction or an alternate schedule are available in the Office of Spiritual Development and decisions concerning such requests are made by the Office of Spiritual Development and the Chapel Advisory Committee.

Students enrolled in fewer than seven (7) semester hours in a given semester are exempt from chapel for that semester. Such students, nevertheless, are subject to the minimum chapel credits prior to graduation.

Students not pursuing a degree are exempt from all chapel requirements. Transfer students may request credit for chapel attended at previous institutions by contacting the Office of Spiritual Development.

CHURCH ATTENDANCE, Bible study, and local church affiliation are strongly encouraged for all students.

THE BAPTIST STUDENT MINISTRY exists to help students come to know Jesus Christ personally and then to grow in grace and knowledge of Him. The BSM sponsors student led worship services and a network of discipleship and Bible study groups. There is also a variety of other ongoing ministries which help the student mature spiritually with emphasis on practical ministries and leadership training. The BSM sponsors an off-campus fall retreat and encourages student participation in summer and semester missions. Offices of the BSM are located in Ornelas Spiritual Life Center.

A MISSIONARY-IN-RESIDENCE furloughs in the missionary home provided by ETBU. The missionary-in-residence provides a model and encouragement for students who are working through a call to vocational missionary service. The missionary-in-residence contributes to campus-wide spiritual and academic events. Local WMU groups help furnish the missionary home. The missionary-in-residence has an office in the Ornelas Spiritual Life Center.

THE GREAT COMMISSION CENTER serves to encourage the development of all students, faculty and staff as Kingdom Citizens. This is accomplished by actively seeking to help people see their vocational choice as a divine calling. The three emphases of the GCC include: student leadership development (including the Leadership Minor and the Student Leadership Institute), strategic mission initiatives, and community ministries. The offices of the Great Commission Center are located in the Ornelas Spiritual Life Center.

STUDENT AFFAIRS

The Vice President for Student Affairs provides leadership for student life, assisted by the Dean of Students, the Director of Residence Life, the Director of Student Activities, the Director of Student Success, and the Director of Intramural Sports. Student Affairs also serves as a liaison with the Student Government Association, the Varsity Cheerleaders, Tigerline, and a number of campus organizations, sororities, and fraternities.

Services provided by the Student Affairs office include student housing, food service, the student center, summer camps, intramural sports, student orientation, the student judicial system, ID cards, game rooms, and student insurance. Additional information related to Student Affairs is located in the Student Handbook.

The objective of Student Affairs is to assist students in developing intellectually, socially, physically and spiritually, enabling them to become effective citizens, leaders, and personal ambassadors for Christ and His kingdom.

STUDENT ACTIVITIES AND SERVICES

BOOKSTORE - The University Bookstore sells textbooks, related books, and materials for all courses. Gift and personal items are also available.

EMAIL is provided to every student at ETBU. This address is considered an official means of notification for the students. Each student is responsible for regularly checking his or her email, forwarding to a personal account, and keeping his or her ETBU account updated and active.

NEW STUDENT ORIENTATION is designed to provide all first-time freshmen with the resources necessary for a successful university experience. Through various lectures, seminar discussions, and planned activities, students will become oriented to the academic, spiritual, and social purposes of the University. They will discover the importance of understanding themselves, using their talents and abilities, and setting personal goals. Information will be provided concerning the University's facilities, resources, and services. Students will have the opportunity to build relationships with other students, faculty, and staff while experiencing and developing ETBU spirit.

THE HOWARD C. BENNETT STUDENT CENTER provides facilities for Student Affairs, relaxation, study, game room, cafeteria service, Tiger Grill, postal service, and the bookstore. Faculty, staff, and student I.D. cards are made in the Student Affairs office. An ATM and change machine are located near the entrance.

INTERCOLLEGIATE ATHLETICS is provided through membership in Division III of the National Collegiate Athletic Association (NCAA). The University is also a member of the American Southwest Conference. The University fields varsity teams and engages in intercollegiate athletics for both men and women. Men's intercollegiate athletics include soccer, basketball, baseball, cross-country, and football. Women's intercollegiate athletics include softball, volleyball, basketball, soccer, and cross-country.

INTERCOLLEGIATE ATHLETIC DRUG ENFORCEMENT AND SCREENING - In accordance with the University's affiliation with the National Collegiate Athletic Association, all athletes are required to participate in an alcohol/drug education program. This education program may include random drug testing of student athletes. A full statement of University procedures and policies related to drugs and intercollegiate athletics is available upon request to the Director of Intercollegiate Athletics.

INTRAMURAL SPORTS are sponsored through Student Affairs. This program is broad and inclusive, for both men and women. More information about intramurals is provided in the Student Handbook and in the Intramural Sports Handbook.

LOST AND FOUND articles may be retrieved in the Student Affairs office in the Howard C. Bennett Student Center. Articles found on campus should be brought to Student Affairs where they may be identified and claimed by their owners.

MAMYE JARRETT LIBRARY is a center of activity on campus. The Library's primary purpose is to support the curriculum of the University by collecting, organizing, and providing access to materials that will aid students, faculty and staff in their research and informational needs. The current collection contains over

125,000 volumes of books and periodicals and over 120,000 electronic resources. Librarians provide assistance with research and library instruction for many classes. In addition, the Library offers periodic programs and events that contribute to the educational and cultural life of the university. The Jarrett Library web pages contain links to Tigercat (the online catalog), information about the library, circulation policies and procedures, electronic resources, evaluated Internet sites, tutorials, and guides for research. The Library is open daily and evenings during the academic terms. Electronic resources are available 24 hours a day from the campus network. These resources can be reached at <http://www.etbu.edu/academics/library>.

RESIDENTIAL LIFE - Residential living is an important factor in successful completion of a higher education degree. During the transition to college life, living on campus provides a needed anchor for personal and academic development. Typically, residents are more positive about their social and interpersonal environments than students living off-campus. They tend to build closer relationships with other students, as well as with faculty and staff. Students who live in residence halls earn higher grades, are less likely to drop out, and have greater satisfaction with their college experience. Because of these factors, the educational experience at ETBU is rooted in residential living.

Single Student Housing for single women is provided in Evelyn Linebery Hall, Ornelas Residential Center, and the University Apartments. Single student housing for men is provided in Feagin Hall, Charles Fry Hall, Mabee Hall, and the University Apartments. Freshmen are generally assigned to Linebery Hall and Feagin Hall. To be eligible for housing, students must be enrolled in a minimum of twelve (12) semester hours or receive permission from Student Affairs.

ETBU has such a strong commitment to the importance of the residential experience that all full-time single students under the age of 21, not living with a parent within commuting distance, are required to live on campus and participate in the food service program. Students wanting to live off campus must be 21 by the first class day of the semester and they must submit a Permission to Live Off Campus Form in the Student Affairs office. Students under the age of 25 must live on campus to qualify for ETBU administered scholarships, unless living with a parent as stipulated above.

In order to maintain consistency within the peer groups in residence halls, the University has limited space available for students age 25 and older on a first-come, first-served basis.

The University reserves the right to revoke the registration and/or institutional aid of any unmarried student who fails to comply with this policy. Any exceptions to the housing policy must be granted in writing by the Vice-President for Student Affairs

Family Housing is available for married student couples and families. The Van Zandt Street Apartments (*Sims-Webb, Cobb, and Gardner Apartments*) feature 24 one-bedroom apartments with 640 square feet of floor space and 16 two-bedroom apartments with over 700 square feet of floor space. Each apartment is equipped with range, refrigerator, and central heat and air. Some two-bedroom units also have dishwashers and garbage disposals. The University provides Internet service, cable television, natural gas, electricity, water, and trash collection. Campus houses owned by ETBU are located adjacent to campus. These houses are unfurnished and are rented on a monthly basis to married students and families. All utilities are paid by the University with the exception of local phone service.

Rent will be billed to the student's account and is due on the first of each month. Rent for long semesters will be billed in one lump sum, but can be paid monthly; June, July, and August are billed separately.

To be eligible, students must be registered for a minimum of nine (9) semester hours per fall or spring semester and for a minimum of one (1) semester hour during other terms. (*Exceptions must be requested in writing to the Vice President for Student Affairs.*)

See the Student Handbook for the current pet policy

SAFETY AND SECURITY-All residential halls are secured and are only accessible by valid ETBU ID. The University maintains surveillance cameras throughout the campus. The University utilizes off-duty Marshall Police Department officers to provide security for the campus. Student officers monitor parking and traffic. All vehicles operated on the University campus must be registered with University Safety and Security. Vehicle registration forms may be picked up in the Business Office in Marshall Hall. Fines for traffic violations may also be paid at the Business Office.

STUDENT INSURANCE/HEALTH SERVICES - A copy of the student's personal medical insurance card must be provided to Student Affairs prior to receiving the student identification card. Student

identification cards will not be created until proof of insurance is provided or a waiver is signed by the student stating that the student consents to be billed for the insurance premium.

Dread and Infectious Diseases - East Texas Baptist University does not illegally discriminate on the basis of disability, including dread and infectious diseases. Students with contagious, infectious, long-term, life threatening, or other serious diseases may continue to enjoy the benefits of all aspects of the University's educational program as long as, with reasonable accommodation, they are physically and mentally qualified to participate in the programs without undue risk to their own health or that of other students or employees of the University.

In its effort to accommodate a disability, it may be necessary for the University to request additional medical information from the student. The failure of any student to cooperate in obtaining necessary medical information may result in disciplinary action.

After consultation with public health experts, University officials will determine the ability of the institution to reasonably accommodate students with contagious diseases. Their determinations will be based on consideration of various factors. Among the factors to be considered are:

1. The duration of the risk.
2. The nature and severity of the potential harm.
3. The likelihood that the potential harm will occur.
4. The imminence of the potential harm.

STUDENT GUIDELINES

East Texas Baptist University strives to enhance the personal growth of each student. It is the belief of East Texas Baptist University that individual growth and maturity imply increased self-direction and responsibility.

In a community of individuals dedicated to the common cause of Christian education, it becomes necessary for each member to subscribe to and support a body of rules and regulations designed to protect the rights and privileges of each member. By voluntarily becoming a member of this community, the individual agrees to support and abide by these same regulations.

Students are responsible for knowing and abiding by the rules and regulations contained in the *University Catalog* and the *Student Handbook*. Students must also abide by the additional rules and regulations found in the *Guide to Residential Living, Parking and Traffic Regulations and Information*, and any rules posted throughout the year in the residence halls or other student housing facilities.

A full discussion of the rules and regulations may be found in the *Student Handbook*. The following selected ones should be especially noted:

1. The possession or consumption of alcoholic beverages on or about campus is prohibited.
2. The use or possession of illegal drugs is prohibited. Students are required to be in compliance with all local, state, and federal laws regarding controlled substances including, but not limited to, their sale, use, possession, or manufacture. For the purpose of complying with the legal certification requirements of the U.S. Department of Education for Drug-Free Schools, each student is required to be familiar with the contents of a pamphlet and to provide a signature attesting to this fact.
3. Gambling in any form is not permitted.
4. The on-campus possession of firearms, explosives, or fireworks is prohibited.
5. Hazing in any form is not permitted.
6. Students who marry while enrolled in the University are required to inform the Student Affairs office in order to update personal records.
7. Dress code and behavior regulations listed in the *Student Handbook* are to be observed. Personal attire that is in good taste and in keeping with the standards conducive to a positive Christian learning environment is expected for class attendance and university business.
8. Cheating and plagiarism are violations of academic discipline (see *Academic Discipline Section*).
9. Personal and corporate moral responsibility demands the highest standards of biblical sexuality in keeping with our Christian heritage.
10. Students arrested by law enforcement officials for suspected criminal activity or for the alleged commission of a crime will also be subject to disciplinary action in accordance with University guidelines, in addition to any penalties assessed by any civil entity.

STUDENT ORGANIZATIONS

East Texas Baptist University offers opportunities for students to identify with and participate in the organization(s) of their choice. Student Affairs is directly responsible for assisting each organization and for administering the guidelines for student organizations.

FACILITIES AND SERVICES/GENERAL STUDENT FEE

The general student fee entitles students the use of the Dean Healthplex, the student center, the library, most laboratories, and check cashing services. In addition, this fee provides admission to athletic events, admission to most concerts and social activities, and includes selected student publications.

HOUSING

All full-time, single students under the age of 21 are required to live on campus and participate in the food service program, unless they are living with a parent in a permanent residence within commuting distance. Any student under the age of 25 must live on campus to qualify for ETBU-administered scholarships, unless living with a parent as stipulated above.

The University has limited campus housing available for students 25 and older, on a first-come, first-served basis. The Vice President for Student Affairs may grant exceptions to the housing policy; however, the financial aid stipulation will remain in force.

PAYMENT OF CHARGES

A student's tuition, fees, room, and board charges for each academic period are due and payable at the time of registration and prior to attending classes. Visa, Mastercard, Discover, and American Express may be used to make payments on student accounts. Payments may also be made through the ETBU website with a credit card, savings account, or checking account. The University offers a deferred payment plan (*for fall and spring semesters*) which permits payment of each semester's charges to be made in three installments. Information about the payment plan is available in the University Business Office. The University may deny class attendance to students who fail to pay or make arrangements for their bill in accordance with University policy. Payment in full of all semester charges must be made in the Business Office before a student may enroll for an ensuing semester, obtain an official transcript or receive a diploma at graduation.

EARLY REGISTRATION

Early registration is offered each semester to students in good standing with the University. All charges are due and payable upon the issuance of semester billing statements. To hold advance registration, payment must be made on or before the date published in the University Calendar. If payment is not received in the Business Office by the appropriate date, the pre-registration will be revoked, the student will lose his/her class schedule and the student will have to register again during the scheduled registration period.

UNIVERSITY BOOKSTORE

In general, purchases at the University Bookstore must be by cash, check, or credit card. However, students with financial aid/scholarships in excess of tuition, fees, room and board, may charge books and supplies for a limited time period at the beginning of each semester. This period will end one week after the last day to add a class, for Fall and Spring semesters, and one day after the last day to add a class for May, June, or July terms.

STUDENT ACCOUNTS

Student accounts may include only charges for tuition, course related fees, housing, meal plans, and student insurance. Fees for parking fines, miscellaneous fees, disciplinary fines, library fines, etc. must be paid at the time the expense is incurred. Unpaid fines will be charged to the student account at the end of each semester.

DELINQUENT ACCOUNTS

If a student account becomes delinquent and is determined to be uncollectible, it may be necessary to submit the account to a third party for collection. All collection costs, including legal fees, will be charged to the student account balance. The University reserves the right to charge interest on all delinquent accounts.

REFUNDS

Registration with the University is considered a contract binding students for the entire academic period. A student finding it necessary to withdraw from the University must officially withdraw through the Registrar's Office. This official withdrawal must be accomplished before any consideration can be given by the Business Office for granting refunds.

In order to remain qualified for the "Guaranteed Tuition Option" a minimum of 12 hours must be maintained past the refund schedule period.

Failure to attend class or simply notifying an individual instructor of intent to withdraw will not be regarded as an official withdrawal.

When a student in good standing withdraws or drops from classes for reasons approved by the administration, eligibility for refunds will be determined as follows:

A class day (*or day of class*) is defined as any weekday for which regular classes are scheduled.

FALL AND SPRING SEMESTER REFUND SCHEDULE

Tuition and Room Refunds

Through the second day of class	100% refund
During the third through seventh class day	85%

During the second day of class	80%
During the third day of class	60%
During the fourth day of class	45%
During the fifth day of class	25%
After the fifth day of class	0%

The date of withdrawal upon which refunds are based will be the date that the completed withdrawal card is presented to the Registrar for processing.

Students are cautioned that withdrawal from courses or failure to maintain satisfactory academic progress toward a degree may cause partial or total loss of financial aid.

FINANCIAL AID PROGRAMS

Based on the individual's application and eligibility, East Texas Baptist University will determine appropriate student awards and will send the applicant an online award letter identifying the financial aid offered. Problems may arise, whether within or beyond the student's control, which prevent identified financial aid awards from materializing (e.g., failure of the student to comply promptly with instructions, rejection of the applicant by an outside agency, and changes in federal or state regulations or funding). Therefore, the University reserves the right to review and modify any awards because of changes in an individual's financial status, changes in eligibility requirements, lack of satisfactory academic progress, limited federal or state funding, or any other unforeseen events. In any such event, the Financial Aid Office will assist to the best of its capability, but the student remains fully responsible for all charges. A financial aid recipient is responsible for determining, before registration, whether personal resources plus financial aid will be sufficient to meet expenses.

FEDERAL PROGRAMS

The federal programs, which are identified as Title IV Financial Aid, include Federal Pell Grant, Federal Supplemental Educational Opportunity Grant (FSEOG), Academic Competitiveness Grant (ACG), National Science and Mathematics Access to Retain Talent (SMART) Grant, Federal Work-Study Program (FWS), Federal Perkins Loan Program, and Federal Student Loans. Students who already possess a bachelor's degree are ineligible for Federal Pell Grant and FSEOG. Students may only receive federal/state aid from one school each semester.

FEDERAL PELL GRANT

The Federal Pell Grant provides a "foundation" of financial aid with eligibility determined by the U.S. Department of Education.

FSEOG

The FSEOG is an award to help undergraduate students pay for their education. ETBU identifies FSEOG recipients with the awards going to students who have the greatest need as determined by the U.S. Department of Education.

ACG & SMART GRANTS

The ACG and National SMART Grant programs are intended to encourage, respectively, rigorous academic study in high school and enrollment in college majors in the physical, life, and computer sciences; engineering; technology; mathematics; and certain foreign languages. Accordingly, the eligibility criteria relate to those goals.

FWS

The FWS is a program in which a student works part-time on campus or in a community service program. Recipients must have financial need as determined by the Department of Education.

FEDERAL PERKINS LOAN

The Federal Perkins Loan is a low-interest loan to help students pay for their education. ETBU identifies recipients with financial need as determined by the Department of Education. The Federal Perkins Loan must be repaid.

FEDERAL STUDENT LOANS

Federal student loans include the Federal Subsidized Stafford Loan, Federal Unsubsidized Stafford Loan, and the Federal Parent Loan for Undergraduate Students (PLUS). Under the Federal Subsidized Stafford Loan a student may borrow funds for educational expenses and the interest does not accrue until six months after graduation or enrollment of at least half-time ceases. The Federal Unsubsidized Stafford Loan is similar to the Federal Subsidized Stafford Loan with the exception that interest accrues while the student is enrolled. The Federal PLUS borrower is the parent of a dependent student.

STATE PROGRAMS

There are three State of Texas programs: the Texas Tuition Equalization Grant (TEG), Texas Work-Study Program (TWS), and the Hinson-Hazelwood Access Student Loan Program (CAL). These programs are available only to Texas residents. These funds are limited and awarded on a first-come, first-served basis.

TEG

The TEG is designed to help equalize tuition between state supported and private schools. To receive a TEG, a student must show financial need, must be enrolled on a full time basis, must keep a cumulative GPA of at least 2.5, must earn at least 24 credits each academic year and may not be enrolled in a theological or religious degree program.

TWS

The TWS is a program in which a student works part-time on campus. Recipients must have financial need as determined by the Department of Education.

HHSL

The HHSL offers a College Access Loan Program (CAL) to Texas students who need additional loan funds for their educational expenses. The interest on a CAL accrues while the student is enrolled and the student must have a cosigner for the loan.

ETBU PROGRAMS

Financial aid provided from the ETBU programs is considered as part of the student's total financial need. A student's financial need is the difference between ETBU's cost of education and a calculated amount that the family is expected to contribute toward costs. The expected family contribution (EFC) is calculated from data (income, assets, etc.) submitted by the student on the Free Application for Federal Student Aid (FAFSA).

ETBU provides financial aid to students in the form of academic scholarships, unfunded scholarships, performance scholarships, other scholarships and work study. Academic scholarships indicate academic excellence and require a specific academic standing (to include maintaining a set cumulative grade point average). Awards and grants-in-aid are identified for categories of students (e.g., ministry students).

OTHER PROGRAMS

REHABILITATION ASSISTANCE

Each state's rehabilitation commission may offer assistance for tuition and required fees to students who qualify.

VETERANS ASSISTANCE

Students who have eligibility for veterans benefits will receive them while in attendance at ETBU. All VA students should contact the Veterans Administration or the ETBU Registrar for further information and application forms.

SCHOLARSHIPS AND GRANTS FROM OUTSIDE SOURCES

Scholarships are provided to students by other agencies, clubs, and honor societies. ETBU is not an agency for these organizations and students must make application through the individual agency. These scholarships/grants provided by outside donors will be administered by ETBU in accordance with the conditions specified by the donor. Outside scholarships and grants are an integral part of the student's total financial need.

HOW TO APPLY FOR FINANCIAL AID

INITIAL APPLICATION

Students applying for financial aid must submit required applications to the ETBU Financial Aid Office. Necessary applications are available online at ETBU's website. A student is awarded financial aid after his/her financial aid file is complete and upon acceptance to ETBU. A complete financial aid file contains the following:

1. Application for Undergraduate Admission and Financial Aid (*New students only*).
2. Student Aid Report (*SAR*) - The SAR is the result of the Free Application for Federal Student Aid (*FAFSA*).

If the SAR requires verification, documents required include federal tax returns, Verification Worksheet, and/or other documents concerning untaxed income and benefits. The applicant will be notified from the Financial Aid Office as to exactly which documents are required.

Students may enter their FAFSA information through the internet by accessing the website: www.fafsa.gov and following the outlined procedures. The East Texas Baptist University Title IV code is 003564.

After the student has completed his/her financial aid file, the student will be notified about his/her eligibility for financial aid awards by email. **If the student has been awarded financial aid that requires additional paperwork, the online award letter will provide links to the required documents** (*Thank you letters, loan application, etc.*).

Priority deadline for filing for financial aid is June 1 for fall enrollment and October 1 for spring enrollment. Late applications will be accepted, but the University cannot ensure processing in time to make a formal offer of financial aid by registration day.

STUDENT STATUS

For the purpose of establishing eligibility for financial aid, undergraduate students are full-time students if enrolled for twelve (12) or more semester hours, three-quarter time if enrolled for nine to eleven (9-11) semester hours, and part-time if enrolled for six to eight (6-8) semester hours. Audit hours are not counted when a student's status is determined.

MAY AND SUMMER TERMS

Financial aid is available but limited during the May and summer terms. Students are required to complete a separate application and must be enrolled or enrolling in the fall or spring semester before or after the term. Applications for May and summer terms are available in the Financial Aid Office approximately six weeks prior to the term start date.

RENEWAL

For renewal of financial aid, a new FAFSA and supporting documents must be submitted each academic year. The awarding of federal and state aid for subsequent years is subject to the same considerations as those identified for initial aid. The same priority deadline is applicable for renewal applications.

NON-DEGREE SEEKING STUDENTS

Students not enrolled in a degree program or not seeking teacher certification are not eligible to receive federal, state, or institutional financial aid.

SATISFACTORY ACADEMIC PROGRESS – FEDERAL, STATE & ETBU FINANCIAL AID

The U. S. Department of Education (USDOE) guidelines require the Financial Aid Office (FAO) at ETBU to monitor satisfactory academic progress (SAP) for students receiving Federal financial aid. **For SAP purposes, “academic year” in this document is defined as consecutive fall, spring, and summer semesters.** A student must meet BOTH the minimum GPA requirement AND the minimum hour completion to be in “good academic standing.” Satisfactory academic progress will be monitored at the end of each semester, and is accomplished through the following measures:

FEDERAL AID

*Pell • SEOG • LEAP • SLEAP • Perkins Loans • Stafford Loans • *ACG • *SMART*

1. Minimum Grade Point Average (GPA)

At the end of the first academic year at ETBU, students must have a minimum cumulative GPA of at least 1.65 to remain eligible to receive aid the next year. If at any time the cumulative GPA falls below the minimum cumulative GPA required, the student will be granted a “grace” semester to receive financial aid. A student will be allowed to receive financial aid only one time with a grace semester.

Federal regulations specify that by the end of the second academic year (regardless of how many credits a student has accrued) the student must have a C average or its equivalent, 2.00.

2. Minimum Hour Completion

ETBU defines full-time enrollment as 12 or more hours; three-quarter-time enrollment as 9-11 hours; half-time enrollment as 6-8 hours; and less-than half-time enrollment as 3-5 hours.

Students enrolled full-time must successfully earn at least 18 unrepeatable semester hours each academic year. Students enrolled three-quarter or half-time must successfully earn 12 unrepeatable hours each academic year. Students enrolled less-than half-time must successfully earn 6 unrepeatable hours each academic year.

*Full-time Students only attending ETBU one long semester (fall or spring), will be required to successfully earn at least 9 unrepeatable semesters hours that semester. There is no grace semester for hours of completion.

Students not successfully earning the minimum number of hours each year will be placed on financial aid suspension (FAS), and will not be eligible to receive financial aid funds. FAS will be removed and eligibility reinstated after the following conditions have been met and the student has contacted the Financial Aid Office in writing:

1. Raise the minimum cumulative GPA to at least 2.00.
2. Earn the appropriate number of hours with a minimum 2.00 cumulative GPA to satisfy the minimum hour completion requirement.
3. A waiver of financial aid suspension granted by the Admissions & Financial Aid Committee.

3. Maximum Time Frame

Federal regulations specify that for an undergraduate program, the maximum time frame may not exceed 150% of the published length of the program. ETBU uses 120 semester hours as a basis for determining the 150% amount for all programs. Therefore, the maximum time frame for a student at ETBU may not exceed 180 attempted credit hours (120 x 150%). All hours attempted will be counted toward the 180 limit, regardless of whether financial aid was received or not. Taking extra (non-degree) courses may exhaust financial aid eligibility prior to the completion of a degree.

* *Federal guidelines have specific requirements for ACG & SMART. Both of these programs require the earning of at least 30 hours each academic year with a 3.00 GPA at the end of the spring semester.*

STATE AID - TEG

TEG – Earn at least 24 semester hours each academic year with a 2.50 cumulative GPA.

ETBU SCHOLARSHIPS

Earn at least 18 hours each academic year with minimum GPA required by the specific scholarship.

Financial aid ineligibility decisions may be appealed, but must be done in writing within 6 weeks of being placed on financial aid suspension. Supporting documentation is required with each appeal. The Admissions and Financial Aid Committee will review appeals as needed and will notify the student of its decision. All appeals should be sent to the Financial Aid Office at ETBU.

RETURN OF TITLE IV FUNDS

If a student withdraws prior to the receipt of aid, the aid award is cancelled. If a student withdraws on or before the 60% in the term of enrollment, calculated using calendar days, a portion of the total of all ETBU scholarship and Title IV funds awarded to a student (*Pell Grant, Supplemental Educational Opportunity Grant, Federal Stafford Loan, Federal PLUS Loan and Federal Perkins Loan*) must be returned, according to the provisions of the Higher Education Act Amendments of 1998. The calculation of the return of these funds may result in the student owing a balance to the University and/or the Federal Government.

TRANSFER STUDENTS

A transfer student is initially assumed to be making satisfactory academic progress upon his/her enrollment at ETBU.

PART-TIME STUDENTS

A part-time undergraduate student must also maintain a 2.00 cumulative GPA on ETBU hours. A student may not be eligible for some financial aid programs based on a part-time enrollment status. Because of limited funding, most programs require a student to be enrolled full-time.

APPEAL PROCESS

Financial aid ineligibility decisions may be appealed in writing to the Admissions and Financial Aid Committee. The student will be notified in writing of the decision of the Committee.

FINANCIAL AID REINSTATEMENT

A student who has not maintained satisfactory academic progress can re-establish eligibility by improving sufficiently to meet the designated standards. In re-establishing eligibility, courses taken during an off semester schedule or at other schools and accepted by ETBU are included in determining progress toward a degree.

SCHOLARSHIPS

Scholarship awards available to students are: academic scholarships, unfunded scholarships, performance scholarships, and other scholarships. These scholarships are under the direct administration of the University and are considered annual awards which are evenly divided between fall and spring semesters. Students awarded any such award(s) beginning with the spring semester will receive one-half the total award for the first semester and then, subject to renewal criteria, will become eligible for the total award beginning with the fall semester. Students are only eligible to receive ETBU scholarships for the first four (4) years of enrollment at ETBU. The following general requirements apply to University administered scholarships. In cases where there are specific requirements that apply to a given scholarship, grant, or award, these requirements take precedence:

1. The University reserves the right to cancel or adjust any scholarship or grant-in-aid for reasons considered justifiable (e.g., *academic probation, disciplinary probation, over awarded*).
2. The right to hold a scholarship or grant-in-aid is contingent upon the maintenance of a satisfactory academic record and progress toward a degree.
3. Recipients must be classified as full-time students to receive scholarships (*Twelve (12) or more semester hours*).
4. Recipients must be campus residents, with the exception of married students and single students living with parents within commuting distance; or at least 24 years old. Appeals may be submitted in writing to the Financial Aid Office.
5. All recipients must maintain the grade point average requirements outlined in the description of the specific award. If no GPA is specified, a 2.0 cumulative GPA is required for renewal.

6. Scholarships are awarded on a year-to-year basis, and application for renewal must be made by June 1 of each year. If a student loses an award because of failure to meet established criteria, the student must again apply when eligibility is established. This new application will not guarantee reinstatement of the award. In the event a student receives a scholarship, the renewal of the scholarship is contingent upon the student's continued attendance at ETBU without interruption and upon the availability of funds.
7. All ETBU scholarships are applicable to direct University tuition charges only and may not be included when calculating amounts subject to cash withdrawal from a student account.
8. Unusual circumstances may justify the waiver of any given scholarship requirement (*e.g., serious illness or injury causing withdrawal; a student must live with a relative to provide health care*) and students may appeal these requirements by writing the Admissions and Financial Aid Committee, requesting a waiver and providing justification. The Committee will consider and decide upon the merits of each appeal.
9. Financial aid does NOT pay for courses that are repeated unless the course was failed or withdrawn from.
10. ETBU scholarships for off-campus related study abroad are available on a limited basis.

ACADEMIC SCHOLARSHIPS

The following scholarships are awarded in the amounts indicated for students enrolling in the 2010-11 academic year. Funding limitations may restrict the number of these scholarships. They are awarded on a first-come, first-served basis. Requirements include full-time student status (twelve (12) semester hours or more) and a completed Application for Admission, including all credentials required. Other requirements are as specified for each scholarship. These scholarships are available for four academic years.

FRESHMEN ACADEMIC SCHOLARSHIPS

Freshmen Academic Scholarships are based on a combination of ACT/SAT scores (excluding Writing) and recalculated high school GPA.

PRESIDENTIAL SCHOLARSHIP

- \$7,500 per academic year - Must maintain a 3.2 GPA for renewal.

HONOR SCHOLARSHIP

- \$6,500 per academic year - Must maintain a 3.0 GPA for renewal.

DEAN SCHOLARSHIP

- \$5,500 per academic year - Must maintain a 2.75 GPA for renewal.

ACHIEVEMENT GRANT

- \$2,700 per academic year - Must maintain a 2.0 GPA for renewal.

NATIONAL MERIT SEMI-FINALIST

- An additional \$2,000 added to academic scholarship received.
- For students selected as a Semifinalist National Merit/National Achievement award recipient.
- Renewal is based on accompanying academic scholarship renewal.

TRANSFER ACADEMIC SCHOLARSHIPS

Transfer Academic Scholarships are based on transfer GPA. Students must have at least 24 transferable hours to be considered for these scholarships.

TRANSFER HONOR SCHOLARSHIP

- \$6,500 per academic year - Must have at least a 3.25 transfer GPA. Must maintain a 3.0 GPA for renewal.

TRANSFER DEAN SCHOLARSHIP

- \$5,500 per academic year - Must have between a 2.75 and 3.24 transfer GPA. Must maintain a 2.75 GPA for renewal.

TRANSFER ACHIEVEMENT GRANT

- \$2,700 per academic year - Must have between 2.5 and 2.749, must retain a 2.5 GPA for renewal.

DEPARTMENTAL SCHOLARSHIPS

The academic departments of the University award a number of departmental scholarships to undergraduate students who demonstrate an interest and ability in the disciplines of the department. Inquiries should be directed to the respective chairman of the academic department. Requirements include: audition, interview, and/or testing by the department, full-time student status (*twelve (12) semester hours or more*), and major or minor in the department making the award. For renewal, students must meet a departmental specified GPA and at the end of each semester the department will review the student's performance. If the student's performance has proven satisfactory and the student continues to meet scholarship criteria, the scholarship will be renewed.

OTHER SCHOLARSHIPS AND GRANTS

STUDENT GOVERNMENT WORK-GRANTS

Grants of \$1,000 each are awarded to the four elected officers of the Student Government Association (*President, Vice President, Treasurer, Secretary*). This award is based on the election results for the fall semester. The award will be renewed for the spring semester if the student's leadership and service performance has proven satisfactory and the student continues to meet the award criteria. The Student Government Association falls under the supervisory capacity of the Vice President for Student Affairs.

CHRISTIAN LEADERSHIP SCHOLARSHIP

This scholarship is available to first time students who exhibit exceptional Christian leadership. Any one of the following criteria may be used in the selection process: campus or church leadership, Baptist life involvement, leadership training, and servant ministry. Amounts range from \$1,000 to \$4,000 annually. Renewal requires a 2.0 cumulative GPA.

CHRISTIAN EDUCATION COOPERATIVE GRANT

The Christian Education Cooperative Grant will match a church scholarship up to \$500 per year. To receive the Christian Education Cooperative Grant, a student must be enrolled full-time. Renewal requires a 2.0 cumulative GPA, continued support from the student's church, and annual church certification. A separate application is required.

MINISTRY SCHOLARSHIP

The Ministry Scholarship is awarded by East Texas Baptist University, in cooperation with the Baptist General Convention of Texas and provides tuition/financial assistance to Baptist students who are preparing for church related vocational Christian ministry. Renewal requires a 2.5 cumulative GPA. Necessary forms may be obtained from the Office of In-Service Guidance located in the School of Christian Studies.

STUDENT FOUNDATION

The Student Foundation organization provides a limited number of scholarships from funds raised by the Foundation. These scholarships are administered by the Student Foundation and are for returning juniors and seniors only. Necessary forms may be obtained from the Office of Alumni Relations.

RUFUS SPRABERRY MEMORIAL ALUMNI SCHOLARSHIP

This scholarship provides a limited number of awards from its endowment. These scholarships are awarded by the Alumni Association on an annual basis to children and grandchildren of former students. Necessary forms may be obtained from the Office of Alumni Relations.

DONOR SCHOLARSHIPS

Scholarships from outside the University are provided by various churches, foundations, schools, and organizations who award them to specific students. These scholarships will be considered an integral part of the student's financial aid award. The Financial Aid Office administers these funds in accordance with the specifications of the donor.

ENDOWED SCHOLARSHIPS

Scholarships are established by friends of East Texas Baptist University who are interested in the education of worthy and needy students. While the donors of these funds are listed in the catalog, specific application for these scholarships beyond the normal financial aid application process is not required. These are administered through the Financial Aid Office or the donor identifies the recipient(s). Awards are made on the basis of student eligibility, financial need, and the availability of funding according to earnings on endowment investments established by donors and designated gifts to the University. Many of these awards are in honor or memory of specific individuals. All endowed scholarships require a thank you letter from the student.
