

CAMPUS CRIME STATISTICS REPORT

In accordance with the Federal Crime Awareness and Campus Security Act of 1990 now known as the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, the following statistics are required to be published annually. They have been compiled in accordance with the definitions used in the Uniform Crime Reporting System of the Department of Justice, FBI, and the modifications in such definitions as implemented pursuant to the Crime Statistics Act. In complying with the act, ETBU gathers statistics concerning the occurrence of crimes on campus, in residence halls and on public property immediately adjacent to our campus. ANNUAL SECURITY REPORT

Security Policies and Procedures

East Texas Baptist University is a private institution and, therefore access to the campus, buildings and grounds is limited to students, faculty, staff and invited guests. Presence on the campus is not a right but a privilege. University personnel and law enforcement agencies have the right to remove people without proper identification from campus. The general public is welcome to attend certain religious, cultural and athletic events on campus; however, their access is limited to the events only.

East Texas Baptist University seeks to maintain an ongoing working relationship with a variety of law enforcement agencies to help provide a healthy, safe and secure environment for all members of our campus community. The University has a contracted working agreement with the Marshall Police Department to provide security for our campus 7 days a week during the evening and early morning hours. An off-duty police officer patrols and walks the campus each night. The officer is responsible for making sure each building is locked and secured. For assistance during normal business hours please contact the Physical Facilities Security Department which is located in office #121 of the Herrington Service Center.

The Physical Facilities Department maintains the physical condition of campus facilities. This department keeps close watch on all facilities to ensure students' safety while on campus. Security cameras and security lights are strategically located throughout campus to assist with our security

program. Plus 3 emergency phones (in red boxes) are located at Jarrett Library, Marshall Hall and Jenna Guest to assist students in an emergency. In addition, two Emergency Phone Towers will be installed on campus during the fall semester.

Residence Hall Security

ETBU offers traditional residence halls and apartments for on-campus student housing. The safety and security of these residents, their property and the facility is important to ETBU. The Division of Student Affairs manages all residence halls and apartments on campus. Each facility is staffed by a live-in Resident Director. A variety of live-in residence assistants (RA's) also work in each residence hall facility. All staff members working in our residential facilities undergo comprehensive training each year regarding community living environments. Safety and security are vital parts of that environment. Student Affairs works closely with our Security Department to help keep the residence halls as safe as possible.

Each residence hall is locked 24 hours a day, 7 days a week with access being restricted to residents with valid electronic card reader ID access cards. Access is allowed at main entrances where residents must swipe their ID cards through the access card reader.

Information on safety, security and other related topics are given at new student orientation, during residence hall meetings and in the student handbook. Safety and Security -- related presentations are made to alert residents to the fact that they are partners in preventing campus crime.

Assistance In Emergency Situations And How to Report A Crime

In the event of a criminal act in a residence hall, students should contact a member of the residence hall staff as soon as possible (Resident Assistant or Resident Director). The staff member can provide assistance and direct students through the procedure of reporting a crime. If an accident occurs outside a residence hall, but during the operating hours of the University, a student should contact Student Affairs for immediate assistance or to file a report.

Any suspicious activity or criminal act occurring on campus after operating hours should be reported immediately to campus security or call Marshall Police Department. In an emergency call 911.

ETBU does not have any policies or procedures that allow victims or witnesses to report crimes on a voluntary confidential basis. Nor does ETBU have a policy that encourages pastoral counselors and professional counselors, if and when they deem it appropriate, to inform the persons they are counseling of any procedures to report crimes on a voluntary, confidential basis for inclusion in the annual disclosure of crime statistics.

When known crime risks might endanger the campus community, Student Affairs will notify the campus community in a timely manner utilizing such communication tools as: text messaging alert system (users must sign in for this service), email, telephone calls, flyers, and other tools deemed appropriate at the time.

Tiger Alert

All students, faculty, and staff are encouraged to sign up for Tiger Alert (e2Campus), ETBU's emergency contact system. Students can sign up by going to Student Toolbox and selecting e2Campus Emergency Alert System.

Alcohol/Drugs/ Tobacco Policy

ETBU prohibits the possession, use, or distribution of alcohol, illicit drugs, drug paraphernalia, or tobacco on campus property. The student code of conduct requires students to be in compliance with all federal, state and local laws regarding the use of alcohol, tobacco, drugs and other controlled substances. Failure to comply will result in disciplinary actions, up to and including suspensions and or dismissal or referral for prosecution. A disciplinary action may include the completion of an appropriate rehabilitation program. For more information on drugs or rehabilitation programs contact Student Affairs.

Weapons Policy

Possession and/or use of firearms, ammunition or other weapons - including any dangerous article or substance with potential to injure a person - is strictly prohibited.

Sexual Offenses

Sexual assaults are a criminal act, and ETBU encourages the victim to report such cases to the City of Marshall Police Department. The University cooperates fully with any investigations. The Dean of Students, or the victim's Resident Director, will accompany the student, if requested, to the Police Department or local hospital.

If you are a victim of a sexual assault at ETBU, your first priority should be to get to a place of safety, and then obtain necessary medical treatment. ETBU strongly advocates that a victim of sexual assault report the incident in a timely manner to the local city police and your Resident Director. If a victim needs assistance in contacting law enforcement, the Dean of Students, or the student's Resident Director will make this contact on behalf of the student. Time is a critical factor for evidence collection and preservation. Filing a police report will ensure that a victim of sexual assault receives the necessary medical treatment and tests, at no expense to the victim; provide the opportunity for collection of evidence helpful in prosecution, which cannot be obtained later; and, assure the victim has access to free confidential counseling from counselors specifically trained in the area of sexual assault crisis intervention. ETBU does not offer on-campus counseling services for victims of sexual offenses, but the Dean of Students can assist the victim to locate a counselor in the local area.

ETBU will make reasonable changes to the victim's academic and living situation if these changes are requested. Such request should be made through the Dean of Students.

Sexual harassment is prohibited by University policy. Those who engage in sexual harassment may be subject to civil and criminal penalties as well as disciplinary action. The sexual harassment policy of ETBU can be viewed on the web at: <http://www.etbu.edu/php/pnpmanual/3.4.05.pdt>

Student's Responsibility for Safety and Security

Safety and security is everyone's responsibility. Students are encouraged to behave safely and obey campus policies and regulations. Students must assume responsibility for their own personal safety and security and the security of their personal belongings by taking common sense precautions. The student's awareness of their environment and their surroundings is the best place to start.

- Exterior doors to residential areas should never be propped open as this compromises security.
- Room doors should always be locked even when the student leaves for a short time.
- Keep windows shut and locked.
- Never loan apartment or room keys to another person.
- Never loan student ID to another person.
- Vehicles should be locked at all time and valuables concealed from view or hidden in trunk.
- A suspicious person or situation should be reported to RA's, RD's and Security.
- Contact security for escort service at night or use a buddy system.
- Exercise caution when walking or exercising at night.
