EAST TEXAS BAPTIST UNIVERSITY

2019-20 CATALOG

THE EAST TEXAS BAPTIST UNIVERSITY 2019-20 CATALOG is a statement of present policies. Information in this catalog is as complete and accurate as possible at the time of publication. Please consult the website at www.etbu.edu for past and future catalogs as well as changes required since publication. East Texas Baptist University reserves the right to amend, add to, or delete any or all policies, procedures, requirements, tuition, fees and charges, major requirements, course offerings, class schedules, teacher assignments, and any or all aspects of its educational and co-curricular programs, which are published in this catalog, at any time without prior notice. Departments are authorized to update for all enrolled students those approved requirements within a program which are considered necessary for meeting professional standards or requirements of various accrediting agencies. Degree requirements for students admitted under this catalog and continuously enrolled expire at the end of six academic years.

The value of programs offered in terms of achievement, employment, professional licensing, or other measures are in large part dependent on market conditions and factors beyond the University's control. The University makes no representation or contract that following a particular course or curriculum will result in specific achievement, employment, or qualification for employment, admission to degree programs, or licensing for particular professions or occupations.

Other university policies or regulations are located in the Student Handbook and through other materials available to students.

ACCREDITATIONS AND MEMBERSHIPS

East Texas Baptist University is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award baccalaureate and master's degrees. Contact the Southern Association of Colleges and Schools Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404.679.4500 for questions about the accreditation of East Texas Baptist University.

The University is authorized to certify teachers under authorization of the Texas Education Agency and is an accredited member of National Association of Schools of Music. The ETBU Nursing Program is accredited by the Commission on Collegiate Nursing Education and approved by the Board of Nursing for the State of Texas. The Athletic Training program is accredited by the Commission on Accreditation of Athletic Training Education.

The University holds memberships in the American Association of Colleges of Nursing, the International Association of Baptist Colleges and Universities, the Independent Colleges and Universities of Texas, the Texas Association of Colleges for Teacher Education, the Texas Association of Music Schools, American Association of Collegiate Registrars & Admissions Officers, Texas Association of Collegiate Registrars & Admissions Officers, and Texas Association of Collegiate Veterans Programs Officials, the Council for Christian Colleges and Universities, the National Collegiate Athletic Association, the Council of Independent Colleges and Universities, the Consortium for Global Education, and the National Independent College and University Association. PRIVACY AND DISCLOSURE OF STUDENT RECORDS

ETBU is committed to complying with the Family Educational Rights and Privacy Act of 1974 (FERPA). Certain student information (called “Directory Information”) has been determined as public information under the terms of the act. Directory Information may include release of name, address, telephone number, e-mail address, date and place of birth, photographic images, major field of study, participation in university sports and activities, weight and height of athletic team members, dates of attendance, degrees and awards received, previous educational institutions attended, eligibility for or induction into honors societies programs, etc. Other information about a student is considered private and is protected by FERPA. Please note that even though certain information is considered Directory Information, ETBU is not required to release it, and our practice is to do so on a very limited basis and only after careful consideration of the need.

At the age of 18, or whenever a student enrolls in an institution of higher learning, students are guaranteed the following rights:

1. The right to control who can access records through the student’s signed written consent.
2. The right to restrict access to Directory Information.
3. The right to inspect and review education records.
4. The right to seek to amend records if in error.

Certain individuals with a “verified educational need to know” may access a student’s educational records without consent, according to FERPA. For more information on who may access student records, refer to the FERPA policy.

A Third-Party Release Form is available in the Office of the Registrar for ETBU students who wish to grant access to certain individuals for their records. A Request to Block Directory Information is also available in the Office of the Registrar for students who wish no information to be released.

A copy of the complete FERPA policy may be reviewed in the Office of the Registrar.

MISSION STATEMENT

As a Christ-centered institution, East Texas Baptist University educates students by integrating biblical faith and learning to develop mind, body, and soul through community engagement to prepare graduates to be Christian servant leaders in their calling to God and humanity.

EMBRACING FAITH

Ensure the integration of biblical faith in curricular and co-curricular experiences including opportunities while embracing our Baptist heritage.

ENGAGING MINDS

Equip students through excellence in teaching, research, and scholarship to explore God's truth and providing the knowledge and skills for academics success, degree completion, employment opportunity, and lifelong learning.

EMPOWERING LEADERS

Develop and deploy Christian servant leaders for their callings to God and to humanity.

ENHANCING COMMUNITY

Create an environment conducive to the development of the whole person through relevant facilities, resources, and services which allows a diverse and growing community to utilize their God-given gifts both locally and globally.

THE VISION STATEMENT

The vision of East Texas Baptist University is to stand boldly as a committed Christ-centered institution of higher learning. In light of the distinct calling to Christian education, the University seeks to inspire and impact students through the renewing of minds and the transformation of hearts for the cause of Christ. The primary focus of the ETBU educational experience is the development of the whole student – intellectually, spiritually, emotionally, socially, and physically – in an unwavering commitment to the transformation of mind, spirit, and body.

BAPTIST HERITAGE

Christianity is the faith of enlightenment and intelligence. In Jesus Christ abide all the treasures of wisdom and knowledge. All sound learning is, therefore, a part of our Christian heritage. The new birth opens all human faculties and creates a thirst for knowledge. Moreover, the cause of education in the Kingdom of Christ is coordinate with the causes of missions and general benevolence, and should receive along with these the liberal support of the churches. An adequate system of Christian education is necessary to a complete spiritual program for Christ's people.

In Christian education, there should be a proper balance between academic freedom and academic responsibility. Freedom in any orderly relationship of human life is always limited and never absolute. The freedom of a teacher in a Christian school, college, or seminary is limited by the preeminence of Jesus Christ, by the authoritative nature of the Scriptures, and by the distinct purpose for which the school exists.

THE HISTORY OF EAST TEXAS BAPTIST UNIVERSITY

The College of Marshall (COM) was officially chartered on October 22, 1912. The new two-year college was a tribute to the vision and resourcefulness of Rev. W. T. Tardy (Pastor of First Baptist Church of Marshall), who worked tirelessly for nearly a decade to create an institution of higher learning in Marshall. He stated, "I thought about the college by day and dreamed about it by night." Tardy negotiated the purchase of 100 acres of the original K. M. Van Zandt family plantation for \$25,000. Keeping 50 of the 100 acres on Van Zandt Hill in northwest Marshall, the college subdivided and sold the remaining property. Marshall's citizens subscribed another \$70,000, and the Baptist General Convention of Texas (BGCT) assumed control of the college, appropriating \$40,000 for buildings and furnishings. The trustees applied for and received a charter from the State of Texas in 1912, and Thurman C. Gardner, an early day Baptist Training Union leader, became the first president in 1913.

With the State of Texas charter in hand and the affiliation with the BGCT in place, construction of Marshall Hall was initiated on July 15, 1915. Of neoclassical architecture and completed in 1916, Marshall Hall crowned the highest point in Harrison County. The robust building was a self-contained educational facility with a ground floor gymnasium, main floor administrative offices, laboratories, and library, third floor classrooms, and a chapel/theatre on the top floor. Once the building was completed, the College was ready to open its doors to students for the summer term, which it did on Monday morning, June 4, 1917, under President Henry Eugene Watters (1916-1918). The college boasted a teaching faculty of nine members at that time. By the fall term of 1917, the cluster of buildings on the hill in Marshall was crowded with 374 full-time and part-time students who attended classes and also participated in campus organizations and athletic programs, including football and baseball. With World War I raging, a student cavalry unit drilled regularly on the college grounds.

Within one year of opening Marshall Hall, two dormitories were constructed. The dormitories were identical in structure, with one housing sixty boys and the other accommodating sixty girls. A single-story frame dining hall fed students three meals a day, including a dinner of "Muddy water, Chili, Grits," and, of course, "toothpicks for the men."

In 1924, Dr. Franklin S. Groner, the Secretary of the Baptist General Convention of Texas, conveyed the Baptists' commitment to assume the college debt if the Marshall Chamber of Commerce would supply \$12,500 annually for five years, enabling it to remain open. Leading the college during the trying days of the great depression, Dr. Franklin Groner (1928-42) assumed the presidency and instituted a permanent endowment program. In 1935, an additional 43 acres were purchased, including the land and buildings of the St. Joseph's Boys Industrial Orphanage, some of which was converted to men's housing. In 1938, Baptist layman and builder Fred Hale broke ground for Laura Groner Hall, a modern residence hall for women. A reduced replica of Mt. Vernon, the stunning structure stood complete in 1940, its austere construction having cost only \$10,500.

World War II robbed the campus of its men and resources. By 1943, only 137 students remained. In 1944, the trustees, making perhaps the most important decision in the institution's history, asked the Baptist General Convention of Texas to elevate the college to four-year status and to change the name to East Texas Baptist College.

A former pastor of First Baptist Church, Midland, Texas, Dr. Harvey Daniel Bruce (1942-1960), the college's ninth president, oversaw a vigorous postwar enrollment and building boom. Veterans arrived on campus, many bringing their families, and enrollment briefly surpassed 800. Prefabricated war surplus family housing was erected on the campus perimeter.

The college added Scarborough Chapel in 1948, which was built in the neo-Gothic style. Also added were Feagin Hall, a new men's residence facility; a cafeteria and student center; and additions to the women's residence hall, which was renamed Merle Bruce, wife of the college president. Two ornate, neo-classical buildings were added in the 1950s, Sanderson Hall (now Craig Hall) to house the laboratory sciences departments, and Harvey Daniel Bruce Hall as the new library/administrative complex. Keys Gymnasium was built in 1960. In 1961 a new women's residence hall, named after Evelyn Linebery, with its long portico and roomy plantation-style architecture, was completed.

Dr. Bruce labored to establish a liberal arts tradition, along with strong degree programs in Bible and religion. His administration's crowning achievement came in 1957 when the Southern Association of

Colleges and Schools granted accreditation to East Texas Baptist College.

Under Dr. Howard C. Bennett as president (1960-76), the academic program established enduring credibility. Dr. Bennett, the former pastor of First Baptist Church, Kilgore, oversaw construction of the new Howard C. Bennett Student Center in 1973.

Dr. Jerry Dawson (1976-85), who had been Graduate Dean at Southwest Texas State University, became the first professional educator to lead the college. By 1982, the postwar “baby boom” peaked and enrollment stood at 920 students. A spacious new president’s home replaced the stately residence that Drs. Bruce and Bennett had occupied. After the opening of the Mamye Jarrett Library in 1979, H. D. Bruce Hall became available for the Religion and Teacher Education departments. Married students occupied several new brick housing units. Charles Fry Hall for Men was opened. As age claimed some of the original college buildings, the older men’s dormitory, buildings of the old orphanage, and various frame and prefabricated structures were dismantled during the 1970s and 1980s. In 1984, the University Charter revision changed the institutional name to East Texas Baptist University.

With the resignation of Dr. Dawson in 1985, the Board of Trustees began a presidential search. Dr. Harvey D. Lewis (1985-86) served as “Acting President” to guide the University through the transition year.

Dr. Robert E. Craig (1986-1992), former president of two other Baptist institutions, became the first alum to serve as president. Under his leadership the University launched a building program of unprecedented proportions, including the Fred Hale Business Building in 1988-89. Other subsequent construction projects were the Jenna Guest Music Building, the Louise Ornelas Spiritual Life Center, major additions to the Bennett Student Center, construction of the Clifford Nelson Murphy Science Building, and the Mabee Housing Complex.

The untimely death of Dr. Craig in March 1992, only two months prior to his announced retirement, was followed by the leadership of Dr. Bob E. Riley (1992-2009), who had been President of the Howard County Junior College District in Big Spring, Texas. Under Dr. Riley, the University experienced record student enrollments.

The campus continued development under President Riley’s leadership with the 1995 completion of the Dean Healthplex and Ornelas Gymnasium. Fall 1996 found the opening of The Joseph and Louise Ornelas Residential Complex and the renovation of Marshall Hall, which was completed in 1997. Meadows Hall, which houses the Murphy Instructional Technology Center and the Department of Mathematics was renovated and occupied beginning with the fall semester of 1999. The University Apartments opened in fall 2002, and the renovation of Scarborough Chapel into Scarborough Hall was complete in January 2004.

Dr. Samuel W. “Dub” Oliver (2009-2014), former Vice President for Student Life at Baylor University, was elected President effective June 1, 2009. Dr. Oliver is a professional educator and licensed minister and brought a wide range of experience in student life and higher education to East Texas Baptist University. In 2010, under Dr. Oliver’s leadership, the University renewed approval to offer graduate programs with a Master of Arts in Theological Studies and a Master of Education. The graduate program offerings were expanded in 2012 with the addition of a Master of Arts in Clinical Mental Health Counseling and in 2013 with the addition of a Master of Business Administration. In 2011, the new Louise H. and Joseph Z. Ornelas Student Center opened and the former student center was completely renovated and renamed the Howard C. Bennett Student Commons.

During 2012, the University celebrated its 100th anniversary. Various events throughout the year commemorated the anniversary. Homecoming was a special time of celebration with a gala and fireworks show.

Dr. Lawrence Ressler (2014-15) served as interim president after the resignation of Dr. Oliver. Dr. Ressler oversaw the opening of the new freshmen residence, Centennial Hall, in August 2014.

Dr. J. Blair Blackburn became the University’s thirteenth president effective June 2015. Dr. Blackburn came to ETBU from Dallas Baptist University after serving twenty years in various administrative positions including Executive Vice President. Dr. Blackburn has led the university in the establishment of several new degrees including the Master of Education in College and University Leadership and the Master of Science in Kinesiology. Under his leadership, the University has established a campus-wide prayer ministry and made significant improvements to residential, academic, and athletic facilities, including the addition of the University Park Row Houses, the ETBU Tiger Softball Clubhouse, and the School of Nursing at The Marshall Grand.

THE ALUMNI ASSOCIATION

The University maintains an alumni office which serves as the primary link between the University and its graduates and former students. Alumni are organized into a functioning body known as the Alumni Association of East Texas Baptist University. This Association is not only concerned with the welfare of graduates and former students of the institution but is vitally interested in developing a stronger university with a broad base of financial support. The Alumni Association awards the alumni scholarship to children and grandchildren of alums to encourage families to make attending ETBU a family tradition. The deadline to apply for this scholarship is January 1, prior to the entering fall semester.

THE CAMPUS

Located on Van Zandt Hill in the northwestern portion of Marshall, Texas, the university campus of over 200 acres occupies a site of scenic beauty. The buildings are grouped in a setting of native oaks and pines surrounded by sloping lawns. Evergreens and other shrubs employed in landscaping the grounds add to the natural beauty of the campus.

ANDERSON SPORTS COMPLEX, named to honor Marshall and Joan Anderson of Tenaha, Texas, includes all sports fields in the area: Young Field, Taylor Field, Cornish Soccer Field, the sand volleyball court, and the intramural fields.

BRUCE HOME is the second president's home. The two-story house was designed and built by Dr. and Mrs. H. D. Bruce in 1949. Originally built in the center of campus, it was moved to the current location in 2005.

CARLILE-HOWELL HALL, a brick and steel building, is a multiple use facility dating from the early 1980s. It now serves as the field house for the football program and provides athletic offices.

CENTENNIAL HALL, opened in the fall of 2014, provides private and suite-style four-bedroom, two-bath student rooms along with a faculty-in-residence apartment and a residence hall director apartment. There are student study areas on each floor, two game rooms on the third floor, and a common area on the first floor.

CHARLES E. HERRINGTON SERVICE CENTER, located at the southwest corner of the University, houses the offices of Institutional Technology and Physical Operations. It was dedicated on April 28, 2000, by Louise Ornelas and her husband, Joseph Z. Ornelas, as a memorial to Mrs. Ornelas' late brother.

CHARLES FRY HALL is a one-story residence hall for men. The facility was built in 1977 and completely renovated in 2008. The facility features apartment style living with the availability of five private rooms in each apartment that are fully furnished. There are no kitchen facilities associated with this residence hall.

CORNISH SOCCER FIELD was built in 2000, and named for Hal and Joyce Cornish. The field is located on the north edge of campus and is the home of the East Texas Baptist University soccer teams.

DAWSON HOUSE is the current president's home. The house was designed and built by Dr. and Mrs. Jerry Dawson. The colonial-style home was completed in 1977 and graces the campus from a high point on the north perimeter of the campus.

DEAN HEALTHPLEX, featuring the **ORNELAS GYMNASIUM**, which opened in May 1995, provides two kinesiology classrooms, offices for faculty and staff, four racquetball courts, and an exercise area equipped with technologically advanced training equipment.

ETBU TIGER SOFTBALL CLUBHOUSE, Home to the ETBU Lady Tigers Softball Team and designed with classical Georgian architecture and sustainable features, the clubhouse adjacent to Taylor Field received an Outstanding Project Award for excellence in educational facility design in Fall 2018.

EVELYN LINEBERY HALL was completed in 1961 and provides accommodations for single females. It has a formal parlor, laundry facilities, and an apartment for the director. Its neoclassical architecture and wide portico are distinctive features of classical configuration and beauty.

FRED M. HALE BUSINESS BUILDING, occupied in the fall of 1989, houses the Fred M. Hale School of Business. Central to the building is its large multipurpose lecture hall.

HARVEY DANIEL BRUCE HALL, completed in 1956, is a two-story brick structure of Georgian colonial design. Originally a library and administrative center, it has been renovated to provide offices, laboratories, and classrooms for the Department of Teacher Education and Department of Kinesiology.

HOWARD C. BENNETT STUDENT COMMONS, a two-story structure originally constructed in 1973, underwent a complete renovation in 2011. The improved facility includes the University's main dining venues on the upper level and the expanded ETBU bookstore on the lower level. Also located in the BSC is Phillips Great Room, a meeting and dining space that can hold up to 144 people. In addition, offices for the dining services management team are located on the first and second floors.

HUDSON HALL is the first president's home. The house was built by Dr. M. E. Hudson in 1921. The president's living area was on the first floor and students were housed on the second floor.

JENNA GUEST MUSIC BUILDING, occupied in the fall of 1990, houses the Department of Music and Department of Theatre Arts. It provides classrooms, rehearsal halls, studio/offices for applied music instruction, practice rooms, a technology center, a worship media and technology lab, the Black Box Theatre and the 168-seat Mabee Recital Hall. Academic, production, and administrative space are housed in the Jenna Guest Building.

LOUISE H. AND JOSEPH Z. ORNELAS STUDENT CENTER opened January 2011 and serves as the focal point of campus life. This 32,000 square foot facility houses the offices for Student Life, dedicated space for student and University governance, game room, postal services, meeting rooms, Lampsato Chapel, formal banquet rooms, and specialty dining venues: The Republic, Chick-fil-A, and SubConnection.

MABEE HOUSING COMPLEX was completed in August 1992 and is a two-story, 126-bed apartment building for single male upperclassmen offering four private rooms per apartment with two three-bedroom apartments designed to accommodate mobility-impaired students. The wings open onto private courtyards leading to a commons area which contains an office, a laundry room, a social room, and an upstairs apartment for the director.

MAMYE JARRETT LIBRARY, occupied in 1979, was made possible by the generosity of Mamye Jarrett, a longtime resident of Garrison, Texas. The Library provides students access to over five million items available in print, audiovisual, and electronic formats and over one and a half million digitized images. Available services include research assistance, Interlibrary Loan, instruction in library usage and information literacy, private study groups and group study areas, and over forty computers for study and research. The library also maintains a virtual presence on the ETBU web site through which electronic library resources can be accessed from both on and off-campus. The Academic Center for Excellence (ACE) is located in the library.

THE MARSHALL GRAND, located in downtown Marshall, this eight-story facility formerly housed Hotel Marshall. Renovations of five floors were completed in 2019, three of which now house the School of Nursing providing classroom and office space, a simulation lab and a skills laboratory.

MARSHALL HALL, a four-story brick building completed in 1916, was the first permanent structure erected on campus. It was partially renovated and air-conditioned during the summer and fall of 1985. It underwent complete renovations during the 1996-97 academic year and reopened for the Fall 1997 semester. It houses a tiered classroom, laboratory, and office facilities for the Department of Psychology and Sociology, as well as serving as the University Administrative Center.

MAXWELL STRENGTH TRAINING CENTER was completed in 2011. This 6,000 square foot building is designed to train students at ETBU in Olympic ground based weight training. The facility is also where the athletes competing in NCAA intercollegiate athletics are instructed in strength and weight training. Also housed in the facility is a 1500 square foot locker room utilized for visiting NCAA athletic teams.

MEADOWS HALL, built in 1949, received its third major renovation and reopened for the Fall 1999 semester. It houses the Murphey Instructional Technology Center, the media technology lab, a production studio, classrooms, the Department of Mathematics, and the Mass Communication program.

MURPHY SCIENCE BUILDING, newly occupied in the fall of 1991, provides classrooms, laboratories, and offices for the Department of Biology and Chemistry.

ORNELAS GYMNASIUM, opened in May, 1995, provides for intercollegiate athletic contests for both men's and women's basketball and for women's volleyball. It will seat 1,800 for athletic contests and up to 2,500 for special events. The facility includes an indoor jogging track, a fully equipped athletic training room, and ample locker room space for physical education classes, athletic teams, and faculty/staff. The "Tiger Room" is located at court level and provides an attractive location for meetings of the East Texas Baptist University Athletic Association, alumni, and friends of the University.

ORNELAS RESIDENTIAL CENTER was completed in June 1996 and is a two-story, 191-

bed apartment building for single female upperclassmen. The center offers four private rooms per apartment with one three-bedroom apartment designed to accommodate mobility impaired students. A spacious main lobby is located in the Center with two separate laundry facilities, private courtyards, office, storage room, and an apartment for the director.

ORNELAS SPIRITUAL LIFE CENTER, first occupied in July 1991, contains the 1,501-seat Baker Auditorium for the University community to convene for religious services, cultural and educational programs, and conferences. A multipurpose room, the Edwards Conference Center, provides additional facilities. Office space for the Division of Spiritual Development is also located in this building.

ORNELAS STADIUM, named for Joseph and Louise Ornelas of Tyler, the home of the East Texas Baptist University Tiger football team was completed in 2000.

REDWINE HALL was acquired from the Marshall Independent School District in 1989. The building now services the Instrumental Program and contains a 3,000 square foot band hall, faculty offices, practice rooms, and additional support space.

ROBERT E. CRAIG HALL is a two-story brick building of Georgian colonial architecture. Built in 1953, it formerly housed the science programs. It was extensively renovated in 1992 for the Department of Nursing and renamed for the former University president.

SCARBOROUGH HALL, dating from 1948, was originally built as Scarborough Memorial Chapel as a memorial to W. F. and Kara Scarborough and to Lee R. and Neppie Scarborough. Renovations completed in 2004 transformed Scarborough into a four-story academic building housing offices and classrooms for the School of Christian Studies, Department of Communication Studies, Department of Languages and Literature, and Department of History and Political Science.

TAYLOR FIELD, completed in 1997 and named for Earl and Louise Taylor of Linden, Texas, is the home of the East Texas Baptist University Lady Tigers softball team.

THE UNIVERSITY APARTMENTS, completed in 2002, have 96 male and 100 female beds arranged in a series of six separate buildings containing apartments that house four students in their own private room. The apartments are furnished with living room furniture, refrigerator and stove. In the center of the complex is the commons building which includes laundry facilities, two conference rooms for study and meetings, and a large lounge area furnished with tables, couches, snack bar, and big screen television.

UNIVERSITY PARK, built in 2017, the University Park Row Houses are the newest addition to ETBU's on-campus housing options. The Row Houses are available to upperclassman students, graduate students, and married students without children. These two-story luxury row houses offer 12 three-bedroom, three bathroom units that house six residents per unit and eight one bedroom, one bathroom units that house two residents per unit. Each row house unit includes a full kitchen, washer and dryer, and furnished bedroom.

VETERANS MEMORIAL TENNIS COMPLEX, built in 2014 to honor military veterans, is located on the north edge of campus. The eight-court complex provides facilities for the University's intercollegiate tennis teams.

WARREN F. KEYS GYMNASIUM, built in 1960, provides additional space for intercollegiate athletics, intramural games, kinesiology classes, and exercise and recreation areas. The gymnasium accommodates basketball, volleyball, badminton, and other student recreational activities.

WOODS FIELD, completed in 1966 and renovated in 2006, was named for Mildred and Lloyd Woods of Tenaha, Texas, and is the home of the East Texas Baptist University varsity baseball team.

YOUNG FIELD, built in 1994, was named for A. C. and Sibyl Young of Dekalb, Texas. This field is used for the outdoor intramural program, varsity practices, and events by off-campus patrons.

ADMISSION AND ENROLLMENT

East Texas Baptist University welcomes applications from all prospective students who meet its requirements and qualifications. Persons who wish to apply may obtain the required forms by visiting the website at www.etbu.edu or by writing the Office of Admissions at: East Texas Baptist University, One Tiger Drive, Marshall, TX 75670-1498. Applicants for admission must:

1. Submit a completed Application for Admission and Scholarships.
2. Send an Application Fee of \$25.00 with the Application for Admission and Scholarships (International Student Application Fee is \$50.00 US - Re-enter fee is \$15.00).
3. Submit official copies of the required transcripts. Entering freshmen with less than 24 transferable semester hours must send an official high school transcript with a seal of authenticity, class rank, and date of graduation. A seventh semester transcript should be sent early to expedite the admissions decision. A final official transcript is required prior to attendance of university classes. All students with prior college level experience, including dual credit while in high school, are required to disclose all colleges attended, or enrolled in, and present official transcripts. In order to be considered official, all college transcripts must be received either in person or through the mail in the original, sealed envelope from the sending institution, unless submitted via an approved electronic service. All transcripts must have school seal and official signature. Approved electronic transcript services include Credential Solutions (eSCRIP-SAFE), National Student Clearinghouse, Parchment, or SPEEDE.
4. Submit official ACT or SAT scores. Applicants with 24 or more transferable college semester hours are not required to submit test scores. Registration for these tests may be obtained by contacting your local high school counselor or by calling the ETBU Office of Academic Success. For students unable to take the national administration of these examinations, a residual ACT is offered on the campus of ETBU during the admissions process. These scores may only be used for ETBU purposes.
5. All students must submit a completed Housing Application. This is for all single students regardless of commuter or resident status.
6. Exhibit good character, in the judgment of the University. East Texas Baptist University reserves the right to deny admission to any individual who has been convicted or adjudicated of a felony or a Class A (or equivalent) misdemeanor.
7. Although not required for admission, students must submit a completed Health Information Form. This form may be obtained from the ETBU website or the Office of Admissions.

Once a student has submitted the required credentials, a decision regarding admission or denial of admission of the student to the University will be made in a timely manner. The student will be notified by mail by the Director of Admissions.

ADMISSION TO THE FRESHMAN CLASS

Students granted admission to the freshman class are selected from applicants who meet the admission standards of East Texas Baptist University. Information used to determine admission to the University includes:

1. Graduation from an accredited high school. Acceptance may be granted to students who rank in the upper 30 percent of their graduating class.
 - A. Graduates from non-accredited institutions (including home-schools) must meet the ACT or SAT score requirement below.
 - B. Non-graduates of high school may submit, in lieu of a high school diploma, a General Education Diploma (GED) certificate. Acceptance will be granted to holders of the GED certificate who meet the ACT or SAT score requirement below.
2. Satisfactory test scores on either the ACT or SAT examination. The ACT is the preferred test and is offered residually at ETBU for those students unable to

take it on a national test date. Acceptance may be granted to students who have either a composite ACT score of at least 18 (excluding the writing portion) or a combined score of 940 or above on the Critical Reading and Math sections of the SAT.

3. Applicants who do not meet one of the admissions standards listed above will be considered for admission by the Admissions Review Board. Students must have a complete admissions file (scores, transcripts, etc.) before a review will occur. Students admitted by the Review Board may be required to participate in the University Success Program. This program will be outlined to students upon acceptance to the University.
4. Evidence of good character.

ADMISSION OF TRANSFER STUDENTS

Transfer students are students who have earned college credit beyond high school graduation (excluding the summer immediately following high school graduation). In addition to the general requirements for admission, transfer students must submit all official transcripts of any college(s) previously attended or enrolled, including any dual credit earned while in high school. Students with fewer than twenty-four (24) semester hours of transferable credit must also provide an official high school transcript and ACT or SAT scores. In order to be considered official, all college transcripts must be received either in person or through the mail in the original, sealed envelope from the sending institution, unless submitted via an approved electronic service. All transcripts must have school seal and official signature. Approved electronic transcript services include Credential Solutions (eSCRIP-SAFE), National Student Clearinghouse, Parchment, or SPEEDE.

Acceptance is granted to students who transfer from accredited colleges with 24 or more transferable hours and a cumulative GPA of at least 2.0; who are in good academic standing at the last college attended; and displayed evidence of good character. Students with less than 24 transferrable hours may be admitted on freshman admissions standards (see above).

Applicants who do not meet one of the admissions standards listed above will be considered for admission by the Admissions Review Board. Students must have a complete admissions file (scores, transcripts, etc.) before a review will occur. Students admitted by the Review Board may be required to participate in the University Success Program. This program will be outlined to students upon acceptance to the University.

TRANSFER OF CREDIT AT TIME OF ADMISSION

Evaluation and awarding of transfer credit will be based on official transcripts from all prior institutions after students have made application for admission to the University. Prospective students may request an unofficial evaluation based on unofficial documents.

The University accepts academic work from institutions listed in the Higher Education Directory[®] for coursework that is comparable to ETBU's curriculum in level and nature and for which the student earned satisfactory grades. The Office of the Registrar will consult with the appropriate Academic Dean for questions of course content or applicability.

Grades on hours transferred to the University are recorded as received. No grade is changed. Courses relevant to the student's degree plan will be accepted provided they do not place the student on probation. Courses for which ETBU has no equivalent may be accepted as electives.

PROBATION

Students who are on probation at the last college attended may be admitted to the University on probation. Students admitted on probation are limited to enrollment in no more than thirteen (13) semester hours and may be required to enroll in a course to develop appropriate skills during their first semester of attendance. To qualify for re-enrollment in subsequent terms, a student admitted on probation must earn a cumulative grade point average in accordance with university standards cited in the enrollment and attendance section of the catalog.

ADDITIONAL ADMISSION REQUIREMENTS:

BACHELOR OF APPLIED SCIENCE

1. Since the degree presumes a level of previous learning from employment or related activities, students must be a minimum of twenty-four (24) years of age by

enrollment at the University.

2. Submit the BAS Experience Form (included on the application for admission).
3. Submit all college transcripts or, for students with no college credit, must provide an official high school transcript. No ACT or SAT score required.

PERMISSION TO REGISTER FOR CLASSES

A student may receive a formal Letter of Acceptance to the University prior to the completion of the admissions file; however, for a new student to receive permission to register from the Admissions Office, the student must:

1. Complete the Application for Admission and Scholarships, supplying official copies of the final transcripts from the appropriate schools and the required test scores as well as other required documentation.
2. Complete the assessment testing, ACT or SAT and any other tests required.
3. Submit enrollment deposit.
4. Complete Housing Application.

NON-DEGREE STUDENTS

1. Transient/Non-degree seeking students – Transient students are those in transit from another postsecondary institution within the current academic year or the one preceding the current year. Enrollment is limited to seven (7) semester hours in any one term. A Non-degree Application is required (those enrolling in consecutive semesters other than summer terms in transit are required to follow regular procedures for admission). Non-degree seeking students must show documentary evidence of good standing at the last college attended by either a letter from that school or an official transcript. Students desiring to apply course work towards a degree must be formally admitted to the University.
2. Post Graduate/Non-degree seeking students – Post Graduate students are graduates of four-year institutions and may be admitted as non-degree seeking students for up to the maximum hours allowed per term. A Non-degree application is required. Non-degree seeking students must show documentary evidence of good standing at the last college attended by either a letter from that school or an official transcript. Students desiring to apply course work towards a degree must be formally admitted to the University.
3. Non-Traditional/Non-degree seeking students – Non-Traditional students are those over the age of 25. Enrollment is limited to seven (7) semester hours in any one term and students may only accumulate 24 total hours. A Non-degree application is required. Students desiring to apply course work towards a degree must be formally admitted to the University.

ADMISSION OF INTERNATIONAL STUDENTS

Applicants who hold citizenship in a country other than the United States and who are not resident aliens of the United States will be considered international students. All federal laws and regulations as stipulated by the Department of Homeland Security will be followed in the admission of international students.

The Global Education Office will assist prospective international students wishing to apply for admission. Students will submit all credentials specified in the Admission and Enrollment section of the catalog. The applicant must also provide the following:

1. Test of English as a Foreign Language (TOEFL) score of at least 61; International English Language Testing Service (IELTS) test score of 6.0; proof of successful completion of an accredited ESL program; or verification that English was the medium of instruction for at least two years of the student's formal education.
2. Certification of Finances showing adequate financial support to meet all financial obligations considered to be costs of education.

International applicants may be granted admission to the freshman class based on ACT or SAT scores; graduation class rank; and/or on the written recommendation of their high school principal, headmaster, or head teacher.

International students desiring to transfer credits from foreign universities are responsible for submitting to the Registrar professional evaluations of their transcripts. Fees for evaluation of credit are the responsibility of the student. The Registrar will determine which credits transfer and how they fit into the student's degree plan.

Any student who wishes to enroll in the IEP to improve English skills and overall proficiency will apply for admission to the University as an IEP student. These students must submit an IEP Application for Admission. For more information about IEP policies, please refer to the Intensive English Program section of the catalog or contact the Global Education Office.

The deadline for submitting the International Application for Admission or the IEP Application for Admission is 90 days prior to the start of the initial term of attendance.

Special Note: Payment in full is required before class attendance for all international students in their first year of enrollment. Other payment arrangements must be approved in advance by the Director of Global Education and the Vice President for Financial Affairs.

EARLY ADMISSION OF HIGH SCHOOL STUDENTS

Part-time, non-degree seeking students currently enrolled in secondary school may be admitted to the University through special permission prior to their graduation from high school. Such students must have completed at least four semesters (two years) of graded high school work, have transcribed evidence of at least a 3.0 grade point average on a 4.0 scale, or the equivalent, for all high school work, have the written recommendation of a school counselor or principal, be at least 16 years of age, and have a score of 18 on the ACT (or its equivalent on the SAT). Applicants who do not meet the minimum ACT Score may be considered for admission and enrollment in particular classes by the Office of Academic Success. Students applying for early admission and attending on-campus classes must also submit a completed Health Information Form.

ACADEMIC POLICIES

ACADEMIC ADVISING AND REGISTRATION

Following admission to the University and receipt of a “permit to register,” students may register during approved times.

All students are assigned an academic advisor. The academic advisor will assist the student in planning his or her academic program and will approve the enrollment schedule for each semester. A student will not be authorized to register without the assistance or approval of his or her assigned advisor. Students returning after a semester’s lapse should contact the Office of Academic Success before registration. Students must have all financial accounts in good standing in order to register.

NOTE: While ETBU endeavors to provide accurate advising information and assistance, the student has final and complete responsibility for the selection of and registration in courses.

ACADEMIC HONORS

THE DEAN’S LIST

The Dean’s List identifies those students who have a 3.25 to 3.49 grade point average on a minimum of twelve (12) semester hours in academic courses in which a regular grade is assigned. The list is compiled at the end of the fall and spring semesters.

THE PROVOST’S LIST

The Provost’s List identifies those students who have a 3.5 to 3.74 grade point average on a minimum of twelve (12) semester hours in academic courses in which a regular grade is assigned. This list is compiled at the end of the fall and spring semester.

THE PRESIDENT’S LIST

The President’s List identifies those students who have a 3.75 to 4.0 grade point average on a minimum of twelve (12) semester hours in academic courses in which a regular grade is assigned. This list is compiled at the end of the fall and spring semester.

GRADUATION HONORS

Official calculation of honors will be affixed to the final official transcript based on the student’s comprehensive calculated grade point average upon completion of all degree requirements. Honors are awarded as follows:

Overall GPA	Honor Status
3.85 or above	Summa Cum Laude
3.70 - 3.84	Magna Cum Laude
3.50 - 3.69	Cum Laude

RECOGNITION OF HONORS AT COMMENCEMENT

Honors designated on the commencement program are unofficial. They are based on the cumulative GPA at the end of the term completed prior to the commencement ceremony in which the student participates. Recognition follows the same GPA requirements noted in the Graduation Honors section of the catalog.

ACADEMIC INTEGRITY

Students enrolled at East Texas Baptist University are expected to conduct themselves in accordance with the highest standards of academic honesty and integrity avoiding all forms of cheating, illicit possession of examinations or examination materials, unwarranted access to instructor’s solutions’ manuals, plagiarism, forgery, collusion and submissions of purchased materials, work done by others, or the same assignment to multiple courses.

Penalties that may be applied by the faculty member to individual cases of academic dishonesty by a student include one or more of the following:

- Failure of the class in question.
- Failure of particular assignments.
- Requirement to redo the work in question.
- Requirement to submit additional work.

All incidents related to violations of academic integrity are required to be reported to the Vice President for Academic Affairs and multiple violations of academic integrity will result in further

disciplinary measures which could lead to dismissal from the University. Conflicts involving matters of academic discipline will follow the academic appeals procedure described in the Student Handbook.

Questions related to academic discipline should be referred to the Office of the Vice President for Academic Affairs.

ACADEMIC LOAD

Full-time status for purposes of financial aid, athletic eligibility, veterans' entitlements, and campus housing requires that the student be enrolled in a minimum of twelve (12) semester hours at East Texas Baptist University during the fall and spring semesters, or three (3) semester hours for May, June, or July terms. ETBU will not recognize courses taken at other institutions concurrently as fulfilling the full-time enrollment policy. Students enrolled in fewer than 12 semester hours in a fall or spring term, or fewer than 3 semester hours in a May, June, or July term at ETBU will be treated as part time, and financial aid awards may be adjusted accordingly. The normal load for students in a fall or spring term is fifteen to eighteen (15-18) semester hours. Students who need fewer than twelve (12) hours to complete all degree requirements, and are in their final semester of enrollment, will be treated as full-time students for athletic eligibility or campus residence purposes. Students who are enrolled in fewer than twelve hours during either a fall or spring term and wish to live in campus housing must obtain permission from the Office of Student Life.

A student in his or her first semester will not normally be permitted to take more than seventeen (17) semester hours of class work, including physical activity credit. After completion of one semester at the University, students in "Good Academic Standing" may schedule as many as eighteen (18) semester hours.

Upon approval of the advisor, the advisor's Dean, and the Provost, a student may be permitted to carry nineteen (19) hours a semester if the following conditions are met:

1. A 2.5 grade point average on all previous work.
2. A 3.0 grade point average on the previous semester's work.
3. At least 15 credit hours of work completed at East Texas Baptist University.
4. A degree audit on file.

No more than seven (7) semester hours are authorized during each summer term (May, June, July, August).

NOTE: Transfer hours taken in violation of this policy may not be accepted at ETBU.

ACADEMIC OR COURSE WITHDRAWALS

A student may withdraw from a course or courses or from the University beginning with the first day through 75 percent of the semester without academic penalty.

To withdraw from a course or courses or from the University the student must secure a withdrawal form from the Registrar's Office, his/her advisor, or from the ETBU website, and follow the directions on the form, securing all required signatures. **Students must process their own withdrawals.**

Withdrawal from a course (or courses) may affect the student's academic progress. Failure to maintain Satisfactory Academic Progress may lead to the loss of financial aid and/or scholarships (see "Satisfactory Academic Progress" in the Financial Aid section of the Catalog). Failure to maintain Satisfactory Progress Towards a Degree will result in ineligibility to participate in NCAA athletics (see "Satisfactory Progress Towards a Degree" in this section of the Catalog). Students dropping below full-time status in a regular semester are ineligible for participation in NCAA athletics or for Dean's List, Provost's List, or President's List.

Any refunds due to the student as a result of withdrawing from a course or from the University will be governed by the policies stated in the Refunds section of the Finances pages of this catalog. Failure to complete the official process will result in the forfeiture of any refund to which the student may be entitled.

Any student who withdraws from or otherwise leaves the University without clearing his/her financial record (i.e., without having returned borrowed books and equipment, paid any outstanding fines, and settled other financial matters with the University) will be subject to the

following restrictions until such time that the record is cleared:

1. The student will not be permitted to re-enroll.
2. The student will not be eligible to receive a transcript of academic work completed.
3. The student will not be issued a diploma.

Students called into active military duty during a semester will be allowed to withdraw from courses in which they are enrolled without penalty. Official military orders should be presented in the Office of the Registrar at the time a student must stop attending classes. Upon presentation of a copy of the student's official military orders, the student will have the following options:

1. The student may withdraw from a course or all courses with full refund of tuition and fees.
2. Depending on the point in the semester at which orders are received, the Vice President for Academic Affairs may permit final grades to be assigned based upon grades earned at that time.
3. Depending upon the point in the semester at which orders are received, the student may request grades of Incomplete with no restriction on completion date.

NOTE: Students intending to transfer to a State of Texas institution of higher education should bear in mind the six course withdrawal regulation. See Section 51.907 of the Texas Education Code.

ADMINISTRATIVE WITHDRAWAL OF STUDENTS

Fraud or misrepresentation in any part of the admission or registration process, academic misconduct, social discipline, and special circumstances outside the control of the University may lead to the administrative withdrawal of a student. In the case of involuntary withdrawal, the chief administrative officers for Student Life, Enrollment Management, Financial Affairs, or Academic Affairs may initiate the withdrawal process and all must be notified of the withdrawal.

ACADEMIC STANDING

GOOD ACADEMIC STANDING

In order to be considered in good academic standing, students must make satisfactory academic progress toward a degree as follows:

Full-time students must maintain a minimum cumulative grade point average of 2.00 each semester and must have earned a minimum of twenty-four semester hours during each academic year (as defined for this policy). Full-time students having attended only one standard semester (fall or spring) at ETBU during an academic year will be required to have earned a minimum of twelve hours that semester.

For this policy, an academic year is defined as beginning on August 1 of one calendar year and ending on July 31 of the following calendar year.

ACADEMIC PROBATION

An undergraduate student is placed on academic probation at the end of any semester where they fail to meet the conditions of good academic standing; that is, at the end of any semester where any of the following occurs:

1. The student's cumulative grade point average is less than 2.0, or
2. The student fails to complete a minimum of twenty-four semester hours during an academic year (as defined for the good academic standing policy).

During the period on academic probation, the student will be subject to the terms of an official Academic Deficiency Plan as developed by the Director of Student Success, which may include a course to develop appropriate skills. Students who fail to meet the terms of the Academic Deficiency Plan within the time allotted will be subject to Academic Suspension.

First-time, full-time freshmen students who have not met the policy for good academic standing may be granted a one-time appeal by the Provost and Vice President of Academic Affairs. Appeals must be sent by email to academicaffairs@etbu.edu before the end of the first class day of the standard semester following notification of probation. If the appeal is granted, the student must meet with the Director of Student Success, located in the Office of Academic Success, to complete an Academic Deficiency Plan to remain in good academic standing.

Students on Academic Probation are not eligible for participation in NCAA athletics.

RETURN TO GOOD ACADEMIC STANDING

A student's academic status will return to good academic standing and the student will no longer be on academic probation at the end of any semester where the student meets the following criteria:

1. For students on academic probation due to grade point average issues, the student's semester grade point average is 2.0 or higher and the student's cumulative grade point average is 2.00 or higher.
2. For students on academic probation due to semester hour issues, the student completes a minimum of 12 semester hours during a standard semester (fall or spring).

ACADEMIC SUSPENSION

Students will be placed on Academic Suspension when they fail to be in Good Academic Standing after being placed on Academic Probation for two consecutive semesters. The terms of the suspension will be clearly defined in a letter informing the student of his or her suspension.

Academic Suspension generally means the student is not eligible to enroll at the University for one regular semester. Students may become eligible to enroll earlier if they use courses in any mini-term, summer term, or courses transferred from another university that result in placing them in Good Academic Standing.

Reinstated students will be placed on Academic Probation during the first semester of reinstatement and must be in Good Academic Standing at the end of one year or be subject to a second suspension. Students placed on Academic Suspension for the second time will not be eligible to re-enroll until two regular semesters have elapsed. Students will not be allowed to re-enroll at the University following a third academic suspension.

CLASSIFICATION OF STUDENTS

Classification of students will be determined by the number of credits earned.

Classification is as follows:

Freshman: Less than thirty (30) semester hours

Sophomore: Thirty (30)-fifty-nine (59) semester hours

Junior: Sixty (60)-eighty-nine (89) semester hours

Senior: Ninety (90) semester hours

COURSE GRADES

Credit in each course is dependent upon completion of all academic assignments required for that course. Assigned work may include class recitation, daily written work, tests, library assignments, research papers, laboratory assignments, and other requirements which facilitate learning and which enable the instructor to evaluate the progress of each student. Students will be informed at the beginning of the semester as to course requirements and the criteria for the determination of the final grade.

Student progress is evaluated according to a grading system that differentiates levels of achievement, and reflects the student's competencies with the subject matter and course skills. Although criteria for grading will vary with subject area and instructor, achievement is indicated by the following grades, which are given by the instructor and placed on the student's permanent transcript.

A: Superior Quality - Four grade points per credit hour

B: Excellent - Three grade points per credit hour

C: Strong Average College Level Work - Two grade points per credit hour

D: Fair/Below College Standards - One grade point per credit hour

F: No Credit - No grade points

I: Incomplete

IP: In Progress - For courses that by design (as indicated in the syllabus) cannot be completed during the semester or term of registration. If a grade of "IP" remains on the transcript after one calendar year from date of enrollment, it will be administratively changed to a grade of "F." A student may not graduate with an "IP" grade on the transcript.

NR: Not Required - Applies to Chapel Credit Only

- W: Withdrew
XF: Failure due to excessive absences
CR: Credit - No grade or grade points
P: Passing - No grade points
NC: No Credit - No grade or grade points
NG: No Grade - (Temporary – No grade submitted from instructor at time of posting)

COURSE NUMBERING

University course numbers contain four digits. The first digit indicates whether the course does not count for credit toward a degree (0) or is primarily for freshmen (1), sophomores (2), juniors (3), seniors (4) or graduate students (5, 6); the second indicates the number of hours of credit; the third and fourth are a departmental designation. Course numbers containing a 7 as the third digit represent special topics courses and are not included in the catalog. Courses numbered in the 3000s, 4000s, or higher are considered to be advanced (upper division) courses.

COURSE PREREQUISITES

In order to ensure adequate student preparation for a particular course, prerequisites are established and listed after the course description. These prerequisites may be other numbered courses, academic standing, or instructor consent. Students should consult the catalog carefully and adhere to the prerequisites. Permission to enroll in a course for which the student does not meet the published prerequisites must be obtained from the course instructor, the department chair, or the school dean.

COURSE SUBSTITUTION

As a part of a major, minor, or teaching specialization, all course substitutions must have the signature of the appropriate department chairman or Dean. Authorization forms are available in the Registrar's Office and online.

DROPPING AND ADDING COURSES

The signed approval of the student's advisor is required to change a student's class schedule. Changing sections of the same course does not require advisor's approval. Additions to a student's schedule must be made during the add period (the first seven class days of the fall or spring semester or proportionate number of days for a short term).

ETBU FRESHMAN YEAR EXPERIENCE

LEAD 1111 Learning and Leading is an integral part of the ETBU Freshman Year Experience. This course is required for all students who are first time freshman entering college. Students transferring more than 24 hours are not required to take LEAD 1111.

FINAL EXAMINATIONS

All students are to take the final exam at the published time. Students may request a change in or special administration of their final exam for the following reasons:

1. Four scheduled exams on the same day.
2. Serious personal illness.
3. Death of an immediate family member.
4. Previously declared accommodations.

For any of the above reasons, the student must discuss the matter with their faculty member. The faculty member may request verification or proof, so the student should be prepared to present any documentation requested. Such documentation may include class schedule, doctor's letter, etc. The student and the faculty member must agree on a make up time.

GRADE APPEALS PROCESS

A student has a six-week period following the conclusion of a term in which to request a grade change or to appeal the assigned grade. The student must follow these steps:

1. The student should first consult with the faculty member who assigned the grade to attempt to resolve the misunderstanding or difference of opinion regarding the assigned grade.
2. If the matter is not resolved in the faculty-student conference, then the student may submit a formal written request to the appropriate department chair. Students wishing to file a formal written appeal should complete the Grade

Appeal Form found on the University's website. The Grade Appeal Form and documentation (copies of papers, grades, etc.) should be submitted to the department chair. The department chair will meet with the student and the faculty member to gather additional information as needed and attempt to resolve the issue. The department chair will communicate the results in writing to the student and the faculty member. The department chair will give priority treatment to the request.

3. If the student continues to be dissatisfied, the student may then appeal in the same manner to the Dean of the school which offers the course. The Dean will gather any additional information needed and attempt to resolve the difference of opinion as to the nature of the grade assigned. The Dean will communicate the results in writing to the student and the faculty member. The Dean will give priority treatment to the request.
4. If the student is still not satisfied, he/she may submit a Grade Appeal Form to the Vice President for Academic Affairs who will consider the nature of the appeal and the information gathered as well as the recommendations from the faculty member, department chair, and Dean. The Vice President for Academic Affairs, depending on the nature of the appeal, may refer the matter to the Deans Council or uphold the previous recommendation and communicate the decision to the student. The Vice President for Academic Affairs will give priority treatment to the request.
5. If the appeal is referred to the Deans Council, they may gather any additional information required to make a recommendation to the Vice President for Academic Affairs who will review the Council's recommendation.
6. The decision of the Vice President for Academic Affairs will be final and ends the appeal process.

GRADE POINT AVERAGE

In the 4-point system, as used at East Texas Baptist University, an "A" earns four (4) grade points per credit hour, "B" earns three (3) grade points per credit hour, "C" earns two (2) grade points per credit hour, and "D" earns one (1) grade point per credit hour.

The grade point average is determined by dividing the total number of grade points by the total number of credit hours attempted. When a course is repeated (unless the course is specified in the course description as repeatable for credit), the official grade is the highest grade received, and these hours and grade points will be used in computing the grade point average. All other grades for the same course will be disregarded in computing the student's grade point average; however, all courses repeated will be shown on the transcript with grades shown and zero hours credit. A 2.0 cumulative grade point average is the minimum required for graduation. Some degrees, majors, and minors require a higher standard. Consult the specific program or degree for further information.

GRADE REPORTS

Students have on-line access to view mid-term and final grades through Campus Connect. Students who desire a printed copy of their grades must file a request in the Office of the Registrar each semester or term for which a report is desired.

INCOMPLETE WORK

A student who has substantially completed a course but who lacks certain essentials of performance due to circumstances beyond his or her control may be granted an "P" (*Incomplete*). To request an Incomplete, the student must secure an Incomplete Grade Contract Form from the Office of the Registrar, and must secure the approval of the instructor. The instructor may award the Incomplete grade without a student request. The Application for Grade of Incomplete must be filed with the Registrar before the grade of Incomplete may be placed on the student's transcript. In determining eligibility for granting an Incomplete, the following guidelines will be utilized:

1. The student must have completed at least twelve (12) weeks (or seventy-five percent of short terms) of classes.
2. The student must not lack more than one-half of the course requirements at the time that the contract is approved.

3. The student must not have exceeded the number of absences set forth in the catalog. If the absence limit has been exceeded, an appeal must be submitted to the Vice President for Academic Affairs, and if the appeal is approved, the student will be allowed to proceed with the Incomplete Contract.
4. All work must be completed within four (4) months of the end of the term in which the contract is approved.

Successful completion of the Incomplete Contract will entitle the student to a regular grade. Failure to complete the Incomplete Contract will result in an automatic grade of "F"

PROCEDURE FOR PARTICIPATION IN COMMENCEMENT

Ceremonies are held in December and May at the end of fall and spring semesters. Students may participate in either ceremony if they have:

1. Submitted an application for graduation and paid the \$50.00 graduation fee.
2. Satisfactorily completed all chapel requirements.
3. Satisfactorily completed all course and curricular requirements.

TRANSCRIPTS

The student's permanent official record of all academic work is referred to as the transcript. In order to comply with the Privacy Act of 1974, transcripts of credits will be supplied to all students and former students only when officially requested in person or through the ETBU online transcript request page. All financial obligations must be paid in full or loan notes current. The Registrar's Office should be notified at least three business days before the transcript is needed in order to obtain the necessary approvals before the transcript copy is made. During peak times, such as registration or graduation, or the beginning or ending of a semester, the process may be delayed. If the transcript is being mailed, additional notice should be given to allow for postal delays.

ETBU provides both electronic and paper versions of the official transcript via Parchment. A fee of \$5 per transcript (electronic or paper) will be assessed at the time of the request. Additional shipping rates may apply.

COURSE CREDIT POLICIES

ADVANCED PLACEMENT PROGRAM

The University will grant credit by examination for courses on the basis of acceptable scores on the Advanced Placement Examinations of the College Entrance Examination Board in one or more of the following subjects: American history, biology, chemistry, English, European history, French, mathematics, physics, political science, psychology and Spanish. Credit and placement will be determined by the department of the University in which the same or an equivalent course is offered. Students should make arrangements through their counselors for taking these tests during their senior year of high school, and should have the scores forwarded to ETBU. See Appendix for accepted tests and minimum score requirements.

ADVANCED STANDING-CREDIT BY EXAMINATION

Students enrolled at East Texas Baptist University may earn credit for certain courses offered by the University through various programs. No credit by examination will be granted in a case in which (a) the course has been taken at an earlier date in any college, or (b) the course is being taken at the time of the examination and it is after the last date to register for credit. (*See Departmental Examinations for procedures*).

ARMED FORCES

The University will grant credit for all appropriate educational experiences in the Armed Forces in accordance with the recommendations of the American Council on Education in its publication, *A Guide to the Evaluation of Educational Experiences in the Armed Services*, most current edition. Army, Navy, Air Force, Marine Corps and Coast Guard veterans with continuous active duty may receive up to two hours of physical activity in kinesiology. One kinesiology activity credit may be awarded per each six months of active duty. Other credits for service in the armed forces may be documented on a case-by-case basis. The evaluation will be made from either the veterans DD214 or the official AARTS/SMARTS, or Joint Services, transcript. The transcript is the preferred document.

AUDITING COURSES

Any course may be taken on an audit basis when no college credit is desired. The student who enrolls as an audit student is not expected to satisfy any of the course requirements which regular credit students are expected to meet. He or she may participate in class assignments to the degree desired. No grade is awarded for an audit course. Intention to audit a course must be declared at the time of registration or during the change of schedule period. College credit will not be awarded for a course taken on an audit basis. Courses taken on an audit basis do not count toward full-time status.

CLASS ATTENDANCE

East Texas Baptist University is committed to the policy that regular and punctual attendance is essential to successful scholastic achievement. Attendance at all meetings of the course for which a student is registered is expected. To be eligible to earn credit in a course, the student must attend at least 75 percent of all class meetings.

1. Absences begin with the first meeting of a class, and students registering late incur absences from the first class meeting of the semester.
2. Students are responsible for all material covered in class meetings and are expected to meet all class requirements for the course.
3. Students who accumulate university-approved absences (athletic teams, musical organizations, other authorized groups) will be allowed to make up work missed as a result of that activity provided that:
 - A. The activity was properly scheduled;
 - B. The absence was authorized in advance; and
 - C. Arrangements were made with their instructors prior to the absence.

Such absences are, nonetheless, counted as classes missed.

Note: All graded in-class activities, which by their nature cannot be taken in advance or made up upon return, will not count against the student's grade OR may at the discretion of the faculty member, be replaced by a different evaluation method.

4. The opportunity to make up work missed as a result of absences other than those identified in Item 3 above may be granted only when the instructor involved grants that privilege. Such absences should be documented by the student to the fullest extent possible.
5. Due to the nature of the content of some courses and some programs of study, more stringent attendance requirements may be required. Students should carefully follow all requirements contained in the course syllabus.

Students who exceed the absence limit in a course before the official withdrawal date will have the opportunity to withdraw from the class. Students in this situation who do not choose to withdraw on or before the official withdrawal date or who exceed the absence limit in a course after the official withdrawal date will receive a grade of XF.

When a student has exceeded the absence limit for a class due to circumstances beyond his or her control, the student may appeal in writing. The appeal must follow the process detailed in the "Grade Appeals Process" in this catalog. No appeal will be heard after six weeks from the date the student is officially notified that the absence limit has been exceeded.

If a resident student is not attending classes he/she may be required to move out of the residence hall.

ONLINE STUDENTS

Verification of attendance for all online students must be submitted on/before the first day of the 3rd week of the online course. In order to be considered as engaged and "attending" an online course, a student must at a minimum: 1) complete a discussion post or 2) submit an assignment to the instructor. Accessing the material within the learning management system without completing an assessment is not considered attendance in online courses. Faculty are not required to take weekly attendance in online courses.

COLLEGE LEVEL EXAMINATION PROGRAM

The University will grant credit for acceptable scores on the Subject Examinations of the College Level Examination Program (CLEP) in the following areas: American government, American history, American literature, biology (except for biology major, minor, or teaching field), general

chemistry, college algebra, freshman English composition (with local essay), English literature, French, general psychology, introductory calculus, introductory economics, Spanish, western civilization, and introductory sociology. No credit will be allowed for completion of the General Examinations. Go to www.collegeboard.com/student/testing/clep to locate world-wide test centers and test dates. Tests will be administered on the ETBU campus during scheduled times. Application to take tests administered at ETBU is made through the Office of Academic Success. See Appendix for accepted tests and minimum score requirements.

Note: Credit will only be awarded for acceptable scores sent directly from the college board, not as a part of a third-party transcript.

CONFERENCE COURSES

Conference courses are utilized only under extraordinary circumstances in order for the student to meet degree requirements. The conference course should not be used: (a) to bypass fundamental portions of the curriculum, (b) to enhance the GPA, (c) to repeat a previously failed course, or (d) for the convenience of the student. The department chair may recommend a course substitution for a course requirement within the department curriculum in lieu of a conference course.

Procedure:

1. The student must be classified as a senior or a junior to enroll in a conference course.
2. The student's advisor must approve the conference course only after considering all other options.
3. A conference course is permitted only if the following requirements are met:
 - A. A course deficiency is demonstrated upon examination of the student's degree audit.
 - B. There are irreconcilable course scheduling conflicts.
 - C. There is no departmentally acceptable course substitute.
 - D. The course is not offered during the current academic year.
4. A specialized course syllabus, specific to the conference format, must be presented to the student in lieu of the regular syllabus. A copy of the syllabus must be attached to the application.
5. The advisor, instructor, department chair, and dean of the school must approve the application. Approval of the Vice President for Academic Affairs is required if any of the conditions are not met.
6. A fee of \$25 per semester hour will be assessed for the conference course in addition to tuition.

DEFINING AND AWARDED SEMESTER HOURS

The semester hour or credit hour is the measure of assigning credit for academic work at ETBU. This is the amount of work represented in intended student learning outcomes and verified by evidence of student achievement. The determination of the semester hours awarded for courses and the level of credit awarded is conducted by the faculty and academic administration in accordance with the mission and goals of East Texas Baptist University and in agreement with an aggregation of the Carnegie collegiate student hour, related Federal definitions and requirements, and the standards, Commission policies, and guidelines of SACSCOC.

The number of semester hours awarded for courses is established using the Carnegie unit. The Carnegie unit is equivalent to 37.5 hours of student engagement for a C level student per semester hour. Using the established Carnegie unit: A 3-credit hour course will consist of at least 112.5 hours of student engagement. Student engagement is defined as the actual time in the classroom plus time spent on activities related to the course, including non-classroom direct instruction, and outside-of-class work. This broad definition applies to all courses, regardless of course formats, lengths, levels, locations, and modes of delivery, whether traditional classroom, laboratory, online, electronic, private lesson, internship, practicum, independent study, senior thesis, or hybrid.

Practicum, clinical and experiential course credit may be determined by a mix of didactic and/ or field placement hours. While these formats offer flexibility, the principle of one credit hour reasonably approximating 37.5 hours of student engagement is maintained through planned interactions resulting in student academic work and performance as defined by the student learning

outcomes.

ESTABLISHMENT OF CREDIT HOURS FOR ONLINE AND HYBRID COURSES

In hybrid courses that include a face-to-face component, the total class hours are added to the engagement equivalencies for the online portion of the course. In online courses, equivalencies are calculated for all student activities in the course. Recommendations for course engagement hours are listed below: Undergraduate: Engagement hours must be no less than 112.5 and should be no more than 120 hours for a 3 credit hour course. Graduate: Engagement hours must be no less than 112.5 and no more than 150 hours for a 3 credit hour course.

DEPARTMENTAL EXAMINATIONS

Departmental examinations are administered by selected departments for two separate purposes:

Placement Exam

Placement exams are used to determine the appropriate level of instruction for entering students, usually freshmen. This ensures that the student will begin study in the field at the level at which he/she is most likely to succeed. There is no fee for placement exams.

Advanced Standing

A student who has acquired knowledge and skills of a specific course offered by the University (for example, by continuing education, self-study, or experience) may be allowed to take an advanced standing examination.

Procedure for taking Advanced Standing Examinations:

The procedure for the student is as follows:

1. Secure application form from the office of the dean of the school which offers the course exam.
2. Secure approval signature of the chairman of the department in which the course is taught.
(Approval must be obtained fifteen (15) days prior to examination administration.)
3. Secure the approval of the dean of the school which offers the course.
4. If approval has been given, pay the departmental examination fee in the Business Office.
5. Present completed and signed application form and fee receipt to the department chairman and make arrangements for the test administration.
6. Take the test at the agreed upon time and place.

The department chairman will then submit the approved form with the examination results, and fee receipt to the Registrar, who will post credit (if any) to the student's transcript.

Note: No grades will be awarded for successful performance on the examination, but courses and credit hours will be posted to the academic transcript with the designation "CR." These hours are not used in calculation of the grade point average.

DIRECTED STUDY

The directed study course is for an advanced and/or specified study not available in the current curriculum. Seniors or juniors may be allowed to pursue studies which cross departmental lines or to pursue advanced studies in a specific discipline.

Procedure:

1. The student must be classified as a senior or a junior to enroll in a directed study.
2. The student and the advisor jointly propose the directed study by completing the Directed Study Form (available in the Office of the Registrar and the ETBU website).
3. The advisor, with authorization of the department chair, will select a committee of one or two additional faculty members.
4. The project, proposed by the student with direction from the advisor, should include methodology for research and an annotated bibliography.
5. The committee will review the proposal and submit it for approval to the department chair and the dean of the school. Approval of the Vice President for Academic Affairs is required if any of the conditions are not met.

6. Submit the completed Directed Study Form, bearing required signatures and with a syllabus attached to the Office of the Registrar during registration for the semester in which the course will be taken.
7. A fee of \$25 per semester hour will be assessed for the directed study in addition to tuition.
8. The project will be completed and submitted for evaluation by the committee and a grade assigned through collaboration by the committee.

EXPERIENTIAL LEARNING/PRIOR LEARNING ASSESSMENT

Student enrolled in the BAS degree program may earn up to 32 semester hours in Experiential Learning through the Prior Learning Assessment course, GSTU 3301 Introduction to Life and Work. A portfolio is completed and submitted for evaluation and credit is awarded based on the evaluation. ETBU seeks to follow the academic standards of The Council for Adult and Experiential Learning (CAEL).

The following are ETBU policies regarding Prior Learning Assessment for the Bachelor of Applied Science degree:

1. Credit for Experiential Learning will be awarded through the development of a portfolio.
2. The learning must be verifiable and must demonstrate that the student possesses the learning claimed.
3. Students wanting to receive credit for Prior Learning Experience must take GSTU 3301 – Introduction to Life/Work and complete the requirements for the course. Completion of the portfolio is a requirement. The Portfolio Handbook for Experiential Learning guides the course and gives specific requirements for completion of the portfolio.
4. Students must complete the portfolio at least one semester prior to graduation to give adequate time for evaluation and transcript documentation. Evaluation will be completed by subject matter experts for the courses for which credit is being requested.
5. Fees for evaluation of the portfolio are outlined in The Portfolio Handbook for Experiential Learning.
6. Portfolio hours do not count as hours earned at ETBU.

FOREIGN LANGUAGE CREDIT

Students may take the CLEP examination and earn up to fourteen (14) hours of foreign language credit in any language. Students may transfer or CLEP out of languages other than Spanish.

INTERNATIONAL BACCALAUREATE

Students graduating from high schools that offer approved International Baccalaureate programs may request evaluation of their credits. Credit in lieu of college work will be granted dependent on the particular courses taken and grades earned. An official transcript from the student's high school is required for official evaluation. See Appendix for additional information.

MODERN LANGUAGE EXEMPTION

The university enrolls students who may reasonably request exemption from the general education modern language requirement in the Bachelor of Arts degree. A student may request an exemption if he or she completed high school in a language other than English.

A student also may claim exemption based on a satisfactory score on one of these proficiency exams:

- ACTFL-AAPPL – ACTFL Assessment of Performance toward Proficiency in Languages (Arabic, Chinese, French, German, Portuguese, Russian, Spanish)
- SAT Subject Tests (Chinese, French, Hebrew, German, Italian, Japanese, Korean, Latin, Spanish or German)

Application for exemption must be made to the Department of Languages and Literature.

REPEATING COURSES

Students may repeat courses for two reasons:

1. To raise a previously earned grade, or

2. To earn additional credit.

Note: Only certain courses may be repeated for additional credit and in most cases will only apply as elective credit. Students should consult the course description to determine if the course is repeatable for credit.

SPECIAL TOPICS COURSES

These courses may be offered at any level, though they are most generally junior and senior level courses. They represent a course not in the usual curriculum, typically an experimental course or an area of specialized interest to a group of students. These courses may range from one to six (1-6) semester hours. Although they are not listed in the catalog, they are designated on the course schedule using a 7 as the third digit in the course number.

TRANSFER CREDIT

The University accepts academic work from institutions listed in the [Higher Education Directory](#)[®] for coursework that is comparable to ETBU's curriculum in level and nature and for which the student earned satisfactory grades. The Office of the Registrar will consult with the appropriate Academic Chair or Dean for questions of course content or applicability.

For institutions of higher education not listed in the [Higher Education Directory](#)[®], as well as course work from technical and vocational institutions, the student must furnish sufficient information that the appropriate academic department can evaluate the course work.

1. All transfer work will be evaluated on a course-by-course basis in terms of:
 - a. Collegiate level work.
 - b. Comparable to ETBU curriculum in level and nature.
 - c. Appropriateness for application to an ETBU degree.
2. No grade will be changed.
3. Transfer work with grades that would cause the student to be placed on probation will not be accepted. (Such courses may not be transferred in a later semester even if the student's GPA improves.)
4. In the case of multiple transfer courses, only those courses relevant to the degree plan and which do not place the student on probation will be accepted.
5. No student may transfer more than 16 hours to ETBU post-matriculation.
6. No student may transfer hours during his/her last semester at ETBU.

PROCEDURES FOR ENROLLED STUDENTS

Courses to be applied in the general education portion of the degree. The student must complete all of the following:

1. Complete and submit to the Registrar's office a Permission for Course Transfer form (available on-line or through the Office of the Registrar) **before** enrolling.
2. Make certain the course will meet the general education requirements specified for the student's declared major.
3. Submit official transcripts to the Registrar's office upon completion of the course.
4. Total enrollment must not exceed eighteen (18) semester hours if enrolling for transfer courses anytime during the fall or spring terms (or 7 hours in short terms) without obtaining permission (see Academic Load policy).

Note: The general education requirements for each major are specified in the departmental sections of this catalog. A student's declared major is the basis of the degree audit for graduation. It is the student's responsibility to ensure the declared major is accurate and his/her degree audit current.

Courses to be applied to any major, minor, or teaching specialization requirement. The student must complete all of the following:

1. Secure a "Permission for Course Transfer" form (available on-line or through the Office of the Registrar).
2. Provide transfer course/institution data and present to appropriate department Chair or Dean for a signature of approval.
3. Submit completed form with signature of approval from department Dean or Chair to the Office of the Registrar.

4. Once permission is granted, enroll for the course.
5. Submit official transcripts to the Office of the Registrar upon completion of the course.
6. Total enrollment must not exceed eighteen (18) semester hours if enrolling for transfer courses anytime during the fall or spring terms (or 7 hours in short terms) without obtaining permission (see Academic Load policy).

Note: Courses to be applied in the major, minor, or teaching specialization may not be taken Pass/Fail.

Courses to be used as elective credit. The student must complete **all** of the following:

1. Secure a "Permission for Course Transfer" form (available on-line or through the Office of the Registrar).
2. Complete the form and submit to the Office of the Registrar.
3. Once permission is granted, enroll for the course.
4. Submit official transcripts to the Office of the Registrar upon completion of the course.
5. Total enrollment must not exceed eighteen (18) semester hours if enrolling for transfer courses anytime during the fall or spring terms (or 7 hours in short terms) without obtaining permission (see Academic Load policy).

Note: Failure to complete any of the above may be basis for denial of transfer credit.

PROGRAMS AND SERVICES

ACADEMIC SUCCESS

The Office of Academic Success serves the individual needs of students to help them overcome obstacles and ultimately graduate from ETBU. Complementing the efforts of the teaching faculty, students are served through a personalized and structured approach.

ACADEMIC CENTER FOR EXCELLENCE (ACE)

The Academic Center for Excellence (ACE) provides assistance to students who need additional academic support with General Education courses. The goal of ACE is to help students become independent learners. Individual tutoring is available as well as special study sessions for scheduled course exams. Seminars are offered to assist students with study skills such as test taking, note taking, memory tricks, organization, and more. A tutoring scheduling website is also offered at www.etbu.edu/ace.

ACCOMMODATIONS FOR DISABILITIES

ADMISSION

When seeking admission to East Texas Baptist University, a student with a disability should be aware of the admission standards. The standard admissions criteria also apply to students with disabilities who are interested in attending. Extended time ACT and SAT test scores will be accepted. Disability will not enter into the admissions decision.

ACADEMIC PROGRAM

East Texas Baptist University has no specific programs for students with disabilities. The appropriate academic support, deemed reasonable and necessary by law, will be provided to students with documented disabilities that have been accepted according to the university's admissions criteria. The student must understand that academic standards at East Texas Baptist University are rigorous.

A student may be considered unqualified for admission to a program if his/her disability would require individualized supervision or the lowering of program requirements. No modifications will be made and no substitute courses will be accepted if they would fundamentally alter the nature of the educational program. A requirement that is essential to a degree will not be waived.

FINANCIAL AID

All financial aid including federal, state, or private grants; scholarships; and loans will be administered without discrimination to any student, regardless of disability, who is admitted to East Texas Baptist University. The amount of financial aid may be affected by the reduced course load of any student, including that reduction which learning disabled students may require.

SELF-IDENTIFICATION

Students enrolled in an institution of higher education are required to self identify if they would like to request academic support services on the basis of a disability. East Texas Baptist University encourages a student with a disability to self identify after admission and provide required documentation along with a completed request for accommodation(s) to the Office of Academic Success. Through self-identification and the utilization of appropriate academic services, it is assumed that academic progress must be made.

DOCUMENTATION

Students are required to provide documentation of a learning or physical disability prior to the provision of academic support services or facility adjustments if they are requesting accommodations. In order to allow time for reasonable accommodation(s) and adequate coordination of services, the student is requested to provide documentation 60 days prior to the beginning of the initial semester. Documentation may be submitted at any time, but a late submission may delay approval of accommodation(s).

In the case of a medical disability of mobility, sensory, health, or physical limitations, a complete medical report and formal diagnosis from a physician is necessary. A student who wishes to identify himself or herself as having a disability must provide documentation of the disability from an appropriate licensed and qualified health professional. The documentation should specify the diagnosis and any recommended accommodations. The documentation should be dated within the past 3 years unless the disability is of a permanent nature.

ACADEMIC SUPPORT

After appropriate documentation has been provided to the Office of Academic Success, the Disabilities Accommodations Committee meets to consider and authorize accommodation(s). Accommodations will be determined on an individual basis dependent upon documented need for services and the university's assessment of the individual's need as related to his or her academic program. These services may include liaison with faculty members, promotion of self-advocacy skills, and securing appropriate classroom accommodations. Study skills guidance and tutoring for some courses are also available. Medically excused students with a physician's letter may take KINE 1109, Restricted Activities, to satisfy the requirement for KINE 1238. Course details are listed under "Activity Courses" in the course section of the catalog.

At the student's request and upon receipt of a signed consent form, the appropriate faculty will be notified of specific accommodation(s). The student will then meet with his or her instructors to discuss the accommodation(s). If a student's request for accommodation(s) should change, it is expected that the student will complete and submit an update form in a timely manner.

Reasonable accommodation involves a level of shared responsibility, cooperation, and communication among faculty, staff, and students in order to ensure academic integrity and provide equal educational opportunities for students with disabilities.

If the university determines that a student should receive academic auxiliary aids and services, based on the university's determination of accommodations related to the academic program, the student will be required to apply for state and/or federal funds for which they may be eligible and to reimburse the university for expenses incurred. Examples of those sources include but are not limited to the Texas Rehabilitation Commission, the Texas Commission for the Blind, or the Veterans Administration.

ADULT EDUCATION

The Adult Education program at East Texas Baptist University is designed for nontraditional students who wish to finish their undergraduate degree in a Christ-centered environment with academic integrity. This program recognizes that nontraditional students will need to balance their educational goals with family, work, and other life events. The Adult Education program offers Bachelor of Applied Science (BAS) majors as well as the Clinical Lab Science (CLS) major. Online and/or on campus learning options are available.

Additional BAS Information:

1. BAS students must be a minimum of twenty-four (24) years of age before matriculation to the University.
2. BAS students may earn course credit through the development of a portfolio based on learning in prior work experience (PLA: Prior Learning Assessment), individual and other types of study, and prior academic experience. This option will help nontraditional students finish a degree in a shorter time frame than most traditional programs.

Additional CLS Information:

1. CLS students must have an associate degree in medical technology or medical/clinical laboratory science, or be a graduate of a military medical laboratory program.

ALLIED AND PRE-PROFESSIONAL HEALTH PROGRAMS

The allied and pre-professional health program provides advising to assist students in completing necessary pre-requisites for admission into professional schools while satisfying requirements for graduation from East Texas Baptist University. Dr. Catherine Cone serves as the advisor for this program and is available to assist students in preparing for their career path. Since the various professional schools have different requirements for entrance, pre-professional students should familiarize themselves as soon as possible with the requirements of their chosen school. Program website and contact information as well as suggestions for pursuing a career in the health professions are available on the Pre-Professional Health Programs page of the ETBU website.

INTENSIVE ENGLISH PROGRAM

The Intensive English Program (IEP) prepares non-native speakers of English for successful study in academic courses. Enrollment in English for Speakers of Other Languages (ESOL) courses is open

to degree-seeking and non-degree-seeking students. The Office of Global Education and its Director coordinates the IEP with cooperation and support of the Department of Languages and Literature.

All IEP students must take the Michigan English Placement Test (MEPT) upon entrance to the program and again at the end of each semester. All IEP students will enroll in an ESOL Writing course at the appropriate level, ESOL 0151 Culture and Study Skills, and any additional ESOL courses as deemed necessary by the IEP Director.

For further information about the IEP and its courses, refer to the Office of Global Education.

OFFICE OF GLOBAL EDUCATION

The Office of Global Education provides programs, services, and activities to meet University goals which are of a global or international nature.

The Office promotes cultural diversity and helps prepare ETBU students to successfully study, live, and/or work in global markets and societies. The Office also promotes and coordinates study abroad opportunities and facilitates selected exchange programs.

The Office of Global Education recruits, screens admission for, and meets various needs unique to foreign students and scholars. Specific services provided by the Office include:

1. Advice and assistance in all matters related to international students' and individual visiting scholars' status as non-citizens of the United States.
2. New international student/scholar campus and community orientation.
3. Supervision of the Intensive English Program (IEP).
4. Initial academic advising for international students.
5. Activities that help international students/scholars share their home culture with the ETBU and local community.
6. Assistance for internationals as they relate to other campus and community offices, agencies, and organizations.

GLOBAL STUDY AND SERVE

East Texas Baptist University makes international study experiences available to all students. ETBU provides short term travel-study courses, in many countries around the world. Students may study Shakespeare in England, nursing in the jungles of South America, or business in a large Asian city. Students desiring more information should consult their advisor or the Office of Global Education.

TESTING SERVICES

A number of required tests are scheduled and administered by the Office of Academic Success. Those administered at ETBU include the National and Residual ACT, and the College Level Examination Program (CLEP). Students are encouraged to come by for information or to schedule an examination. Students with Disability Accommodations that require extended time or testing in a different location coordinate the scheduling of exams through this office as well.

UNIVERSITY HONORS PROGRAM AND PROJECT

The mission of the ETBU Honors Program is to provide a tight-knit community of scholars in pursuit of the Christian intellectual life through the pairing of academic rigor with informed reflection for thoughtful engagement with the world. We accomplish our mission with a two-phase academic program that provides students with a minor complementary to any major field of study offered at the university. During their first and second years, the "Inheritance" phase, students are immersed in a rigorous study of the Western intellectual tradition, framed by Christian faith, from antiquity to the present. During their third and fourth years, the "Investment" phase, students embark on an in-depth research project on a topic of their choosing, under the supervision of a faculty member in their major.

ADMISSION TO HONORS PROGRAM

Incoming freshmen are considered for acceptance into the Honors Program after they have completed an application that asks for high-school GPA, standardized test scores, a teacher recommendation, and a 500-word essay explaining why they would be a good fit for the program. In addition to a favorable recommendation and essay, students must have a minimum GPA of 3.8 (on a 4.0 scale) and the following minimum test scores: a combined score of 1210 on the Evidence-Based Reading and Writing + Math sections of the SAT or a composite ACT score of 25.

Currently enrolled students and transfer students with fewer than sixty (60) credit hours may

be accepted into the Honors Program after they have completed an application that asks for their university GPA, a faculty recommendation, and a 500-word essay explaining why they would be a good fit for the program. In addition to a favorable recommendation and essay, students must have a minimum university GPA of 3.5.

Students with sixty (60) credit hours or more are discouraged from declaring the Honors minor; however, they are welcome to participate in the community life of the program, and they may still complete an honors project, contingent upon meeting the requirements.

Honors Projects

Students who are not Honors minors may complete an honors project, if they satisfy the following criteria:

1. Completed sixty (60) credit hours by the beginning of the first semester of the project.
2. Completed six (6) hours in their major area.
3. Maintain an overall GPA of 3.5 and a GPA in their major of 3.75.

Students who successfully complete the honors project, but who are not Honors minors, also graduate “With Distinction,” receiving a stole at Commencement from the faculty member that supervised their project.

Students with an Honors minor must maintain an overall minimum GPA of 3.5 per semester. Students who fall below a 3.5 will have a one-semester probation to improve their average; if they fail to raise their average, they will be required to switch their minor.

Recognition at Graduation

- Students who complete the Inheritance phase of the program but not the Investment phase will not be recognized as graduating with an Honors minor or “With Distinction.”
- Students who complete the Inheritance and Investment phases of the program, but whose honors projects are not passed by either the project committee or the university honors committee, may still graduate with an Honors minor but not “With Distinction.”
- Students who complete the Inheritance and Investment phases of the program, and whose projects are passed by both committees, will graduate “With Distinction.”

DEGREE REQUIREMENTS

GENERAL REQUIREMENTS FOR BACHELOR'S DEGREES

1. Completion of a minimum of one hundred twenty (120) semester hours.
2. Completion of general education, major, and minor (if applicable) requirements as listed for the degree sought.
3. Completion of English 1301 and 1302 with a grade of C or higher.
4. A minimum cumulative GPA (Grade Point Average) of 2.0.
5. A minimum grade of "C" on all courses in the major, minor, departmental core, and concentration (if applicable) except the University Studies major (see specifics in University Studies degree requirements).
6. Satisfaction of advanced hour credit requirements in all categories.
 - A. A minimum of thirty-nine (39) advanced hours in the degree of which a minimum of thirty-three (33) must be earned at ETBU.
 - B. A minimum of twelve (12) advanced hours in the major earned at ETBU.
 - C. A minimum of six (6) advanced hours in the minor earned at ETBU.
 - D. Portfolio hours do not count as hours earned at ETBU.
7. Completion of required chapel/assembly credits.

CHAPEL/ASSEMBLY CREDIT REQUIREMENTS

Chapel credit must be earned every semester a student is enrolled in 12 or more hours.

ACTIVITY COURSE REQUIREMENTS

With the exception of KINE 1164 and KINE 1238, activity courses, when repeated, do not replace previous grades, but rather count toward the total hours for degree requirements.

A maximum of eight (8) semester hours of physical activity classes (including KINE 1164 and KINE 1238) may be applied to the hours required for graduation.

Military veterans may receive up to two (2) semester hours of physical activity credit. Such credit will be granted by the Registrar upon presentation of the DD 214 or AARTS/SMARTS transcript (*Refer to the "Armed Forces" paragraph in the Academic Policies section*).

ADDITIONAL BACHELOR'S DEGREES

A student who has earned one bachelor's degree may receive a second bachelor's degree from East Texas Baptist University by:

1. Completing the general education requirements for the second degree,
2. Selecting and completing a major in a field not used as a major or a minor in the first degree,
3. Selecting, with the advice of the major professor, and completing a related minor not used as a major or a minor for the first degree, and
4. Completing a minimum of thirty (30) semester hours at ETBU after receiving the first degree.

CATALOG REQUIREMENTS

Students may choose to meet requirements under any catalog effective while enrolled. Students planning to complete requirements for a degree under any catalog other than the one effective at the time of initial enrollment (or re-entry) should inform their advisor and seek an updated degree audit reflecting catalog changes.

DOUBLE MAJOR AND MINOR POLICY

Students pursuing double or multiple majors/minors must consult closely with their assigned advisor as well as the department chair of all other majors/minors sought. A student may complete two majors within a single bachelor's degree, provided the requirements of both majors are satisfied and the approval of the department chairperson or chairpersons is obtained. If one major leads to one bachelor's degree and the other to a different degree, the student will select one or the other degree at the time the degree plan is filed. Only one degree title will appear on the student's transcript and diploma.

The University Studies major may not be combined with any other major.

COURSE WORK MEETING MULTIPLE REQUIREMENTS

Courses may satisfy multiple curriculum requirements, but semester hours count only once.

MAJORS AND MINORS

A major is required for graduation with any baccalaureate degree. (The major is the specialized and concerted study in a particular discipline.) A major requires a minimum of thirty (30) semester hours. To complete a major, students must complete twelve (12) advanced hours at ETBU.

Most degrees require a minor or allow for a second major, (see departmental sections for specific requirements). A minor requires a minimum of eighteen (18) semester hours. Students should select one or more minors as an opportunity to complement their chosen major. Minors may prepare the student to apply their major to a particular interdisciplinary, ministry, cultural, or vocational setting. Minors may open future opportunities in ministry, or career advancement, or to pursue graduate study. To complete a minor, students must complete a minimum of six (6) advanced hours at ETBU, unless otherwise specified.

Grades of “C” or above are required for all courses which count toward a major (except University Studies, see University Studies Major for details) or minor. Majors and minors may be declared in the same department but must be in different disciplines.

PROCEDURE FOR AWARDING OF DEGREE

Degrees are awarded at least four (4) times a year (fall, spring, early and late summer) when all degree requirements have been completed. Participation in the commencement ceremony is optional. In order for the degree to be awarded, the student must have completed the following by the date listed in the University Calendar at the front of this catalog:

1. Submitted an application for graduation before the published deadline.
2. Satisfactorily completed all chapel requirements.
3. Satisfactorily completed all course and curricular requirements.

PROGRAM CHANGES

It is sometimes necessary or appropriate, due to professional standards or judgment, for the University to change the terms and/or requirements of the programs offered. The University retains the right to terminate or change any of its policies, programs, major requirements, course offerings, class schedules, teacher assignments, and any or all aspects of its educational and co-curricular programs at any time without prior notice. Departments are authorized to update, for all enrolled students, those approved requirements within a program which are considered necessary for meeting professional standards or requirements of various accrediting agencies.

READMITTED STUDENTS

Students not enrolled in the institution for two or more consecutive long semesters are considered to have departed the institution, must apply for readmission, and may be allowed to complete academic requirements in effect at the time of departure. Depending on the major, students may be required to meet new catalog requirements; however, the six year time limit to complete the degree still applies.

Veterans who leave the university to perform military service of 5 years or less will be readmitted with the same academic status as when last in attendance at the institution. Veterans must notify the Admissions Office and the Registrar’s Office if they are returning to the university from military service. Veterans may consult http://www.naicu.edu/docLib/20081016_HEA101-veteransreadmission.pdf for additional information.

TIME LIMIT FOR ALL DEGREES

Students may choose to graduate under the catalog in effect during the first semester of enrollment or any successive catalog. All catalog provisions expire after six years. Students unable to complete all requirements within the six-year time limit must choose to graduate under a successive catalog.

CURRICULUM REQUIREMENTS

GENERAL EDUCATION STATEMENT

The general education requirement for all degrees offered by East Texas Baptist University is designed to help students begin to develop skills in:

- Information Literacy
- Critical Thinking
- Communicative Fluency
- Quantitative Reasoning
- Biblical Foundations
- Scientific Reasoning
- Personal Wellness

to support continued study in a variety of majors.

Furthermore, the general education requirement fosters development of a liberal arts foundation. The liberal arts as endorsed at ETBU include exposure to and experience in a prescribed variety of disciplines. These courses do not merely focus on skills, techniques or procedures specific to a particular discipline, occupation or profession but rather provide the opportunity for the student to be broadly educated and to see connections between and within disciplines. Students will begin to understand and apply concepts from the natural sciences, health and wellness, and the fine arts as well as applying skill sets in information literacy, quantitative reasoning, biblical foundations and communicative fluency in courses from across the curriculum.

TEXAS GENERAL EDUCATION CORE CURRICULUM

Public colleges and universities in Texas participate in the “Texas General Education Core Curriculum.” Students who enroll at a Texas public university or college have degree requirements which include a general education core curriculum. Every public institution in Texas has a Core, which is designed to provide a solid foundation for a college education and make transfers between and among Texas institutions of higher education as smooth and seamless as possible.

ETBU voluntarily participates in this initiative to facilitate transfer. All core requirements met through the Texas General Education Core Curriculum are transferable to ETBU in the following categories:

- English—Composition and Literature
 - 010 - Communication (English rhetoric/composition) will also include sophomore level literature from 040 Humanities
- Speech Communication
 - 011 - Communication (1311, 1315, or 1318)
- Mathematics and Sciences

020 - Mathematics (logic, college algebra-equivalent or above)

030 - Natural Sciences

Fine Arts

050 - Visual/Performing Arts

Music and other Fine Arts courses

History

060 - U.S. History world or other history courses

Social Sciences

070 - Political Science

080 - Social/Behavioral Science

Electives

ETBU has additional general education requirements as listed in the catalog. Please also note that some departments may have additional specific courses which serve as prerequisite or foundational courses for the major.

Consult <http://statecore.its.txstate.edu/> for more information on the Texas Core Curriculum.

Consult the ETBU Catalog, <https://www.etbu.edu/info-for/current-students/academic-catalogs>, your academic advisor, or the Registrar's Office if you have questions.

MINORS

American Studies

The minor will provide students an interdisciplinary approach to the study of historical, literary, social, religious, and political themes dominant in United States culture. The minor will allow students to choose courses related to personal interests and professional needs.

Applied Statistics

The minor in applied statistics will support a major in such fields as business, biology, kinesiology, psychology, and sociology. In addition, it is likely that students with a minor in applied statistics will be attractive to industry and graduate programs.

Biblical Languages

This minor provides students an opportunity to enhance their knowledge of the Bible through an intensive and rigorous study of Hebrew and Greek.

Biology

The minor provides a solid foundation in biology and to complement a student's major. It will allow students to prepare for many different types of vocations.

British Studies

The minor will provide students a broad foundation for understanding Britain, the Isles, the Empire, and the global influence of British institutions, culture and the English language during the colonial, post-colonial, and devolutionary periods.

Business Administration

The business administration minor is for non-business majors only and is not available for business majors. This minor will focus on the theory of business administration and the fundamentals of how businesses function and operate.

Chemistry

The minor will provide the student with exposure to the four major divisions of chemistry: inorganic, organic, analytical, and physical. This minor should prove particularly attractive to those considering a career in the health professions, environmental work, manufacturing, and oil/gas business. A basic understanding of chemistry is widely desired throughout corporate America.

Children and Discipleship Ministry

This minor provides students and opportunity to enhance their knowledge and skills in the areas of Christian leadership, lifespan development, children and family ministry, ministry design, and Christian teaching.

Counseling

The counseling minor provides a survey of the major theories of counseling and introduces students to the skills and practices essential to the process of facilitating change in human thought, emotion, and behavior.

Criminal Justice

The purpose of this minor is to stimulate thinking about the nature of justice and just relations within society, and to introduce students to the field of justice administration which includes, but is not limited to, law enforcement, corrections (court, prison, and parole), legal assisting, court administration, private security, and juvenile justice.

Economics/Finance

The Economics/Finance minor requires a business core curriculum that provides the student with a common body of business knowledge. It is anticipated that Economics/Finance minors will gain sufficient training in methods of economic and financial analysis for the development of skills that can translate directly into entry-level positions in economics or financial career tracks.

English

Students pursuing a minor in English can select from a variety of courses intended to increase their appreciation of literature, enhance their understanding of language, and sharpen their writing skills. An English minor is an excellent complement to majors in such fields as history, speech, theater, business, and religion.

Faith Development

This minor will enable students to understand how psychological development, within specific social, familial, and religious contexts, can deeply influence a person's capacity for faithful relationships with self, with others, and with God. Integral to this study is the investigation of the ways in which crucial developmental factors can be supported, or hindered, by varying forms of religious experience.

Family Studies

This minor is intended to deepen students' understanding of the many ways in which every person both influences, and is influenced by, the system of relationships within their families. A

practical, but in-depth, understanding of family dynamics, child development, and the resources for forging healthy relationships will help prepare students for the challenges of marriage and parenting.

Forensic Science

The minor will prepare students for an exciting career as a forensic scientist. Graduates will be highly qualified to work as an a forensic scientist in a variety of law enforcement agencies. The courses will provide content and skills within those areas in which the student may seek certification by the International Association of Identification (IAI) or other forensic science peer review associations including the Southwest Association of Forensic Science.

Graphic Design

Graphic designers create visual language by hand or using digital tools to communicate concepts that inspire, inform or persuade audiences. Graphic designers develop layouts and production design for an array of purposes including those in the fields of advertising, marketing, public relations, interaction design, user-experience and mobile and desktop publishing, among others. Graphic design students, apart from understanding the theoretical and historical importance of visual communication, learn how to use a wide range of media and tools including both two and three-dimensional illustration, typography, photography and animation.

Health Administration

Health care services are the most rapidly growing field in the United States and is projected to grow even more over the next several decades. A minor or concentration in Health Care administration provides an avenue for those students who want to be a part of the healthcare profession but don't desire to go to medical school or to other specialized allied health training. It makes an excellent complement to majors in Business, Nursing, or many other degree options.

History

The history minor provides opportunities to gain broader historical understanding and to enhance analytical and interpretive skills; thus it complements various majors according to the student's plans and interests.

Honors Program

The Honors Program minor is designed to complement any major field of study offered at ETBU. The purpose of the minor is to provide an intellectual backdrop to students' chosen fields of study; acquaint them with the Western intellectual tradition; give them needed context for study at the graduate level; and equip them with critical thinking, reading, writing, and discussion skills that will prove invaluable in the working world. Students in the Honors Program minor will see that intellectual pursuits are not reserved for those in the academy but have a productive, positive bearing in all vocations

Interdisciplinary Film and Media Studies

This minor is intended to provide students the opportunity to develop a variety of skills that can be used in vocational or avocational work. The structure will allow students to explore and develop skills in various aspects of the discipline. Combining courses from Communication Studies, English, and Theatre Arts will give students a strong background in film study with the opportunity to expand from the required coursework into more specialized elective choices in any one, or all of the disciplines offering courses in the minor.

International Studies

The International Studies minor is intended to facilitate international awareness and knowledge as a useful enhancement to the student's study and experiences in various university majors.

Kinesiology

This minor will enable a student to gain skills that can be utilized throughout a person's entire life in a variety of exercise-related professions. Courses to fulfill this minor's requirements should be chosen with a student's specific occupational needs in mind.

Management

The management minor will prepare students for future training in business careers involving planning, human resources, operations, graduate school, or careers in business management.

Management Information Systems

The information systems minor will prepare students for a role in using computer applications to solve problems in business, industry, and government. The minor will focus on developing cost effective solutions using computer technology.

Marketing

The marketing minor will prepare students for future training in business careers involving sales, advertising, consumer behavior, graduate school, or careers in marketing.

Mass Communication

The mass communication minor will provide students a broad area of intellectual studies that

will prepare them for success in a diverse society of media practitioners. The minor will also allow the student the opportunity to incorporate mass communication courses that will support his/her major program of study.

Mathematics

Students who are majoring in disciplines as diverse as natural or physical sciences, humanities, and social or behavioral sciences may benefit from this minor. It will provide fundamental skills and techniques in mathematics that will support a wide variety of disciplines.

Missions

This minor provides students an opportunity to integrate their chosen career path with a call to missions, and be equipped with the knowledge and skills necessary to be successful in the context of missions.

Music

The music minor is designed to provide a variety of opportunities for students who wish to further their knowledge of and develop their abilities in music. The minor requires only one course in basic music literacy and then provides opportunity for students to select the additional music courses consistent with their interest and musical skills. Courses in musical performance (ensembles and applied lessons) are available as well as courses that compliment other disciplines such as: music education courses (teacher education), music history courses (history, political science, and humanities), music theory courses (mathematics), and music ministry and worship services (religion).

Organizational Communication

The Organizational Communication minor is an appealing alternative to the broader speech communication minor. This minor would focus on communication in organizational settings and as such would incorporate management, marketing, public relations, small group, and public communication.

Photography

The Photography minor focuses on the principles and techniques of communicating information, ideas, moods, and feelings through the creation of digital images. The minor includes courses in digital photography techniques and manipulation. The minor also incorporates the emerging field of Unmanned Aerial Vehicle (drone) photography to prepare students to utilize photographic techniques on ground and in the air.

Political Science

This minor fosters the understanding and appreciation of political science and examines the significance and influence of politics. The minor program also provides the foundation for further studies in American government and politics, constitutional law, and international relations, and serves as a useful supplemental program to majors in other disciplines. Associated with studies in political science, the Model United Nations program provides students the opportunity to apply their learning to debates on international relations issues.

Pre-Law

The Pre-Law minor is an interdisciplinary plan of study designed to promote critical thinking, equip students with skills in argumentation and debate, and help prepare students for the challenges of law school.

Psychology

In this course of study, students are introduced to the schools of thought, and the methods of study used by psychologist to understand, predict, and control the enormous variations that are possible in human behavior.

Public Relations

The interdisciplinary minor in public relations will provide students with the knowledge and skills to prepare them for positions in the public relations industry. Professionals in the public relations field find employment in industry, business, entertainment, corporations, sports organizations, nonprofit groups, school districts, universities, hospitals, government agencies, religious institutions, the military, and many other organizations in our society. Students with a variety of different majors could find a significant benefit from the public relations minor.

Religion

This minor is intended to assist students in the creation of a broad-based theological foundation for the expression of their life and faith. The flexibility of this minor allows for all students to reflect theologically upon and strengthen their own interests, gifts, ministries, and lifestyles, and to enhance their own chosen majors.

Social Sciences

The interdepartmental minor provides a general background in the social sciences. The minor

can supplement the student's preparation for various careers, including Christian ministry, social work, business, and civic leadership.

Sociology

This minor is intended to help students better understand the groups to which they belong. Students may select courses and explore their own interests in understanding the nature of group development, group structure and collective behavior.

Speech Communication

The speech communication minor is designed to allow the student the opportunity to incorporate communication courses that will support his/her major program of study.

Speech Pathology

Speech-language pathology is a unique profession with roots in both education and health. Speech-language pathologists evaluate and treat speech, language, cognitive, voice, swallowing, fluency, and related disorders of communication. They may also work with individuals who are hearing impaired or those who have oral-motor problems that cause speech, eating, and swallowing difficulties resulting from neurological compromise. The minor prepares students for a graduate program in Speech-Language Pathology.

Theatre Arts

This minor introduces the student to the principal areas of theatre. It offers the opportunity to develop skills and gain knowledge in theatre and utilize it as an adjunct to a variety of other fields including communications, ministry, and teaching. Students who enjoy theatre for the sake of the art are encouraged to minor in theatre as well.

Worship Arts

This minor provides students the opportunity to develop a variety of skills in worship leadership. Its course options focus on the work of the audio technician and media personnel in worship leadership; however, those who have an interest in music leadership but who are not music majors are encouraged to pursue this minor. The program provides a diversity of course options to facilitate in each student's area of interest and to provide flexibility for students in scheduling classes each semester.

Writing

This minor will provide the student with advanced written communications skills that can be used to support his/her chosen major or profession. The minor draws on courses from English, Communication, Computer Science, and Theatre.

Youth and Discipleship

This minor provides students an opportunity to enhance their knowledge and skills in the areas of Christian leadership, lifespan development, youth and family ministry, ministry design, and Christian teaching.

FRED HALE SCHOOL OF BUSINESS

SCHOOL OF CHRISTIAN STUDIES

Committed to equipping students who are preparing for vocational or dual-vocational ministries, the Christian ministry faculty seeks to encourage and challenge—both spiritually and academically—those students who have responded to the divine call into Christian ministry, to prepare students for additional graduate studies, and to equip students to serve as pastors, youth ministers, education ministers, missionaries, professors, and other positions of Christian leadership. Students will be given the opportunity to develop their skills in biblical interpretation, display analytical and reflective thought, and integrate a Christian worldview into their life and ministry.

CHRISTIAN MINISTRY

DR. JOHN L. HARRIS

Dean, School of Christian Studies

Chair, Department of Religion

The faculty of the Department of Religion welcomes students into a community of learning, rigorous scholarship, academic freedom, ministry, and service. As a part of the historic and long-standing service to the foundation curriculum of East Texas Baptist University, the faculty seeks to lead students to a mature understanding of the Bible and the development of a Christian worldview. Through teaching, mentoring, and advising, students will be given the opportunity to gain a basic knowledge of God's word, to reflect upon its theology, and to apply it personally and professionally.

Committed to equipping students who are preparing for vocational or dual-vocational ministries, the Christian ministry faculty seeks to encourage and challenge—both spiritually and academically—those students who have responded to the divine call into Christian ministry; to prepare students for additional graduate studies; and to equip students to serve as pastors, youth ministers, education ministers, missionaries, professors, and other positions of Christian leadership. Students will be given the opportunity to develop their skills in biblical interpretation, to display analytical and reflective thought, and to integrate a Christian worldview into their life and ministry.

The general education courses serve to build a solid foundation for educational transformation and are meant to assist students in the exploration and integration of knowledge complementary to their chosen major. In addition, the broad educational curriculum attempts to create a stability and coherency in intellectual experience. By completing courses in a broad-based liberal arts education, students are better equipped to view their studies in the field of Christian ministry in a more comprehensive academic context, thus helping to ensure that students will be well educated, successful, and valuable participants in the rapidly changing global community.

As Christian Ministry Majors, students will have intentional experiences focusing upon the development of identity and Christian servant leadership. Students will participate in such activities as monthly faculty mentoring, monthly meetings with other majors and the Christian ministry faculty, community projects, and learning the principles of Christian servant leadership. These experiences will help provide an environment that will encourage students to mature and present an avenue through which an integration of faith, learning, and service may be expressed.

As part of the process for providing students a high-quality education, a sense of ethics, and a responsible spiritual and social consciousness, the Religion Department Academic Honor Code was formed. As a requirement for continued admission, all Christian Ministry Majors will affirm their commitment, by their signature, to abide by the following code:

Having read the Religion Department Academic Honor Code, I pledge to keep it, avoiding all academic dishonesty and conducting myself in ways that honor God. I will be respectful of others; I will maintain a high level of personal integrity, moral purity, and honor; I will take seriously my academic commitment to God and to those who support me financially and emotionally; and I will seek excellence and professionalism in everything I do.

The complete Religion Department Academic Honor Code, including descriptions of responsibilities and procedures regarding those who fail to uphold the code, can be found at <http://www.etbu.edu/christian-studies/religion-department/honor-code/>

PROGRAM REQUIREMENTS

1. A student must complete all Department of Religion general education courses with a "C" or higher for each course.
2. A full-time student must receive credit for RLGN 1000 for each semester that he/she is a religion major (maximum of eight semesters).
3. A student must successfully complete RLGN 4350.
4. A student must maintain a cumulative 2.25 grade point average (i.e., GPA).
5. A student must have a 2.50 GPA for all coursework within the Department of Religion.
6. If a student falls below the levels listed in numbers 5 and 6, he/she must

retake courses to raise his/her GPA.

7. No student may graduate with a major in Christian Ministry with less than a 2.50 GPA in his/her major courses.

MISSION STATEMENT

Through biblical, theological, and practical study, and through community ministry, the School of Christian Studies undergraduate program seeks to equip men and women to become Christian servant leaders who possess the character, knowledge, and skills necessary to fulfill their calling in the Kingdom of God.

DEPARTMENT GOALS

- To provide an effective learning experience.
- To prepare Christian ministry graduates for ministry by equipping them to be effective ministers in diverse Christian ministries such as pastoral ministry, youth ministry, education ministry, children's ministry, missions, and other positions of Christian leadership.
- To equip graduates to become Christian servant leaders who are community ministry minded, knowledgeable, and critically engaged citizens of the global community.
- To promote a mature understanding of the Bible and the development of the global community.
- To equip graduates with the necessary skills to share the gospel of Christ.
- To encourage religion majors to pursue graduate education.

CERTIFICATE IN MINISTRY (C.I.M.)

In response to the ever-increasing educational needs in Texas, East Texas Baptist University offers the Certificate in Ministry program. This eighteen (18)-semester hour program is designed for anyone who is seeking entry-level preparation for ministry service.

The purpose of the Certificate in Ministry program is to provide a foundational theological education that is geographically and financially accessible to every person in East Texas with the purpose of transforming communities through the strengthening of the local churches.

Eligibility

Any student is eligible for this program of study. No previous educational requirements or admission requirements must be met. Those who desire to continue their study beyond the Certificate in Ministry program at East Texas Baptist University must apply for regular admission and meet all admissions requirements. All courses taken in this program are for academic credit (one academic hour credit for each course) and may be applied to a baccalaureate degree.

MASS COMMUNICATION

DR. COLE FRANKLIN

Chair, Department of Communication Studies

The Department of Communication Studies seeks to provide students pursuing a degree in mass communication with the theoretical foundations and practical knowledge of effective mass communication principles. By balancing courses in journalism and mass communication with history, English, math and other courses outside the department, students gain the broad education necessary for mass media careers.

Students completing a major in mass communication should:

1. Demonstrate a knowledge of mass communication theory and practice.
2. Demonstrate an expertise in a broad range of skills and concepts involving the gathering, editing and presentation of information.
3. Demonstrate a knowledge of the mass media and their roles in society.

The mass communication major course curriculum reflects an integrated, interdisciplinary approach to the study of the ever-changing world of mass communication. The mission of the mass communication major is to provide a broad area of intellectual studies that will prepare students to become ethical and responsible media professionals.

MUSIC

DR. JUSTIN HODGES

Chair, Department of Music

MISSION

The Department of Music provides a diverse program of training in music performance, music technology, music education, worship studies, and other areas of the discipline. It seeks to broaden each student's knowledge of musical practice and to challenge all students to develop and utilize their artistic talents in both secular and sacred contexts as their spiritual service of worship of God and as service to others. Further, the Department of Music prepares students for opportunities to study music at the graduate level in varying areas of specialization and for professional success in vocations in the field and its related fields.

East Texas Baptist University is an accredited institutional member of the National Association of Schools of Music.

The Department offers the Bachelor of Music degree with majors in vocal performance, piano performance, music and worship in ministry, and music education. A Bachelor of Arts music major is also available as preparatory study to graduate work in certain areas of specialty or as cultural enrichment. A minor in music is also offered.

Elaboration of the following materials may be found in the Music Student Handbook.

APPLIED MUSIC LESSONS

Applied music lessons are available in voice, piano, organ, orchestra and band instruments, and guitar. Students majoring in music may elect any one of these, other than string (orchestra) instruments as their performance specialization. Enrollment in applied lessons may be limited in accordance with departmental guidelines.

To receive one (1) semester hour of credit, students must attend one twenty-five (25) minute lesson per week. Applied music students receiving two (2) or more semester hours credit in their concentration study must attend two twenty-five minute lessons or the equivalent per week. Performance and repertoire requirements for the various performance areas and levels of study are detailed in the current version of the Music Student Handbook.

Applied lessons may be taken at the freshman, sophomore, junior or senior level as designated by the first digit of the course number. In addition, students may enroll in one to four (1-4) semester hours of applied study as dictated by the degree structures. Music majors may register for more than two (2) semester hours only with the consent of the applied instructor and the student's advisor. However, only eight (8) hours of lower-division applied study will count towards the program requirement.

All music majors and minors will enroll in applied lesson course numbers designated as counting "for music degree" until their applied lesson curricular requirements are met. Elective applied lessons are reserved for other students, but may be taken by music majors after their applied lesson curricular requirements have been completed.

SECONDARY APPLIED MUSIC STUDY

Secondary applied music study must be completed by all music majors. All music majors with concentrations of voice, guitar, percussion or wind instrument (i.e. non-piano) are required to complete their secondary applied music study in piano. Piano students may choose from the performance areas of voice, guitar, percussion or wind instrument. Each music major program requires three credit hours of secondary applied study to be taken in one hour increments over three semesters. Students are required to begin their secondary applied study at the beginning of their music study as instructed by their faculty advisors. Students are required to pass a course-embedded or juried proficiency exam in order to successfully complete the secondary applied music study requirement.

RECITAL PERFORMANCE

Recital performance is required of all music majors and minors. Students should refer to the current version of the Music Student Handbook for the performance requirements for each level of private study and each separate music major program.

RECITAL ATTENDANCE

Recital attendance is required of all music majors. Students should refer to the current version of the Music Student Handbook for details on the credits system. Students who need recital credit must register for MUSI 1000. Degree requirements are not met until sufficient recital credit appears on the student's permanent record.

ACCOMPANIST AND RECITAL FEES

All students taking applied music lessons in wind instrument or voice will be charged an accompanist fee as indicated in the Departmental Fees portion of the FINANCES section of this catalog. This fee allows each student to work with an accompanist for an adequate amount of time to prepare repertoire and present that repertoire in all required venues (studio class, general student recitals, etc.). Students who are presenting a solo recital must register for the appropriate recital performance course number. This course is a zero-hour course and, therefore, does not require tuition. It does require an additional accompanist fee in order to provide the student with an accompanist for the recital performance and additional rehearsal. This additional fee will be assessed only to those students who require accompanists for the recital.

MUSIC LABORATORY EXPERIENCE

Music laboratory experience is required of all music majors and minors. Though specific music major program requirements may vary, it is expected that all music students continue in ensemble experience throughout the baccalaureate program. (See appropriate degree plans for information.) Each student's ensemble experience must vary in both size and nature. It is recommended that music majors and applied students participate in a large ensemble each semester they are enrolled in the University beyond the required semesters on their degree plan.

MUSIC PLACEMENT EVALUATIONS

All students seeking a Bachelor of Music degree or a Bachelor of Arts degree in music must audition for acceptance into the music program at ETBU. The requirements of this audition are posted on the Department of Music website. The audition will evaluate each student's performance abilities in two performance areas and test their academic competency in music theory. This process will allow the music faculty to place each new student in appropriate theory and performance classes. Any student who does not pass the audition will be required to seek a different academic degree.

RECITALS

Recital courses (MUSI 2030, MUSI 2031, MUSI 2040, MUSI 2051, MUSI 3030, MUSI 3031, MUSI 3040, MUSI 3051, MUSI 4030, MUSI 4031, MUSI 4040, MUSI 4051) allow a student to present a public recital. Students must pass a hearing presented before an adjudication panel of at least three music faculty members 1-2 weeks prior to the anticipated date of the recital. Full details of the recital and hearing requirements are outlined in the current version of the Music Student Handbook.

THEATRE ARTS

The Department of Theatre Arts seeks to prepare students to effectively pursue graduate theatre studies or engage in the professional and/or educational arena from a grounded Christian worldview. Students have the opportunity to perform a wide variety of theatrical genres in various venues and/or work as designers, technicians, and in theatre management. Students will study and apply the practical knowledge of the theatre's historical and theoretical heritage; those pursuing the BSE degree will master the necessary knowledge and skills as outlined in TEKS for all-level education students. The Department seeks to provide each student with an opportunity to experience theatre in professional venues, including, occasionally, international settings. Additionally, the Department presents high-quality performances both on campus and off. By also taking courses in English, History, Religion, Math, and others, the theatre major's liberal arts education will help prepare them for success in a variety of theatre-related professions.

Students completing a baccalaureate program in theatre arts will:

1. Demonstrate an understanding of theatre history, theatre criticism, the body of theory and methods leading theatre to its present form in contemporary society.
2. Demonstrate an understanding of specific practical assignments in the areas of performance, technical theatre production, theatre design, and theatre administration.

The Department offers students the following programs of study: (a) a major or minor in theatre arts, (b) a major in theatre arts with a design and technical concentration, (c) a major in theatre arts with a performance concentration, and (d) a major in theatre arts education with all-level certification.

TEACHER EDUCATION

DR. JOHN A. SARGENT

Dean, School of Education

The Teacher Education Program at East Texas Baptist University provides a comprehensive background of professional education courses designed to prepare future elementary, secondary, and all-level teachers to perform effectively in the classroom setting.

The Texas Education Agency (TEA) establishes teacher certification standards. Any change in these standards must be reflected in East Texas Baptist University's certification requirements. Therefore, any modifications in the state law affecting ETBU certification requirements takes precedence over statements in this catalog.

The current certification levels for teaching certificates include Early Childhood (EC)-Grade 6; Grades 4-8; Grades 7-12; and All-Level.

MISSION STATEMENT

The Department of Teacher Education is responsible for developing a strong program of preparation for prospective public school teachers. The purposes of the department include (1) provide a quality professional preparation program leading to teacher certification in Texas, (2) acquire a strong academic foundation, (3) provide practical applications in diverse populations of their field-based experiences, and (4) promote, develop and practice ethical and professional practices with our teacher education students, as well as the faculty and staff in our teacher education program.

Students completing graduation and certification requirements for the BSE will

1. Understand the teaching process
2. Meet Texas Education Agency Standards.
3. Understand how to develop lessons for the core subject areas or certification area.

FIELD-BASED PROGRAM

The Teacher Education Program and our Advisory Committee are committed to ensuring that all students receive effective, high-level teacher preparation. Components of the field-based program include a full range of experiences with culturally diverse and low socioeconomic students as well as students who have perceptual/physical challenges within the same classroom. Being organized, using common sense, being a good role model, communicating effectively, having the aptitude to be able to teach through using different methods to meet the needs of students related to student data and assessments are important responsibilities our program and professors desire to address. Our students undergo a variety of field-based classroom experiences before their entry into clinical teaching:

- Students seeking certification in grades EC-6 receive a total of 280 hours in various elementary classrooms during their sophomore, junior, and senior years before entry into clinical teaching.
- Students majoring in secondary or all level subject areas receive a total of 75 hours during their junior and senior years before entry into clinical teaching.

The Strategic Action Plan of the department includes the following program evaluation:

1. Performance evaluations using various measures.
2. Successful performance on tests required for all certification candidates.
3. Full appraisal requirements of the state and local district for the program's students.
4. Assessment of learning outcomes - using benchmark process

TRANSFERS

Students who desire to transfer into our program will have a transcript evaluation by the Dean, School of Education to see which courses will be accepted for transfer. In all cases, the university requirements must be met in order to receive a degree from East Texas Baptist University.

Note: A transfer student who has completed a designated certification track in a specific subject area cannot be admitted to our program for the same certification specialization.

CODE OF ETHICS AND STANDARDS FOR TEXAS EDUCATORS

The Texas educator should strive to create an atmosphere that will nurture to fulfillment the potential of each student. Our faculty, staff and our candidates are responsible for standard practices and ethical conduct toward students, professional colleagues, parents, and the community at all times. This code is intended to govern the profession; the Professional Practice Commission shall determine the interpretations of the code. The educator who conducts his or her affairs with conscientious concern will exemplify the highest standards of professional commitment.

- **For Our Student Applicants/Candidates**

The Educator Code of Ethics is introduced and discussed in EDUC 3301. The T.E.A Code of Ethics training modules are incorporated into our requirements for future student coursework, as well as our clinical teaching program, as part of their staff development prior to our clinical teachers completing our program.

- **For our Professors/Supervisors**

The Educator Code of Ethics is shared and addressed with all of our teacher education professors and supervisors annually. The Code of Ethics training link is provided to them as well.

ADMISSION INTO THE TEACHER EDUCATION PROGRAM

Admission to the Teacher Education Program of the University is by application to the chairman of the Department of Teacher Education during the semester in which the student is enrolled in EDUC 3302.

Students who plan to make application for admission to the Teacher Education Program are encouraged to obtain a copy of the admission policy and standards for admission as early as possible to avoid delays in the admission process. Transfer and post-graduate students must satisfy all admission requirements.

Our Advisory Committee and Teacher Education Council may prescribe additional screening procedures to evaluate the emotional stability and/or communication effectiveness of an applicant or other criteria requirements related to admission requirement. A negative TB test is required before initial field experiences are scheduled, as is a satisfactory criminal history check.

TEACHER CERTIFICATION PROCESS:

LEVEL 1: Complete requirements for admission to the Teacher Education Program.

In order to be admitted to the Teacher Education Program, an applicant must:

1. Be classified as a sophomore or higher.
2. Have met the 2.75 GPA requirements (cumulative, in major, minor, and professional development). Have an updated degree audit from the registrar's office on file that reflects most recent grades.
3. The applicant shall have successfully completed, prior to admission, at least:
 - a. A minimum of 12 semester credit hours in the subject-specific content area for the certification sought, unless certification sought is for mathematics or science at or above Grade 7; or

16. Have been admitted by our Teacher Education Council and received an acceptance reply from the candidate to the Director of Student Field Experiences. On receipt - candidate is officially coded as clinical teacher.

CLINICAL TEACHING IN PUBLIC SCHOOLS

In order for a clinical teacher to be placed in the public schools for clinical teaching, he or she must have a cumulative grade point average of 2.75 or higher on all college work and 2.75 in all professional development courses (any course below a "C" will be required to be retaken), AND in the selected teaching field(s) or in the interdisciplinary major must have a 2.75 or better.

Any probation or suspension from the University automatically removes a student from the Clinical Teaching Program. The student, if qualified, may apply for readmission after satisfying all University requirements.

The clinical teaching experience consists of six semester hours and a minimum of fifteen consecutive weeks of all day assignments which will begin during the public school in-service period. Specific criteria for clinical teaching courses will be found in the course descriptions and Clinical Teaching Handbook.

Generally speaking our students are placed into two (2) seven week blocks in two different grade levels and/or districts to give them more opportunities to work with more diverse groups of students and two different school cultures. Our Advisory Committee is given input regarding assignments.

CLINICAL TEACHING SEMINARS

During full-time clinical teaching, clinical teachers are required to meet weekly on Mondays with their university supervisor. Small group seminars will be held outside of regular school hours on our ETBU campus. Attendance, academic tasks required, participation during these meetings will count in the overall grade for clinical teaching. Periodic collaborative seminars are also held at the end of the school day where all clinical teachers meet for important staff development related to topics essential for a beginning teacher regarding: discipline, student rapport, classroom management, working with diverse populations and student needs, lesson planning related to student data, teacher appraisal system, resume development, interviewing skills, tips and resources for the first year teacher to know and utilize.

GUIDELINES FOR CLINICAL TEACHING ASSIGNMENT

The Director of Clinical Teaching, in collaboration with local school districts, principals, central office district personnel will make the teacher assignments – given the following criteria:

- Assignments will be made only with school districts where it is possible for the clinical teacher to attend the required weekly seminar.
- School districts listed on the University’s list of approved districts which have a program that is of a quality nature, and are used in making assignments.
- The class and school have a wide range of activities and program experiences available.
- A cooperating teacher must be a certified teacher, with at least three years of teaching experience –recommended by the principal and/or leadership personnel in the school district with effective classroom management and instructional delivery.
- The Cooperating teacher must agree to work with our clinical teacher and is trained by our Director of Field Experiences regarding his/her roles and responsibilities, prior to or within a week of the arrival of his/her clinical teacher.
- Clinical Teacher requests are considered –but a request outside the school districts listed below will require the passing of all that clinical teacher’s state TExES tests prior to being able to be considered for acceptance into clinical teaching and have a 3.25 or higher GPA overall, in Professional courses, and in their content area. There must also be a hardship need that must be submitted in writing along with the Clinical Teaching application. Additional fees may also be incurred for this request. Our Advisory Committee and Teacher Education Council help provide a voice in the approval for such request.

EARLY CLINICAL TEACHING

If a student enrolled in a teaching program requests to do their clinical teaching the semester before their final semester, they must meet the following requirements:

1. Have successfully completed all of the content hours in their teaching field with required GPA of 2.75 or higher.
2. Have successfully completed all of the professional development courses required by the Department of Teacher Education with required GPA of 2.75 or higher and no Professional course with grade lower than a “C”.
3. Have only electives or non-teaching field courses remaining
4. Have successfully met all of the requirements to enter clinical teaching phase of their program and been accepted into clinical teaching by vote of our Teacher Education Council (TEC)
5. Have met with the Director of Financial Aid to ensure an understanding of the financial ramifications of taking only 6 - 9 hours the semester before their last semester as well as signed the required form stating that they understand these guidelines set forth by the University.

GRADUATION AND CERTIFICATION PROCESS

In order to be recommended for certification, the candidate must:

1. Have passed all state mandated required TExES tests for candidate’s certification specialization.
2. Complete all academic requirements for the degree.
3. Complete all requirements of the Teacher Education Program for ETBU
4. Apply, pay for teacher certificate and apply, pay for, and complete fingerprinting process. (DPS conducts criminal record search of all

certificate applicants.)

5. Anyone seeking a standard certificate as an educator based upon completion of an approved educator certification program may take the appropriate certification examination required at such time as the entity delivering the certification program determines the individual's readiness to take the examination and meeting test approval criteria. (19 TAC 230.21c).

All certification requirements are subject to the TEA standards, rules, and regulations. TEA has the authority to suspend, revoke, or refuse issue of a teaching certificate to person who is convicted of a felony or misdemeanor for a crime which directly relates to the duties and responsibilities of the teaching profession.

TESTING RETAKE LIMITS:

Each candidate can only be given four (4) retries of that same TExES test if their first attempt to take isn't successful. Upon the fourth retry of attempting to pass and not being successful, our education preparation program is required to remove the candidate's ability to take an additional time. (Texas Education Code §21.048) Waiver to test again must be sent by candidate to S.B.E.C.

CRITERIA FOR "READINESS TO TEST":

In order for us to approve a candidate to take the TExES 160 Pedagogy and Professional Responsibilities Test or the EC-6 Core Subjects Test, the candidate must meet the Teacher Education Department's "*readiness to test*" requirements. Those are:

1. Complete Certify Teacher online preparation program.
2. Successful completion of the departmental PPR practice examination.

Candidates receiving content certification at the 7-12 level or EC-12th grade level will have their "*readiness to test*" in their subject area teaching fields determined by their particular departments.

CERTIFICATION AFTER BACHELOR'S DEGREE

Persons with a baccalaureate degree seeking initial certification must (1) meet qualifications for admission to both the University and the Teacher Education Program, (2) meet qualifications for certification, (3) complete a minimum of eighteen semester hours of coursework in residence at East Texas Baptist University, and (4) pass appropriate state-mandated tests (PACT) before they will be recommended for certification. An evaluation fee of \$25 is required for preparation of a deficiency plan. Upon enrollment, this fee will be credited to the student's account. Contact ETBU School of Education for information.

ACCELERATED TEACHER CERTIFICATION PROGRAM (ATCP)

The Accelerated Teacher Certification Program (ATCP) is designed for individuals who have at least a bachelor's degree in a field other than education and have a desire to enter the teaching field. The program offers the possibility of becoming a certified secondary school teacher within one year or less.

TEACHER EDUCATION COUNCIL

The Teacher Education Council (TEC) is comprised of the Dean of the School of Education, appointed full-time faculty members of the Teacher Education Department, and a representative from each department with approved certification programs.

ADVISORY COMMITTEE – UNIVERSITY CONNECTION COMMITTEE

The committee members' purpose is to give our program their views and ideas to help improve or give insight into our program related to the needs of schools and school districts. This committee is comprised of community members, business representatives, Region VII and other institution administrators, principals, university supervisor and ETBU faculty representative. It is chaired by the Dean, School of Education and meets at least twice during the school year.

In the scope of this committee's roles and responsibilities, our members are to be kept informed of any changes or major decisions related to our curriculum or program, be involved in our admissions requirement related to initial admission other criteria for admittance. They are given opportunity to provide input with all our field based courses and program hours. In clinical teaching they will be appraised of all facets of this part of our program including candidate testing, retesting, and testing over time.

ASSESSMENT OF THE TEACHER EDUCATION PROGRAM

An on-going system of assessment is used to determine the quality of the Teacher Education Program through accreditation processes with the Texas Education Agency (TEA). Our Advisory Committee serves to give input on these different sources shared at our final meeting each academic school year.

Outside sources are: Principal Survey, Beginning Teacher Survey, ASEP Scores

Internal (qualitative) sources are: Clinical Teacher/Cooperating Survey, ETBU EPP Survey, University Supervisor Survey, Protocol Survey, Student/Professor Survey, and Program Effectiveness Plan.

APPEALS PROCESS

An appeals process is available to candidates at any stage of the Teacher Education Program including being denied admission into any stage of our program. (Entrance, clinical teaching, and certification)

This appeal must be done in writing and submitted to the Dean of the School of Education.

- This will be reviewed by the Teacher Education Council or Teacher Education Faculty.
- Final Decision will be sent in writing to student/candidate
- If candidate wishes to appeal further, it needs to be done in writing and sent to the Vice President for Academic Success.
- This decision is final.

DEPARTMENTAL STUDENT/CANDIDATE REVIEW PROCESS

When candidates hoping to be admitted into our Educator preparation program (EPP) and candidates who have already been accepted into our EPP - fail to meet our substantive expectations of our university, faculty, or education preparation program - a candidate review process will be initiated. The goal of this review process: is to supply support and supervision in the areas that are being identified as needing growth or correction so the candidate can become successful in being accepted into the program and/or ultimately graduating from our University

Levels of Review

Informal Review – with candidate and faculty member.

Is initiated by faculty member who has concerns- regarding identified student meeting Universities criteria or expectations.

- Faculty member will discuss concerns directly with candidate/student
- Department Head or Dean will be advised of informal review outcome
- Faculty member will supply written documentation of the informal review to be placed in student/candidate's file within 7 days of meeting with candidate & copy will be offered to candidate.

Level One – Formal Departmental Review- with candidate, faculty member and Dean of School of Education

Is initiated when faculty member has sufficient concerns to question candidate's "fitness to teach" and has tried different avenues to provide solution – such as informal meetings.

- An action plan will be discussed and developed and a copy will be provided to all parties
- Candidate will be placed on probationary status until issues have been resolved.

Level Two - Formal Departmental Review- with two members from the Teacher Ed. Committee and Dean of School of Education

If candidate fails to be successful with developed plan or creates additional continuing concerns then:

- Subcommittee will review all documentation
- Candidate and faculty members involved- interviewed individually
- Recommendation made - regarding suitability of candidate continuing in the program
- Sub -Committee will summarize its findings and make written recommendations forwarded to the full Teacher Education Council and Advisory Committee

Final Decision of Review Process

The Teacher Education Council will make a final decision regarding a candidate's suitability and acceptance to continue in our Teacher Education program.

COMPLAINTS/GRIEVANCES

Complaint Process TAC 228.70

(a) Purpose. Texas Education Agency (TEA) staff shall maintain a process through which a candidate or former candidate in an educator preparation program (EPP), an applicant for candidacy in an EPP, an employee or former employee of an EPP, a cooperating teacher, a mentor, or an administrator in a school district, charter school, or private school may submit, in accordance with subsection (c)(1) of this section, a complaint about an EPP for investigation and resolution.

The School of Education policy is to provide an avenue for a candidate, employee, former employee, cooperating/mentor teacher, and school administrator to make an informal or formal complaint when deemed necessary. We encourage the resolution of complaints through timely communication at and near the point of origin in order to be addressed in a timely and effective manner.

- If the complaint is concerning courses offered by School of Education direct your concerns to the professor directly responsible for teaching the course.
- If the complaint is concerning the program/decisions offered by School of Education direct concerns to the Dean of the School of Education.

If party is not satisfied with the outcome of this informal process, then a formal written complaint should be completed and submitted to the office of the Dean of the School of Education within a timely manner. This office will maintain a record of all formal written complaints linked to all Educator Preparation Program components from: applicants, employees, former employees, cooperating/mentor teachers, administrators of schools.

NOTE: The form for this process can be obtained from our School of Education office and is also located on our Teacher Education web page.

Formal Complaint Process

1. Formal written complaint form – completed by complainant including clear description of the complaint, dates connected to cause for complaint, and description of desired outcome or solution.

2. Formal Meeting - within 10 working days – from the written complaint being received, the Dean's office or Department Chair will set up a meeting with: all parties linked to complaint. Copy of form submitted by complainant and outcome will be written and sent to the office of Academic Affairs AND party registering a complaint. Within three working days Office of Academic Affairs will send written acknowledgement of receipt of complaint to the concerned party.

3. If Resolution Has Not Been Achieved: Vice President for Academic Affairs will:

- Try to come to an agreeable conclusion between all parties involved by meeting with them OR
- Assign a special committee or standing university committee to rule on complaint – which if used, will present a ruling on party's written complaint within 30 calendar days of receipt of the complaint form. The Vice President for Academic Affairs will inform in writing (or by email) of the final decision to the following: party filing the complaint, Dean of the School of Education, appropriate Department Chair, and Office of Student Life

If an issue cannot be resolved internally through our complaint process, one may file a complaint with the Texas Higher Education Coordinating Board and/or the Texas Education Agency website at:
http://tea.texas.gov/About_TEA/Laws_and_Rules/NCLB_and_ESEA/Other_NCLB_laws_and_rules/Complaint_Process/

TEA PROTOCOL:

- The violation triggering the complaint cannot have occurred more than one year prior to the date that the complaint is received, unless a longer period is reasonable because the violation is considered systemic or ongoing.
- A complaint is a written allegation that a school, a school district, other agency authorized by a school district or the TEA, or the TEA itself has violated the law in the administration of

education programs.

- A complaint may be filed by an individual, organization or agency if that individual, organization or agency believes an offending entity is violating a federal statute or regulation that applies to an education program

TEC 21.044(e)

The Texas Education Agency’s and our Teacher Education Program’s belief is that it is essential for students aspiring to become a certified teacher in a public school setting be fully aware and educated as much as possible about all facets of the teaching profession – inside and outside the classroom setting- to increase teacher retention rates for Texas.

The following are a listing in compliance with this identified need and when they are shared with our student/candidates –provided by our Director of Field Experiences.

AVAILABLE MAJORS IN SECONDARY EDUCATION

Secondary Major and Minor Certification Plans for Grades 8-12

ETBU students desiring to teach at the secondary school level (grades 8-12) must choose one of the three plans listed below. (The minimum GPA for all majors and minors is 2.75.)

PLAN I

This plan includes one major and no minor. Students must select one of the following majors:

- Mathematics (see Mathematics section)
- Science (see Biology and/or Chemistry section)
- Social Studies (see History section)

Note: See departments for specific course requirements for the major and minor.

PLAN II

This plan requires two academic fields which correspond to certification tests and fields. Students must choose a major and a minor from the following:

Majors

- English (see English section)
- History (see History section)
- Mathematics (see Mathematics section)
- Speech Communication (see Speech Communication section)

Minors

- English (see English section)
- History (see History section)
- Mathematics (see Mathematics section)
- Speech Communication (see Speech Communication section)

Note: See departments for specific course requirements for the major and minor.

PLAN III

This plan requires one major for certification purposes and a minor from any available non-teacher education minor offered by ETBU. (Some departmental minors are not available.)

Majors

- English (see English section)
- History (see History section)
- Mathematics (see Mathematics section)
- Speech Communication (see Speech Communication section)

Note: See departments for specific course requirements for the major and minor.

AVAILABLE MAJORS IN ALL-LEVEL EDUCATION

This plan is limited to one Academic Teaching Field offered by ETBU and prepares students to teach in grades EC-12. The minimum GPA for the Academic Teaching Field is 2.75.

Select one from the following approved teaching fields:

Majors

- Kinesiology (Physical Education - see Kinesiology section)
- Music (Bachelor of Music only - see Music section)
- Theatre Arts (see Theatre Arts section)

SPECIAL EDUCATION SUPPLEMENTAL CERTIFICATION

Students desiring to add a special education supplemental certification to their primary area of certification must take EDUC 3353 Special Education and two of the following four courses. These courses provide the student with the required skills and information to be successful in teaching students with special needs. Students will be eligible to take the TExES supplemental special education certification exam immediately after graduation and the attainment of their primary certification field.

DR. JEANNA WHITE

Director, Writing Program

The Department of Languages and Literature seeks to develop the language skills, composition skills, and knowledge of literature expected of all liberally-educated students. By balancing courses in English with history, psychology, math, and other courses outside the department, students gain the broad education necessary for success in many careers. The department offers (a) major in English wherein students can pursue a specialization in Literature or Writing, (b) a minor in English and Writing, (c) an English major or minor for secondary level certification, and (d) major/minor in English Language Arts, reading specialization for the EC-8 interdisciplinary major.

Students completing the English major will

1. Be proficient in the discipline of textuality.
2. Be proficient in the discipline of intertextuality.
3. Be proficient in the discipline of extratextuality.
4. Use their knowledge and skills for graduate study or occupation.

HISTORY

DR. SANDY HOOVER

Chair, Department of History and Political Science

The department faculty members seek to foster our students' competence and understanding in the disciplines of history, political science, and geography. Thus we emphasize the study of the global human past, the institutions and traditions of law, government, and politics, and the interactions of humans and the environment as understood through geographical study. By balancing courses in history and political science with speech communication, English, mathematics, and other courses outside the department, students gain the broad education necessary for success in many careers.

Students completing a history major should be able to understand, research, write, and analyze history in accordance with recognized research principles, methodology, and processes. Students seeking State of Texas teacher certification must meet or exceed the state minimum criteria on the TExES.

Students completing the History major will

1. Master basic information fluency skills
2. Have a foundational understanding of human history

SCHOOL OF NATURAL AND SOCIAL SCIENCES

The mission of the School of Natural and Social Sciences is to utilize the philosophy and methods of science to promote understanding of how the physical world is composed and related to the properties and behaviors of plant, animal, and human life. Students are challenged to integrate the logic of rational certainty with the logic of faith and conviction

BEHAVIORAL SCIENCES

DR. LAURIE E. SMITH

Dean, School of Natural and Social Sciences

Chair, Department of Behavioral Sciences

Behavioral Sciences is an intersection of the study of the individual and the study of society. It represents an exploration and understanding of the effects of human actions and relationships between individuals in the family, workplace, and society. The behavioral sciences major may be taken on either the Bachelor of Arts or the Bachelor of Science degree and can lead to a broad range of career options, such as caseworker, behavioral interventionist, market researcher analyst, human relations director, and mental health case manager.

MINORS

Students have the opportunity to pursue multiple minors. Students with a behavioral sciences major are encouraged to select a minor from the following list of minors offered by the Department of Behavioral Sciences. Students may also choose a minor to enhance the liberal arts degree from any department in the university.

- Counseling Minor
- Faith Development Minor
- Family Studies Minor
- Psychology Minor
- Sociology Minor

For curricular requirements for each minor, see the Psychology section.

BIOLOGY

DR. ROY DARVILLE

Associate Dean, School of Natural and Social Sciences

DR. SHANNON COX-KELLEY

Chair, Department of Biology

The Department of Biology and Chemistry offers programs of study with a major and minor in biology. A major in biology allows a student to choose one of three specializations: general biology, environmental studies, or human biology. The health science major prepares students to pursue a wide-variety of jobs in the health industry or to gain entry into health-related graduate schools. A composite science major is available for the Teacher Education Program for secondary-level certification. The department also serves other academic disciplines by providing biological knowledge and skills needed in those areas. By balancing courses in biology with English, math, speech and other courses outside the department students gain the broad education necessary for success in many careers.

The department is committed to teaching the fundamental skills and techniques of biology, exploring how biology as a science is a way of knowing about life and instilling a desire for further study in biology.

Students who major in biology will:

1. Demonstrate knowledge of biology concepts and the ability to apply the knowledge.
2. Develop problem-solving skills necessary for the field of biology.
3. Develop technical skills needed for biology laboratories and scientific communication.

CHEMISTRY

DR. ROY DARVILLE

Associate Dean, School of Natural and Social Sciences

DR. MARISSA SMITH

Chair, Department of Chemistry

The Department of Biology and Chemistry offers a major and minor in chemistry. The department seeks to provide students with the knowledge and skills necessary to prepare them for admission to professional schools in the health fields, for admission to graduate study in chemistry, or for careers as chemists in industry.

Students who major in Chemistry will

1. Demonstrate knowledge of chemistry concepts and the ability to apply the knowledge.
2. Develop the skills necessary for the field of chemistry.

CHILD DEVELOPMENT

DR. LAURIE E. SMITH

Dean, School of Natural and Social Sciences

Chair, Department of Behavioral Sciences

The Child Development Major has the following goals:

1. To aid in the professional preparation of students seeking careers that involve working with children, child development programs, and other areas within the field of behavioral sciences.
2. To give basic preparation to students who expect to attend graduate school in psychology or one of the other behavioral sciences.
3. To contribute to the development of the student's ability for critical thinking and capacity for personal reflection.

The Child Development Major may be taken on either the Bachelor of Arts degree or the Bachelor of Science Degree and can lead to a broad range of career options.

CRIMINAL JUSTICE

DR. LAURIE E. SMITH

Dean, School of Natural and Social Sciences

Chair, Department of Behavioral Sciences

Students completing baccalaureate programs in criminal justice should:

1. Demonstrate an understanding of major criminological theories.
2. Demonstrate an understanding of the basic purpose, styles, and current issues related to law enforcement in the United States.
3. Demonstrate an understanding of the structure and purpose of state and federal courts, basic criminal law, and rules of evidence.
4. Demonstrate an understanding of correctional philosophy, operation of prisons and community supervision programs, and issues related to prison life and prisoner re-entry.
5. Demonstrate an understanding of moral and ethical issues related to criminal justice and how the Christian faith applies to criminal justice professions.

The criminal justice major may be taken on either the Bachelor of Applied Science degree, Bachelor of Arts degree or the Bachelor of Science degree and can lead to a broad range of career options in law enforcement and corrections. Required criminal justice courses provide students with foundational competencies in law enforcement, corrections, courtroom procedures, and criminal law. Students can build upon this foundation by completing one of two concentrations focused on preparing them for their future careers in criminal justice. Concentrations include Offender Rehabilitation, designed for those seeking careers in community supervision and offender treatment, and Law Enforcement, designed for those seeking careers as police officers or other law enforcement officials.

MINORS

Students have the opportunity to pursue multiple minors. Students with a Criminal Justice major are encouraged to select a complementary minor from the list below. Students may also choose a minor to enhance the liberal arts degree from any department in the university.

Biology Minor	Chemistry Minor	Counseling Minor
Faith Development Minor	Family Studies Minor	Forensic Science
Political Science Minor	Sociology Minor	

Criminal Justice Minor Requirements

Eighteen (18) semester hours:

CJUS 1301 Introduction to the Criminal Justice System

Two courses (6 hours) from the following:

- CJUS 1306 Courts and Criminal Procedure
- CJUS 1311 Fundamentals of Criminal Law
- CJUS 1313 Juvenile Delinquency
- CJUS 2313 Correctional Systems and Practices
- CJUS 2314 Police Systems and Practices

Nine (9) additional advanced hours in criminal justice

Forensic Science Requirements are listed in the Biology and Chemistry Sections.

MATHEMATICS

DR. ROBIN RUDD

Chair, Department of Mathematics

The Department of Mathematics offers programs of study with a major or minor in mathematical sciences, a major or minor for secondary-level teacher certification in mathematics, and a major for grades 4-8 certification in mathematics.

For students taking mathematics courses, the department is committed to teaching the fundamental skills and techniques of mathematics, developing mathematics as a mode of thought, and encouraging attitudes, habits, and ideals inherent in the study of mathematics, including the desire to pursue further study.

Students completing the Mathematics major will

1. Understand key components of undergraduate mathematics as recommended by MAA and TEA.
2. Have the ability to solve mathematical problems using calculus or techniques learned in applied mathematics courses.
3. Have the ability to construct proofs.
4. Have a broad understanding of mathematics so that they perceive they are prepared for a career or graduate study in mathematics

The mathematics major, in accordance with a recommendation of the Mathematical Association of America (MAA), has been designed to reflect a more applied orientation demanded for today's career opportunities. To provide this more versatile curriculum, the major is designated as "mathematical sciences." The course requirements for the major in mathematical sciences provide preparation for industrial positions, graduate study in mathematics, and a variety of other career options.

PSYCHOLOGY

DR. LAURIE E. SMITH

Dean, School of Natural and Social Sciences

Chair, Department of Behavioral Sciences

The psychology major has the following goals:

1. To aid in the professional preparation of students seeking careers in psychology, counseling or social work, Christian ministry, nursing, business, and law.
2. To give basic preparation to students who expect to attend graduate school in psychology or one of the other behavioral sciences.
3. To contribute to the development of the student's ability for critical thinking and capacity for personal reflection.

The psychology major may be taken on either the Bachelor of Arts degree or the Bachelor of Science Degree and can lead to a broad range of career options. Because career opportunities in some areas of specialization require a graduate degree, it is important for students to take time to examine their interests, values, and goals before embarking on a course of study.

General education courses build and strengthen the verbal and quantitative skills that are the foundation of the psychology major and they provide an essential context for the study of human development and social problems. Recent research has demonstrated that such courses also can be instrumental in increasing a person's capacity for open and flexible thought.

CORNERSTONE COURSE

PSYC 2332, Introduction to Research Methods, is required for all psychology majors. In this course students are introduced to the philosophy and methods of science, which provide the foundation for all knowledge in each of the behavioral sciences. As part of the requirements for this sophomore-level course, students begin to explore topics of interest in preparation for the senior research project.

SENIOR RESEARCH PROJECT

All students with a major in psychology will complete a senior research project. In preparation for the senior project, students first take PSYC 3132, Linking Research and Writing: The Literature Review. This course will review the basics of using APA style and formatting and will help students complete the literature review for required research projects. In PSYC 3310 Advanced Research and Data Analysis and PSYC 4332 Social-Experimental Research, students will develop and conduct research projects intended to replicate or extend previous research findings.

HONORS PROJECT

To be eligible to participate in the Honors Project, leading to graduation with distinction, students in the Department of Behavioral Sciences must earn an "A" grade in both MATH 2316 Data Analysis and PSYC 2332 Introduction to Research Methods. Information describing the Honors Project process is available on the university website.

SOCIOLOGY

DR. LAURIE E. SMITH

Dean, School of Natural and Social Sciences

Chair, Department of Behavioral Sciences

The sociology major has the following goals:

1. To provide marketable skills such as research, planning and evaluation, and grant writing for students planning to enter the work force after graduation.
2. To give basic preparation to students who expect to attend graduate school in sociology or one of the behavioral sciences.
3. To contribute to the development of the student's ability for critical thinking and capacity for personal reflection.

The sociology major may be taken on either the Bachelor of Arts degree or the Bachelor of Science degree and can lead to a broad range of career options.

SCHOOL OF NURSING

The School of Nursing prepares graduates to assume entry level nursing positions in nursing practice in a variety of healthcare settings within a culturally diverse environment and provides a foundation for advanced study in nursing. A strong liberal arts general education rich in natural and social sciences provides the foundational knowledge and critical thinking skills necessary for successful completion of the upper level nursing curriculum and as a beginning generalist in the field of professional nursing.

NURSING

Dr. Rebekah Grigsby

Dean, School of Nursing

The School of Nursing offers a baccalaureate degree with a major in nursing. A strong liberal arts general education rich in natural and social sciences provides the foundational knowledge and critical thinking skills necessary for successful completion of the upper level nursing curriculum and as a beginning generalist in the field of professional nursing. The program prepares graduates to assume entry level nursing positions in nursing practice in a variety of healthcare settings within a culturally diverse environment and provides a foundation for advanced study in nursing. Graduates are eligible to apply to take the examination for licensure as registered nurses as set forth in the Texas Occupation Code and Statutes Regulating the Practice of Professional Nursing.

Upon completion of the nursing program, graduates are expected to:

1. Synthesize and incorporate external evidence (i.e., research/empirical knowledge) from nursing, religion, science, humanities, and other disciplines into nursing practice.
2. Provide holistic nursing care based on knowledge derived from theory, practice (i.e., internal evidence), and research.
3. Utilize a critical thinking process and reflection as a basis for providing evidence-based care for individuals, families, groups, populations, and communities of varying cultures and ethnicities.
4. Collaborate with other health care providers and consumers in promoting health and effecting change in the health care system through the use of technology, evidence-based practice, and Christ-centered care.
5. Demonstrate accountability for incorporating professional, ethical, moral, and legal aspects into nursing practice.
6. Demonstrate accountability for incorporating independent and self-directed learning as a prerequisite for professional growth.
7. Identify and implement nursing roles designed to meet changing health care needs of society, including health promotion, disease prevention, illness care, restoration, rehabilitation, and health teaching.
8. Exhibit competent clinical reasoning and judgment to deliver evidence-based care in structured and unstructured settings.
9. Demonstrate ability to implement appropriate leadership strategies and management competencies as generalists in professional nursing.

The profession of nursing requires practice and application of theoretical concepts. This is accomplished in learning laboratories on campus as well as in various community, primary, secondary, and tertiary health care facilities. Faculty and/or approved registered nurse preceptors employed in these agencies provide supervision. Students will be required to complete background checks and drug screens as required by various clinical agencies.

The School of Nursing does not guarantee that each person admitted to the nursing program will pass all elements of the program or that those graduated from the program with the BSN degree will pass nursing board examinations and/or secure employment as a nurse. Attaining these goals depends upon the degree to which students diligently apply themselves to their studies and upon the economic forces influencing the health care industry.

ACCREDITATION

The Nursing Program is accredited by the Commission on Collegiate Nursing Education and approved by the Board of Nursing for the State of Texas. The Board of Nursing for the State of Texas can be contacted at 333 Guadalupe #3-460, Austin, Texas 78701, or by telephone at (512) 305-7400. The Commission on Collegiate Nursing Education can be contacted at 655 K Street NW, Suite 750, Washington, D.C. 20001, or by telephone at (202) 887-6791.

BSN PROGRAM

ADMISSION AND PROGRAM REQUIREMENTS

Generic Pre-licensure BSN

Applicants to the program must be accepted for admission to the University and must meet program requirements. Further admission and program requirements are available on the ETBU nursing website (www.etbu.edu/nursing/).

The program is four (4) years in length, with the first two (2) years consisting of sixty (60) semester hours of general education and foundational science courses. The last four (4) semesters consist of upper division professional nursing courses. Completion of standardized nationally-normed exams is included in the nursing curriculum.

Required freshman and sophomore general education and science courses are offered at ETBU or may be transferred from another college or university. Transfer of nursing courses will be considered on a case-by-case basis due to variations in content among colleges and universities.

RN-BSN

The RN to BSN program is for graduates of associate degree programs who hold an unencumbered RN license in the state of Texas. The curriculum is designed to facilitate completion of the Bachelor of Science in Nursing (BSN) degree while continuing employment. The program can be completed in 12 months with courses offered in an online format.

Applicants to the program must be accepted for admission to the university and must meet program requirements. Separate application to the nursing program is required after acceptance to ETBU. Before beginning the RN-BSN major courses, the student must complete minimally, 54 hours of general education courses; audit of Associate degree transcript will inform additional prerequisite course requirements. Upon acceptance into the program and verification of an unencumbered Texas RN license, up to 34 hours of advanced credit may be applied toward the Bachelor of Science in Nursing. Additionally, ETBU requires all graduates to complete Christian studies coursework as a requirement for graduation; these courses are listed below. Courses may be transferred from another college or university or taken at ETBU. Transfer credit is granted according to the policy outlined in the University catalog. Further admission and program requirements are available on the ETBU nursing website (www.etbu.edu/nursing/).

DEVELOPMENTAL STANDARDS FOR ADMISSION AND RETENTION

A candidate for the BSN degree must have the following abilities and skills: observation, communication, motor, and behavioral. Reasonable accommodations may be made for some disabilities; however, a candidate is expected to perform in an independent manner.

1. **Observation:** A candidate must be able to observe a patient/client accurately. Examples of observation include, but are not limited to, listening to heart and breath sounds, visualizing the appearance of a surgical wound, detecting the presence of a foul odor, and palpating an abdomen.
2. **Communication:** A candidate must be able to communicate/interact effectively with patients/clients and other members of the health care team to obtain information, describe patient situations, and perceive nonverbal communication.
3. **Motor:** A candidate must have adequate motor function to work effectively with nursing problems and issues and carry out related nursing care. Examples of nursing care include, but are not limited to, ambulating and positioning clients, cardiopulmonary resuscitation; administration of intravenous, intramuscular, subcutaneous and oral medications; application of pressure to stop bleeding; opening an obstructed airway; and provision of client daily hygiene care.
4. **Behavioral:** A candidate must possess the emotional health required for total utilization of his or her intellectual abilities. Candidates need to be able to tolerate physically taxing workloads and to function effectively during stressful situations. They must be capable of adapting to ever-changing environments, displaying flexibility, appropriately interacting with others, and learning to function in situations of uncertainty that are inherent in clinical situations involving clients.

STATE STANDARDS FOR ADMISSION AND RETENTION

The Texas Board of Nursing (BON) has identified certain circumstances that may render a potential candidate ineligible for licensure as a registered nurse in the State of Texas. These circumstances are found on the BON website (www.bon.state.tx.us) under the section entitled Verification and Licensure / Candidates for Licensure / Declaratory Order.

Any student seeking admission to the nursing program will be required to complete the required criminal background check and initiate the Petition for Declaratory Order process if applicable. This process does require a fee payable to the BON if it is determined that a thorough investigation is necessary. Students who are deemed ineligible for licensure by the BON will not be granted admission to the nursing program.

PROFESSIONAL STUDIES

The Frank S. Groner School of Professional Studies partners with students to discover their passion and provide the resources necessary for professional fulfillment.

Research continues to demonstrate the physiological benefits of exercise on the overall well-being of its participants. Our bodies, minds, and spirits are enabled to learn, work, and worship through attaining knowledge and skills related to physical health, fitness, and wellness.

CLINICAL LABORATORY SCIENCE

A.S. to B.S. Program

DR. JOSEPH D. BROWN

Dean, Frank S. Groner School of Professional Studies

DR. COLLEEN HALUPA

*Director, Clinical Laboratory
Science*

A clinical or medical laboratory scientist (formerly Medical Technologist) is an allied health professional who performs chemical, immunologic, hematologic, and microscopic analysis as well as bacterial and cellular identification. A CLS or MLS is differentiated from clinical laboratory or medical laboratory technicians by their advanced knowledge in research methods, management, diagnostics and high complexity testing capabilities.

This program prepares technician-level clinical laboratory professionals to complete advanced laboratory coursework in preparation for national certification at the scientist level. The student must complete 40 hours of upper level clinical laboratory science courses as well as all appropriate general education requirements. This program is designed to be transfer friendly and is targeted towards both traditional and working adults. The clinical laboratory courses will be completed in two full years (attending Fall, Spring and Summer semesters). The program includes a certification preparation course. If students do not pass the national registry on the first attempt, they may audit the certification review course up to two times at zero tuition (online course fee applies).

ADMISSION AND PROGRAM REQUIREMENTS

GENERAL ADMISSION REQUIREMENTS

General admission requirements for the CLS program will be the same as for transfer students. Applicants must submit the following as a part of the general admission process:

1. A completed University Application for Admission accompanied by a nonrefundable application fee.
2. Official transcripts for all undergraduate work
3. Any additional program admission requirements established by the applicant's desired program or field of study.

Applicants must meet all University and program due dates for submission in order to receive full consideration for admission. Once an applicant has submitted the required credentials, a decision regarding admission or denial of admission of the student to the University will be made in a timely manner. The student must have an associate's degree in clinical or medical laboratory science for admission. Transfer credit is granted according to the policy outlined in the University catalog.

To complete the program the student must complete the 40 hours of core CLS courses and meet ETBU general education requirements. This program will have rolling admission since the core clinical laboratory has no prerequisites other than College Chemistry and Microbiology. The courses can be taken in any order (except MDLS 4212 which must be taken the last two semesters of the program). Students can start in the Fall, Spring, or Summer semester.

PROGRAM-SPECIFIC ADMISSION REQUIREMENTS

Additional admission requirements for the CLS program are listed below:

1. Hold an earned associates' degree (or equivalent clinical and classroom training such as military training) in Clinical or Medical Laboratory Science or Medical Technology from a U.S. college or university accredited by a regional accrediting agency or one recognized by the U.S. Department of Education and CHEA (Applicants with degrees from foreign universities will have to undergo a transcript equivalency evaluation).
2. Have a minimum cumulative overall grade point average of at least 2.00 and a minimum grade point average of 2.50 in clinical laboratory science courses.
3. Must have completed a clinical rotation in required areas of the clinical laboratory (confirmed by transcripts)
4. Must have completed two of the following: Microbiology, College

Chemistry, or Anatomy and Physiology with laboratory prior to Admission to the program (the student can be admitted as a University Studies student while these pre-requisites are being met (if applicable)

5. Must exhibit good character, in the judgment of the University. East Texas Baptist University reserves the right to deny admission to any individual who has been convicted or adjudicated of a felony or a Class A (or equivalent) misdemeanor.
6. Must submit a copy of a government ID (driver's license, state ID card, military ID)
7. National certification as a Medical Laboratory Technician (MLT/CLT) is NOT required.

GRADUATION REQUIREMENTS

To complete a B.S. in Clinical Laboratory Science, the students must have previously completed an A.S. program in Clinical or Medical Laboratory Science or Medical Technology. Students have to complete at least a total of 120 credit hours; at least 40 hours must be junior and senior level clinical laboratory science core courses. In addition, students must meet ETBU general education requirements. Students must comply with Satisfactory Academic Progress (SAP) guidelines. Program is in the process of obtaining accreditation through the: National Accrediting Agency of Clinical Laboratory Science (NAACLS), 5600 N. River Rd. Suite 720, Rosemont, IL 60018, (773) 714-8880, info@naacils.org.

FEES

A \$50 fee per course is assessed for all online courses. In addition, there is an additional fee for a practice exam in MDLS 4212 Certification Preparation in lieu of a second textbook; this fee is not required if course is audited to remediate students who did not pass the first registry attempt.

KINESIOLOGY

DR. JOSEPH D. BROWN

Dean, Frank S. Groner School of Professional Studies

The physiological benefits of exercise upon the human condition are well documented; moreover, research continues to demonstrate the benefits of physical activity on social, spiritual and mental/emotional well being. Attaining knowledge and skills related to physical health, fitness and wellness allows for the promotion of total well being. It is the aim of the Kinesiology department to:

1. Promote the benefits of an active lifestyle to the campus community.
2. Prepare students for graduate school who wish to attend.
3. Prepare professional educators in the field of Physical Education.
4. Prepare professionals for careers in health, fitness, and wellness industries.
5. Prepare athletic trainers for careers in education, clinical practice, and amateur or professional sports.

The department offers programs leading to degrees for the Bachelor of Science and the Bachelor of Science in Education. A major in Kinesiology-Wellness Management, Rehabilitative Science, Sport Management, or Athletic Training may be chosen for the Bachelor of Science degree. A major in All-Level Physical Education is offered for the Bachelor of Science in Education degree. The department also offers a minor in Kinesiology.

ATHLETIC TRAINING PROGRAM

An athletic trainer is a qualified allied health care professional, educated and experienced in the management of health care problems associated with sport participation. In cooperation with physicians and other allied health care personnel, the athletic trainer functions as an integral member of the athletic health care team in secondary schools, colleges and universities, professional sports programs, sports medicine clinics, and other athletic health care settings.

The program prepares graduates, through a combination of formal classroom instruction and clinical experience, to assume entry level positions in the athletic training profession and provides a foundation for advanced study in athletic training. The student must satisfactorily complete all academic requirements as well as the supervised practical experience hours as set forth by the Texas Department of Licensing and Regulation (TDLR). TDLR requires that students earn 1800 apprenticeship hours while enrolled in a degree program. The ETBU Department of Kinesiology does not guarantee that each person admitted to the Athletic Training Program will pass all elements of the program or that those graduating from the program will be able to pass the licensing exams. The attainment of these goals is dependent upon the degree to which the students diligently apply themselves to their studies.

RETENTION AND PROGRESSION POLICY FOR ATHLETIC TRAINING MAJOR

Students must earn a minimum of a "C" in all courses within the Major and maintain a cumulative GPA of 2.75 in all courses. Students will also undergo a written performance evaluation at the end of each semester. These evaluations are intended to be a positive experience to show the student athletic trainer areas needing improvement such as attitude, communication skills, and clinical skills. The student will also be required to earn 180 clinical hours during each given semester.

Failure to maintain acceptable academic standards as listed above will result in the student being placed on probationary status for 1 semester. If the student shows a lack of academic progress, has not achieved an acceptable GPA (2.75 Cumulative minimum), or fails to meet the minimum clinical hour requirement by the end of the probationary semester the student may be dismissed from the ATP. Once academic standards have been met the student may apply for readmission to the program.

DISMISSAL POLICY

Athletic training students will be allowed to repeat only one of the courses in the major in which they score below a grade of "C". Students may repeat the course in question the next time the course is offered, however, will not be allowed to take any other courses required in the major until the repeated course is satisfactorily completed. Dismissal from the program does not constitute dismissal from the University. The ATP reserves the right to dismiss any student whose behavior is deemed threatening to the welfare of any individual, is unsafe in any manner, who engages in

unprofessional conduct, or does not maintain academic standards.

Students who have been dismissed from the program will be given the opportunity to petition the Program Director for readmission to the program. In order to petition, the student must submit to the program director a formal letter indicating intent to seek readmission. The student will be required to submit an essay outlining the reasons the student should be considered for readmission as well as a complete re-entry interview with the ATP Committee. Students may petition for readmission to the program only once.

RETENTION AND PROGRESSION POLICY FOR REHABILITATIVE SCIENCE

MAJOR

Students must earn a minimum grade of "C" in all courses within the major and maintain a cumulative GPA of 3.0 in all courses.

Failure to maintain acceptable academic standards as listed above will result in the student being placed on probationary status for one semester. If the student shows a lack of academic progress and has not achieved an acceptable GPA (3.0 cumulative minimum) by the end of the probationary semester, the student may be dismissed from the program. Once academic standards have been met the student may apply for readmission to the program.

REQUIRED COSTS DURING MATRICULATION FOR REHABILITATIVE SCIENCE MAJOR

Along with university tuition, rehabilitative science students may be required to pay course fees each semester to cover the cost of liability insurance and materials for the program. It is also the student's responsibility to maintain current certifications, pay for visits related to physical examination, annual immunizations, and testing. Students are also responsible for travel to and from observation and/or internship sites.

UNIVERSITY STUDIES

DR. JOSEPH D. BROWN

Dean, Frank S. Groner School of Professional Studies

UNIVERSITY STUDIES MAJOR

University studies is a general liberal arts education. Rather than focusing in one specific area, this degree is a broad-based education in which students study a variety of different subjects in order to gain a better working knowledge of the world around them.

The University studies education prepares students for a lifetime of opportunities and changes. University studies major is available on a BA, BS, or BAS degree and is designed for:

1. Students who wish to attend ETBU yet aspire to a career for which ETBU does not offer a specific major.
2. Students who have accumulated hours at various other institutions who desire a BA, BS or BAS degree
3. Students who encounter a major hurdle(s) in a specific major and wish to graduate in order to secure work as a college graduate
4. Students whose vocational/career goals require a general bachelor's degree rather than a specific major

REQUIREMENTS FOR THE BACHELOR OF APPLIED SCIENCE

MAJOR: UNIVERSITY STUDIES

The Bachelor of Applied Science degree program is designed for working adults, adults who wish to return to school, and other non-traditional students. The degree provides a mechanism to recognize college level learning from prior work experience, individual and other types of study, prior academic experience, and transfer credit in fields which are not offered at ETBU.

Additional BAS Information:

1. BAS students must be a minimum of twenty-four (24) years of age before matriculation to the University.
2. BAS students may earn course credit through the development of a portfolio based on learning in prior work experience (PLA: Prior Learning Assessment), individual and other types of study, and prior academic experience. This option will help nontraditional students finish a degree in a shorter time frame than most traditional programs.
3. Meet with an assigned advisor to develop an academic plan.

Portfolio credit is optional on the BAS. Portfolio credit can be used to satisfy degree requirements. If the Portfolio option is selected, the student must enroll in GSTU 3301 as part of the preparation of this portfolio.

Students selecting the university studies major do not have a minor.

Students seeking the Bachelor of Applied Science with a major in university studies may elect to choose a twelve (12) upper-level credit hour concentration with the permission of the academic advisor and the appropriate academic school dean. All courses in the concentration must be completed with a grade of C or higher.)

ADMINISTRATIVE ASSISTANCE

Requests for appeals and/or substitutions should be directed to the Dean of the Frank S. Groner School of Professional Studies. Students declaring their major as university studies must meet with their assigned advisor and develop a specific plan of study which incorporates their educational and vocational goals.

UNIVERSITY HONORS PROGRAM

DR. ZACHARY BECK

Program Director

The mission of the ETBU Honors Program is to provide a tight-knit community of scholars in pursuit of the Christian intellectual life through the pairing of academic rigor with informed reflection for thoughtful engagement with the world. We accomplish our mission with a two-phase academic program that provides students with a minor complementary to any major field of study offered at the university. During the first and second years, the Inheritance phase, students are immersed in a rigorous study of Western intellectual thought, framed by the pursuit of the Christian intellectual life, from antiquity to the present. Students read important texts, attend seminars to gain helpful background information about the texts, and participate in focused, Socratic dialogue facilitated by faculty members. During their third and fourth years, the Investment phase, students embark on an in-depth research project on a topic of their choosing, under the supervision of a faculty member in their major. Students propose their research plan and defend their finished project to a committee of three faculty members. Students who successfully complete both phases of the honors program graduate “With Honors and Distinction,” receiving a stole at Commencement from the faculty member that supervised their project.

This course presents an introduction to the principles and procedures of financial accounting with emphasis placed on the measurement, recording, and preparation of general-purpose financial reports for profit-oriented organizations based on generally accepted accounting principles.

ACCT 2302 Principles of Managerial Accounting (3)

This course presents an introduction to the principles and procedures of accounting that apply primarily to the accumulation and reporting of accounting information for internal management decision making and control in profit-oriented organizations. *Prerequisite: ACCT 2301.*

ACCT 3332 Accounting Information Systems (3)

This course deals with the development and use of modern accounting information systems. Emphasis is placed on the use of computerized procedures, including microcomputer applications. *Prerequisite: ACCT 2302.*

ACCT 3335 Intermediate Accounting I (3)

This course presents an in-depth study of the theory, principles, and procedures of the measurement, recording, and reporting of financial accounting information according to generally accepted accounting principles. *Prerequisite: ACCT 2302.*

ACCT 3336 Intermediate Accounting II (3)

This course is a continuation of the in-depth study of the theory, principles, and procedures of the measurement, recording, and reporting of financial accounting information according to generally accepted accounting principles. *Prerequisite: ACCT 3335. (Capstone course must be taken at ETBU).*

ACCT 3337 Cost Accounting (3)

This course presents a study of the principles and procedures pertaining to the accumulation and utilization of cost data for financial reporting purposes and by management for making internal decisions and controlling operations. Some of the topics covered are cost terminology and classifications, analysis of cost behavior, cost systems and accumulation procedures, standard costs, cost-volume-profit relationships, and relevant costs for decision making. *Prerequisite: ACCT 2302.*

ACCT 4331 Federal Taxation (3)

This course covers the federal income taxation of individuals and the preparation of individual federal income tax returns. *Prerequisite: ACCT 2302.*

ACCT 4333 Auditing (3)

The principles, standards, and procedures of auditing are covered in this course. Auditing techniques, internal controls, and reports are emphasized. *Prerequisite: ACCT 3335.*

ACCT 4335 Advanced Accounting (3)

This course covers the principles and techniques of consolidation, partnership accounting, and accounting for international transaction. Emphasis is placed on the procedures of preparing consolidated financial statements. *Prerequisite: ACCT 3336.*

ACCT 4338 Governmental and Not-for-Profit Accounting (3)

This course deals with the principles and practices that apply to fund accounting used by governmental units and not-for-profit organizations. Some of the topics covered are revenues, expenditures, appropriations, tax levies, budgets, special funds, and financial reports. *Prerequisite: ACCT 2302.*

ACCT 4340 Accounting Theory (3)

This course covers theory of accounting with emphasis on the development of standards, account pricing, and financial reporting. *Prerequisite: ACCT 3335.*

ACCT 4345 Federal Tax Research (3)

This course develops tax research skills utilizing tax/accounting databases and other sources. The objective is to identify tax issues and address these issues using available resources. *Prerequisites: ACCT 3336 and ACCT 4331.*

ACCT 4350 Internship (3)

This course is designed to utilize a student's academic training to solve problems for a local organization. The student and firm will enter into a contract with the School of Business where the firm will monitor the student's work performance and report this performance to the School of Business who will assign a grade. The course may be repeated for credit. *Prerequisites: Junior level standing with consent of the dean.*

ART

ARTS 1301 Creative Arts in the Elementary School Curriculum (3)

This course presents a study of the history, organization, evaluation, and function of the creative arts in elementary curriculum. Opportunity is provided for the student to work with the various materials and equipment suitable for classroom use. This course is for Elementary Education Majors. *It is strongly recommended that EDUC 3301 be completed prior to taking this course.*

ARTS 1302 Fundamentals of Art (3)

A general course in the fundamentals of art offers creative activities in drawing, design, color, and related experiences.

BIOLOGY

BIOL 1322 Nutrition (3)

This course is a study of food, kinds and functions; body processes; and diets in health and disease.

BIOL 1406 General Biology I (4)

This is an introductory course designed for biology majors and minors. Topics include the history and philosophy of biology, chemical concepts of life, the cell, genetics, and the origin and development of life on earth. This course includes a two-hour laboratory per week.

BIOL 1407 General Biology II (4)

This course is a continuation of BIOL 1406. Topics include plant form and function, animal form and function, and ecology. This course includes a two-hour laboratory per week. *Prerequisite: BIOL 1406.*

BIOL 1412 Biodiversity of the Earth (4)

This is an introductory biology course designed for the non-science major. The course will be a biodiversity survey of the six kingdoms of living organisms. Topics will include characteristics of selected taxa at the level of phylum, the ecology of the organisms, and the impact the organisms have on the earth and humans. This course includes a two-hour laboratory per week. The course will not count toward a biology major or minor.

BIOL 1421 Fundamentals of Anatomy and Physiology I (4)

The course is a study of the integumentary, skeletal, muscular, nervous, and endocrine systems in humans. The course is designed for nursing majors and non-science majors. The course will not count toward a biology major or minor. It includes a two-hour laboratory per week.

BIOL 1422 Fundamentals of Anatomy and Physiology II (4)

The course is study of the circulatory, immune, respiratory, digestive, urinary, and reproductive systems in humans. The course is designed for nursing majors and non-science majors. The course will not count toward a biology major or minor. It includes a two-hour laboratory per week. *Prerequisite: BIOL 1421.*

BIOL 2302 Medical Terminology and Health Occupations (3)

This course consists of a study of the health fields and the basic structure of medical words including prefixes, suffixes, roots, combining forms and plurals; pronunciation, spelling, and definition of medical terms; emphasis on building a professional vocabulary required for working in the medical field; and a study of the health occupations.

BIOL 2305 Introduction to Research Methods (3)

This course is an introduction to the principles of research in the biological sciences. The course will give the student a foundation in the philosophy of science, the scientific method, data analysis, and report writing. Students will be required to conduct a literature review of a research topic and write a proposal to conduct research on the topic. CHEM 1312, CHEM 1112, and MATH 1342 strongly recommended. *Prerequisite: BIOL 1407.*

BIOL 2401 Human Anatomy and Physiology I (4)

This course emphasizes the integration of structure and function of the integumentary, skeletal,

muscle, nervous, and endocrine systems. The course includes a three-hour laboratory per week. Included in the laboratory is the gross anatomy of the human skeleton, cat, sheep brain, and cow eye and the microscopic anatomy of each system. Experiments are performed to demonstrate muscular physiology, human reflex physiology, sensory physiology, and hormonal actions. This is a course for biology or closely related majors. *Prerequisite: BIOL 1407 or BIOL 1322.*

BIOL 2402 Human Anatomy and Physiology II (4)

This course is a continuation of BIOL 2401 with emphasis on the integration of structure and function of the cardiovascular, respiratory, digestive, urinary, and reproductive systems. The course includes a three-hour laboratory per week. Laboratory exercises include dissection of the cat, mammalian heart, and mature pig lungs. Microscopic anatomy of each of the systems is included. Experiments are performed to demonstrate cardiovascular physiology, blood pressure, digestive physiology, urinalysis, gametogenesis, and the principles of human genetics. *Prerequisite: BIOL 2401.*

BIOL 2406 Environmental Issues (4)

This is an overview of how man relates to the environment. Topics include ecology, energy, populations, natural resources, and pollution. The course includes a two-hour laboratory per week.

BIOL 2421 Fundamentals of Microbiology (4)

This course is a study of microorganisms especially those that cause human disease. Topics covered are basic microbiology principles; viral, bacterial, and fungal diseases; how the body responds to infections; and antimicrobial treatments. The course is designed for nursing majors and non-science majors. The course will not count toward a biology major or minor. It includes a two-hour laboratory per week. *Prerequisites: Four (4) hours in general chemistry; four (4) hours in human anatomy and physiology.*

BIOL 3100-3600 Field Course (1-6)

Courses will be designed which will involve lectures, discussion and collecting trips, short oral and written examinations, and summary reports in biological areas which are not available on the campus. *Prerequisites: Four (4) semester hours of biology and permission of the instructor.*

BIOL 3402 Field Zoology (4)

This course is an advanced zoology course which emphasizes the principles of zoology. Topics include a survey of the animal kingdom as well as the study of animal structure and function, and animal ecology. Emphasis will be placed on the native animals of East Texas. It includes a three-hour laboratory per week. *Prerequisite: BIOL 1407.*

BIOL 3403 Pathophysiology (4)

This course emphasizes the etiology, pathogenesis, clinical manifestations, and treatment of human disorders and diseases. The laboratory will be the study of the microscopic structure of normal and diseased human tissues. The course includes a three-hour laboratory per week. *Prerequisite: BIOL 1407.*

BIOL 3410 Field Botany (4)

This is an advanced botany course with an emphasis on the plant species and communities of East Texas. Topics include an overview of plant taxonomy, a survey of native East Texas plants, and an analysis of East Texas plant communities. This course includes a three-hour laboratory per week. *Prerequisite: BIOL 1407.*

BIOL 3452 Microbiology (4)

This course includes a study of prevalence, morphology, physiology, taxonomy, and importance of microorganisms. The course includes a three-hour laboratory per week. *Prerequisites: BIOL 1407, CHEM 1312, and CHEM 1112.*

BIOL 4151-4451 Internship (1-4)

This course involves working either on campus or off campus with the objective of integrating classroom experiences into the work setting. No more than four hours can be earned in this internship and be applied to the major or minor. This course is offered during any semester, but arrangements with the Department of Biology must be made during the prior semester. *Prerequisites: Sixteen (16) hours in biology, and junior or senior standing.*

BIOL 4167 Biochemistry Techniques (1) (Same as CHEM 4167)

The course is cross-listed as CHEM 4167. See the Chemistry listing.

BIOL 4301 Cell Biology (3)

Study of the principles of cell biology is emphasized. Topics will include cell membranes, cell organelle structure and function, energy flow and metabolism. *Prerequisites: BIOL 1407, CHEM 1312, and CHEM 1112.*

BIOL 4302 Immunology (3)

This course is the study of the structure and function of antigens and antibodies, nature of immune responses, immunological diseases, and immunological methods. *Prerequisite: BIOL 3452.*

BIOL 4304 Toxicology (3)

This course is the study of the effect of poisons on living organisms. Topics include toxicology principles, the effect of toxic agents on human body systems, and the chemistry of toxic agents. *Prerequisites: BIOL 1407, CHEM 1312, and CHEM 1112.*

BIOL 4305 Molecular Genetics (3)

This course is an advanced genetics course which emphasizes the principles of molecular genetics. Topics include an in depth analysis of DNA structure and function, the molecular tools of DNA analysis, the methods used in DNA technology, nuclear and mitochondrial DNA analysis and diagnosis. Emphasis will be placed on the criminal and medical forensics. *Prerequisite: BIOL 4403.*

BIOL 4367 Biochemistry (3) (Same as CHEM 4367)

The course is cross-listed as CHEM 4367. See the Chemistry listing.

BIOL 4403 Genetics (4)

This course is a thorough study of classical, population, and molecular genetics. Genetics as it relates to bacteria, plants, and humans will be discussed. This course includes a three-hour laboratory per week. Experiments are conducted to demonstrate genetic principles. *Prerequisite: BIOL 1407.*

BIOL 4405 General Ecology (4)

This is a course in general ecology. Topics include the physical environment, energy, population ecology, community ecology, ecosystems, and systems ecology. This course includes a three-hour laboratory per week. *Prerequisite: BIOL 1407.*

BUSINESS ADMINISTRATION

BUAD 1305 Business Software Applications (3)

This course will utilize PC's for users to demonstrate a basic understanding of major business software applications. *Prerequisite: Basic computer literacy is required.*

BUAD 3316 Social Media for Business Applications (3)

This course utilizes social media and mobile technology as part of a business plan for modern companies. Emphasis will be placed on application development. Examples include (but not limited to) mobile app development, business page development on Facebook (or similar social network), Twitter, web site development, e-commerce, Skype, and LinkedIn. *Prerequisite: Junior or senior standing, or consent of instructor.*

BUAD 3327 Business Law (3)

This course includes a study of the general principles of law as applied to business transactions: contracts, agency, negotiable instruments, business organizations, trusts and estates, and government regulations.

BUAD 3362 International Business (3)

This course is intended to introduce students to the fundamentals of international business and globalization. The course includes the study of the global environment, international trade and finance, and global operations. *Prerequisite: Six (6) hours of business courses (BUAD, MGMT, MKTG, ACCT, or ECON).*

BUAD 3366 Business Research Methods (3)

This course builds upon concepts and techniques introduced in the prerequisite math courses to identify and locate data sources, consider ways to gather primary and secondary data, perform analysis using appropriate statistical techniques, effectively interpret and present findings, and solve specific business problems. The focus is on essential tools for the investigation of business phenomena where chance variation is a factor. The design of experiments, sampling, measuring, prediction, and causation are among the topics discussed. Use of statistical software such as SPSS, Minitab, or Excel is included. *Prerequisite: MATH 1342*

BUAD 3367 Business and Accounting Ethics (3)

The integration of ethical reasoning, objectivity, independence and other business core values are studied. Students will study the critical analysis of ethical lapses which have occurred in business and the accounting profession by exploring ways to integrate ethical behavior into professional life. The course will include an overview of ethics from a philosophical viewpoint in addition to the specific discussion of codes of conduct, SEC requirements, and the Sarbanes-Oxley Act of 2002.

BUAD 4305 Entrepreneurship and Small Business (3)

This course is designed for the student to explore the potential of being a successful entrepreneur and introduce the student to the processes for creating a potentially successful business plan. This course also covers concepts, processes, and techniques for managing a small business. Students will explore marketing for small business, identification of a product and/or service potential, advertising plans, marketing strategy and budgeting, determining store location, purchasing procedures, and inventory control. This course will include a practical application of basic financial management principles that apply to entrepreneurs such as maintaining proper financial records to make budgetary decisions related to cash and financing needs, pricing of products or services, the payment of taxes and loans, and determining profitability to help one become a successful entrepreneur. *Prerequisites: Nine (9) hours of business courses (ACCT, ECON, MGMT, MKTG)*

BUAD 4332 Fraud Examination (3)

In this course students will study the four basic areas of fraud examination: fraud prevention & deterrence, financial transactions, fraud investigation, and legal resolution. Specific topics include types of fraud, corporate cultures that help prevent fraud, accounting anomalies, investigation methods, and legal resolutions. *Prerequisite: ACCT 2301*

BUAD 4352 Business Policy (3)

This capstone course for business majors focuses on the formulation, implementation, and evaluation of business strategy for contemporary business. Students will integrate their knowledge from various business disciplines (accounting, computer science, economics, finance, management, and marketing), as they develop their critical thinking, analytic, and presentation skills. *Prerequisites: ACCT 2302, ECON 2302, FINA 3344, MGMT 2350, MKTG 2324, SPCH 1311, and senior standing. (Capstone course must be taken at ETBU).*

BUSINESS STUDIES

BUSN 2301 Principles of Financial Accounting (3) (Same as ACCT 2301)

This course is cross-listed as ACCT 2301. See Accounting listing.

BUSN 2302 Introduction to Management and Marketing (3)

This course is an introduction to marketing concepts, the marketing effort, managerial functions and the management process. The major objective is to familiarize the student with the knowledge, roles, responsibilities, and skills required of modern managers and marketers.

BUSN 2303 Introduction to Economics (3)

An introduction to the study of macroeconomics and microeconomics that guides the national economy, individual economic agents, market systems, global economics, consumers, and producers

BUSN 3301 Finance for Managerial Decision Making (3)

This course focuses on the principles and procedures of financial management.

BUSN 3302 Social Media with Software Applications (3)

This course prepares students to utilize social media applications and office software for business purposes. Emphasis will be placed on ability to utilize desktop publication and presentation software as well as current social media applications.

BUSN 3303 Ethics in Business (3)

After considering an overview of ethics from a philosophical point of view and specific professional codes of conduct, students will apply ethical decision-making in a business context.

BUSN 3304 Personal Finance (3)

This course provides instruction in the knowledge, practices, and discipline required for personal and household financial health. Major topics include budgeting, insurance, personal debt, saving and investing. Successful students will develop knowledge and skills they can use to minimize debt, achieve a sustainable standard of living, and maximize both charitable giving and personal

savings regardless of their future income level.

BUSN 3352 Consumer Behavior (3) (Same as MKTG 3352)

This course is cross-listed as MKTG 3352. See Marketing listing.

BUSN 3353 Human Resource Management (3) (Same as MGMT 3353)

This course is cross-listed as MGMT 3353. See Management listing.

BUSN 4321 Advertising (3) (Same as MKTG 4321)

This course is cross-listed as MKTG 4321. See Marketing listing.

BUSN 4351 Organizational Behavior (3) (Same as MGMT 4351)

This course is cross-listed as MGMT 4351. See Management listing.

CERTIFICATE IN MINISTRY (For Non-Degree Seeking Students Only)

MINS 1111 Old Testament 1: The Pentateuch (1)

A study of the Pentateuch (i.e., the first five books of the Old Testament). Attention will be given to the process of canonization, the geographical, cultural, and historical setting of the Old Testament, and to the theological concepts found within the books of Genesis through Deuteronomy.

MINS 1112 Old Testament 2: The Conquest to the Exile (1)

A study of the books of the Old Testament that record the history of Israel from the conquest of the land of Canaan to the Babylonian exile. Attention will be given to the cultural and historical background of the nation of Israel and the surrounding nations, the kings that ruled over Judah and Israel, and the theological concepts, poetry, and the prophetic messages associated with this time period.

MINS 1113 Old Testament 3: The Exile to the Intertestamental Period (1)

A study of the books of the Old Testament and other literature that record the history of Israel from the Babylonian exile to the intertestamental period. Attention will be given to the cultural and historical background of the nation of Israel and the surrounding nations, the theological concepts found in the biblical material, wisdom literature, the prophets and their messages, and the events and literature associated with the intertestamental period.

MINS 1114 The Interbiblical Period and the Gospels (1)

A study of the interbiblical period and the life, ministry, and teachings of Jesus as presented in the Gospels. Attention will be given to the historical and literary background and the theological aspects of the Gospel literature.

MINS 1115 Acts and the Pauline Epistles (1)

A study of the development of the first-century church as presented in the book of Acts and the Pauline Epistles. Attention will be given to the historical, literary, and theological aspects of the biblical material.

MINS 1116 The General Epistles and Revelation (1)

A study of the epistles of Hebrews, James, 1 and 2 Peter, 1, 2, and 3 John, Jude, the book of Revelation and of the development of the New Testament canon. Attention will be given to the historical, literary, and theological aspects of the biblical literature. This course cannot be applied toward a major or minor, but if taken in association with MINS 1114 and MINS 1115, may be counted as the general education New Testament requirement.

MINS 1117 Introduction to Church Ministry (1)

Introduction to Church Ministry is a study of the various means of preparation for ministry. Attention will be given to an examination of a call to ministry and the minister's role in the mission of the church.

MINS 1118 Personal Evangelism (1)

A study of the principles, theology, and methods of New Testament evangelism. Attention will be given to personal witnessing and to the equipping of others. This course cannot be applied toward a major or minor but may be considered as an elective.

MINS 1119 The Work of the Minister (1)

The Work of the Minister is a study of the day-to-day tasks and challenges of the contemporary minister. Attention will be given to such tasks as conducting weddings, funerals, church ordinances, and to the ministry of pastoral care.

MINS 1121 The Interpretation of the Bible for Preaching and Teaching (1)

A study of the principles and methods of Biblical interpretation. Attention will be given to the

application of these principles and methods to particular biblical passages.

MINS 1122 The Preparation of Sermons and Bible Studies (1)

A study of expository Bible teaching and sermon preparation. Attention will be given to the nature of preaching and to the diversity of sermon forms.

MINS 1123 Baptist History (1)

A survey of Baptist history from its beginnings in the seventeenth century to the present. Attention will be given to the personalities, major developments, beliefs, key documents and major controversies involving Baptists.

MINS 1124 Baptist Distinctives (1)

A study of biblical, historical, and systematic theology from a Baptist perspective. Attention will be given to those doctrines that are distinctive to Baptist life and theology.

MINS 1126 Introduction to Missions (1)

This course has been developed to provide an introduction to missions and cross-cultural ministry. The course provides an overview of the biblical, historical, cultural, and strategic perspectives of Christian mission in the world. Emphasis is placed on examining what has been done in the past with a view toward what God is doing in the present and will be doing in the future.

MINS 1127 Leadership Among Ministry Volunteers (1)

A study of leadership in the context of ministry. Attention will be given to the role of volunteer leaders in ministry. Strategies for enlisting and training volunteer leaders will be formulated and analyzed.

MINS 1129 Dual Vocational Ministry (1)

A study of the methods, models, and challenges of dual vocational Christian ministry. Attention will be given to issues unique to dual-career ministers.

MINS 1131 Introduction to Christian History (1)

An introductory study of the significant people and events in Christian history.

MINS 1132 Introduction to Christian Doctrine (1)

An introduction to the major features of the Christian faith, with an emphasis on God's work of creation, Trinitarian faith, the person and work of Christ, the Holy Spirit, the identity and mission of the Church, and eschatology. Persistent consideration will be given to the practical/ethical dimensions of Christian theology

CHAPEL

CHAP 1001 Mentoring: Who Am I?

Students will consider their life purpose and identity in Christ in a small group mentoring seminar.

CHEMISTRY

CHEM 1105 Chemical Concepts Laboratory (1)

This course is an introduction to the methods and techniques of measurement, observation, and reporting of physical and chemical data. Emphasis will be placed on chemical reactions encountered in daily life.

CHEM 1111 General Chemistry I Laboratory (1)

This course is an introduction to methods and techniques of chemical experimentation, observation, and measurement of physical and chemical properties. *Prerequisite: Registration in or completion of CHEM 1311.*

CHEM 1112 General Chemistry II Laboratory (1)

This course is a study of the qualitative and quantitative aspects of inorganic chemistry with an emphasis on equilibrium and kinetic theory. *Prerequisites: CHEM 1311 and CHEM 1111.*

CHEM 1305 Chemical Concepts (3)

This one semester course is designed to meet the chemistry requirement for students pursuing a nursing major or a major in the Department of Kinesiology and together with CHEM 1105, satisfies the university general education requirement for laboratory science. The course presents the essentials of the basic laws, theories and concepts of chemistry; the types of chemical reactions; and an overview of inorganic, organic, and biochemical compounds.

CHEM 1311 General Chemistry I (3)

This is an introductory course designed for chemistry majors and minors. The course is a study of the general principles governing chemical and physical change. Emphasis is placed on atomic

and molecular structure, formulas, equations, periodicity, solutions, and physical states. Special emphasis is placed on stoichiometric calculations.

CHEM 1312 General Chemistry II (3)

This course is a continuation of CHEM 1311 and is a study of chemical equilibrium, kinetics, thermodynamics, chemical families, and elementary principles of inorganic analysis. *Prerequisites: CHEM 1311 and CHEM 1111.*

CHEM 3103 General Organic Chemistry I Laboratory (1)

This course is an introduction to the techniques used in organic chemistry with emphasis on the separation and purification of organic compounds. Emphasis is placed on preparation, properties, and reactions of organic compounds. *Prerequisites: CHEM 1312 and CHEM 1112.*

CHEM 3104 General Organic Chemistry II Laboratory (1)

This course is a continuation of Chemistry 3103 with the addition of interpretation of spectra in the classification and identification of compounds. *Prerequisites: CHEM 3303 and CHEM 3103.*

CHEM 3105 Quantitative Analysis Laboratory (1)

This course is a study of selected experiments in quantitative analysis designed to typify classical volumetric and gravimetric methods. *Prerequisite: Enrollment in or completion of CHEM 3305.*

CHEM 3106 Instrumental Analysis Laboratory (1)

This course is an introduction to the use of instruments in chemical analysis. *Prerequisites: CHEM 1312 and PHYS 1402.*

CHEM 3303 General Organic Chemistry I (3)

This course is a study of structure, nomenclature, preparation, and reactions of hydrocarbons. *Prerequisite: CHEM 1312.*

CHEM 3304 General Organic Chemistry II (3)

This course is a study of the specialized functional groups of organic compounds with an emphasis on structure, mechanisms, and synthesis. *Prerequisite: CHEM 3303.*

CHEM 3305 Quantitative Analysis (3)

This course is a review of the classical volumetric and gravimetric methods of analysis with emphasis on the theory and calculations of quantitative analysis. *Prerequisites: CHEM 1312 and CHEM 1112.*

CHEM 3306 Instrumental Analysis (3)

This course is a study of instrumental methods of analysis including optical, electrometric, and chromatographic techniques with emphasis on the theory, design, and applications of the various instruments. *Prerequisites: CHEM 1312, CHEM 1112, and PHYS 1402.*

CHEM 4101 Chemical Literature (1)

This course is a study of the published sources of chemical information, the location of information, literature search methods, and organization of information. The course also includes a review of the various fields of chemistry followed by an examination of general chemical knowledge. *Prerequisite: CHEM 4301.*

CHEM 4151-4451 Internship (1-4)

This course involves working either on campus or off campus with the objective of integrating classroom experiences into the work setting. The course can be repeated as long as no more than a total of four credit hours is earned. Arrangements for the internship must be made with the department during the prior semester that the internship is done. *Prerequisites: sixteen (16) hours in chemistry, and junior or senior standing.*

CHEM 4167 Biochemistry Techniques (1) (Same as Biology 4167)

Theory and practice of common biochemical techniques including: photometry, centrifugation, chromatography, electrophoresis, immunodiffusion, biochemical reaction kinetics, membrane preparations, cellular studies, and other topics. Emphasis is on attaining technical competence. A student research project that applies techniques learned in the course is required. *Prerequisites: CHEM 3304/3104, and registration in or completion of CHEM 4367.*

CHEM 4200 Forensic Chemistry Laboratory (2)

The course is a study of the application of the theory and practice of instrumental chemical analysis to the field of forensics. Analytical techniques that will be studied include atomic absorption, ultraviolet-visible, and infrared spectroscopic methods, and gas chromatography and mass

spectrometry methods of analysis. *Prerequisites: CHEM 3305 and CHEM 3105.*

CHEM 4201 Physical Chemistry Laboratory (2)

This is a two-hour, senior-level physical chemistry I laboratory intended for chemistry majors. Laboratory experiments will include thermodynamics, electrochemistry, equilibria, and kinetics. The course will meet for four hours per week. *Prerequisite: CHEM 4301.*

CHEM 4301 Physical Chemistry I (3)

This course is an introduction to chemical thermodynamics and kinetics. Topics include laws of thermodynamics, phase equilibrium, nonideal solutions and reaction rates. *Prerequisites: CHEM 1312, MATH 2401, and PHYS 1402, all with a grade of "C" better.*

CHEM 4302 Physical Chemistry II (3)

This course is a continuation of Chemistry 4301. Topics include chemical electrochemistry and quantum mechanics with applications to problems in chemistry. *Prerequisite: CHEM 4301.*

CHEM 4367 Biochemistry (3) (Same as Biology 4367)

This course is a study of the chemical constitution and chemical changes of living matter, metabolism, and energy transfer. *Prerequisite: CHEM 3304.*

CLINICAL LABORATORY SCIENCE

MDLS 3312 Advanced Clinical Parasitology and Mycology (3)

In this course, students will examine the clinical significance and physiological impact of common human parasites and fungi. The morphology, life cycle and environment of each major parasites will be addressed as well as clinical laboratory methods for parasitic and fungal infection and diagnosis.

MDLS 3322 Advanced Urinalysis and Body Fluids (3)

This course will focus on the function of the kidney and its role in electrolyte and fluid balance. Both biochemical methods and microscopy will be discussed with a focus on pathological elements of clinical significance in the urine. In addition, cellular and other components of body fluids will be analyzed.

MDLS 3412 Advanced Hematology (4)

In this course students will focus on erythropoiesis and blood cell maturation and morphology, particularly on clinical significance, diagnosis and methods used to detect blood-related cancer and anemias. In addition, physiological mechanisms of human homeostasis, therapeutic measures and diagnostic testing will be examined.

MDLS 3422 Advanced Clinical Chemistry (4)

In this course students will differentiate the clinical and diagnostic significance of both normal and pathological clinical chemistry values. Concentration will be on enzyme, electrolyte, kidney, liver and endocrine function.

MDLS 3432 Advanced Microbiology (4)

In this course students will focus on the significance of pathogenic bacteria and mycobacterium that caused disease states in humans. Concentration will be on laboratory diagnosis, clinical implications and identification methods.

MDLS 3440 Advanced Immunology and Virology (4)

The focus of this course will be the primary and secondary immune response in the human body. The clinical significance of various serological and immunological testing and disease pathology as well as appropriate diagnostic methods will be addressed. Common human viruses which cause disease will also be addressed.

MDLS 3452 Advanced Immunohematology (4)

This course will focus on the principles of clinical immunohematology and transfusion practices. The cellular nature and activity of antigens and antibodies will be explored as well as issues and challenges in transfusion medicine. Immunogenetics and immune-mediated disease will be discussed.

MDLS 4212 Certification Preparation (2)

In this course students will prepare and practice for the American Society of Clinical Pathologists Medical Laboratory Scientist exam. Students will engage in practice quizzes, practice certification tests and remediation for areas of weakness will be provided. Advisor approval is required to enroll in this course. If a student does not pass the national registry after completing the program and this course at the end, they can take it up to two more times.

MDLS 4312 Laboratory Management and Supervision I (3)

In this course, students will concentrate on management tasks and principles that are specific to laboratory managers in the clinical laboratory environment. Topics include: instrument quality control procedures and analysis, infection control, quality improvement, instrument troubleshooting, laboratory safety, and laboratory accreditation standards.

MDLS 4322 Laboratory Management and Supervision II (3)

In this course, students will concentrate on management tasks and principles specific to other fields as well as the clinical laboratory. Topics include: Joint Commission accreditation, health delivery concerns, professional development, professional issues for clinical laboratory managers, leading and managing staff, scheduling, human resource issues, and governmental regulations relevant to laboratory managers.

MDLS 4330 Supervised Clinical Management Experience (3)

In this course students will be required to spend a minimum of 40 hours throughout the semester with a clinical laboratory manager to observe and learn first-hand laboratory management skills. A capstone management project will be required in this course.

MDLS 4340 Clinical Laboratory Research Methods and Practices (3)

In this course students will evaluate current laboratory research methods and their implications for laboratory practices. Laboratory glassware and its upkeep will be addressed in addition to informed consent and phlebotomy practices. Students will also review important laboratory mathematics such as dilutions, means and standard deviations, inferential statistics and other methods used in research.

COMMUNICATION

COMM 1301 Introduction to Mass Media (3)

This course is designed to familiarize students with a diverse selection of media and media industries that comprise our information society today, including the Internet, print media, broadcast media, cinema, advertising, public relations, and new media. Students will explore the creation of each new media platform and its effect on society.

COMM 2304 Introduction to Cinema (3) (Same as ENGL 2304)

Cinematic themes are presented and studied in depth across or within multiple modes of cinema, including narrative, avant-garde, and documentary. Literacy in the medium is developed through lectures on narrative thematics, directorial techniques and film-making conventions. In addition, students will develop an understanding of principles of film form in order to become more sensitive viewers, and to critically analyze film texts in a manner that is mindful of the historical, artistic, and social contexts of both film production and reception.

COMM 2306 Social Media Communication (3) (Same as SPCH 2306)

This class provides a critical study of social media technologies. Special attention is given to how technology influences communication, relationships, and societies. Activities and discussions will focus on student experiences.

COMM 2308 Digital Design and Production (3)

This course is a project-based course that develops key digital communication skills such as design, project management, research and communication, digital photography, graphic design and illustration, in addition to page layout skills using Adobe Creative Suite tools.

COMM 2309 Graphic Design (3)

A basic introduction to various aspects of graphic design covering concepts, typography, composition, form, rendering, production and publishing. In addition, students will review basic concept of digital photography and computer-aided design. Students gain an appreciation for visual problem solving and graphic design development.

COMM 2310 Audio Production (3)

An introduction to the theory and practice of audio production and its application to various media. Emphasis is placed on understanding the theory of sound, gaining knowledge in the use sound recording and editing equipment, and using professional techniques for capturing, editing and producing quality audio.

COMM 2311 Video Production (3)

Principles and techniques involved in single camera video recording for application in television reporting, advertising, public relations and social media.

COMM 2318 Digital Photography (3)

This course teaches fundamental photography skills including composition, digital imagery, scanning, photo manipulation, photo enhancement, creating composites and printing. Students will use Photoshop to prepare both conventional and digital photographs for publication in both the print media and for the Web. Emphasis is placed on the importance and use of digital photography in today's media. Students will compile portfolios for final presentation and exhibit.

COMM 2339 Mass Media Writing (3)

Fundamental principles of information gathering, writing, editing and reporting. Students will be given practical assignments to perfect their knowledge and skills in various areas of mass media. The course will include a number of written exercises for traditional and new media.

COMM 3107 Music Technology (1) (Same as MUSI 3107)

The course is cross-listed as MUSI 3107. See Music listing.

COMM 3300 Research Methods in Communication (3) (Same as SPCH 3300)

This course introduces students to the methods of research used in the field of communication. Emphasis will be placed on topic development, using the scholarly literature of the field, writing the literature review, research design, and APA style. *Prerequisites: SPCH 1311, SPCH 1315, or SPCH 1318.*

COMM 3303 Photojournalism (3)

The course offers instruction in basic camera operation and the news "one shot" to more comprehensive visual storytelling that may incorporate audio, video and other multimedia components. Students will gain instruction and experience in single image stories, camera and technique, and photo essay production. *Prerequisite: COMM 2318.*

COMM 3306 Writing for Digital Media (3)

A course designed to teach students how to write effectively for digital spaces, whether they are creating websites, blogging or using social media to cover a breaking news story. Students will develop an understanding of how digital communication can enhance dynamic storytelling and multi-directional communication, and explore the graphical, multimedia, hyper-textual, and interactive elements that come into play when writing and designing digital platforms. *Prerequisite: COMM 2339.*

COMM 3308 Public Relations Writing (3)

Strategies and techniques of public relations writing, with emphasis given to the preparation and dissemination of messages through a variety of formats and media. The course emphasizes the strategy of crafting and delivering a PR message, with special emphasis on pre-writing, preparation and editing. *Prerequisite: COMM 3321.*

COMM 3310 Mass Media Laws and Ethics (3)

A survey of media law and ethics and their relevance in the lives of consumers and producers of mass media messages. The course examines the history and development of mass media laws and regulations, and the impact of new media technology on the regulatory landscape. *Prerequisite: COMM 1301.*

COMM 3311 Sports Reporting and Writing (3)

This writing-intensive course introduces students to the writing style sports writers use, emphasizing the importance of basic writing fundamentals, high ethical standards, and the changing technologies of sports reporting. The course surveys all storylines of modern sports communication, including sports business, sports and crime, sports marketing, and sports celebrity. Students are introduced to the fundamentals of gathering, organizing, evaluating and writing objective sports stories in accepted journalistic style. *Prerequisite: COMM 2339.*

COMM 3312 Sports Broadcasting and Production (3)

The theory and practice of electronic media sports coverage, with an emphasis on the role, skills and practices of radio and television sports announcers and producers. Students will develop, write, pre-produce, produce and perform as talent, and post-produce programming for broadcast sports media. *Prerequisites: COMM 2339, COMM 2310, and COMM 2311.*

COMM 3313 Communicating Baseball (3) (Same as SPCH 3313)

The course is cross-listed as SPCH 3313. See the Speech listing.

COMM 3314 Sports Information and Publicity (3)

This course is designed to provide students with a complete overview of public relations

opportunities within the sports industry. The course will examine elements of sports information and publicity found in newspapers, radio, television, the Internet, colleges, and professional teams. The course will include lecture time, field trips, guest speakers, and group activities. Class participation, brainstorming, and problem-solving situations will be key components of the class. *Prerequisite: COMM 2339.*

COMM 3315 Worship Media Technology (3) (Same as MUSI 3315)

The course is cross-listed as MUSI 3315. See the Music listing.

COMM 3318 Advanced Digital Photography (3)

A course designed to expand students' photographic competency and aesthetic sensibility while developing a cohesive body of work in digital photography. By exploring photographic and digital media with the camera and advanced computer software, students will develop a body of work that reflects their versatility in modern, digital photography and presentation. *Prerequisite: COMM 2318.*

COMM 3321 Public Relations (3) (Same as SPCH 3321)

The course is cross-listed as SPCH 3321. See the Speech listing.

COMM 3322 Drone Photography and Videography (3)

This course is designed to introduce students to the emerging field of remotely controlled aerial photography using Unmanned Aerial Vehicles (U.A.V.s) or Drones. The course will present a brief history of R/C Drone photography, the rules & regulations for compliance in US airspace, and an overview of personal and commercial drones. Classroom demonstrations provide basic & advanced techniques required to safely fly a UAV/Drone in both an educational and commercial environment. *Prerequisites: COMM 2318 or consent of the instructor.*

COMM 3323 Commercial Drone Photography (3)

This course examines current global, national, regional and local use of aerial drones in industry for commercial & non-profit organizations. Topics covered include: aerial use of drones in real estate, marketing & public relations, health services and education, search & rescue, firefighting & criminal investigations, insurance accident recreation, aerial mapping, agricultural surveys & land management, industrial inspections, film & humanities, contemporary church presentations and evangelism outreach. *Prerequisite: COMM 3322.*

COMM 3353 Advanced Video Production (3)

Advanced techniques involved in single-camera video recording with emphasis on advanced, nonlinear video editing, lighting and microphone techniques. *Prerequisite: COMM 2311.*

COMM 3354 Advanced Audio Production (3)

Analog and digital techniques for recording music and voice for mass media and social media applications. Students will experience through hands-on projects professional recording techniques for home and studio recordings. Projects will include the recording and editing of music, voice over music, video soundtracks and social media audio and video applications. *Prerequisite: COMM 2310.*

COMM 3355 Advanced Graphic Design (3)

This course will provide students with advanced design techniques that will enhance the base of knowledge and better prepare students for communication-based occupations that often require significant graphic design knowledge and practice. Building upon the skills taught in COMM 2309, students will be challenged to design complex digital projects that target specific applications in the current marketplace including communication & business marketing, digital photography, video & audio production graphics, educational markets, profit and non-profit organizations. *Prerequisite: COMM 2309.*

COMM 3361 Advanced Topics in Cinema Studies (3) (Same as ENGL 3361)

This course is cross-listed as ENGL 3361. See the English listing.

COMM 4302 Public Relations Case Studies (3)

The course offers students the opportunity to review, discuss, and critically analyze multiple PR campaigns across a variety of disciplines. Using various models, students will evaluate the strengths and weaknesses of individual campaigns, while gaining a valuable body of knowledge of public relations tactics. *Prerequisite: COMM 3321.*

COMM 4303 Public Relations Campaigns (3)

This course addresses the tactics and strategies for planning, proposing, and implementing a

public relations campaign. As a service-learning course, students will work individually and in agency groups to develop a campaign plan for a community client. *Prerequisite: COMM or SPCH 3321.*

COMM 4308 Communication Theory (3) (Same as SPCH 4308)

This course is designed to provide students with an in depth understanding of the major theories supporting the discipline of communication studies. Attention is given to theories of relationship creation, interpersonal interactions, and media effects. *Prerequisite: COMM 1301.*

COMM 4351 Internship in Mass Media (3)

The internship provides the student with an opportunity to receive practical work experience under faculty and professional supervision. Students will work as interns in some type of mass communication-related field, including but not limited to the following: broadcasting, journalism, web design, public relations, social media and/or graphic design. This course may be repeated once for elective credit with department chair approval. *Prerequisites: Junior or senior standing, or consent of department chair.*

COMPUTER SCIENCE

COSC 1302 Principles of Information Systems (3)

This course introduces the student to Information Systems as developed, managed and maintained in a typical business environment. This is the first course for MIS minors. Topics include an overview of information systems in business organizations, hardware, software, telecommunications, networking, internet, electronic commerce, algorithm design, data representation, and programming languages.

COSC 2308 Personal Computer Operating Systems (3)

This is a study of the current popular operating systems found on personal computers. Topics covered will vary based on the particular operating systems being examined. Students will be given hands-on experience working with the systems software being studied. *Prerequisite: COSC 1302.*

COSC 2328 Visual Basic Programming (3)

This course will provide training in computer programming using Visual Basic. Object-oriented programming as well as visual programming techniques will be emphasized. *Prerequisite: COSC 1302 or MATH 3300.*

COSC 3312 Web Development (3)

This course gives a student an understanding of planning, creating, designing, editing, implementing, and reviewing web sites using current developmental software. Students will gain an understanding of web design and application so that they can make strategic decisions in creating, critiquing, troubleshooting, and revising web pages. Basic HTML programming will also be included. Computer literacy is assumed since basic computer skills will be utilized throughout the course. *Prerequisite: Junior or senior standing, or consent of the instructor.*

COSC 3315 Computer Networking Applications (3)

This course gives the student an opportunity to design and implement a set of networking applications using both theoretical and practical knowledge as presented in class. Students will gain an understanding of practical usage of computer networks as used in day-to-day business activities worldwide. *Prerequisite: Basic computer literacy is required.*

COSC 3317 E-Commerce and Internet Applications (3)

This course is an overview of e-commerce and the Internet, which will allow students an opportunity to investigate and to learn about the Internet and its many uses in the business world. *Prerequisite: Basic computer literacy is required.*

COSC 3333 Computer Networking Infrastructure (3)

This course is a study of cabling and hardware components necessary to build and maintain a computer networking environment for small business. Special emphasis will be placed on personal computer hardware, hubs, switches; along with the Ethernet, wireless, and fiber optic cables. *Prerequisite: Basic computer literacy is required.*

COSC 4321 Information Systems Development (3)

This is a study of traditional, structured, and advanced concepts and techniques for the design and development of an information system. Special emphasis will be placed on the development

of database systems using fourth generation tools. *Prerequisites: Twelve (12) semester hours of computer science.*

COSC 4325 Advanced Database Techniques (3)

This course gives students the opportunity to design and implement a database using a current Windows-based database management software package and its application language. Techniques for designing a database system are reviewed and put into practice on the term project. *Prerequisite: COSC 4321.*

COSC 4350 Internship (3)

This course is designed to utilize a student's academic training to solve problems for a local organization. The student and firm will enter into a contract with the School of Business where the firm will monitor the student's work performance and report this performance to the School of Business who will assign a grade. This course may be repeated for credit. *Prerequisite: Junior level standing with consent of the dean.*

CRIMINAL JUSTICE

CJUS 1301 Introduction to the Criminal Justice System (3)

History and philosophy of criminal justice and ethical considerations; crime defined: its nature and impact; overview of criminal justice system; law enforcement; court system; prosecution and defense; trial process; corrections.

CJUS 1306 Courts and Criminal Procedure (3)

The judiciary in the criminal justice system; structure of American court system; prosecution; right to counsel; pre-trial release; grand juries; adjudication process; types and rules of evidence; sentencing. *Prerequisite: CJUS 1301.*

CJUS 1311 Fundamentals of Criminal Law (3)

A study of the nature of criminal law; philosophical and historical development; major definitions and concepts; classification of crime; elements of crimes and penalties using Texas statutes as illustrations; criminal responsibility. *Prerequisite: CJUS 1301.*

CJUS 1313 Juvenile Justice System (3)

This course is a study of the juvenile justice process. Topics include specialized juvenile law, role of the juvenile law, role of the juvenile courts, role of police agencies, role of correctional agencies, and theories concerning delinquency. In addition, students will study the history, philosophy, organization, processes and functions of the juvenile justice systems in the United States and Texas. Emphasis is placed on jurisdiction, treatment and juvenile court proceedings in juvenile justice decision-making. In addition, students will study child abuse and neglect and how the system is designed to deal with these serious issues. *Prerequisite: CJUS 1301, or consent of the instructor.*

CJUS 2313 Correctional Systems and Practices (3)

This course examines the history of punishment and the evolution of correctional systems and practices in the United States. Consideration also will be given to the growth of community based corrections as well as other intermediate based sanctions that attempt to reduce prison populations. *Prerequisite: CJUS 1301.*

CJUS 2314 Police Systems and Procedures (3)

This course is an introduction to the police profession. Topics include organization of law enforcement agencies, the police role in society, police operations, discretion, corruption, and current and emerging issues. *Prerequisite: CJUS 1301.*

CJUS 2323 Legal Aspects of Law Enforcement (3)

Police authority; responsibilities; constitutional constraints, laws of arrest, search, and seizure; police liability. *Prerequisite: CJUS 1301.*

CJUS 3115 Crime Scene Investigation Laboratory (1)

This course is an introduction to the investigative processes normally needed at a crime scene and the analytical processes needed in the examination of crime scene evidence. The course includes the methods used in discovering, collecting, and packaging crime scene evidence. Skills taught include photography, fingerprinting, casting, blood stain testing, drug screening, and the examination of firearms and bullets. *Prerequisite: Concurrent enrollment in CJUS 3315.*

CJUS 3306 Violence and Victimization (3)

This course examines the nature of violence in our society, including victimization by strangers, family members, and intimate partners. Both victimization theory and applied responses to victimization by the criminal justice system are reviewed. This course includes a study of situational factors and responses to victims, crime prevention and victim services programs, and victim-offender relationships.

CJUS 3313 Drugs and Drug Policy (3)

An examination of the physiological and psychological and behavioral effects of legal and illicit drugs; pattern and correlates of use; and theories of the causes of drug use. The course also provides a cross-national perspective on the regulation of drug use by examining and critiquing drug policies in terms of their goals, scope and effectiveness.

CJUS 3314 Criminal Investigation (3)

This course will examine the collection of preservation of evidence, sources of information, interview and interrogation procedures, and the uses of forensic science, as well as case and trial preparation. *Prerequisites: FORS 3101, and FORS 3301.*

CJUS 3315 Crime Scene Investigation (3)

This course covers the investigative processes normally needed at a crime scene. The course will examine the initial approach to a crime scene investigation and explore the importance of proper procedures and protocol in searching, collecting, and packaging crime scene evidence. Preservation of integrity and chain of evidence rules will be reviewed.

CJUS 3316 Critical Incident Management (3)

This course familiarizes students with the basic knowledge and skills to manage a variety of critical incidents faced by criminal justice administrators. Topics include types of critical incidents, decision making, leadership, risk management, tactical considerations, command post operations, and learning activities. *Prerequisite: CJUS 1301.*

CJUS 3317 Restorative Justice (3)

This course provides a thorough overview of the restorative justice system, emphasizing both its complex and controversial dimensions. It features a balanced approach to the subject, providing students with discussions of definitional issues, public policy history in the United States, and a context of comparative ideology. The course presents the multiple theoretical roots of the restorative justice movement and subsequently explains the methods and practices in the field. *Prerequisite: CJUS 1301 or consent of the instructor.*

CJUS 3318 Probation and Parole (3)

This course develops the history, philosophy and progress of adult and juvenile probation and parole in the United States. This course also examines the practices and association of probation and parole agencies with the judicial system. *Prerequisite: CJUS 2313.*

CJUS 4301 Management of Criminal Justice Organizations (3)

This course will examine the basic concepts of management and administration as applied to agencies in the criminal justice system. Emphasis will be placed on issues related to the effective management and administration of criminal justice agencies. Topics covered will include environmental influence; conflict, power, and ethical issues; motivation, leadership, and communication. The concept of the service quality approach will also be considered. *Prerequisite: CJUS 1301.*

CJUS 4302 Community Policing (3)

This course explores community oriented policing in the United States. Topics include defining community policing, history of community policing, police-public relationships, and the effects of community oriented policing on public opinion and crime. *Prerequisite: CJUS 2314 or consent of the instructor.*

CJUS 4304 Correctional Counseling (3)

This course focuses on the skills needed to provide basic correctional counseling services to incarcerated offenders and community corrections clients. Students will study underlying theoretical perspectives of correctional counseling and details of counseling and treatment processes. *Prerequisite: CJUS 2313.*

CJUS 4350 Criminal Justice Practicum (3)

One semester of supervised service in a state, local, or federal criminal justice agency. In addition

to field experience, students will learn to apply theoretical knowledge gained in the classroom to real world criminal justice practice. Open only to Criminal Justice majors who have completed at least 60 hours of course work and have no prior experience. Students must make application for the practicum the semester prior to that in which it will be taken.

ECONOMICS

ECON 2301 Macroeconomics (3)

Extending the analytic framework learned in ECON 2302, Macroeconomics investigates economic phenomena that occur at a national or global scale. The course applies the economist's toolkit, including marginal, cost-benefit, and trade-off analysis, to topics such as economic growth and development, unemployment, inflation, business cycles, and international trade. *Prerequisite: ECON 2302*

ECON 2302 Microeconomics (3)

Microeconomics investigates the intricate, often under appreciated processes by which the market economy functions. The course emphasizes the roles played by prices, profit-seeking, and economic institutions such as the legal system and cultural norms. Taking the Biblical view of sinful human nature, the course addresses market incentive structures that channel rational self-interested behavior towards the promotion of the general welfare of society in both material and spiritual dimensions. The course also outlines economic arguments for limited, constitutional government and emphasizes the importance of personal freedom and individual responsibility for the promotion of economic prosperity.

ECON 3302 Money and Banking (3) (Same as FINA 3302)

A study of the development of commercial banks and financial institutions and their economic role, the Federal Reserve System and monetary policy, and the role of international finance. *Prerequisite: ECON 2302.*

ECON 3303 The Wealth of Nations (3)

This course will explore the reasons that some nations flourish economically while others have extreme poverty. *Prerequisites: ECON 2301 and ECON 2302.*

ECON 3313 Managerial Economics (3)

The primary goal of this course is to acquaint students majoring in finance/economics with an understanding of how to apply microeconomics to problems encountered by business firms. *Prerequisites: MATH 1342 and ECON 2302.*

ECON 3323 Schools of Economic Thought (3)

This course will expose students to various schools of economic thought. Students will gain greater insight into the wide diversity of economic thought as the subject has developed through time. Both microeconomic and macroeconomic schools of thought will be explored. *Prerequisites: ECON 2301 and ECON 2302.*

ECON 3333 Intermediate Economics (3)

This course offers an in-depth investigation into price theory and the market institutions and mechanisms that promote economic development. *Prerequisite: ECON 2302.*

ECON 3343 Problems in Economics (3)

This course covers historic and present-day economic problems and their effects on society. *Prerequisite: ECON 3333.*

ECON 3361 International Trade (3)

This course examines the trade operations of the firm from an international point of view. The course is designed to expose students to theories of trade, international monetary systems, exchange rates, futures, and currency markets. *Prerequisite: This course is open to business and non-business majors who have attained junior standing.*

ECON 4301 Econometrics for Economics and Finance (3)

This course will build upon the topics covered in the Business Research Methods course. Students learn to build and apply econometric models for applications in economics and finance. Students will utilize the ordinary least squares regression model for time series analysis. Students will learn the assumptions of the regression model and how to test for violation of the assumptions. Use of statistical software such as econometrics software is included. *Prerequisites: MATH 1342 and BUAD 3366.*

ECON 4302 Forecasting (3)

This course will introduce students to business and economic forecasting using techniques such as regression models, moving averages, and ARIMA models. Software will be utilized. *Prerequisites:* ECON 2301, ECON 2302, and BUAD 3366.

ECON 4323 Economic History of the United States (3)

This course will explore the economic history of the United States. *Prerequisites:* BUAD 3366.

EDUCATION

EDUC 3101 Integrating Technology in the Classroom (1)

This course will develop technology literacy skills for teaching. Students will demonstrate the use of technology in communicating, collaborating, and teaching. Knowledge and proficiencies needed to confidently incorporate existing and emerging educational technologies into candidates' future classrooms will be taught. Emphasis will be on integrating technology applications to support content area teaching. *Prerequisite:* Concurrent enrollment in or completion of EDUC 3301.

EDUC 3102 Technology and the Curriculum (1)

This course will develop pre-service teachers' understanding of effective technology integration as it relates to the content area curriculum established by the Texas Essential Knowledge and Skills for grades EC-6 and 4-8. Pre-service teachers will create a variety of technology enhanced teaching tools which demonstrate an in-depth understanding of instructional design for Elementary and Middle School classrooms. Course content will be presented in a face-to-face one hour lab with an online website for support, tutorials, and assignments. *Prerequisites:* Senior standing, and concurrent enrollment in EDUC 3304.

EDUC 3252 Language Arts Field-Based Experience in the Elementary Schools (2)

This primary purpose of this field-based experience is to provide the pre-service teacher with the opportunity to relate the theories learned in the university classroom with the reality of the public school classroom. The pre-service teacher will actively take part in the Language Arts program in the public school classroom by participating in activities such as but not limited to working with students one-on-one, preparing materials, and presenting simple lessons. Students will be required to complete a qualitative action research study as a result of their experiences in this course. This course is necessary to fulfill the State's requirements for field-based education programs. *Prerequisites:* Junior standing; completion of EDUC 3301, EDUC 3302; cumulative, major/minor and professional development GPA of 2.75; and admission to the Teacher Education Program.

EDUC 3301 The Professional Teacher and Diverse Learners (3)

This course will give students an opportunity to explore the field of teaching by building a background that includes an historical overview, as well as current trends, legal issues, and professionalism, as they apply to teaching in the public schools. The present structure, organization, and management of local, state and national systems will be reviewed. In-depth study of diverse learners and the legislation and regulation of special needs students will also be included. Thirty (30) clock hours of on-site field experience is required. If concurrently enrolled in EDUC 3302, most General Education requirements must be completed prior to enrollment in order to meet the requirements for admission to the Teacher Education Program. *Prerequisites:* Sophomore standing. Students are required to successfully complete a criminal history check to determine suitability for public school placement for the required observation hours.

EDUC 3302 Learning and Evaluation Theory (3)

This course will give attention to the following components: nature of learning, nature of teaching, assessment, and teaching in a multicultural classroom. Understanding the underlying factors contributing to substance abuse and youth suicide, as required in the Texas Education Code and the Texas Administrative Code, are included in this course. Special emphasis will be placed on Section 504, including the 504 Procedural Safeguards. Students should make application to the Teacher Education Program while enrolled in this course. If concurrently enrolled in EDUC 3301, most General Education requirements must be completed prior to enrollment. *Prerequisites:* Sophomore standing, and concurrent enrollment or completion of EDUC 3301.

EDUC 3304 The Integrated Curriculum for EC-8 (3)

This course will cover curriculum organization, planning, evaluation, and practical applications

of instructional methods as they apply to the curriculum for early childhood through grade 8. An overall understanding of how all the curriculum areas relate to one another will be realized through lesson and curriculum planning. *Prerequisites: Senior standing; concurrent enrollment in SSCI 3307, EDUC 3102, EDUC 4252; cumulative, major/minor and professional development GPA of 2.75; and admission to the Teacher Education Program.*

EDUC 3305 Visual Arts and Motor Skills in the Elementary Classroom (3)

This course is designed to help future elementary teachers develop the skills needed to help students learn in more nontraditional ways. Half of the semester will cover the applications of the visual arts in the elementary classroom. The other half of the semester will cover the development of motor skills and health related issues. Practical application by the classroom teacher to the elementary curriculum will be stressed. This course is designed to be taken by elementary education majors. It is suggested that they have completed EDUC 3301 before taking this course. *Prerequisite: Elementary Education or Child Development major.*

EDUC 3314 Educational Assessment (3)

This course is designed to help students understand the importance of classroom assessments to support student learning. Understandings and skills include: Developing and using classroom assessments, grading, communicating assessment information, locating and evaluating measures, and using assessment data for instructional decision making. *Prerequisites: EDUC 3301, EDUC 3302, and admission to the Teacher Education Program.*

EDUC 3317 Behavior Intervention for Students with Special Needs (3)

This course will teach students how to manage the behavior of students with special needs in both general and special education settings. Students will learn: the basics of behavioral analysis; motivation theory; low-incident disabilities; law regarding restraint and seclusion; relationship building and team communication; behavior data tracking and analysis; proactive intervention strategies; social and emotional learning; and how to design a behavior intervention plan (BIP) from development to implementation to evaluation.

EDUC 3318 Differentiating the Curriculum for Diverse Learners (3)

This course will focus on the unique and varied needs of diverse learners in the general education and special education classrooms. Topics covered will include the inclusive classroom; committee planning and communication; instruction for both higher and lower incidence disabilities; differentiated instruction from planning to delivery to assessment across subjects and grades; response to intervention; admission, review and dismissal (ARD) process; individualized education plans; social and emotional teaching and learning; teaching self-help and study skills; creating and utilizing accommodations and modifications; and transitional planning. This course prepares students to best serve diverse learners in today's public school system.

EDUC 3321 EC-8 Instructional Methodology (3)

This course covers instructional methods for students in grades EC-8. The methods covered in this course include direct instructional models and indirect instructional models (to include inquiry and project-based learning). Special emphasis will be given to the various models and instructional practices best suited for each of the core content areas (English Language Arts, Math, Science and Social Studies). *Prerequisites: Senior standing; concurrent enrollment in EDUC 3102, EDUC 3304, and EDUC 4252; cumulative, major/minor and professional development GPA of 2.75; and admission to the Teacher Education Program.*

EDUC 3323 Classroom Management and Effective Teaching Strategies (3)

Students will explore the research-based methods and strategies needed to foster a positive and organized learning environment with equity and excellence in diverse secondary, middle, and elementary classrooms. Students will examine what research says about classroom management, discipline and effective teaching strategies that help create a sense of community in the diverse classroom. *Prerequisites: Completion of EDUC 3301 and EDUC 3302; cumulative, major/minor and professional development GPA of 2.75; and admission to the Teacher Education Program for teacher education majors; OR be a child development major.*

EDUC 3353 Special Education (3)

This course is an introductory survey of exceptional children covering categories of children with disabilities and those who are gifted and talented. This class will help students identify the characteristics, problems, and needs of the exceptional learner. Students will also be made aware

of the public and private services available to the handicapped citizen.

EDUC 3354 Mild/Moderate Disabilities (3)

This course will review the principles of instruction for students with mild/moderate disabilities. Additionally, the course will examine the principles of behavior management for students with disabilities.

EDUC 3355 Severe/Profound Disabilities (3)

This course will review the methods of teaching students with severe and profound disabilities. Additionally, collaboration procedures with families, government agencies and transition planning for students as they transition to adulthood will be discussed.

EDUC 4203 Field-Based Experience in Grades 4-8 (2)

This field-based experience gives students the opportunity to observe and apply the curriculum development theories learned in the university classroom in the public school 4-8 grade classroom. Pre-service teachers will work with students one-on-one, prepare and teach lessons as well as participate in other classroom activities as directed by the classroom teacher. Students will also reflect on their classroom experiences in writing and in classroom discussions. This course will also help students learn strategies, review and practice for the certification exam mandated by the State of Texas for teacher certification and is necessary to fulfill the State's requirements for field-based education programs. *Prerequisites: Senior standing; completion of EDUC 3301, EDUC 3302, EDUC 3323, EDUC 3252, and READ 3318 cumulative, major/minor and professional development GPA of 2.75; concurrent enrollment in EDUC 3321 and EDUC 3304; and admission to the Teacher Education Program.*

EDUC 4252 Field-Based Experience in the Elementary School (2)

HNRS 3303 Inquiring Minds of Early Modernity (3)

Surveys the revolutionary changes in the conception of self and the pursuit of knowledge brought about by the Protestant Reformation and the Age of Enlightenment. Students will perform careful reading of, and engage in lively dialogue about, text significant to Western thought from the 1600s to the 1800s. *Prerequisites: Sixty (60) credit hours, six (6) of which in the student's major, by the beginning of the first semester of the project; an overall GPA of 3.5; and a GPA in the student's major of 3.75.*

HNRS 3304 Being Human in the Modern World (3)

Surveys the challenges of living within a coherent, consistent world view in the face of dramatic—and at times traumatic—technological, industrial, and scientific advancements. Students will perform careful reading of, and engage in lively dialogue about, texts significant to Western thought from the twentieth century onward. *Prerequisites: Sixty (60) credit hours, six (6) of which in the student's major, by the beginning of the first semester of the project; an overall GPA of 3.5; and a GPA in the student's major of 3.75.*

HNRS 4106 Honors Project II: Research (1)

This course is designed to guide the student in in-depth research for the completion of an Honors Project. In consultation with the project supervisor, the student gathers the research necessary to complete a project within his or her major field of study of high academic quality. *Prerequisites: Sixty (60) credit hours, six (6) of which in the student's major, by the beginning of the first semester of the project; an overall GPA of 3.5; and a GPA in the student's major of 3.75.*

HNRS 4108 Honors Project IV: Presentation (1)

This course provides the opportunity for the student to revise his or her honors project for final submission to the university's Honors Committee and to publicly present a project, either at the university or at an appropriate academic conference. Upon approval of the project by the Honors

Committee, the student will be recommended for Graduation with Distinction. *Prerequisites: Sixty (60) credit hours, six (6) of which in the student's major, by the beginning of the first semester of the project; an overall GPA of 3.5; and a GPA in the student's major of 3.75.*

HNRS 4205 Honors Project I: Proposal (2)

This course is designed to assist the student to research, write, and defend a proposal for an Honors Project. Following successful defense of the proposal before the student's project committee, the formal written proposal is submitted to the university's Honors Committee for approval. *Prerequisites: Sixty (60) credit hours, six (6) of which in the student's major, by the beginning of the first semester of the project; an overall GPA of 3.5; and a GPA in the student's major of 3.75.*

HNRS 4207 Honors Project III: Defense (2)

This course provides the opportunity for the student to present and defend his or her honors project to the student's project committee and to receive feedback for the final revisions of the project. By the end of the semester, the student is to have a completed draft of the project that has been evaluated by the project committee. *Prerequisites: Sixty (60) credit hours, six (6) of which in the student's major, by the beginning of the first semester of the project; an overall GPA of 3.5; and a GPA in the student's major of 3.75.*

HUMANITIES

HUMA 2301 Service Learning and the Humanities (3)

The course will develop students' research and communication skills while enhancing their sense of responsibility to their communities through service learning. Students will identify a need in the local community, work with outside parties to develop a plan to address the need, and execute the plan. *Prerequisites: ENGL 1301 and ENGL 1302, or six (6) hours of History.*

HUMA 3399 Humanities Travel Study (3)

The course is an interdisciplinary travel-study option as an advanced elective, or as a substitution, in the humanities or other disciplines. Students with various majors take part in the same travel experience. The course provides a foundational, comparative, interdisciplinary study of the host country culture and the opportunity for integrative study in the student's major or minor. Enrollment requires approval from the department chair and dean of the school hosting the student's major or minor.

HUMA 4001 Humanities Portfolio

This course is a graduation requirement in which students will complete a portfolio of their work for presentation to the department.

This course consists of directed practical experiences for working with athletes and the physically active population. First semester students will work toward mastery of specific competencies and proficiencies in the areas of Directed Clinical Experience, Athletic Training Clinic Operations, Administration, Acute Care of Injuries and Illnesses, and Risk Management. Skills will be instructed under the supervision of a Licensed Athletic Trainer. This course will meet one day per week. *Prerequisite: Signature of the ATEP Director.*

KINE 1142 Basic Techniques in Athletic Training II (1)

This course consists of directed practical experiences for working with athletes and the physically active population. Second semester students will work toward mastery of specific competencies and proficiencies in the areas of Basic Pharmacology and Nutrition, Acute Care of Injuries and Illnesses, Taping, Wrapping, Bracing, and Padding, Risk Management, and Specific Injury Management. Skills will be instructed under the supervision of a licensed Athletic Trainer. This course will meet one day per week. *Prerequisite: KINE 1141.*

KINE 1301 Introduction to Kinesiology (3)

This survey course is designed to orient the prospective kinesiologist to the historical development of kinesiology from ancient through contemporary times. Sociological, physiological, and psychological principles and their application to the profession will be emphasized. This should be taken in the student's first year of the major/minor.

KINE 1306 First Aid and Safety (3)

This course is designed to help the student develop the knowledge necessary to be an effective first responder to accidents or injuries. The skills taught in this course are consistent with the currently accepted International Consensus Guidelines for Cardiopulmonary Resuscitation (CPR) and Emergency Cardiac Care (ECC), and are endorsed by the American Academy of Orthopedic Surgeons (AAOS).

KINE 2141 Practicum in Athletic Training I (1)

This course consists of directed practical experiences for working with athletes and the physically active population. Third semester students will work toward mastery of specific competencies and proficiencies in the areas of Basic Assessment and Evaluation, Basic Pharmacology and Nutrition, and Specific Injury Management for lower extremities. Skills will be instructed under the supervision of a licensed Athletic Trainer. This class will meet one day per week. *Prerequisite: KINE 1142.*

KINE 2142 Practicum in Athletic Training II (1)

This course consists of directed practical experiences for working with athletes and the physically active population. Fourth semester students will work toward mastery of specific competencies and proficiencies in the areas of Basic Assessment and Evaluation, and Specific Injury Management. Skills will be instructed under the supervision of a licensed Athletic Trainer. This class will meet one day per week. *Prerequisite: KINE 2141.*

KINE 2301 Curriculum and Instruction in Physical Education (3)

This course is designed to introduce the prospective physical educator to curriculum designs, including writing lesson plans and behavioral objectives, as well as various instructional strategies. *Prerequisite: Completion of, or concurrent enrollment in, KINE 2309 or KINE 2310.*

KINE 2302 General Medical Conditions in Exercise and Sport (3)

This course is an introduction to practical knowledge of general medical conditions in exercise and sport settings. Conditions included will be orthopedic and non-orthopedic in nature. The course includes a study of the prevention, evaluation, and basic treatment of orthopedic and non-orthopedic conditions. Practical, hands-on lab experiences include assessing vital signs, emergency procedures, taping, bracing, and use of protective equipment.

KINE 2303 Lifespan Motor Development (3)

This course is designed to promote an understanding of human motor development from birth to death. The related aspects of the cognitive, affective, and psychomotor domains will be emphasized. The objectives for implementing developmentally appropriate physical education, physical fitness and sport programs will be stressed.

KINE 2307 Upper Extremity Injury Assessment in Athletic Training (3)

This course will present a study and critical analysis of the anatomy, injury signs and symptoms, and specific evaluation procedures for the upper extremities, head, face, and neck. *Prerequisite: BIOL 1422 or BIOL 2402 with a grade of "C" or better.*

KINE 2308 Lower Extremity Injury Assessment in Athletic Training (3)

This course will present a study and critical analysis of the anatomy, injury signs and symptoms, and specific evaluation procedures for the lower extremities, pelvis, and spine. *Prerequisite: BIOL 1422 or BIOL 2402 with a grade of "C" or better.*

KINE 2309 Teaching Grade K-5 Physical Education (3)

This course is designed to give potential Physical Education instructors opportunities to experience teaching physical activities to individuals, small groups, and large groups. Students will prepare and teach lessons and workshops in instructor-selected activities. Teaching cues and biomechanical execution of fundamental motor skills will be emphasized in all activities. Emphasis will be given to the physical, social, and psychological development of students during grades K-5.

KINE 2310 Teaching Grade 6-12 Physical Education (3)

This course is designed to give potential Physical Education instructors opportunities to experience teaching physical activities to individuals, small groups, and large groups. Students will prepare and teach lessons and workshops in instructor-selected activities. Teaching cues and biomechanical execution of fundamental motor skills will be emphasized in all activities. Emphasis will be given to the physical, social, and psychological development of students during grades 6-12.

KINE 3141 Practicum in Athletic Training III (1)

This course consists of directed practical experiences for working with athletes and the physically active population. Fifth semester students will work toward mastery of specific competencies and proficiencies in the area of Therapeutic Exercise. Skills will be instructed under the supervision of a licensed Athletic Trainer This class will meet one day per week. *Prerequisite: KINE 2142.*

KINE 3142 Practicum in Athletic Training IV (1)

This course consists of directed practical experiences for working with athletes and the physically active population. Sixth semester students will work toward mastery of specific competencies and proficiencies in the areas of Specific Injury Management and Therapeutic Modalities. Skills will be instructed under the supervision of a licensed Athletic Trainer This class will meet one day per week. *Prerequisite: KINE 3141.*

KINE 3300 Therapeutic Modalities (3)

This course will instruct the student in the precautions, indications and contraindications of therapeutic modalities generally utilized in athletic training as a discipline. *Prerequisite: KINE 2308 or consent of the instructor.*

KINE 3302 Injury Rehabilitation Techniques (3)

This course will instruct the student in the planning and implementation of a comprehensive injury rehabilitation and reconditioning program, especially focusing on injuries sustained by the physically active person. *Prerequisite: KINE 2308 or consent of the instructor.*

KINE 3309 Techniques of Coaching Sports (3)

This course will cover various aspects of coaching sports. General strategy and training techniques will be emphasized. Students will have opportunities to gain basic knowledge and understanding of coaching, including forming a philosophy, organizing a total program, scheduling contests, scouting, recruiting, developing relationships with parents, and other aspects that apply to coaching sports. It is recommended that students pursue a sport-specific internship in addition to taking this course. *Prerequisite: KINE 1301.*

KINE 3310 Concepts of Personal Health and Wellness (3)

This course is an in-depth study of concepts of personal health and wellness as they relate to the general population and to various exercise populations. Emphases will be placed on assessment and prescription of fitness levels as well as the development of a proper nutrition program. *Prerequisite: KINE 1301.*

KINE 3311 Exercise Physiology (3)

This course is designed to provide a study of the physical changes experienced by the human body during exercise as well as biomechanical principles used throughout the proper execution of exercises. The main systems of the body will be examined. The effects of exercise with regard to aging and gender will also be considered. *Prerequisite: BIOL 1421 or BIOL 2401 with a grade of "C" or better and KINE 1301.*

KINE 3312 Kinesiology and Applied Anatomy (3)

This course offers the future kinesiologist the opportunity to apply previously learned facts and concepts of the structure and function of the human body to basic and advanced human movements. Analysis of skill performances and their relationship to muscle, skeletal, and nervous systems will be emphasized. This course is meant to provide students with the prerequisite knowledge to pursue certification in personal training and is a cumulative course. *Prerequisites: KINE 3310 and KINE 3311 with a grade of "C" or better.*

KINE 3315 Sport Marketing (3)

Investigation of the rapidly developing sports industry from a marketing perspective; familiarization of marketing terms and tools needed in the sports industry; introduction to the various aspects of marketing that make up the marketing plan. The course will focus on marketing of sport products and services directly related to consumers of sport. It will also describe other consumer and industrial products or services marketed through sport promotions. *Prerequisite: KINE 1301.*

KINE 3320 Community Health and Wellness - Field Course (3)

This course is an upper level Kinesiology course designed for students with majors/minors in health related fields. It is the purpose of this course to familiarize the student with the concepts of community health. The student will have the opportunity to understand the interrelationships of patients, nurses, physicians and other health care professionals that are necessary to provide adequate community health.

KINE 3321 Sport and Recreation Tourism (3)

Examining sport and recreational tourism in a variety of locations through experiential learning in the public and private sector. Student will explore sport as it relates to entrepreneurship, economic impact and Christian business practices. The industry includes active, nostalgic, and event-based sport tourism. This course covers all aspects of sport tourism including sustainability, finances, marketing, and management. *Prerequisite: Junior or senior standing.*

KINE 3362 Sport Psychology (3)

This course consists of a survey of the principles of sport psychology including key concepts and applications. Principles of psychology covered in this course include: motivation, anxiety, mood, attention, personality factors, social psychology, and cognitive and behavioral interventions. *Prerequisite: PSYC 2301 and KINE 1301.*

KINE 4141 Practicum in Athletic Training V (1)

This course consists of directed practical experiences for working with athletes and the physically active population. Seventh semester students will work toward mastery of specific competencies and proficiencies in the areas of Specific Injury Management, Basic Assessment and Evaluation, Risk Management, Communication, Administration, and Athletic Training Presentation. Skills will be instructed under the supervision of a licensed Athletic Trainer This class will meet one day per week. *Prerequisite: KINE 3142.*

KINE 4142 Practicum in Athletic Training VI (1)

This course consists of directed practical experiences for working with athletes and the physically active population. Eighth semester students will work toward mastery of specific competencies and proficiencies in the areas of Specific Injury Management, Assessment and Evaluation, Risk Management, Communication, Administration, and Athletic Training Presentation. Skill instruction will be under the supervision of a licensed Athletic Trainer This class will meet one day per week. *Prerequisite: KINE 4141.*

KINE 4301 Organization and Administration in Kinesiology and Sport (3)

This course provides a study of the principles and practices of personnel leadership, planning, budgeting, scheduling of facilities and events, purchasing, and other topics related to the operation of programs in kinesiology and sport. *Prerequisite: KINE 1301 and senior standing.*

KINE 4303 Applied Biomechanics (3)

This course provides students the opportunity to study techniques in the analysis of anatomical

and mechanical factors related to human movement. Course content includes the biomechanics or athletic performance, linear and angular kinetics, the role of torque and force in athletic performance, and the risks associated with biomechanical stress in athletics. *Prerequisites: BIOL 1421 or BIOL 2401 with a grade of "C" or better, KINE 1301, and KINE 3311.*

KINE 4305 Kinesiology Internship, 3-hour (3)

The course involves working either on-campus or off-campus with the objective of integrating classroom experiences into the work setting. The course is offered during the Fall and Spring semesters; however, arrangements with the Department of Kinesiology must be made by the conclusion of the prior semester. One-hundred fifty (150) clock hours are required to receive 3 hours of internship credit. *Prerequisites: KINE 1301, 12 hours in KINE courses (not counting activity courses), senior standing, Kinesiology major, and consent of the instructor.*

KINE 4306 Evaluation in Kinesiology (3)

This course will include a brief history of testing and measurement in kinesiology, with a focus towards research applications. Various statistical procedures necessary for kinesiology will be introduced. Tests of physical fitness, social efficiency, and motor skills will be studied. *Prerequisites: KINE 1301 and MATH 1342.*

KINE 4307 Legal Aspects of Sport (3)

Explores the relationship between sport and law, and the fundamentals of law used by sport managers, including contract law, tort law, Constitutional issues, employment and discrimination law, the effect of state and federal statutes on recreational activities and sport, and current legal issues in sports. *Prerequisites: KINE 1301, and junior or higher standing.*

KINE 4308 Sport Facility Management (3)

Examination of the principles involved in planning and managing sports and recreational facilities. The course will examine the history of the sport facility industry and the primary goals and objectives of facility managers; how to build and finance a facility; facility operation; administration of marketing, finance, and other critical areas; and event administration and management. *Prerequisites: KINE 1301, and junior standing.*

KINE 4309 Athletic Training (3)

This course is an advanced study of the prevention, evaluation, first aid, treatment, and rehabilitation of injuries incurred by the physically active population. The organization and administration, education, and counseling of persons with athletic injuries is covered. *Prerequisites: KINE 3300 and KINE 3302.*

KINE 4310 Human Diseases (3)

This course will compare and contrast the human body in health and disease. Emphasis will be placed upon wellness through lifestyle as a disease preventative. *Prerequisite: KINE 1301.*

LATIN AMERICAN STUDIES

LAST 2333 Latin American Literature in Translation (3)

(Same as ENGL 2333 when course topic is Latin American) This course provides, in English translation, an introduction to the literature of Latin America. The topic may change each time the course is offered. The course will fulfill the sophomore literature general education requirement. *Prerequisites: ENGL 1301 and ENGL 1302 with a grade of "C" or higher.*

LEADERSHIP

LEAD 1111 Learning and Leading (1)

This course serves as a foundational course for all freshman students and is required during the first semester at ETBU for students who are first-time freshmen. The course incorporates student engagement strategies for success in developing as college-level learners and leaders. Representative faculty and staff will serve as course instructors and freshman mentors, working with students to make meaningful connections between academic content, campus involvement, community outreach, and faith applications. Students may apply this course toward the minor in leadership studies. (Students transferring more than 24 hours are not required to take LEAD 1111.)

LEAD 2301 Leadership Theory and Practice (3)

Students will learn various historical, current, and emerging approaches to leadership theory and come to understand the strengths and weaknesses associated with each theory. Students will explore and evaluate leadership theories and models to identify those appropriate to their own leadership practice.

LEAD 3202 Leadership Internship (2)

A field placement in a setting that provides practical experiences to which the student will apply and test the knowledge gained from the classroom. Integral to this course is a mentorship which allows students the opportunity to observe leadership practices and behaviors in a field environment. This class may be offered any regular semester, based on placement availability, but arrangements for the internship must be made during the semester prior to enrollment. One hundred (100) clock hours is the minimum requirement in order to receive 2 hours credit for the internship course. *Prerequisites: 3 hours of LEAD courses, junior or senior standing, and the consent of the Director of Leadership Development.*

LEAD 3301 Leadership Foundations (3)

Students will explore the philosophical foundations which lie at the heart of current leadership theory and practice. Students will explore and critique leadership philosophies in order to identify presuppositions inherent in modern theories and models of leadership. This critique will equip them to identify those models appropriate to their own leadership practice.

LEAD 3302 Leadership Internship (3)

A field placement in a setting that provides practical experiences to which the student will apply and test the knowledge gained from the classroom. Integral to this course is a mentorship which allows students the opportunity to observe leadership practices and behaviors in a field environment. This class may be offered any regular semester, based on placement availability, but arrangements for the internship must be made during the semester prior to enrollment. One hundred fifty (150) clock hours is the minimum requirement in order to receive 3 hours of internship credit. *Prerequisites: 3 hours of LEAD courses, junior or senior standing, and the consent of the Director of Leadership Development.*

LEAD 3303 Research Skills for Leadership (3)

This course will allow students to further develop information literacy skills essential to leadership decision-making. Practical and theoretical concepts of information literacy covered will include: developing research questions based on information needs, search strategies for locating and retrieving information, evaluating sources for credibility, exploring a variety of information sources with specific emphasis on those related to the workplace, and best practices for ethical information use. Specific attention will be given to applying research skills to support leadership decision-making and facilitate lifelong learning.

LEAD 4301 Leadership for the Future (3)

In this course, students will explore leadership applications for business, politics, education, and community. Further, students will identify pressing challenges for society and explore ways that leaders can be engaged in creating change. It will require students to offer special attention to the practice of personal reflection, especially with regards to personal beliefs about leadership and appropriate leadership practice within multiple spheres of influence.

LEAD 4303 Christian Servant Leadership (3) (Same as RLG 4303)

The course is cross-listed as RLG 4303. See the Religion listing.

LEAD 4353 Organizational Leadership (3) (Same as MGMT 4353)

The course is cross-listed as MGMT 4353. See the Management listing.

MANAGEMENT

MGMT 2350 Principles of Management (3)

This course is an introduction to the managerial functions and the management process. Topics included are areas of traditional management and such contemporary issues as teamwork, diversity, quality, ethics, and the global environment. The major objective is to familiarize the student with the knowledge, roles, responsibilities, and skills required of modern managers.

MGMT 3310 Practical Management for Personal, Non-profitable, and Religious Organizations (3)

This course will provide the student with a practical foundation for developing leadership, strategic planning, organizational structure and governance, physical resources, and staffing issues for individuals, non-profitable organizations, and religious or charitable organizations. Those students majoring in business may not take this course for credit.

MGMT 3353 Human Resource Management (3)

This is a study of the basic personnel processes involved in the selection, training, motivation and remuneration of employees, including the maintenance of labor relations in light of changing

technological, social and economic conditions. *Prerequisite: MGMT 2350.*

MGMT 3354 Business Information Systems Management (3)

This course focuses on organization and management of information systems. The primary emphasis of this course is the application of technology in business problem solving and decision making. *Prerequisite: MGMT 2350.*

MGMT 4310 Organizational Change and Development (3)

In this course, students will learn both the theory and practice of organizational change and development. Attention will be given to assessing the drivers of change, diagnosing the organizational need for change, and implementing necessary change. Students will learn the fundamentals of managing change for the purpose of healthier, more successful organizations. *Prerequisite: MGMT 2350.*

MGMT 4311 Strategic Staffing (3)

In this course, the student will learn the areas of employee selection and performance management systems. Topics include: recruitment strategies, methods of selection, development and validation of selection and employee appraisal instruments, and implementation of performance management processes. *Prerequisites: MGMT 2350 and MGMT 3353*

MGMT 4312 Strategic Compensation (3)

This course is an introduction to compensation and benefits administration. Attention will be given to the means by which compensation equity is achieved in organizations. The student will discover and learn the fundamentals of job analysis and design, job evaluation, development, the use of wage and salary surveys, and benefit policies and practices. The benefits part of the course will include a discussion of public and private benefit programs and pension plans. *Prerequisites: MGMT 2350 and MGMT 3353*

MGMT 4313 Training and Development (3)

This course is an introduction employee training and development. Attention will be given to the means by which the human resources training function is achieved in organizations. The student will discover and learn the fundamentals of strategic training, needs assessment, program design, training methods, and career development in human resource systems. *Prerequisites: MGMT 2350 and MGMT 3353*

MGMT 4350 Internship (3)

This course is designed to utilize a student's academic training to solve problems for a local organization. The student and firm will enter into a contract with the School of Business where the firm will monitor the student's work performance and report this performance to the School of Business who will assign a grade. The course may be repeated for credit. *Prerequisite: Junior level standing with consent of the dean.*

MGMT 4351 Organizational Behavior (3)

This course will study the interaction of the individual with the organization, motivation theories, and the relationship between organizations and individuals. *Prerequisite: MGMT 2350.*

MGMT 4353 Organizational Leadership (3) (Same as LEAD 4353)

The course will provide a basis for applying contributions of various theories of leadership to the diagnosis and development of successful intervention strategies for managing individual as well as complex organizational systems and processes. By studying leadership roles and skills, students can develop their personal aptitude for leadership. *Prerequisite: MGMT 2350.*

MGMT 4355 Conflict Resolution and Negotiation (3)

In this course, students will learn both the theory and practice of conflict resolution and negotiation. The course presents an integrated approach to the dynamics of conflict resolution at the individual, group, and organizational levels. This course explores the major concepts and theories of the psychology of bargaining and negotiation, with a significant simulation component. *Prerequisite: MGMT 2350.*

MGMT 4356 Problems in Management (3)

This course emphasizes the application of management theory and philosophy to current business problems. Students will be expected to use all management material learned, so far, to assess real business problems. Analytical and creative decision making tools will be used to determine appropriate solutions to those problems. This course serves as the capstone for Management majors and is intended primarily for those students. This course is not required or recommended for non-Management majors. *Prerequisite: MGMT 2350 and senior standing. (Capstone course*

must be taken at ETBU).

MGMT 4357 Theory and Practice of Supervision (3)

This is a practical course that covers the skills needed to become an effective supervisor. Practice of these skills in class will provide the confidence necessary to properly perform the function of management. *Prerequisite: MGMT 2350.*

MGMT 4359 Production Management (3)

This course is a study of the management of production systems with emphasis upon the concepts and methods of planning and controlling production. *Prerequisites: MGMT 2350.*

MGMT 4360 Current Topics in Management (3)

In this course, students will learn to observe and analyze current business situations using management theory. This course presents an integrative approach to studying contemporary management situations which considers the national, global, cultural, economic, religious, and political environment along with business practice. The course includes a combination of lecture and active experimentation while exploring current events or "hot topics" in business. *Prerequisite: MGMT 2350.*

MGMT 4366 Management Science (3)

An introduction to quantitative techniques applicable to business and economics. Topics include queuing analysis, linear programming, transportation programming, PERT/CPM, and simple linear regression. *Prerequisites: MATH 1342 and MATH 2313.*

MARKETING

MKTG 2324 Principles of Marketing (3)

This course presents the fundamental principles and methods of marketing as it relates to the producer, the wholesaler, the retailer, and the consumer.

MKTG 3325 Salesmanship (3)

This course presents the fundamental principles of selling involved in the distribution of goods and services. The course includes a study of economic problems connected with selling and analysis of the product and the market. *Prerequisite: MKTG 2324.*

MKTG 3326 Retailing (3)

This course presents a study of the business activity of selling goods or services to the final consumer for personal non-business use. The course covers basic retailing principles, practices, and procedures. Included are such topics as managing the buying, pricing, promotion, layout, security of merchandise, and location of the retail organization. *Prerequisite: MKTG 2324.*

MKTG 3327 Integrated Marketing Communications (3)

The focus of the class will be on the marketing process involved in promotions management. The primary focus will be on the implementation and management of an integrated marketing communications mix involving advertising, sales promotions, personal selling, and public relations. Included in this course is a comprehensive study of the components of integrated marketing communication, the process, and qualitative and quantitative measurement of the communication process. The goal is to create a good understanding of the components behind the promotions process. *Prerequisite: MKTG 2324 or consent of the instructor.*

MKTG 3352 Consumer Behavior (3)

Consumer Behavior is a study of consumer attitudes, preferences, and consumption patterns with implications for marketing management decisions. *Prerequisite: MKTG 2324.*

MKTG 3353 Digital Marketing (3)

This course will examine the utilization of electronic media, commonly known as tools of social media, as it is involved in carrying out the marketing efforts of a business. This will include promotion (such as advertising and public relations), branding, relationship building, and of course, sales and customer service. Evaluation, including the applicable marketing metrics, will be studied, with an attempt to observe these media in actual live situations. This is very experiential course with significant hands on exercises and application. *Prerequisite: MKTG 2324.*

MKTG 3356 Sales Management (3)

This course emphasizes solutions to various sales problems with special emphasis on the decision making process. Major areas of study will be organization, recruitment, selection and supervision, time and territory management, motivation, compensation, leadership, sales planning, forecasting, resource allocation, and ethical issues in sales management. *Prerequisite: MKTG 2324.*

MKTG 4321 Advertising (3)

This course presents a study of successful advertising principles and practices. Ethics and truth in advertising are emphasized. *Prerequisite: MKTG 2324.*

MKTG 4322 Marketing Research (3)

This course presents a study of marketing research methods exercised to enhance decision-making effectiveness and solve marketing problems. Marketing research design and sampling techniques are presented. *Prerequisite: MKTG 2324.*

MKTG 4326 Marketing Strategy (3)

The capstone course for marketing majors focuses on the formulation, implementation, and evaluation of marketing strategy for contemporary business. In this course the emphasis will be on analyzing marketing problems through means of quantitative case studies of familiar companies in order to learn how to develop successful marketing strategies, utilizing knowledge from various business disciplines (accounting, computer science, economics, finance, management and marketing). The development and presentation of a strategic marketing plan will bring all these elements together. *Prerequisites: ECON 2302, FINA 3344, SPCH 1311 or 1315, senior standing or consent of the instructor. (Capstone course must be taken at ETBU).*

MKTG 4345 International Marketing (3)

This course will provide a study of how marketing managers can adapt international marketing practices to cultural, social, political, legal and economic factors. International marketing problems and opportunities will be examined. *Prerequisite: MKTG 2324.*

MKTG 4350 Internship (3)

This course is designed to utilize the student's academic training to solve problems for a local organization. The student and firm will enter into a contract with the School of Business where the firm will monitor the student's work performance and report this performance to the School of Business who will assign a grade. The course may be repeated for credit. *Prerequisite: Junior level standing with consent of the dean.*

MATHEMATICS

MATH 1300 Finite Mathematics (3)

This course is designed as a course for liberal arts students. It assumes minimal algebraic and geometric background. Emphasis is on logic, set theory, graph theory, consumer mathematics, and probability. Access to a departmentally approved scientific calculator is required.

MATH 1314 College Algebra (3)

This course is devoted to the study of functions, their graphs, and their inverses; factoring, as well as the use of synthetic division and partial fractions; linear, quadratic, rational, radical, and exponential expressions; and solutions to systems of equations and inequalities using graphing, elimination, and Cramer's rule. Access to a departmentally approved graphing calculator is required. *Prerequisite: Math ACT score of at least 20 or Math SAT score of at least 480 or consent of the department.*

MATH 1316 Plane Trigonometry (3)

This course consists of a study of transcendental functions. It includes a brief discussion of exponential and logarithmic functions but deals mainly with trigonometric functions and their applications. Concepts and graphing techniques are developed using graphing calculators. Access to a departmentally approved graphing calculator is required. *Prerequisite: MATH 1314 or consent of the department.*

MATH 1342 Elementary Statistics (3)

This course is an introduction to the principles and methods of descriptive and inferential statistics. It is recommended for students in social and behavioral sciences, business, natural and physical sciences, nursing, and teacher education. Access to a departmentally approved scientific calculator is required.

MATH 1425 Precalculus (4)

This course will focus on the study of elementary functions and their graphs including linear, quadratic, polynomial, rational, exponential, logarithmic and trigonometric functions. Emphasis will also be placed on the use of graphing calculators, complex numbers, mathematical modeling, and the mathematics of finance. A departmentally approved graphing calculator is required for this course. *Prerequisite: Math ACT score of at least 23 or Math SAT score of at least 540 or consent of the department.*

MATH 2301 Calculus with Analytic Geometry I (3)

This course includes elements of analytic geometry, functions, limits, derivatives, and applications of the derivative. A departmentally approved graphing calculator is required. (This course is available for credit only through a dual credit arrangement with Marshall High School.)

MATH 2302 Calculus with Analytic Geometry II (3)

Topics include integrals and their applications; exponential, logarithmic, trigonometric and inverse trigonometric functions, and related derivatives and integrals; and formal integration techniques. A departmentally approved graphing calculator is required. (This course is available for credit only through a dual credit arrangement with Marshall High School.) *Prerequisite: MATH 2301 with a grade of "C" or higher.*

MATH 2313 Mathematics with Applications to Business and the Social Sciences (3)

This course includes applications of algebra, linear algebra, and probability to the areas of business and the social sciences. Access to a departmentally approved graphing calculator is required. *Prerequisite: Math ACT score of at least 20 or Math SAT score of at least 480 or consent of the department.*

MATH 2316 Data Analysis (3)

This is an introduction to a variety of statistical methods to analyze data sets and uncover important information about data. The statistical methods introduced will include: linear regression and correlation, one-way and two-way ANOVA, multiple regression, and some nonparametric procedures. This course will not be oriented toward theory or formula-based calculations but rather toward using SPSS software to create graphical and numerical output and then interpreting this output. May not be used for General Education Mathematics requirement. *Prerequisite: MATH 1342.*

MATH 2351 Introduction to Mathematics in the Elementary School (3)

This course is the introductory mathematics course in a three-course sequence for elementary education majors. This course will focus on descriptive and inferential statistics used by practicing teachers to inform instructional decisions and probability along with an introduction to numbers, number systems, and operations and algorithms with whole numbers. Emphasis will be placed on understanding content while exploring research-based methods for teaching content. *Prerequisite: EDUC 3301 or concurrent enrollment.*

MATH 2401 Calculus I (4)

This course includes elements of analytic geometry, functions, limits, derivatives, and applications of the derivative. The course also includes an introduction to integral calculus. A departmentally approved graphing calculator is required. *Prerequisite: MATH 1425 with a grade of "C" or higher, or consent of the department.*

MATH 2402 Calculus II (4)

This course includes applications of integration, integration techniques, L'Hôpital's Rule, and improper integrals. The course also includes infinite series, conics, parametric equations, and polar coordinates. A departmentally approved graphing calculator is required. *Prerequisite: MATH 2401 with a grade of "C" or higher.*

MATH 3300 Foundations of Mathematical Reasoning (3)

This course introduces the logic and techniques used in the proofs of mathematical theorems and covers topics in set theory and number theory. *Prerequisite: MATH 2401 with a grade of "C" or higher.*

MATH 3305 Discrete Methods (3)

This course introduces the basic techniques and modes of reasoning of combinatorial problem solving. Topics include graph theory, counting principles, permutations, combinations, and recurrence relations. *Prerequisite: MATH 3300 with a grade of "C" or higher.*

MATH 3306 Differential Equations (3)

An introductory course in differential equations including techniques for solving equations and supporting theory. Some applications are included. *Prerequisite: MATH 2402 with a grade of "C" or higher.*

MATH 3308 Linear Algebra (3)

Topics include matrix algebra and elementary operations, determinants and their applications,

vector spaces, and characteristic roots and vectors. A departmentally approved graphing calculator is required. *Prerequisite: MATH 2401 with a grade of "C" or higher.*

MATH 3310 Applied Regression Analysis (3)

Applied methods in regression analysis. Topics include univariate linear regression, techniques of multiple regression and model building, ANOVA as regression analysis, model selection and diagnostic checking techniques, nonlinear regression, logistic regression. *Prerequisite: MATH 2316 with a grade of "C" or higher.*

MATH 3320 Survey Sampling (3)

This is an introductory course on the design and analysis of sample surveys intended for students of business, the social sciences, the health sciences, environmental studies, or other areas that make extensive use of sampling. Applications include measured data on selected sample units as well as responses from people to questionnaires. The course will focus on the application of survey sampling, not the statistical theory that underlies survey design and analysis. *Prerequisite: Math 2316 with a grade of "C" or higher.*

MATH 3322 Numerical Analysis (3)

This course develops problem-solving techniques using numerical methods. Topics include roots of equations, interpolation and representation of functions, solutions of systems of equations, least squares, and numerical differentiation and integration. A departmentally approved graphing calculator is required. *Prerequisite: MATH 2402 with a grade of "C" or higher.*

MATH 3325 Using Technology to Teach Mathematics (3)

This course investigates the various uses of computers and other technology in the teaching of mathematics. Topics will include the use of graphing calculators, computer algebra systems, and other mathematical software. A departmentally approved graphing calculator is required. *Prerequisite: MATH 2401.*

MATH 3351 Mathematics in the Elementary School I (3)

This course is the second mathematics course in a three-course sequence for elementary education majors. This course will focus on problem solving, patterns, relations, functions, and algebraic reasoning along with operations and algorithms with whole numbers and fractions. Emphasis will be placed on understanding content while exploring research-based methods for teaching content. Enrollment is limited to elementary education majors. May not be used for general education mathematics requirement. *Prerequisites: MATH 2351 and junior standing.*

MATH 3352 Mathematics in the Elementary School II (3)

This course is the third mathematics course in a three-course sequence for elementary education majors. This course will focus on geometry, measurement, and spatial reasoning along with operations and algorithms with fractions and decimals. Emphasis will be placed on understanding content while exploring research-based methods for teaching content. Enrollment is limited to elementary education majors. May not be used for general education mathematics requirement. *Prerequisite: MATH 3351.*

MATH 3356 Methods for Teaching Secondary Mathematics (3)

This course will focus on methods for teaching secondary mathematics. The content focus includes algebra, geometry, trigonometry, and calculus. Emphasis will be placed on exploring research-based methods for teaching content using hands-on manipulatives and technology. May not be used for general education mathematics requirement. *Prerequisites: MATH 2402, EDUC 3301, and junior standing.*

MATH 3403 Calculus III (4)

This course includes vectors, vector-valued functions, and the geometry of space. It is also a course in multivariate calculus; the material includes a study of three-dimensional analytic geometry, differential calculus of functions of several variables, and multiple integration. A departmentally approved graphing calculator is required. *Prerequisite: MATH 2402 with a grade of "C" or higher.*

MATH 4100 Content Review and Test Preparation (1)

This course provides structure and guidance to students completing a BSE major or minor in mathematics for teacher certification. In addition to providing an overview of mathematical methods for certification purposes, the course provides assistance with review of subject area content, administration of practice examinations, and departmental evaluation of student learning outcomes. *Prerequisites: Senior standing and an education major, minor, or elementary specialization*

in mathematics for certification purposes.

MATH 4200 Capstone Course in Mathematics (2)

This two-hour course serves as a capstone course for all mathematics majors. It provides a vehicle for synthesizing major mathematical concepts studied in the major core and provides an opportunity for the student to become further acquainted with significant mathematical writings. A senior research paper is required. *Prerequisites: Senior standing and completion of or concurrent enrollment in the other major core courses, or consent of the department.*

MATH 4302 College Geometry (3)

This course places an emphasis on Euclidean geometry with an introduction to selected non-Euclidean geometries. *Prerequisite: MATH 3300 with a grade of "C" or higher.*

MATH 4303 Probability and Statistics (3)

This course is designed as an introduction to mathematical statistics. Topics include descriptive statistics, probability, random variables and their distributions, sampling, regression, and correlation. Selected non-parametric statistics are introduced. *Prerequisites: MATH 2402 with a grade of "C" or higher; MATH 1342 or successful performance on departmental examination.*

MATH 4304 History of Mathematics (3)

This is a study of the historical development of mathematical concepts and the men and women who developed them. *Prerequisites: MATH 2401 with a grade of "C" or higher and junior standing.*

MATH 4305 Abstract Algebra (3)

An introduction to abstract algebra, this course focuses on fundamental concepts of basic algebraic systems; groups, subgroups, and homomorphisms; rings, ideals, integral domains, and fields. *Prerequisite: MATH 3300 with a grade of "C" or higher.*

MATH 4307 Real Analysis (3)

This is an introductory course on real-function theory. It includes a study of the real number system, limits, sequences, series, continuity, and convergence. *Prerequisites: MATH 3300 and MATH 2402 with grades of "C" or higher.*

MATH 4308 High School Math from an Advanced Perspective (3)

The course focuses on the core mathematical content and problems of high school mathematics: numbers, algebra, geometry, and functions. The concepts and problems are treated from a mathematically advanced standpoint appropriate for college mathematics majors and makes use of the kind of mathematical knowledge and sophistication the student has gained in other courses. There will be a purposeful focus on the mathematical content as it connects to high school mathematics. *Prerequisite: MATH 3308*

MUSIC

MUSI 1000 Recital (0)

This course is an attendance based course that provides students the opportunity to experience and understand repertory in their major performance area, and to become acquainted with repertoires beyond their area of specialization. Students will be exposed to a large and varied body of music through study and attendance at recitals, concerts, opera and musical theatre productions, and other performances.

MUSI 1103 Class Guitar I (1)

Students will be instructed in learning all aspects of producing sound on the acoustic guitar along with music reading, music theory, and selected historical, cultural, and technical contributions. The class is intended for beginners only. Those who have significant experience or previous training are advised to enroll in MUSI 1104 Class Guitar II or applied guitar lessons.

MUSI 1104 Class Guitar II (1)

This is a continuation of MUSI 1103 Class Guitar I. Students will be instructed in learning all aspects of producing sound on the acoustic guitar along with music reading, music theory, and selected historical, cultural, and technical contributions. Both strumming and finger picking techniques are developed. *Prerequisite: MUSI 1103 or consent of the instructor.*

MUSI 1107 Fundamentals of Music Theory (1)

This course introduces the concepts of basic music theory. Designed to prepare music majors for studies in harmony, specifically MUSI 1311 Elementary Harmony I, this course covers basic music literacy and theory including staff notation, major and minor key signatures, major and minor scales, and intervals.

MUSI 1120 Handbell Choir (1)

Handbell Choir is a laboratory experience in playing handbells. The study includes the various ways of playing the bells, an acquaintance with the literature for bells, and how to care for the instruments. This is a course in which music laboratory credit may be earned. This course may be repeated for additional credit. *Prerequisites: some ability to read music and consent of the instructor.*

MUSI 1128 Aural Skills I (1)

Aural Skills I is an applied skills course designed to develop skills in sight singing, rhythmic reading, improvising short melodic and rhythmic phrases and notating melodies, rhythms, and chords using folk, western and non-western melodies.

MUSI 1129 Aural Skills II (1)

This course is an extension of MUSI 1128 designed to continue the development of skills in sight singing, rhythmic reading, improvising short melodic and rhythmic phrases and notating melodies, rhythms and chords using folk, western and non-western melodies. *Prerequisite: MUSI 1128.*

MUSI 1130 Symphonic Band (1)

Concert Band is the primary performance ensemble of the instrumental program. It performs a wide variety of wind band literature and serves as a public relations arm for the School of Communication and Performing Arts. The Band performs periodically during the academic year and tours in the spring of each year. While the director's consent is required for all band members, participation is open to all students with previous band experience. Formal attire is required. This course may be repeated for additional credit. *Prerequisite: Consent of the instructor.*

MUSI 1133 Marching Band (1)

The ETBU Marching Band is an organization open to all students without audition who have band experience prior to coming to ETBU. The band performs at ETBU Football Games and other related athletic events, and the band provides a variety of opportunities for students to accept roles of leadership and responsibility. The band is designed to provide an enjoyable performance experience and a musically educational experience for all participants. In addition, the band serves as a working lab for music education students preparing for vocations in public school band programs. This course may be repeated for additional credit. *Prerequisite: Consent of the instructor.*

MUSI 1134 Hilltop Worship

This ensemble is an auditioned worship band utilizing instrumentation consistent with modern worship music ensembles. The band represent the University in chapel performances and in a variety of events both on and off campus. The ensemble composes and records worship music, recruits for the Department of Music and the University at large, and serve as a public relations arm for the music program. Students selected for Hilltop Worship are expected to make a two-semester commitment (Fall/Spring). *Prerequisite: Consent of the instructor.*

MUSI 1137 Jazz Band (1)

The ETBU Jazz Band provides an opportunity for students to learn to play various jazz styles that will prepare them for careers in teaching or performance. In addition to traditional big band jazz, the band provides opportunities to improvise and performs music from other genres, including Blues, Latin, Jazz-Rock Fusion, and Funk. The Jazz Band presents two campus concerts annually and performs at numerous sites in Marshall and in surrounding communities through tours to high schools and churches. This course may be repeated for additional credit.

The ETBU Jazz Band is an auditioned ensemble open to performers on saxophone, trumpet, trombone, guitar, piano, bass, and drums. Auditions are open to all students regardless of major. *Corequisite: Concurrent enrollment in MUSI 1133 (Fall) and MUSI 1130 (Spring).*

MUSI 1138 Chamber Ensemble (1)

This course includes participation in any of the various chamber ensembles offered in a given semester. Director's consent is required for all chamber ensembles, but these groups are open to all students regardless of major. This course may be repeated for additional credit.

MUSI 1139 Class Piano I for Non-Music Majors (1)

Designed for students pursuing academic areas other than music, this course provides instruction in elementary piano technique and basic music reading. No prior experience in music is necessary, but students who have received some previous instruction in piano will be able to develop their skills beyond the basic beginning level.

MUSI 1140 Class Piano II for Non-Music Majors (1)

Designed for students pursuing academic areas other than music, this course provides instruction in advanced elementary piano technique and music reading and allows students to explore genres and styles of interest, including options such as classical, Broadway, jazz, praise and worship, hymns, and pop. This course may be repeated for additional credit. *Prerequisite: MUSI 1139 or consent of the instructor.*

MUSI 1150 Chapel Choir (1)

Chapel Choir is a choral organization open to all students without an audition. Various styles of sacred music are rehearsed and performed in the University chapel services or in evening concert. Music laboratory credit may be earned in this course. Formal attire is required. This course may be repeated for additional credit.

MUSI 1157 Opera Workshop (1)

This course is a laboratory experience in the performance of opera. Study includes singing, acting, staging, selection of props, mechanical demands, etc. The course is normally offered during the spring semester and is one in which music laboratory credit may be earned. This course may be repeated for additional credit. An opera score is required. *Prerequisite: Consent of the instructor.*

MUSI 1158 University Singers (1)

This ensemble is a performing group of limited size selected from the Concert Choir membership which studies and performs choral chamber music from different periods and styles, such as madrigal, pop music, "swing choir" music, etc. Music Laboratory credit may be earned in this course. This course may be repeated for additional credit. Note: Formal attire is required. *Corequisite: Concurrent enrollment in MUSI 2150.*

MUSI 1159 Musical Theatre (1)

This course is a performance course in which students will perform in and/or assume technical crew responsibilities in a musical theatre production. Study includes singing, acting, staging, selection of props, mechanical demands, etc. The course may be repeated for additional credit. *Prerequisite: Successful performance audition or instructor-assigned technical responsibility.*

MUSI 1181 Class Piano I (1)

Basic musicianship is taught through music reading, elementary piano technique, and piano repertoire. Students are placed in one of four progressive levels. *Prerequisite: Consent of the instructor and concurrent enrollment in MUSI 1308*

MUSI 1182 Class Piano II (1)

This is an extension of MUSI 1181. *Prerequisite: MUSI 1181 or consent of the instructor.*

MUSI 1183 Class Voice I (1)

A study of the fundamentals of singing including posture, breathing, tone quality, extension of range, etc. is taught. It is designed for those interested in singing who have had little or no training or experience.

MUSI 1184 Class Voice II (1)

This is an extension of MUSI 1183. *Prerequisite: MUSI 1183 or consent of the instructor.*

MUSI 1305 History of Rock and Roll (3)

This course will expose students to the history of rock music and increase their appreciation and enjoyment of the art form. Topics to be covered include the origins and development of rock music, distinctive style periods, rock music's reflection of and influence on society, and important rock performers.

MUSI 1308 Music Theory I (3)

Music Theory I is a study of the principal chords in both major and minor modes with emphasis upon part-writing and keyboard harmony. *Prerequisite: MUSI 1107 or consent of the instructor.*

MUSI 1309 Music Theory II (3)

Music Theory II, the second of the four-course sequence for music majors, builds on the voice leading principles and analytical techniques introduced in Music Theory I, now incorporating all diatonic triads and seventh chords (in all inversions), as well as nonchord tones. Also covered are the principles of harmonic progression, two-part counterpoint, and small formal structures. *Prerequisite: MUSI 1308.*

MUSI 1314 Jazz in America (3)

This course will expose students to jazz history and increase their appreciation and enjoyment of the art form. Topics to be covered include the origins and development of jazz, distinctive style

periods, and important jazz performers. A student may not receive credit for both MUSI 1314 and MUSI 3350.

MUSI 2100 Introduction to Music Education (1)

This course is an introduction to the music education degree and career field. Topics will include curriculum, certification, professional responsibilities, expectations, and professional resources. Students will informally work with music programs, and will begin to develop a professional portfolio and a Christ-centered philosophy of music education.

MUSI 2104 Vocal Diction I (1)

This course includes class instruction in pronunciation of English and Italian for singers, and it introduces the International Phonetic Alphabet.

MUSI 2107 Woodwind Methods (1)

Designed for students in the instrumental track of the music education major, this course provides specific instruction techniques and beginning level performance of the flute, clarinet, saxophone, and double reeds.

MUSI 2108 Service Playing (1)

Service Playing includes class instruction in hymn playing, solo and choir accompaniment, conducting from the organ console, and basic organ repertoire for the church service. This class meets two hours per week. *Prerequisite: Four semesters of organ lessons or consent of the instructor.*

MUSI 2113 Modern Musicianship Lab I (1)

This course serves as a laboratory course for MUSI 2313 Modern Musicianship. Students will demonstrate understanding of theoretical concepts taught in the companion course by performing at a functional level on multiple instruments commonly used in the commercial and worship contexts. *Prerequisite: MUSI 1129 and concurrent enrollment in MUSI 2313.*

MUSI 2114 Modern Musicianship Lab II (1)

This course serves as a laboratory course for MUSI 2314 Modern Musicianship II. Students will demonstrate understanding of theoretical concepts taught in the companion course by performing at a functional level on multiple instruments commonly used in the commercial and worship contexts. *Prerequisite: MUSI 2113 and concurrent enrollment in MUSI 2314.*

MUSI 2118 Percussion Methods (1)

Designed for students in the instrumental track of the music education major, this course provides an introduction to instructional techniques for percussion instruments.

MUSI 2123 String Methods (1)

Designed for students in the instrumental track of the music education major, this course provides specific instruction in instructional techniques and beginning level performance of the violin, viola, cello and bass.

MUSI 2127 Brass Methods (1)

This course is designed for students in the instrumental track of the music education major. This course provides instructional techniques for trumpet, horn, trombone, euphonium, and tuba.

MUSI 2128 Aural Skills III (1)

This course is designed to help students develop advanced sight singing and aural acuity relative to intervals, chords, and rhythms. *Prerequisite: MUSI 1129 and concurrent enrollment in MUSI 2308.*

MUSI 2129 Aural Skills IV (1)

This course is an extension of MUSI 2128 in the development of advanced sight singing and ear training ability. *Prerequisite: MUSI 2128 and concurrent enrollment in MUSI 2309.*

MUSI 2150 Concert Choir (1)

Concert Choir is a select group of mixed voices which performs some of the more challenging music from the various periods and styles. This choir serves as a public relations arm of the department and tours in the spring of each year. Membership is by audition. Formal attire is required. This course may be repeated for additional credit. *Prerequisite: Consent of the instructor.*

MUSI 2181 Class Piano III (1)

This course is an extension of MUSI 1182. *Prerequisite: MUSI 1182 or consent of the instructor.*

MUSI 2183 Class Voice III (1)

An extension of MUSI 1184 Class Voice II. This course will continue the development of fundamentals of singing including proper breathing techniques, tone quality, range extension, etc. The class voice experience is designed to provide an instructional environment and performance

laboratory for vocalists with limited experience in singing including music majors with a secondary performance area of voice. The class will begin guiding the student towards successful completion of the vocal secondary proficiency exam. *Prerequisite: MUSI 1184.*

MUSI 2184 Class Voice IV (1)

An extension of MUSI 2183 Class Voice III. This course will continue the development of fundamentals of singing including proper breathing techniques, tone quality, range extension, etc. The class voice experience is designed to provide an instructional environment and performance laboratory for vocalists with limited experience in singing including music majors with a secondary performance area of voice. The class will complete the four-semester class voice sequence leading to the vocal secondary proficiency exam and is repeatable for credit. *Prerequisite: MUSI 2183.*

MUSI 2201 Survey of Western Music (2)

This course is designed to acquaint students with an overview of the field of music. It deals with styles, major periods, and media of performance, as well as folk, traditional, and native music of the Western culture.

MUSI 2213 Introduction to Music (2)

This course is designed to acquaint students with an overview of the field of music. It deals with styles, major periods, and media of performance, as well as folk, traditional, and native music of the Western culture. In addition the course examines the music of non-Western cultures within the social and religious contexts of the cultures being studied.

MUSI 2308 Music Theory III (3)

Music Theory III, the third of the four-course sequence for music majors, covers secondary functions, modulation, and larger formal structures. *Prerequisite: MUSI 1309.*

MUSI 2309 Music Theory IV (3)

Music Theory IV, the fourth of the four-course sequence for music majors, continues the study of chromatic harmonies and introduces the materials and techniques of post-tonal analysis. *Prerequisite: MUSI 2308 and concurrent enrollment in MUSI 2129.*

MUSI 2312 Advanced Harmony (3)

Through extensive analysis and part-writing exercises, this course examines the altered and chromatic harmonies of the common practice period through the late 19th century. *Prerequisite: MUSI 1309.*

MUSI 2313 Modern Musicianship I

Using the course content from MUSI 1308 and 1309 (Music Theory I and II) as foundational knowledge and skills, this course will present modern music theory concepts which will equip the student to function effectively within contemporary music environments in both sacred and secular contexts. *Prerequisite: MUSI 1309 and concurrent enrollment in MUSI 2113.*

MUSI 2314 Modern Musicianship II (3)

This course is the continuation course for MUSI 2313 Modern Musicianship I. Modern music theory concepts will be presented and students will be equipped to function effectively within contemporary music environments in both sacred and secular contexts. *Prerequisite: MUSI 2313 and concurrent enrollment in MUSI 2114.*

MUSI 3102 Vocal Diction II (1)

This course includes class instruction in pronunciation of French and German for singers, and meets two hours per week. *Prerequisite: MUSI 2104*

MUSI 3103 Organ Survey (1)

This course is designed to acquaint the church music student with the organ regarding its construction, maintenance, purchase, and use in worship and for the training of young organists. *Prerequisite: MUAP 2226 or consent of the instructor.*

MUSI 3105 Piano Accompanying (1)

In this course, pianists will learn the essential techniques of accompanying singers and instrumentalists with practical application through work with student soloists. *Prerequisites: MUSI 1245 and MUSI 1246.*

MUSI 3106 Chamber Ensembles for Piano (1)

In this course, pianists will study and perform music written for the piano in collaboration with other instruments (as in piano trios, quartets, quintets, and octets, which involve strings, woodwinds, etc.). *Prerequisite: MUAP 2245 or consent of the instructor.*

MUSI 3107 Music Technology (1) (Same as COMM 3107)

This course provides a basic overview of digital audio, computer-generated notation, and audio recording/editing hardware and software applications. *Prerequisite: MUSI 1308 or consent of the instructor.*

MUSI 3108 World Music (1)

This course examines the music of non-Western cultures within the social and religious contexts of the cultures being studied. *Prerequisite: MUSI 2201.*

MUSI 3157 Opera Theatre (1)

This course is a performance course in which students will assume major roles in an opera production. Study includes singing, acting, staging, selection of props, mechanical demands, and other related production elements. The course may be repeated for additional credit. *Prerequisites: MUSI 1157 and THEA 1351.*

MUSI 3201 Conducting (2)

This course includes instruction in the techniques of choral and instrumental conducting through the study of works from the standard choral and orchestral repertory. Rehearsal techniques, score analysis and preparation, interpretation, and the technical and musical problems of the orchestra and choir will be studied. *Prerequisite: Junior standing.*

MUSI 3203 20th Century Music Analytical Techniques (2)

This course provides the student with the necessary language and techniques for analyzing a range of 20th Century musical styles, from Impressionism to nonserial atonality, serialism, and integral serialism. Analysis is supported by the writing of short compositions reflecting specific compositional styles. *Prerequisite: MUSI 2309.*

MUSI 3208 Music Composition (2)

This course is designed to examine and apply modern composition techniques, formal structure, the creative process and clear musical expression and communication. *Prerequisite: MUSI 2309.*

MUSI 3211 Eighteenth Century Counterpoint (2)

This course is an analysis of contrapuntal music of the 18th century and writing of music involving techniques characteristic of the period. *Prerequisite: MUSI 2309.*

MUSI 3212 Scoring and Arranging (2)

This course is designed as a study of the capabilities and limitations of orchestral and band instruments, voice and piano. Students will be engaged in transcription, arranging, and composition exercises for small and large performance groupings, some specific to their area of expertise. *Prerequisite: MUSI 2309.*

MUSI 3214 Conducting II (2)

A continuation of MUSI 3201, this course provides advanced instruction in baton technique, score analysis and preparation and interpretation. Students will develop a minimum competency level of rehearsal techniques (error detection and remediation) from the podium and apply advanced conducting techniques to standard choral, wind band, and orchestral literature. *Prerequisite: MUSI 3201.*

MUSI 3303 Form and Analysis (3)

This course is an introduction to the principle formal structures and processes of the 18th and 19th centuries, including fugue, binary, ternary, rondo, variation, and sonata forms. *Prerequisite: MUSI 2309.*

MUSI 3307 Early Childhood Music (3)

Students enrolled in this course will gain an understanding of children's music development from birth through preschool and apply that knowledge in one of two ways, depending on their majors, skills, and career interests: (1) teaching music in early childhood or (2) original research in child music development. Those who select the teaching track will gradually assume responsibility for planning and delivering developmentally appropriate, child-centered lessons, while those who select the research track will observe, document, and analyze the music responses and development of individual children. Activities for both tracks will occur in an actual early childhood music class overseen by the course instructor. *Prerequisites: PSYC 2332, SOCI 2332, PSYC 3331, MUSI 2100, or consent of the instructor.*

MUSI 3308 Techniques and Material for Class Piano (3)

This course is a study of the various methods and literature used in teaching piano in groups.

Particular attention will be given to the use of the electronic piano laboratory. *Prerequisite: MUAP 2245 or consent of the instructor.*

MUSI 3310 Piano Pedagogy (3)

This course includes the theories, materials, and techniques of piano teaching and provides opportunities for supervised practice teaching. *Prerequisites: MUSI 1245 and MUSI 1246.*

MUSI 3311 Piano Literature I (3)

This course will examine the history of keyboard music from the Renaissance through the Classical Period. Major works and composers will be studied, tracing the development of idiomatic keyboard styles and formal structures. *Prerequisites: MUSI 2309.*

MUSI 3312 Piano Literature II (3)

This course, a continuation of Piano Literature I, begins with the study of the piano music of Schubert and continues with an examination of the repertoire throughout the Nineteenth and Twentieth Centuries. Major works and composers will be examined within a historical/stylistic context. *Prerequisites: MUSI 2309.*

MUSI 3313 Leading Worship (3)

This course is a study of the resources, skills, and strategies for leading public worship services. Students will explore the roles of the pastor, worship leader, and worship team in the worship service. They will examine how to properly prepare for a worship service through effective rehearsals and how to lead worship in a large and small group. Particular attention will be given to the examination of current trends in worship and their significance for us. A generous portion of the course will involve the student in actual worship experiences and work to analyze and improve the local worship service. *Prerequisite: RLG 1320 or RLG 1330.*

MUSI 3314 Planning Worship (3)

Planning Worship is a study of the resources, skills, and strategies for planning public worship services. Students will explore the roles of the pastor, worship leader, and worship team in the worship service. We will examine how to properly prepare for a worship service through extensive preparation, analysis of context and mission, and use of applicable technology resources. Particular attention will be given to the examination of current trends in worship and their significance for us. *Prerequisite: RLG 1320 or RLG 1330.*

MUSI 3315 Worship Media Technology (3) (Same as COMM 3315)

This course examines multiple media resources and technological applications used in corporate worship and other forms of live production. Students will study and apply concepts of live and studio audio/visual equipment and programs as well as music notation software applications, worship planning technology, and other pertinent technologies. *Prerequisite: COMM 1301, COMM 2314, MUSI 3107, or MUSI 1308.*

MUSI 3316 Songwriting (3)

Designed for students in the worship studies major, this course will provide students opportunities to evaluate existing hymns and worship songs, write new worship texts, and compose new worship tunes in a variety of styles. *Prerequisite: MUSI 2309 or MUSI 2314.*

MUSI 3350 History of Jazz (3)

This course will expose students to jazz history and increase their appreciation and enjoyment of the art form. Topics to be covered include the origins and development of jazz, distinctive style periods, and important jazz performers. A student may not receive credit for both MUSI 1314 and MUSI 3350. *Prerequisite: ENGL 1302.*

MUSI 3360 The Worship of God (3)

This course introduces students to the biblical foundations of Christian worship and examines the practices of worship in both modern and historical contexts. Students are challenged to develop their skills and talents for the purpose of planning and leading corporate worship. The course is designed to benefit all students regardless of their major who seek to engage in the worship of God in both corporate and private settings. *Prerequisites: RLG 1320, RLG 1330, and ENGL 1302.*

MUSI 3361 Worship Music (3)

This course is a study of congregational song in both contemporary and traditional styles. Musical, textual, historical and practical aspects will be explored. *Prerequisites: RLG 1320, RLG 1330, and ENGL 1302.*

MUSI 3386 Advanced Studies in Singing: Repertoire (3)

This course is an independent study of vocal repertoire from particular historic and national styles

with attention given to available music scores and recordings. The particular area or areas to be studied will be determined following consultation with the instructors. The purpose is to enhance the student's knowledge of vocal literature. *Prerequisite: MUSI 2255.*

MUSI 4101 Conducting Project (1)

The student will present a Conducting Recital which was planned and approved in MUSI 4350. The student will meet regularly with the supervising music faculty member to dialogue about progress of the recital and will be responsible for providing the choir and the accompanist, choosing the repertoire, and preparing the performers. *Prerequisites: MUSI 3201.*

MUSI 4150 Practicum in Music Ministry I (1)

This course provides an on-the-job training in an assigned church music leadership capacity approved by the program coordinator. Course requirements include periodic reports and plans. The public demonstration presented in MUSI 4250 will be developed and approved in consultation with the course instructor and on-site ministry supervisor during this semester. *Prerequisites: MUSI 3360 or MUSI 3361 and consent of the instructor.*

MUSI 4151 Practicum in Music Ministry II (1)

This course provides an on-the-job training in an assigned church music leadership capacity approved by the program coordinator. Course requirements include periodic reports and plans. In addition to the responsibilities assigned by the on-site ministry supervisor, the public demonstration (worship service) proposed and approved in MUSI 4150 will be presented under the supervision of the course instructor and on-site ministry supervisor during this semester. *Prerequisite: MUSI 4150.*

MUSI 4201 Materials and Resources for Elementary Music Education (2)

This course serves as an introduction to the pedagogical methods and approaches of elementary music including, but not limited to, Kodály, Orff, Dalcroze, and Music Learning Theory (Gordon). Students will also survey elementary music texts, online resources, and other curricular resources for elementary music education. *Prerequisite: MUSI 2100.*

MUSI 4202 Elementary Music Curriculum and Instruction (2)

Students in this course will apply the pedagogical approaches of Kodály, Orff, Dalcroze, Gordon, and other commonly accepted techniques of elementary music education through peer and small-group instruction, with a concentrated focus on curricular sequencing and development. *Prerequisite: MUSI 4201.*

MUSI 4205 Music Administration and Methods (2)

Designed for students in the music education major, this course provides instruction in the administrative and fiscal aspects of the secondary music program as well as an overview of methods and curricula for programs outside the student's area of specialization. *Prerequisite: MUSI 2100.*

MUSI 4213 Marching Band Techniques (2)

Designed for students in the instrumental track of the music education major, this course provides instruction on teaching marching band, the use of technology for drill design, and arranging music for the marching band. *Prerequisite: MUSI 2100.*

MUSI 4224 Teaching Instrumental Music (2)

Designed for students in the instrumental track of the music education major, this course provides instruction and guided practice in examining instrumental literature, curricula and materials, and in teaching comprehensive musicianship through secondary school instrumental ensembles. *Prerequisite: MUSI 2100.*

MUSI 4250 Practicum in Music Ministry II (2)

This course provides on-the-job training in an assigned church music leadership capacity approved by the program coordinator, and is a continuation course for MUSI 4150. Course requirements include periodic reports and plans. The public demonstration developed and proposed in MUSI 4150 will be presented under the supervision of both the course instructor and on-site ministry supervisor during this semester. *Prerequisites: MUSI 4150.*

MUSI 4301 Music History I (3)

Music History is a review of general history with a more in-depth study of the history of music from Antiquity through the Baroque period. Styles, composers, and their compositions will be featured. *Prerequisites: MUSI 2201.*

MUSI 4302 Music History II (3)

This course is a continuation of MUSI 4301 with attention given to the Classical, Romantic, and Contemporary periods. *Prerequisites: MUSI 2201.*

MUSI 4305 Teaching Choral Music (3)

Designed for students in the choral track of the music education major, this course provides instruction and guided practice in examining choral literature, curricula and materials, and in teaching comprehensive musicianship through secondary school choral ensembles. *Prerequisite: MUSI 2100.*

MUSI 4310 Vocal Pedagogy (3)

This course is designed as an introduction to the methods and materials of voice building for the teacher of voice and the choral director. *Prerequisite: MUSI 2309.*

NURSING

NURS 3159 Evidence-based Practice I: Clinical Inquiry (1)

Students will be introduced to evidence-based decision making. Real life examples along with consumer decisions about health will be the focus of the course. This course is designed to introduce students to sources of information and their appraisal as these relate to decision making for quality outcomes. *Prerequisite: Admission to the Professional Nursing Program.*

NURS 3160 Evidence-based Practice II: Critical Appraisal Methods (1)

Students will be introduced to critical appraisal of research methods for clinical and scientific inquiry, including rapid critical appraisal, evaluation and synthesis of research (i.e., external evidence). Students will perform rapid critical appraisals, learn search strategies using various databases, and enhance their ability to analyze and synthesize research findings into clinical practice. *Prerequisite: NURS 3159.*

NURS 3161 Evidence-based Practice III: Evidence Implementation and Knowledge Translation (1)

Students will apply a synthesis of a body of evidence to clinical decision making about evidence-based practices in patient care using case scenarios and simulation. Students will apply models of EBP to clinical practice decisions. *Prerequisite: NURS 3160.*

NURS 3101-3601 Selected Topics in Nursing (1-6)

Selected Topics in Nursing offers students an opportunity to explore clinical specialties, such as intensive care, labor & delivery, emergency care; varied care delivery methods, and healthcare systems and cultures. Each course is uniquely designed to meet students' learning objectives in accordance with the Department of Nursing available resources. Permission from the Dean is required. *Prerequisite: Permission from the Dean.*

NURS 3245 Fundamental Nursing Skills (2)

In this course, the nursing student will gain knowledge in performing patient/client care skills that are utilized by the nurse to implement the nursing process. The course also includes a medication administration module, which measures the student's competency in administering medications to the patient/client. The student will gain competency by practicing skills in a supportive environment in the School of Nursing Skills Lab and will be expected to exhibit beginning competency in the nursing process at the conclusion of the course. *Prerequisite: Concurrent enrollment in NURS 3650 and NURS 3650L*

NURS 3302 Issues and Trends in Nursing (3)

In this course, students will examine changes that affect nursing in the healthcare delivery system, the importance of information technology, and measures that promote quality, safety, and better health outcomes in patient care. Students will examine major issues and trends in contemporary nursing and healthcare practice, including the influence of socioeconomic, ethical, legal, and political variables and professional values. The students will also explore and share personal experiences in the context of contemporary nursing issues, such as the nursing shortage, workforce challenges, healthcare financing, professional organizations, and diversity. They will be challenged to examine and propose solutions to these nursing issues in addition to those in their workplace. *Prerequisite: Admission to the RN to BSN program.*

NURS 3311 Introduction to Professional Nursing (3)

This course introduces professional nursing as a practice profession with emphasis on its evidence-based practice, nursing process, roles within the healthcare system, and relationships to other members of the healthcare team. Legal and ethical aspects, historical and contemporary influences, education, socialization, and professionalization are included. The philosophy and organizing framework of the ETBU professional nursing program is presented.

NURS 3331 Pharmacology (3)

This course introduces the professional nurse's responsibilities regarding safe drug administration and management. Actions, effects, and nursing implications of major drug classifications are studied using the nursing process and evidence-based findings as critical thinking approaches for achieving desired patient outcomes. *Prerequisite: Admission to the Professional Nursing Program.*

NURS 3335 Translating Research Evidence to Nursing Practice

This course introduced the student to the research process and the application of evidence at the point of care. A basic understanding of the research process and the development of

scholarly work provides the foundation for integrating evidence into the individual professional development of the student. Emphasis is placed on understanding the significance of translation of evidence into practice, minimizing the barriers to knowledge dissemination, and improving patient outcomes with the delivery of evidence-based nursing practice. *Prerequisite: Admission to the RN to BSN Program.*

NURS 3341 Health Assessment (3)

This course applies the knowledge gained from Anatomy and Physiology and Pathophysiology in the assessment of the individual client's health status. Data collection, analysis and synthesis of data, and nursing diagnosis are utilized as foundational critical thinking tools within the course.

Prerequisite: Admission to the Professional Nursing Program.

NURS 3342 Pediatric Nursing (3)

This course prepares the student to provide evidence-based care of children experiencing acute and chronic health problems. The nurse's role in providing health promotion and disease prevention education is examined in hospital and community settings. *Prerequisite: Successful completion of Level II ETBU nursing courses.*

NURS 3350 Concepts of Pathophysiology (3)

In this course, the student will study the human body's response to pathophysiologic conditions with a conceptual approach. Concepts will be studied, emphasizing the application of the nursing process to specific exemplars to gain an understanding of holistic nursing care. *Prerequisites: BIOL 1421, BIOL 1422, BIOL 2421, CHEM 1305, and CHEM 1105.*

NURS 3622 Medical-Surgical Nursing I (6)

The course focuses on the application of the nursing process as a critical thinking tool in caring for adults and families experiencing acute and chronic health problems. It provides experiences in collaboration, management of care, evidence-based interventions and outcome evaluation for the individual and family experiencing health problems. The clinical component of the course is evaluated as "P" (pass) or "F" (fail). ETBU Professional Nursing Program fee assessed. *Prerequisite: Successful completion of Level I ETBU nursing courses.*

NURS 3632 Maternal Child Nursing (6)

The focus of this course is on the care of the individual and family during birthing and parenting experiences and includes women's health, health promotion, and health maintenance. Clinical experiences with developing families in various settings are provided to develop clinical judgment and skills. The clinical component of the course is evaluated as "P" (pass) or "F" (fail). *Prerequisite: Successful completion of Level II ETBU nursing courses.*

NURS 3650 Fundamentals in Nursing (6)

This course is a foundation for all applied nursing courses in the ETBU program. Nursing competencies are explored, and the nursing process is utilized as a critical thinking and analysis tool. Beginning applications of evidence-based nursing interventions are examined and demonstrated in the clinical setting. The clinical component of this course is evaluated as "P" (pass) or "F" (fail). ETBU Professional Nursing Program and Uniform & Clinical Equipment fees assessed. *Prerequisite: Admission to the Professional Nursing Program. Concurrent enrollment or successful completion of NURS 3245.*

NURS 4141 Gerontology Nursing Lab (1)

This course is a clinical learning experience that focuses on the older adult individual living independently within the community. Experiences center around utilizing the nursing process to promote healthy aging. It is taken concurrently with Gerontology Nursing and provides the student an opportunity to apply theoretical concepts of aging to clinical practice. *Prerequisite: Concurrent enrollment in NURS 4241 and admission to the RN-BSN program.*

NURS 4241 Gerontology Nursing (2)

The focus of this course is on the gerontologic knowledge that is needed by the professional nurse who is responsible for promoting and maintaining the health of older adults in a variety of settings. *Prerequisite: Successful completion of Level III ETBU nursing courses.*

NURS 4315 Holistic Health Nursing (3)

In this course, students will explore the application of holistic philosophy and theory to nursing practice using selected complementary and alternative health therapies to promote health and healing. The student will examine the state of the science in holistic care, including the latest

research on the efficacy and safety, nursing practice roles in holistic based care, the role of the informed consumer in healthcare, and comparative study of traditional and alternative medicine.

Prerequisite: Admission to the RN to BSN program.

NURS 4316 Professional Development (3)

This course for registered nurses, broadens existing knowledge of the nursing profession by emphasizing strategies for career development and the professional role expansion of the RN to BSN prepared nurse. *Prerequisite: Successful completion of all RN to BSN required courses.*

NURS 4331 Mental Health Nursing (3)

This course will examine the physiological and psychological aspects of mental health using evidence-based practice in the care and treatment of acute and chronic mental health problems across the lifespan. *Prerequisite: Successful completion of Level I ETBU nursing courses.*

NURS 4600 Integrated Nursing Practice (6)

This is a capstone integrative nursing course which emphasizes the application of the skills and knowledge acquired in the Department of Nursing curriculum. Critical thinking skills and evidence-based practice are refined and evaluated to equip the student with skills that will provide a basis for the graduate nurse to provide care in the twenty-first century. The clinical component of this course is evaluated as “P” (pass) or “F” (fail). ETBU Professional Nursing Program fee assessed. *Prerequisite: Successful completion of Level III ETBU nursing courses.*

NURS 4621 Medical Surgical Nursing II (6)

This course is the application of the nursing process as a critical thinking tool in caring for individuals and families experiencing acute and chronic health problems. It focuses on collaboration, management of care, evidence-based interventions, and outcome evaluation of the individual and family experiencing complex health problems. The clinical component of the course is evaluated as “P” (pass) or “F” (fail). ETBU Professional Nursing Program fee assessed. *Prerequisite: Successful completion of Level II ETBU nursing courses.*

NURS 4622 Community Health Nursing (6)

The focus of this course is on health promotion, wellness, and disease prevention among individuals, populations, families, groups, and communities. The role of the baccalaureate-prepared nurse in both community-based and community-oriented practice will be examined, with an emphasis on evidence-based practice and leadership within the community. The clinical component of the course is evaluated as “P” (pass) or “F” (fail). *Prerequisite: Successful completion of Level I ETBU nursing courses.*

NURS 4644 Leading and Managing in Nursing (6)

The focus of this course is on application of theories, principles, and practices of leadership, evidence-based practice and clinical management. The impact of the role of the baccalaureate-prepared nurse on current trends and issues in healthcare is emphasized. A capstone leadership project culminates students' educational progression. The clinical component of the course is evaluated as “P” (pass) or “F” (fail). *Prerequisite: Successful completion of Level III ETBU nursing courses.*

PHYSICAL SCIENCE

PSCI 1415 Introduction to Chemistry and Physics (4)

This course is designed for Physical Science Secondary Level Certification majors and satisfies the university general education requirement for laboratory science. The course is an introduction to the basic concepts of physics and chemistry. The course consists of three hours of lecture and two hours of laboratory per week.

PSCI 1417 Introduction to Earth Science (4)

This course is an introduction to the basic principles of geology, meteorology, and astronomy. The course consists of three hours of lecture and two hours of laboratory per week and is required for students with the B.S.E physical science major.

PHYSICS

PHYS 1401 General Physics I (4)

This is an algebra-trigonometry based course in classical mechanics and thermodynamics. This course consists of three hours lecture and two hours laboratory per week. *Prerequisite: MATH 1314 or MATH 1425, or instructor consent.*

PHYS 1402 General Physics II (4)

This course is a continuation of General Physics I topics include electricity, magnetism, light and

optics, along with selected topics from modern physics. This course consists of three hours lecture and two hours laboratory per week. *Prerequisite: PHYS 1401, or consent of the instructor.*

POLITICAL SCIENCE

POSC 1301 Introduction to International Relations (3)

The course provides the student with a useful introduction to and understanding of the “politics of global problems” and concepts such as power, national interest, nationalism, and war. The nature of U.S. relations with other countries and the role of international organizations will be analyzed.

POSC 2304 Introduction to Political Science (3)

The course examines basic political concepts and issues, the nature and task of the state, and modern political ideologies. The student will be encouraged to think critically about contemporary political problems and to evaluate possible responses.

POSC 2305 Federal Government (3)

This is a study of the origins, nature, and functions of our national government with emphasis on the Constitution of the United States.

POSC 2306 Texas Government (3)

Origin and development of the Texas constitution, structure and powers of state and local government, federalism and inter-governmental relations, political participation, the election process, public policy, and the political culture of Texas.

POSC 2368 Model United Nations (3) (same as SPCH 2368)

The course is designed to provide basic knowledge of the United Nations system, parliamentary procedures, diplomatic language, and the exercise of foreign policy among the nations. The student will gain skills in critical thinking, public speaking, information analysis, negotiating strategies, and leadership. The course is open to all students. Model United Nations conference participation is required, and associated travel fees will apply. This course is repeatable for credit with consent of instructor.

POSC 3321 History and Politics of Israel (3)

The course introduces modern Israel, its history and politics, its place in regional and global politics and conflicts, and its significance in relation to the Bible. Travel is required.

POSC 3361 American Constitutional Development I (3)

The course is a chronological survey of the Constitution, its construction, and its interpretation through principal statutes and judicial decisions, with some emphasis on the economic and social interests influencing it to 1877. *Prerequisites: HIST 1301, HIST 1302, and POSC 2305.*

POSC 3362 American Constitutional Development II (3)

The course is a chronological survey from the Reconstruction Era to the present, considering congressional policies embodied in socioeconomic legislation, doctrines applied by the Supreme Court, and analysis and criticism of key Supreme Court cases. *Prerequisites: HIST 1301, HIST 1302, and POSC 2305.*

POSC 4305 War and Peace (3)

The course examines the causes and prevention of war and international efforts to bring peace. Students role-play policy-making directed to the problem of war and promoting peace.

POSC 4306 Political Economy (3)

Political Economy analyzes political activity from an economic perspective, modeling politicians, bureaucrats and voters as rational, self-interested agents. Topics include the economic role of government, political decision mechanisms, and the dynamics of government intervention. Particular emphasis will be placed on pathologies of democratic political systems, such as rent seeking, vote buying, regulatory capture and the economic rationale for constitutional constraints on government. *Prerequisite: POSC 1301 or ECON 2301.*

POSC 4350 Internship (3)

The political science internship gives the student supervised opportunities to apply classroom learning to experiences in public and private institutions and agencies concerned with discipline-related research, professional practice and education. The internship is developed formally between the department, the student and the outside agency, involves face-to-face student application and negotiation, and must conform to a written, signed agreement that defines specific responsibilities, required hours, and the standards of evaluation. The student intern must have a faculty supervisor and a site supervisor; all must communicate regularly throughout the internship. The internship service commitment typically involves ten (10)

hours per week or 140-160 hours per semester for a three-semester-hour course. *Prerequisites: Major or minor in political science, junior or senior standing, minimum of nine (9) advanced semester hours in political science, and written permission of the department chair or internship coordinator.*

POSC 4361 Diplomatic History of the United States (3)

This intensive survey examines the foreign policy and diplomatic relations of the United States from 1789 to the present. *Prerequisites: HIST 1301, HIST 1302, and junior standing.*

POSC 4365 Comparative Economic and Political Systems (3)

This course compares the economic and political systems of the major countries of the world. *Prerequisites: Six (6) semester hours of history or political science, and junior standing.*

PSYCHOLOGY

PSYC 2304 Social Problems (3) (Same as SOCI 2304)

The course is cross-listed as SOCI 2304. See the Sociology listing.

PSYC 2314 Development Through the Lifespan (3)

This course is a brief overview of the physical, cognitive, and psychosocial changes that typically occur throughout the life span, from prenatal development through death. This course will not count toward a major or minor in the Department of Behavioral Sciences.

PSYC 2332 Introduction to Research Methods (3) (Same as SOCI 2332)

The course is cross-listed as SOCI 2332. See the Sociology listing.

**PSYC 3132 Linking Research and Writing: The Literature Review (1)
(Same as SOCI 3132)**

This course is designed to help students complete the literature review for required research projects. This course will also review the basics of using APA formatting when writing scientific research reports. *Prerequisites: ENGL 1302 and PSYC/SOCI 2332.*

PSYC 3151-3351 Service Learning (1-3) (Same as SOCI 3151-3351)

Experiential learning projects are offered any regular semester based on agency availability, but arrangements must be made during the semester prior to desired time for project. No more than nine (9) semester hours may be earned through Service Learning; no more than three (3) hours may be taken in any given term; only three (3) semester hours may apply to any major or minor. Numbering of course varies with number of hours (1-3) and classification of student. *Prerequisite: Consent of the instructor.*

PSYC 3301 Dynamics of the Counseling Process (3)

This course is a comparison of the major theoretical orientations to personal counseling, both from their conception and historical development as well as their contemporary applications. *Prerequisite: PSYC 2301 or consent of the instructor.*

PSYC 3302 Introduction to Marriage and Family Counseling (3)

This course is an introduction to the area of marriage and family counseling. The student will be exposed to the major theories and models of family counseling including family systems theory. *Prerequisite: PSYC 2301 or consent of the instructor.*

PSYC 3303 Neuropsychology (3)

This course is an introduction to biological psychology with emphasis on brain-behavior relationships. Aspects covered include neural anatomy, neural conduction, sensory processes, learning and memory, emotional behaviors and other cognitive functions. *Prerequisite: Nine (9) semester hours of psychology or biology.*

PSYC 3304 Behavior Modification (3)

A survey of the principles of learning as applied to selected problems of behavior in clinical, academic, correctional, and industrial settings. Some of the areas covered include behavioral management of children's disorders, self-management skills, productivity enhancement in the workplace, and techniques for coping. *Prerequisite: PSYC 2301.*

PSYC 3305 Human Sexuality (3)

The study of the role of sexuality in human adjustment explores the processes and variations in sexual functions and reproduction; intimate relationships; sexual and gender role development and behavior; and the social, cultural, historical, and moral contexts of sex and love. *Prerequisite: PSYC 2301.*

PSYC 3306 Theories of Personality (3)

The purpose of this course is to examine what it means to be a person. This examination will be conducted through an integrative study of both classical theories of personality and an overview of related findings in recent personality research. *Prerequisite: PSYC 2301.*

PSYC 3307 Seminar on Moral, Ethical, and Religious Issues (3) (Same as SOCI 3307)

This course is a study of theories and practices in areas of moral, ethical, and religious issues as they pertain to the different facets of professional practice. Emphasis will be placed on the moral development of the student and the ability to reason through ethical dilemmas. *Prerequisite: Junior standing.*

PSYC 3308 Psychology of Sports (3)

This course consists of a survey of the principles of psychology as applied to sport including key concepts and applications. Principles of psychology covered in this course include: effective goal setting, attention and concentration, anxiety, arousal and stress relationships, personality and the athlete, relaxation strategies, imagery and performance, aggression and violence, and cognitive and behavioral interventions. *Prerequisite: PSYC 2301 or consent of the instructor.*

PSYC 3309 Cognition (3)

Cognitive psychology is the study of mental processes – essentially, how the mind works. This course includes a survey of the cognitive and neural processes that underlie perception, attention, memory, language, social cognition, decision-making, and executive functioning. *Prerequisite: PSYC 2301.*

PSYC 3310 Advanced Research Design and Data Analysis (3) (Same as SOCI 3310)

This course explores the intersection of research design with statistical techniques. Advanced methods of research are examined, with an emphasis on the application of appropriate statistical analysis. Interpreting results and writing research reports are also discussed. *Prerequisite: A grade of “C” or better in each of the following: MATH 1342, MATH 2316, and PSYC/SOCI 3132.*

PSYC 3311 Health Psychology (3)

Health psychology is the scientific study of psychological and behavioral processes in health, illness, and healthcare. The aim of this course is to review the developed scientific understanding of the relationships between mental processes, bodily processes, behavior, and health. *Prerequisite: PSYC 2301 and junior standing, or consent of the instructor.*

PSYC 3312 Learning and Memory (3)

A survey of the psychology and neuroscience of learning and memory addressing core concepts and types of learning and memory. Integrative topics will also be addressed. *Prerequisite: PSYC 2301.*

PSYC 3331 Child and Adolescent Development (3)

This course deals with basic concepts of human development and behavior. Emphasis is given to the physical, cognitive, and social development of the child from conception through adolescence. *Prerequisite: PSYC 2301 or consent of the instructor. The prerequisite is waived for students seeking the BSE degree.*

PSYC 3336 Adult Psychology (3)

This course examines the processes of psychological development during the adult years. Topics will range from the young adult at beginning of maturity to the older adult and death. *Prerequisite: PSYC 2301 or consent of the instructor.*

PSYC 3337 Counseling Methods and Practice (3)

This course is designed to provide the student with a basic introduction to the communications skills and practices essential to the counseling process. Special emphasis will be placed on the learning and practicing of listening and responding skills, specific counseling techniques, and the skills of crises intervention. *Prerequisites: PSYC 2301 and either PSYC 3301 or PSYC 3302.*

PSYC 3340 Death and Dying (3) (Same as SOCI 3340)

The course is cross-listed as SOCI 3340. See the Sociology listing.

PSYC 3360 Psychology of Religion (3)

Treated in the study will be developments in the areas of psychology of religion and the psychology of doubt, faith, conversion, temptation, sin, forgiveness, prayer, and Christian vocation. *Prerequisite: PSYC 2301 or instructor consent.*

PSYC 3367 Social Psychology (3) (Same as SOCI 3367)

The course is cross-listed as SOCI 3367. See the Sociology listing.

PSYC 3369 Group Dynamics (3) (Same as SOCI 3369)

This course is a study of small group dynamics which includes group processes, group leadership, and the interaction of groups and individuals. Voluntary associations as well as informal groups will be analyzed. Implications will be drawn for industrial, educational, religious, familial, and friendship groups. *Prerequisite: PSYC 2301 or SOCI 1301.*

PSYC 4301 Psychological Assessment (3)

This course covers the construction and use of many kinds of mental measurements, including tests of personality, intelligence, achievement, and aptitude. This course is strongly recommended for students considering graduate study. *Prerequisite: PSYC 2301 and MATH 1342, or consent of the instructor.*

SPIRITUAL DEVELOPMENT

CHAPEL PROGRAMS are generally held each Monday and Wednesday at 10:00 a.m. in Ornelas Spiritual Life Center. The programs provide a community experience for the campus family. Chapel programs not oriented toward structured worship contribute to the integration of faith and learning. Chapel, like any other required course and graduation requirement, is considered an essential part of each student's education.

CHAPEL CREDIT REQUIREMENTS, Chapel credit must be earned every semester a student is enrolled in 12 or more hours. Credit for chapel will be given on a credit/noncredit basis. Students must have their valid ETBU Student I.D. with them during Chapel in order to scan their I.D. and receive credit for that day.

Every student enrolled in 12 or more hours is required to attend 22 chapel services per semester to receive credit for chapel that semester. Responsibility for making sure the Chapel requirements have been met and duly recorded rests solely upon each student. Students arriving late for Chapel will not receive credit for that day's Chapel service. Regardless of the number of semesters of enrollment at East Texas Baptist University or the number of hours taken each semester, each student is required to earn at least one chapel credit.

Consideration is given to students with special circumstances related to the regular Chapel schedule, such as being enrolled in only Tuesday-Thursday and/or night classes. Forms for requesting a reduction for an alternate schedule are available in the Office of Spiritual Development and decisions concerning such requests are made by the Office of Spiritual Development.

CHURCH ATTENDANCE, Bible study, and local church affiliation are strongly encouraged for all students.

THE BAPTIST STUDENT MINISTRY exists to help students come to know Jesus Christ personally and then to grow in grace and knowledge of Him. The BSM sponsors student led worship services and a network of discipleship and Bible study groups. There is also a variety of other ongoing ministries which help the student mature spiritually with emphasis on practical ministries and leadership training. The BSM sponsors an off-campus fall retreat and encourages student participation in summer and semester missions. Offices of the BSM are located in Ornelas Spiritual Life Center.

THE GREAT COMMISSION CENTER serves to encourage the development of all students, faculty and staff as Kingdom citizens. This is accomplished by actively seeking to help people see their vocational choice as a divine calling. To achieve this mission, the Great Commission Center engages in three primary tasks: promote missions and ministries, prepare individuals for serving, and provide opportunities for service. The offices of the Great Commission Center are located in the Ornelas Spiritual Life Center.

STUDENT LIFE

The Vice President for Student Life provides leadership for student life, assisted by the Assistant Vice President for Student Life, Dean of Students, Director of Residence Life, Director of Student Activities, Director of Intramural Sports, and Director of Career Development. Student Life also serves as a liaison with the Student Government Association, Student Foundation, and a number of student organizations.

Student Life responsibilities include student housing, food service, the student center, summer camps, intramural sports, new student orientation, Tiger Camp, student conduct, ID cards, game rooms, student activities, career services, and counseling services. Additional information related to Student Life is located in the Student Handbook.

STUDENT ACTIVITIES AND SERVICES

BOOKSTORE - The University Bookstore sells textbooks, related books, and materials for all courses. Gifts and personal items are also available.

EMAIL is provided to every student at ETBU. This address is considered an official means of notification for the students. Each student is responsible for regularly checking his or her email, forwarding to a personal account, and keeping his or her ETBU account updated and active.

NEW STUDENT ORIENTATION (NSO) is designed to provide all first-time freshman and transfer students with the resources necessary for a successful university experience. Students have the opportunity to learn about the history, mission, and programs of the University, register for classes, discover ways to become involved in campus life, and connect with students, faculty, and staff.

THE ORNELAS STUDENT CENTER provides a convenient place for students to study, relax, play games, or just spend time with friends. The OSC houses Student Life, Student Government Association (SGA), and Student Foundation offices, retail food outlets The Republic and SubConnection, mail room, copy center, and a number of meeting rooms, along with the beautiful Lampsato Chapel.

INTERCOLLEGIATE ATHLETICS is provided through membership in Division III of the National Collegiate Athletic Association (NCAA). The University is also a member of the American Southwest Conference. The University fields varsity teams and engages in intercollegiate athletics for both men and women. Men's intercollegiate athletics include soccer, basketball, baseball, cross-country, football, tennis, golf, and track. Women's intercollegiate athletics include softball, volleyball, basketball, soccer, cross-country, tennis, golf, and track.

INTERCOLLEGIATE ATHLETIC DRUG ENFORCEMENT AND SCREENING is in accordance with the University's affiliation with the National Collegiate Athletic Association. All athletes are required to participate in an alcohol/drug education program. This education program may include random drug testing of student athletes. A full statement of University procedures and policies related to drugs and intercollegiate athletics is available upon request to the Vice President of Athletics/Director of Intercollegiate Athletics.

INTRAMURAL SPORTS are coordinated through Student Life. The purpose of the program is to provide a variety of competitive athletic activities for all interested students while helping support their holistic development. Flag football, soccer, volleyball, sand volleyball, basketball, kickball, ultimate frisbee, and softball are annual sports. Additional information about intramurals is provided in the Student Handbook and in the Intramural Sports Handbook.

LOST AND FOUND articles may be submitted to and retrieved in the Student Life office in the Ornelas Student Center. Items left unclaimed may be donated.

RESIDENCE LIFE - Residential living is an important factor in the higher education experience. During the transition to college life, living on campus provides a needed anchor for personal and academic development. Typically, residents are more positive about their social and interpersonal environments than students living off-campus. They tend to build closer relationships with other students, as well as with faculty and staff. In addition, students who live in residence halls are more likely to earn higher grades, are less likely to drop out, and have greater satisfaction with their college experience. Because of these factors, the educational

experience at ETBU is rooted in residential living.

TRADITIONAL UNDERGRADUATE STUDENT HOUSING is available for full-time (a minimum of 12 semester hours) single undergraduate students under the age of 21. ETBU offers eight (8) residential communities for traditional undergraduates: Centennial Hall, Charles Fry Hall, Mabee Housing Complex, Evelyn Linebery Hall, Ornelas Residential Center, University Apartments, The Oaks on Grove, and University Park Row Houses. The University has such a strong commitment to the importance of the residential experience that all full-time traditional undergraduate students, under the age of 21, not living with a parent within commuting distance (60 miles), are required to live on campus and participate in the food service program. Students not enrolled in a minimum of twelve (12) semester hours must receive permission from Student Life to live in the residence halls.

Traditional undergraduate students wanting to live off campus must be 21 by the first class day of the semester, and they must submit a "Permission to Live Off Campus" Form to the Student Life office. Students under the age of 24 on the first day of class must live on campus to qualify for ETBU administered scholarships or institutional aid, unless living with a parent as stipulated above. The Vice President for Student Life must grant any exceptions to the housing policy in writing.

GRADUATE AND NON-TRADITIONAL STUDENT HOUSING is available for graduate students, married students without children, and non-traditional undergraduates who are 24 years of age and above, based on space availability. In order to maintain consistency within the traditional undergraduate peer groups in residence halls, the University has limited space available for single graduate and non-traditional students age 24 and older on a first-come, first-served basis.

Graduate students can apply to live in University Park, University Apartments, Ornelas Residential Center, and Mabee Housing Complex. Priority is given to traditional undergraduate students but if space is available, graduate students will be placed on a first-come, first-served basis. Eleven one-bedroom apartment units are available in University Park for married couples, without children, on a first-come, first-served basis.

SAFETY AND SECURITY - All residence halls are secured and are only accessible by valid ETBU ID. The University maintains surveillance cameras throughout the campus. The University utilizes off-duty Marshall Police Department officers to provide security for the campus, in addition to the University's security personnel. University Security officers monitor parking and traffic. All vehicles operated on the University campus must be registered with University Safety and Security. Vehicle registration forms may be picked up in the Security Office. Fines for traffic violations may also be paid at the Business Office.

STUDENT INSURANCE/HEALTH SERVICES - East Texas Baptist University supports the NCAA requirement that all student-athletes must present proof and maintain an active insurance policy which covers athletic related injuries prior to participating in intercollegiate athletics. For questions about obtaining an insurance policy that will meet the requirements set forth by the NCAA, please contact the Athletics Department. Non-athletes are encouraged to obtain optional medical insurance.

DREAD AND INFECTIOUS DISEASES - East Texas Baptist University does not illegally discriminate on the basis of disability, including dread and infectious diseases. Students with contagious, infectious, long-term, life threatening, or other serious diseases may continue to enjoy the benefits of all aspects of the University's educational program as long as, with reasonable accommodation, they are physically and mentally qualified to participate in the programs without undue risk to their own health or that of other students or employees of the University.

In its effort to accommodate a disability, it may be necessary for the University to request additional medical information from the student. The failure of any student to cooperate in obtaining necessary medical information may result in disciplinary action.

After consultation with public health experts, University officials will determine the ability of the institution to reasonably accommodate students with contagious diseases. Their determinations will be based on consideration of various factors. Among the factors to be considered are:

1. The duration of the risk.

2. The nature and severity of the potential harm.
3. The likelihood that the potential harm will occur.
4. The imminence of the potential harm.

TIGER CAMP(WELCOME WEEK) is intended to introduce new freshman and transfer students to university life and the ETBU community through a variety of activities and events. Building on NSO, participants will learn about the academic, social, community service and spiritual aspects of life at ETBU while beginning to identify specific areas of interest that fit their talents, interests and goals. Tiger Camp will also facilitate the building of relationships with other new students, returning students, faculty and staff.

STUDENT CONDUCT GUIDELINES

East Texas Baptist University strives to enhance the personal growth of each student. It is the belief of East Texas Baptist University that individual growth and maturity imply increased self-direction and responsibility.

In a community of individuals dedicated to the common cause of Christian education, it becomes necessary for each member to subscribe to and support a body of rules and regulations designed to protect the rights and privileges of each member. By voluntarily becoming a member of this community, the individual agrees to support and abide by these same regulations.

Students are responsible for knowing and abiding by the rules and regulations contained in the *University Undergraduate Catalog* and the *Student Handbook*. Students must also abide by the additional rules and regulations found in the *Guide to Residential Living, Parking and Traffic Regulations and Information*, and any rules posted throughout the year in the residence halls or other student housing facilities.

A full discussion of the rules and regulations may be found in the *Student Handbook*. The following selected ones should be especially noted:

1. The use or possession of illegal drugs is prohibited. Students are required to be in compliance with all local, state, and federal laws regarding controlled substances including, but not limited to, their sale, use, possession, or manufacture.
2. The possession or consumption of alcoholic beverages on or about campus is prohibited.
3. The possession or use of tobacco on campus is prohibited.
4. The on-campus possession of firearms, explosives, or fireworks is prohibited, with the exception of the transportation and storage of firearms and ammunition by concealed handgun license holders in private vehicles (as described in SB1907).
5. Sexual misconduct, including premarital sexual relations, is a violation of the Student Code of Conduct. Sexual misconduct may include cohabitation, overnight visitation with someone of the opposite sex, or other sexual conduct not in keeping with University standards and our Christian heritage.
6. Hazing is not permitted.
7. Gambling is not permitted.
8. Cheating and plagiarism are violations of the Academic Integrity Policy (see Academic Integrity Section).
9. Dress code and behavior regulations listed in the *Student Handbook* are to be observed. Personal attire that is in good taste and in keeping with the standards conducive to a positive Christian learning environment is expected for class attendance and university business.
10. Students arrested by law enforcement officials for suspected criminal activity or for the alleged commission of a crime may also be subject to disciplinary action in accordance with University guidelines, in addition to any penalties assessed by any civil entity.
11. Students who marry while enrolled in the University are required to inform Student Life in order to update personal records.

STUDENT ORGANIZATIONS

East Texas Baptist University offers opportunities for students to identify with and participate in the organization(s) of their choice. Student Life is directly responsible for assisting each organization and for administering the guidelines for student organizations.

ALPHA CHI is a national honor society dedicated to promoting academic excellence and exemplary character among students. Its membership is restricted to the upper academically ranked ten percent of students with junior or senior standing.

ALPHA PSI OMEGA (Omega Pi Cast) is an honorary drama fraternity. Eligible students are selected on the basis of high attainment in drama/theatre and scholastic ability.

ASSOCIATION OF TEXAS PROFESSIONAL EDUCATORS is organized to further education as a service and as a profession through support of public schools in the Marshall school district; to promote activities, services and training for educators; and to develop and maintain high standards of professional ethics among all professional educators.

BAPTIST STUDENT MINISTRY (BSM) is an agency of the Baptist General Convention of Texas. This organization provides opportunities for every student to start, develop, and deepen his or her Christian walk.

CHEMISTRY CLUB affords students with the opportunity to become better acquainted, to secure the intellectual stimulation that arises from professional association, to obtain experience in preparing and presenting technical materials before chemical audiences, to foster a professional spirit among the members, to instill a professional pride in the chemical science, and to foster an awareness of the responsibilities and challenges of the modern chemist.

CONCERT BAND is open to all students who play band instruments. The Concert Band plays for selected University functions and in area churches, presents one or more concerts each semester, and tours in the spring. Non-music majors and minors receive one credit hour for participation and successful completion of the course. Contact the Department of Music for further information.

CONCERT CHOIR is a select touring choir and is part of the Music Department. Membership in the Concert Choir is secured by a short and simple audition. Any student may audition. One hour of academic credit is given for participation.

CULTURAL OUTREACH MINISTRY serves as a connection or a link system for unengaged students to encourage their involvement in campus life.

DELTA PI THETA is a women's social organization with the purpose of sharing God's name and love through serving others on the campus and in the community.

ENACTUS is a business student organization that connects students, as well as academic and business leaders, through entrepreneurial-based projects that empower people to improve the surrounding community to the glory of God.

FELLOWSHIP OF CHRISTIAN ATHLETES is an organization designed for athletes with the purpose of presenting athletes and coaches, and all they influence, the challenge and adventure of receiving Jesus Christ as Savior and Lord, and serving Him in their relationships, on and off the playing field, and in the fellowship of the church.

JOYFUL PRAISE is a ministry whose focus is to praise God through various areas of worship including, but not limited to song, dance, prayer, bible study, etc. on campus, as well as in area churches and at community events.

KINESIOLOGY PROFESSIONAL CLUB exists to promote professional development and career preparation for students going into kinesiology related fields of employment.

NATIONAL ASSOCIATION FOR MUSIC EDUCATION is affiliated with both Texas Music Educators Association (TMEA) and Texas Music Educators Conference. The organization seeks to provide opportunities for professional development and acquaint students with the

privileges and responsibilities of the music education profession.

PHI ALPHA THETA is the international history honor society which seeks to recognize students who have singular achievement in that discipline. The membership of the organization is composed of students and professors who have been elected to membership for excellence in the study or writing of history. To be eligible for Phi Alpha Theta, undergraduates must have completed at least twelve (12) semester hours in history with a minimum grade point index of 3.1 and achieved no less than a 3.0 grade point average on two-thirds of the remainder of their academic work.

PI GAMMA MU is an international honor society for the social sciences that encourages and promotes excellence in the Psychology and Sociology Department that promises to uphold and nurture scholarship, leadership, and service.

POLITICAL AWARENESS SOCIETY promotes political awareness among students through various events and activities.

PSI CHI is the national honor society in psychology with the purpose of encouraging, stimulating, and maintaining excellence in scholarship, and advancing the science of psychology.

SIGMA BETA DELTA exists to encourage and recognize scholarship and achievement among students of business, management and administration, and to encourage and promote personal and professional improvement and a life distinguished by honorable service to humankind.

SIGMA PI SIGMA helps students prepare for their chosen profession. Speakers of various professions are invited to discuss the different aspects of their chosen career and the experience needed to excel. Members also tour numerous medical/professional schools.

SIGMA TAU DELTA is a national English honor society. Membership requirements are junior or senior standing, a grade point average of 3.0 overall and in English, subscription to the purposes of the chapter and national corporation, and election to membership by three-fourths of the members of the chapter.

SIGMA THETA TAU is an international honor society of nursing who exists to advance world health and celebrate nursing excellence in scholarship, leadership, and service.

STUDENT FOUNDATION is adjunctive to Student Life and serves to assist the University with planning events, programs, and services for the student body. The organization is dedicated to continuously encouraging interest in the advancement and support of East Texas Baptist University. Student Foundation focuses on four major areas of University life: traditions, activities, leadership, and service.

STUDENT GOVERNMENT ASSOCIATION (SGA) is the official representative and legislative body of students. Every student is a member of the association and is encouraged to participate in SGA sponsored activities and to counsel with members of the senate. The legislative assembly, composed of four elected officers and elected representatives from each of the classes, meets each week during the fall and spring terms. The SGA provides an opportunity for democratic action and student participation in campus affairs; it provides a voice for the student body. Officers elected from each class meet weekly to plan events, deliberate over student concerns, communicate with the administration, and distribute funds for campus activities.

TAU BETA SIGMA serves the band, as well as the alumni of the band, and to show service to others.

TEXAS NURSING STUDENTS ASSOCIATION consists of students in nursing who are dedicated to working as a group to contribute to nursing education, to provide the highest quality health care, to provide programs representative of fundamental and current interests and concerns, and to aid in the development of the whole person.

THETA ALPHA KAPPA is a national honor society for students of Religion and Theology. The society seeks to foster and maintain excellence in academic study of religion and theology. The ETBU chapter was founded in 2004. To be eligible undergraduates must have completed a minimum of twelve (12) credits in courses related to religion and theology; maintain a 3.5 GPA in the courses related to religion and theology; maintain at least a 3.0 overall GPA; be

in the upper thirty-five percent (35%) of their class; and pay an initiation fee, the amount determined by the national association.

UNIVERSITY SINGERS is a select and auditioned group who tour the state representing ETBU. They perform as madrigals during the Christmas season and are part of the Concert Choir.

FACILITIES AND SERVICES/GENERAL STUDENT FEE

The general student fee entitles students to the use of the Dean Healthplex, the student center, the library, most laboratories, and check cashing services. In addition, this fee provides admission to athletic events, admission to most concerts and social activities, and includes selected student publications.

FLEX DOLLARS

Available with all meal plan options, flex dollars can be used in the Bennett Student Commons Cafeteria or to enjoy a variety of convenient on-the-go options located in the Ornelas Student Center. Flex dollars may also be used at the dining facility/coffee shop located in the Marshall Grand. Once the easy-to-use flex dollars are purchased, they offer a cashless form of payment accessible through the ETBU ID card.

HOUSING

All full-time, single students under the age of 21 are required to live on campus and participate in the food service program, unless they are living with a parent in a permanent residence within commuting distance. Any student under the age of 24 as of the first day of class must live on campus to qualify for ETBU-administered scholarships, unless living with a parent as stipulated above.

The University has limited campus housing available for students 25 and older, on a first-come, first-served basis. The Vice President for Student Life may grant exceptions to the housing policy; however, the financial aid stipulation will remain in force.

PAYMENT OF CHARGES

A student's tuition, fees, room, and board charges for each academic period are due and payable at the time of registration and prior to attending classes. The University accepts payment in the form of most credit cards, debit cards, or personal check. Payments in full may be made through the ETBU website or in the business office, located in Marshall Hall. The University also offers a deferred payment plan (for Fall and Spring semesters), which permits payment of each semester's charges to be made in installments. The deferred payment plan is not available to international students during the first year of attendance. Information about the payment plan is available in the University Business Office as well as on the Business Office web page under "Payment Information". The University may deny class attendance to students who fail to pay or make arrangements for their bill in accordance with University policy. Payment in full of all semester charges must be made in the Business Office before a student may enroll for an ensuing semester, obtain an official transcript, participate in a graduation ceremony, or receive a diploma.

REGISTRATION

Registration is offered each semester to students in good standing with the University. All charges are due and payable upon the issuance of semester billing statements. To hold registration, payment must be made on or before the date published in the University Calendar for each specific term. If payment is not received by the appropriate date, the registration could

be revoked, the student could lose his/her class schedule, and the student may have to register again during the scheduled registration period.

UNIVERSITY BOOKSTORE

In general, purchases at the University Bookstore must be by cash, check, or credit card. However, students with certain financial aid in excess of tuition, fees, room, and board, may charge books and supplies for a limited time period at the beginning of each semester. This period will end one week after the last day to add a class for Fall and Spring semesters, and one day after the last day to add a class for May, June, July, or any mini-term.

STUDENT ACCOUNTS

Student accounts may only include charges for tuition, course related fees, housing, and meal plans. Fees such as parking fines, miscellaneous fees, disciplinary fees, library fines must be paid at the time the expense is incurred. Unpaid fines will be charged to the student's account after they go unpaid for 30 days.

DELINQUENT ACCOUNTS

If a student account becomes delinquent and is determined to be uncollectible, it may be necessary to submit the account to a third party for collection. All collection costs, including legal fees, will be charged to the student account balance.

REFUNDS

Registration with the University is considered a contract binding students for the entire academic period. A student finding it necessary to withdraw from the University must officially withdraw through the Registrar's Office. This official withdrawal must be accomplished before any consideration can be given by the Business Office for granting refunds. Failure to attend class or simply notifying an individual instructor of intent to withdraw will not be regarded as an official withdrawal.

A class day (or day of class) is defined as any weekday for which regular classes are scheduled. When a student in good standing withdraws or drops from classes for reasons approved by the administration, eligibility for refunds will be determined as follows:

FALL AND SPRING SEMESTER REFUND SCHEDULE

Tuition and Room Refunds

Through the second day of the semester.....	100% refund
During the third through seventh day of the semester	85%
During the eighth through tenth day of the semester	60%
During the eleventh through fifteenth day of the semester.....	45%
During the sixteenth through twentieth day of the semester.....	25%
After the twentieth day of the semester	0%

Board Refunds

Prorated refund based on ten (10) weeks. After the tenth week of the semester, there is no refund on meal plans.

FLEX TERM REFUND SCHEDULE

Tuition and Room Refunds

Through the second day of the term	100% refund
During the fourth day of the term	85%
During the sixth day of the term.....	60%
During the eighth day of the term	45%

After the tenth day of the term	0%

MAY TERM REFUND SCHEDULE

Tuition and Room Refunds

Through the first day of the term.....	100% refund
During the second day of the term.....	80%
During the third day of the term.....	60%

During the fourth day of the term.....	45%
During the fifth day of the term.....	25%
After the fifth day of the term.....	0%

**MINI-TERM (1-WEEK TERM) REFUND SCHEDULE
Tuition and Room Refunds**

Through the first day of the term.....	100% refund
During the second day of the term.....	50%
After the second day of the term.....	0%

**MINI-TERM (2-WEEK & 3-WEEK TERM) REFUND SCHEDULE
Tuition and Room Refunds**

Through the first day of the term.....	100% refund
During the second day of the term.....	80%
During the day of the term.....	40%
After the third day of the term.....	0%

For official refund dates for each term, see the University Calendar. The date of withdrawal upon which refunds are based will be the date that the completed withdrawal card is presented to the Registrar for processing.

Students are cautioned that withdrawal from courses may cause partial or total loss of financial aid, may adversely affect VA entitlements, and may impact athletic eligibility.

FINANCIAL AID

Based on the individual's application and eligibility, East Texas Baptist University will determine appropriate student awards and will send the applicant an online award letter identifying the financial aid offered. Problems may arise, whether within or beyond the student's control, which prevent identified financial aid awards from materializing (e.g., failure of the student to comply promptly with instructions, rejection of the applicant by an outside agency, and changes in federal or state regulations or funding). Therefore, the University reserves the right to review and modify any awards because of changes in an individual's financial status, changes in eligibility requirements, lack of satisfactory academic progress, limited federal or state funding, or any other unforeseen events. In any such event, the Financial Aid Office will assist to the best of its capability, but the student remains fully responsible for all charges. A financial aid recipient is responsible for determining, before registration, whether personal resources plus financial aid will be sufficient to meet expenses.

HOW TO APPLY FOR FINANCIAL AID

INITIAL APPLICATION

Students applying for financial aid must submit required applications to the ETBU Financial Aid Office. Necessary applications are available on ETBU's website. A student is awarded financial aid upon acceptance to ETBU and after his/her financial aid file is complete. A complete financial aid file contains the following:

1. Application for Admission and Financial Aid (New students only).
2. Student Aid Report (SAR) - The SAR is the result of the Free Application for Federal Student Aid (FAFSA).

If the SAR requires verification, documents required include: federal Tax Return Transcripts, Verification Worksheet, and/or other documents concerning untaxed income and benefits. The applicant will be notified by the Financial Aid Office as to exactly which documents are required.

Students may enter their FAFSA information through the internet by accessing the website: www.fafsa.gov and following the outlined procedures. The East Texas Baptist University Title IV code is 003564.

After the student has completed his/her financial aid file, the student will be notified about his/her eligibility for financial aid awards by email. **If the student has been awarded financial aid that requires additional paperwork, the online award letter will provide links to the required documents** (Thank you letters, loan application, etc.).

Priority deadline for filing for financial aid is June 1 for fall enrollment and October 1 for spring enrollment. Late applications will be accepted, but the University cannot ensure processing in time to make a formal offer of financial aid by registration day.

STUDENT STATUS

For the purpose of establishing eligibility for financial aid, undergraduate students are full-time students if enrolled for twelve (12) or more semester hours, three-quarter time if enrolled for nine to eleven (9-11) semester hours, and part-time if enrolled for six to eight (6-8) semester hours. Audit hours are not counted when a student's status is determined.

ETBU UNDERGRADUATE SATISFACTORY ACADEMIC PROGRESS POLICY

The Higher Education Act of 1965, as amended by Congress, mandates that institutions of higher education monitor the academic progress of students who receive federal financial aid. East Texas Baptist University has established the following minimum standards to be eligible for and continue to receive federal financial aid. This policy reflects the changes to federal regulations that are effective as of July 1, 2011.

Please note that state and some institutional aid may have higher academic requirements for renewal eligibility. The financial aid award year is fall, spring, May, and summer semesters. The May and summer terms are considered one "semester" for financial aid awarding.

Satisfactory Academic Progress (SAP) will be reviewed at the end of each payment period (fall, spring, May, and summer semesters) and will be based on the student achieving both a qualitative and quantitative standard as defined below.

- Minimum Grade Point Average (Qualitative)
First year – minimum 1.75 cumulative GPA as a regular admitted student (does not count dual enrollment)
Second year and beyond – minimum 2.00 cumulative GPA (transfer students are considered to be beyond their first year upon enrollment at ETBU)
- Minimum Hour Completion – Pace of Progression (Quantitative)
Must successfully complete a minimum of 67% of all cumulative hours attempted as a regular student, including transferable hours (does not count dual enrollment)
- Maximum Time Frame
Undergraduate students may receive financial aid, if they otherwise qualify, if they have not yet attempted 150% of the hours required for their degree (usually 180 hours). ETBU scholarships are eligible for 4 years, or 120 attempted hours, whichever comes first.

Warning Period

Students who fail to meet one or more of the SAP requirements will be placed on financial aid “warning.” While on warning, students will be eligible to receive financial aid but must complete the subsequent term by meeting all of the minimum requirements at the close of that term. The student who fails to meet SAP during the semester of attendance while on warning will be placed on financial aid suspension.

Probation Period

If a student is placed on financial aid suspension, the student has the option of appealing this suspension through the SAP appeal process. If the appeal is granted, the student will be placed on financial aid “probation” for the next semester, and must bring their SAP eligibility to satisfactory during that semester or be placed on financial aid suspension. While on probation, the student may continue to receive federal, state, and institutional aid if they are otherwise eligible.

Suspension Period

Students who were previously under a warning or probation SAP status and fails to meet SAP eligibility requirements during the next semester, will be moved to a financial aid “suspension” status and will not be able to receive federal, state, or institutional financial aid until SAP requirements are met or an appeal has been granted. Students who are placed on financial aid suspension may appeal this decision by completing the SAP Appeal Process.

Appeal

If the student does not meet SAP requirements, an appeal process is available for those students who had a personal injury or illness, death of a relative, or believe they had other special circumstances that affected their ability for SAP.

Appeal Process

Students who choose to follow the SAP appeal process must submit the online appeal. The appeal must state why SAP requirements were not met, and what has changed so that SAP requirements will be met in the future.

The Financial Aid Office will review the appeal and notify the student of the decision. Approved appeals will include the approval, the terms of reinstatement of financial aid eligibility, and the consequences for not meeting the terms of approval. Terms of reinstatement may include expectations for the next payment period or an academic plan over an extended period of time. An approved appeal will result in financial aid being awarded for one payment period.

Denied appeals will include the reasons for the denial, and what the student must do to meet SAP in order to regain financial aid eligibility. Denied appeals will not be awarded financial aid until SAP is met.

Transfer Credits

Incoming transfer students are assumed to be making SAP upon acceptance to ETBU. All attempted credit hours will be included in the SAP calculation for the 180 maximum number of hours limit.

Remedial Coursework

ETBU does not accept remedial transfer credit hours and does not include remedial coursework in credit hours.

Incomplete Grades

Incomplete grades are counted as an “F” and will affect both the cumulative GPA and the minimum hour completion components for that semester. Repeating Classes

Failed courses may be retaken as necessary, and are included in the SAP review.

Withdrawing From the University

- Prior to the census date – no impact on SAP as no credit hours have been attempted – student will be responsible for all charges
- After census date – credit hours attempted are included in the SAP review – student may also be subject to the Return to Title IV Funds Policy

State Financial Aid

- Texas Tuition Equalization Grant (TEG) – meet institutional SAP requirements at the end of the first year; 2nd year and beyond, earn at least 24 semester hours **and** at least 75% of the semester credit hours attempted with a minimum 2.50 cumulative GPA each academic year. A student may not receive TEG for more than 5 years.
- Texas B-on-Time Loan (BOT) – meet institutional SAP requirements at the end of the first year; 2nd year and beyond, earn at least 24 semester hours **and** at least 75% of the semester credit hours attempted with a minimum 2.50 cumulative GPA each academic year. A student may not receive BOT funds for more than 150 hours.

For all questions concerning the SAP policy, please contact the ETBU Financial Aid Office

MAY AND SUMMER TERMS

Financial aid may be available but is limited during the May and summer terms.

RENEWAL

For renewal of financial aid, a new FAFSA and supporting documents must be submitted each academic year. The awarding of federal and state aid for subsequent years is subject to the same considerations as those identified for initial aid. The same priority deadline is applicable for renewal applications.

NON-DEGREE SEEKING STUDENTS

Students not enrolled in a degree program or not seeking teacher certification are not eligible to receive federal, state, or institutional financial aid.

FEDERAL AID

The federal programs, which are identified as Title IV Financial Aid, include the Federal Pell Grant, the Federal Supplemental Educational Opportunity Grant (FSEOG), the Federal Work-Study Program (FWS), and Federal Student Loans. Students who already possess a bachelor’s degree are ineligible for the Federal Pell Grant and FSEOG. Students may only receive federal/state aid from one school each semester.

FEDERAL PELL GRANT

The Federal Pell Grant provides a “foundation” of financial aid with eligibility determined by the U.S. Department of Education.

FEDERAL SUPPLEMENTAL EDUCATIONAL OPPORTUNITY GRANT (FSEOG)

The FSEOG is an award to help undergraduate students pay for their education. ETBU identifies FSEOG recipients with the awards going to students who have the greatest need as determined by the U.S. Department of Education.

FEDERAL WORK-STUDY PROGRAM (FWS)

The FWS is a program in which a student works part-time on campus or in a community service program. Recipients must have financial need as determined by the Department of Education.

FEDERAL STUDENT LOANS

Federal student loans include the Federal Subsidized Stafford Loan, the Federal Unsubsidized Stafford Loan, and the Federal Parent Loan for Undergraduate Students (PLUS). Under the Federal Subsidized Stafford Loan a student may borrow funds for educational expenses and the interest

does not accrue while the student is enrolled at least half-time. The Federal Unsubsidized Stafford Loan is similar to the Federal Subsidized Stafford Loan with the exception that interest accrues while the student is enrolled. The Federal PLUS borrower is the parent of a dependent student. Interest accrues on the PLUS while the student is in school. Repayment of all federal loans may be deferred while the student is enrolled at least half-time.

STATE AID

There are three State of Texas programs: the Texas Tuition Equalization Grant (TEG), Texas Work-Study Program (TWS), and the College Access Loan Program (CAL). These programs are available only to Texas residents. These funds are limited and awarded on a first-come, first-served basis.

TEXAS TUITION EQUALIZATION GRANT (TEG)

The TEG is designed to help equalize tuition between state-supported and private schools. To receive TEG, a student must show financial need, must be enrolled on a 3/4-time basis, must keep a cumulative GPA of at least 2.5, must earn at least 24 credits each academic year with a minimum completion rate of 75%, and may not be enrolled in a theological or religious degree program.

TEXAS WORK-STUDY PROGRAM (TWS)

The TWS is a program in which a student works part-time on campus. Recipients must have financial need as determined by the Department of Education.

COLLEGE ACCESS LOAN PROGRAM (CAL)

The CAL is for Texas students who need additional loan funds for their educational expenses. The interest on CAL accrues while the student is enrolled and the student must receive a favorable credit evaluation or provide a cosigner who has good credit standing and meets other requirements.

OTHER AID

REHABILITATION ASSISTANCE

Each state's rehabilitation commission may offer assistance for tuition and required fees to students who qualify.

VETERANS ASSISTANCE

Students eligible to receive VA benefits must apply for them with the Regional Processing Office (RPO) for our region in Muskogee, Oklahoma. Once a student's aid, Chapter, and percentage of eligibility have been determined by VA, the student will be issued a Certificate of Eligibility. This original document, along with official copies of ALL military transcripts, and the form DD 214, must be delivered to the Office of the Registrar before any student can be processed for certification. The Muskogee RPO can be contacted by calling 1-888-442-4551, and additional help or information can be found at the VA's website located on the internet at www.gibill.va.gov. The combination of VA benefits (Post 9/11, or Chapter 33, or Chapter 31) and ETBU scholarships may not exceed the cost of tuition, general fees, room and meals (if living on campus).

SCHOLARSHIPS AND GRANTS FROM OUTSIDE SOURCES

Scholarships from outside the University are provided by various churches, foundations, schools, and organizations who award them to specific students. These scholarships will be considered an integral part of the student's financial aid award. The Financial Aid Office administers these funds in accordance with the specifications of the donor.

ETBU FINANCIAL AID

Financial aid provided from the ETBU programs is considered as part of the student's total financial need. A student's financial need is the difference between ETBU's cost of education and a calculated amount that the family is expected to contribute toward costs. The expected family contribution (EFC) is calculated from data (income, assets, etc.) submitted by the student on the Free Application for Federal Student Aid (FAFSA).

ETBU provides financial aid to students in the form of academic scholarships, unfunded scholarships, performance scholarships, other scholarships, and work study. Academic scholarships indicate academic excellence and require a specific academic standing (maintaining a set cumulative grade point average). Students who have earned a bachelor's degree are not eligible for ETBU scholarships. All ETBU Institutional scholarships also require participation in at least one hour each week of volunteer service with an assigned ETBU community service partner for renewal of scholarship.

SCHOLARSHIPS

Scholarship awards available to students are: academic scholarships, unfunded scholarships, performance scholarships, and other scholarships. These scholarships are under the direct administration of the University and are considered annual awards which are evenly divided between fall and spring semesters. Students awarded any such awards beginning with the spring semester will receive one-half the total award for the first semester and then, subject to renewal criteria, will become eligible for the total award beginning with the fall semester. Students are only eligible to receive ETBU scholarships for the first four (4) years of enrollment, or 120 attempted hours, at ETBU except where noted. The following general requirements apply to University administered scholarships. In cases where there are specific requirements that apply to a given scholarship, grant, or award, these requirements take precedence:

1. Recipients are expected to maintain moral and ethical standards that would be exemplary of the life of Christ.
2. The University reserves the right to cancel or adjust any scholarship or grant-in-aid for reasons considered justifiable (e.g., academic probation, disciplinary probation, over-awarded).
3. The right to hold a scholarship or grant-in-aid is contingent upon the maintenance of a satisfactory academic record and progress toward a degree.
4. Recipients must be classified as full-time students to receive scholarships (Twelve (12) or more semester hours).
5. Recipients must be campus residents, with the exception of married students and single students living with parents within commuting distance; or at least 24 years old by the first day of class for that semester.
6. All recipients must maintain the grade point average requirements outlined in the description of the specific award. If no GPA is specified, a 2.0 cumulative GPA is required for renewal.
7. Scholarships are awarded on a year-to-year basis. The renewal of the scholarship is contingent upon the student's continued attendance at ETBU without interruption and upon the availability of funds.
8. All ETBU scholarships are applicable to direct University tuition charges only and may not be included when calculating amounts subject to cash withdrawal from a student account.
9. Unusual circumstances may justify the waiver of any given scholarship requirement (e.g., serious illness or injury causing withdrawal; a student must live with a relative to provide health care) and students may appeal these requirements by writing the Director of Financial Aid, requesting a waiver and providing justification. Decisions will be based upon the merits of each appeal.
10. Financial aid does NOT pay for courses that are repeated unless the course was failed or withdrawn from.
11. ETBU scholarships for institutional study abroad may be based on funding.

12. Students who have earned a bachelor's degree are not eligible for ETBU scholarships.
13. All ETBU Institutional scholarships also require participation in at least one hour each week of volunteer service with an assigned ETBU community service partner for renewal of scholarship.

ACADEMIC EXCELLENCE SCHOLARSHIPS

DEPARTMENTAL SCHOLARSHIPS

The academic departments of the University award a number of departmental scholarships to undergraduate students who demonstrate an interest and ability in the disciplines of the department. Inquiries should be directed to the respective chairman of the academic department. Requirements include: audition, interview, and/or testing by the department, full-time student status (twelve (12) semester hours or more), and major or minor in the department making the award. For renewal, students must meet a departmental specified GPA and at the end of each semester the department will review the student's performance. If the student's performance has proven satisfactory and the student continues to meet scholarship criteria, the scholarship will be renewed.

CHRISTIAN LEADERSHIP SCHOLARSHIP

This scholarship is available to first-time students who exhibit exceptional Christian leadership. Any one of the following criteria may be used in the selection process: campus or church leadership, Baptist life involvement, leadership training, and servant ministry. Amounts range from \$1,500 to \$4,500 annually. Renewal requires a 2.0 cumulative GPA and participation in at least one hour each

week of volunteer service with an assigned ETBU community service partner.

CHURCH MATCHING SCHOLARSHIP

East Texas Baptist University will match designated Christian church gifts for ETBU students up to, but not exceeding \$2,000 per academic year (\$1,000 per semester) per student. Renewal requires a 2.00 cumulative GPA, continued support from the student's church, and the annual certification of the church matching form.

CAMP MATCHING SCHOLARSHIP

East Texas Baptist University will match designated Christian camp gifts for ETBU students up to, but not exceeding \$1,000 per academic year (\$500 per semester) per student. Renewal requires a 2.00 cumulative GPA, continued support from the camp, and the annual certification of the camp matching form.

BGCT MINISTRY SCHOLARSHIP

The BGCT Ministry Scholarship is in cooperation with the Baptist General Convention of Texas. It provides financial assistance to Baptist students who are preparing for church related vocational Christian ministry. Applications are made through the Office of Ministry Guidance. Scholarship renewal requires a 2.50 cumulative GPA and yearly re-certification.

ETBU MINISTRY SCHOLARSHIP

The ETBU Ministry Scholarship provides financial assistance to students who are preparing for church related vocational Christian ministry. Applications are made through the Office of Ministry Guidance. Scholarship renewal requires a 2.50 cumulative GPA and yearly re-certification.

MINISTER'S DEPENDENT SCHOLARSHIP

This \$1,500 per year scholarship is awarded to dependent students of full-time Baptist ministerial staff or Baptist career missionaries. Application is available on the Financial Aid Forms web page. Scholarship renewal requires a 2.00 cumulative GPA and yearly re-certification.

RUFUS SPRABERRY MEMORIAL ALUMNI SCHOLARSHIP

This scholarship provides a limited number of awards from its endowment. These scholarships are awarded by the Alumni Association on an annual basis to children and grandchildren of former students. Necessary forms may be obtained from the Office of Alumni Relations.

HOPE PIERCE TARTT SCHOLARSHIP

Recipients must be U.S. citizens and have resided in Harrison, Gregg, Marion, Panola, or Upshur counties in Texas for 24 months prior to September 1 of the school year. Priority is given to residents of Harrison County. Recipients must also be full-time students and demonstrate financial need from the FAFSA. Students receiving the Hope Pierce Tartt Scholarship must earn at least a 2.00 GPA each semester for continued eligibility. Funds shall be for tuition, books, and course-related fees and equipment for individuals who are degree candidates. For more information, contact the Financial Aid Office.

ENDOWED SCHOLARSHIPS

Scholarships are established by friends of East Texas Baptist University who are interested in the education of worthy and needy students. While the donors of these funds are listed in the catalog, specific application for these scholarships beyond the normal financial aid application process is not required. Awards are made on the basis of student eligibility, financial need, and the availability of funding according to earnings on endowment investments established by donors and designated gifts to the University. Many of these awards are in honor or memory of specific individuals. All endowed scholarships require a thank you letter from the student.

GRADUATE ADMISSION POLICIES AND PROCEDURES

All students seeking admittance to any graduate program at East Texas Baptist University will make application through the University's Office of Graduate Admissions. The Office of Graduate Admissions' staff will work closely with the Program Director for the desired graduate program to coordinate the completion of the program candidate's admissions materials. The Office of Graduate Admissions oversees the approval of the University admissions process and will assist the respective graduate Program Director in the approval of the academic school admissions process. The student will be notified of the final admissions decision by the University's Director of Graduate Admissions. Students wishing to appeal the admissions decision should make that appeal in writing to the Admissions and Financial Aid Committee. Students should contact the Office of Graduate Admissions for details on this process.

GENERAL ADMISSION POLICIES AND PROCEDURES

Applicants should meet the following minimum criteria for full admission to all graduate programs:

1. Hold an earned undergraduate degree from a U.S. college or university accredited by a regional accrediting agency or one recognized by the U.S. Department of Education and CHEA (Applicants with degrees from foreign universities will have to undergo a transcript equivalency evaluation).
2. Have a minimum cumulative overall grade point average of 2.75 or a minimum grade point average of 3.00 in their last 60 hours of undergraduate course work.
3. Students who have earned undergraduate degrees from foreign universities may be asked to submit evidence of a minimum score of 550 (paper-based), 213 (computer-based), or 79 (Internet-based) on the Test of English as a Foreign Language (TOEFL).
4. Exhibit good character, in the judgment of the University. East Texas Baptist University reserves the right to deny admission to any individual who has been convicted or adjudicated of a felony or a Class A (or equivalent) misdemeanor.
5. Be in agreement with the University's mission.
6. Meet additional program requirements or criteria established by the applicant's desired program or field of study.

Applicants must submit the following as a part of the general admission process:

1. A completed Graduate School Application for Admission accompanied by a \$50.00 nonrefundable application fee.
2. Official transcripts for undergraduate and graduate coursework to East Texas Baptist University.
3. Any additional program admission requirements established by the applicant's desired program or field of study.

Applicants must meet all University and program due dates for submission in order to receive full consideration for admission. Once an applicant has submitted the required credentials, a decision regarding admission or denial of admission of the student to the University will be made in a timely manner.

CONTINGENT ADMISSION

Applicants who desire to begin classes but do not have enough time to submit all required application material may be eligible for contingent admission. The Program Director or Director of Graduate Admissions may approve the applicant to register and attend for one semester.

Students must have all of their outstanding application requirements submitted to the Office of Graduate Admissions before the last official day of their first semester. The student may not register for courses beyond their first semester until all application documentation has been received.

PROVISIONAL ADMISSION

“Applicants that do not meet grade point average requirements and/or do not satisfy program

prerequisites must be approved by the Program Director or Dean to be considered for provisional admission.

If after the first semester a student fails to achieve a grade point average of 2.75, he/she will be ineligible to continue in the program and will be notified in writing. If after two semesters of consecutive enrollment, a student fails to satisfy the specified program prerequisites, he/she will be ineligible to continue in the program and will be notified in writing. Continuation on provisional admission may be granted following a review of all relevant factors and when, in the judgment of the Program Director, there is sufficient evidence to suggest the potential for success in a graduate level program. An interview may be required at the discretion of the Program Director or Dean.

Provisional admission may also be granted to applicants who lack the required English proficiency, but who are otherwise qualified for admission to the program. Students granted provisional admission under these circumstances must enroll in the Intensive English Program (IEP) until they achieve the required level of English fluency as measured by the TOEFL, IELTS, or other measurement prescribed by the IEP Director. All International students enrolled in the IEP must maintain full-time status be enrolling in a combination of ESOL, undergraduate, and graduate courses as recommended by the IEP Director and approved by the graduate program director.”

CONCURRENT ENROLLMENT

ETBU students who have completed 90 hours towards graduation, have a cumulative grade point average of 3.00 or higher, and have satisfied their specific program prerequisites, may enroll in up to nine graduate hours. Students may not register for more than six graduate hours per semester and may not enroll in more than a total of 16 credit hours for any semester in which a graduate course is taken.

TRANSFER OF CREDITS

Evaluation and awarding of transfer credit for graduate course work will be based on official transcripts from prior institutions after students have made application for admission to the University. The University accepts academic work from institutions list in the Higher Education Directory*. Admitted students may request acceptance of transfer hours provided:

1. The student has achieved full University and program admission.
2. The hours are graduate hours in the desired graduate major or related discipline as determined by the Program Director or Dean, and deemed equivalent to courses in the selected graduate program.
3. Grades earned are at least “B” or higher.
4. The student provides the Program Director complete information about the course including goals, requirements, and assessments.

Students may be granted up to a maximum of twelve (12) hours of equivalent transfer work. No graduate student may transfer more three hours to ETBU post-matriculation. No graduate student may receive transfer credit for hours that have previously been applied to an awarded degree.

PROGRAM SPECIFIC ADMISSION REQUIREMENTS

Master of Arts in Clinical Mental Health Counseling

Full admission to the Master of Arts in Clinical Mental Health Counseling may be granted to applicants who meet the University’s minimum graduate admission criteria, satisfy the program prerequisites listed below, and receive the endorsement of the Program Director. Program prerequisites require at least nine hours in the field of psychology, of which three hours must be in abnormal psychology and three hours must be in a counseling related area. Any deficiency in hours must be satisfied by taking appropriate undergraduate counseling-related courses. Substitution and/or equivalency decisions for prerequisite courses or transfer of any graduate hours must receive the approval of the Program Director.

In addition to the general admission process, the application process for the Master of Arts in Clinical Mental Health Counseling requires the applicant to

1. Submit two letters of recommendation.
2. Complete an interview with the Program Director and receive endorsement for admission to the program. Interviews may be completed via distance technology or in person, and scheduling will be flexible to accommodate potential students.

3. Have a current, satisfactory criminal background check.

Master of Arts in Theological Studies and the Master of Arts in Christian Ministry

Full admission to either the Master of Arts in Theological Studies or the Master of Arts in Christian Ministry may be granted to applicants who meet the University's minimum graduate admission criteria, satisfy the program prerequisites listed below, and receive the approval of the Program Director. Program prerequisites require at least nine hours in the field of religion. For the Master of Arts in Theological Studies degree, at least six of the nine hours must be upper-level undergraduate or graduate hours from a regionally-accredited institution. For the Master of Arts in Christian Ministry, at least three of the nine hours must be upper-level undergraduate or graduate hours from a regionally-accredited institution. Any deficiency in hours must be satisfied by taking appropriate undergraduate courses. Substitution and/or equivalency decisions for prerequisite courses or transfer of any graduate hours must receive the approval of the Program Director and the Dean.

In addition to the general admission process, the application process for either the Master of Arts in Theological Studies or the Master of Arts in Christian Ministry requires the applicant to

1. Submit two letters of recommendation.
2. Submit a resume that includes an autobiographical essay which must include a personal statement of the applicant's academic pilgrimage, spiritual pilgrimage, academic goals, and why ETBU was chosen.

Master of Business Administration

Full admission to the MBA in Entrepreneurial Leadership may be granted to applicants who meet the University's minimum graduate admission criteria, submit two letters of recommendation, and satisfy the program prerequisites. Program prerequisites require at least three hours of college-level credit in accounting and in finance with a grade of "C" or higher from a regionally-accredited institution. Any deficiency in hours must be satisfied by taking appropriate college-level courses or satisfactory completion of an appropriate course substitution as approved by the Program Director or Dean of the School of Business.

Master of Education and the Master of Education in College and University Leadership

In addition to the University's minimum criteria for graduate programs, the admission process for the Master of Education and the Master of Education in College and University Leadership requires the applicant to meet the following criteria for full admission:

College and University Leadership:

1. Submit two letters of recommendation

Curriculum and Instruction:

1. Submit two letters of recommendation

Educational Leadership:

1. Submit two letters of recommendation
2. Submit proof of teacher certification (fax or email copy of teacher certificate)
3. Candidates will complete a formal interview with the program director and/or dean
4. Students wishing to enroll only in the 18 hours that are required to take the principal certification exam must already have completed a master's program. Original college transcripts demonstrating the completed master's degree must be submitted before a student can enroll in courses.

Sports Leadership:

1. Submit two letters of recommendation

Teacher Certification:

1. Have a current, satisfactory criminal background check.
2. Must have a minimum cumulative overall grade point average of 2.75 in previous undergraduate/ graduate coursework (as required by the Texas Education Agency).
3. Candidates will complete a formal interview with the program director and/or dean
4. Those wishing to obtain teacher certification are required to meet certain course

and/or testing criteria based on the desired certification level:

- Elementary certification (EC-6) applicants must have twenty-four hours in content area courses that include a combination of hours in mathematics, science, social studies, and English/language arts/reading or have passed the PACT exam in their teaching field. Elementary applicants not having twenty-four hours in a combination of these content areas will be required to take additional undergraduate courses for admittance consideration. These undergraduate hours will not count toward the master's degree. Students cannot enroll in graduate courses or be admitted until they have fulfilled these content knowledge requirements.
- All-level (EC-12) and secondary certification (8-12) applicants must have twenty-four undergraduate hours in the content area they wish to teach, with twelve of these hours being upper-level (junior level or higher), or pass the PACT in their content area. All-level or secondary applicants who do not meet the twenty-four hour requirement must take additional undergraduate hours to fulfill this requirement. These undergraduate hours will not count toward the master's degree. Students cannot enroll in graduate courses or be admitted until they have fulfilled these content knowledge requirements.

Master of Science in Kinesiology

Full admission to the Master of Science in Kinesiology program may be granted to applicants who meet the University's minimum graduate admission criteria, satisfy the program prerequisites listed below, and receive the endorsement of the Program Director or Dean. Program prerequisites require KINE 3311 Exercise Physiology or similar course; KINE 3312 Kinesiology & Applied Anatomy or similar course; BIOL 1421 or BIOL 2401 Anatomy & Physiology I or similar course with a final grade of "B" or better in all courses. Any deficiency in hours must be satisfied by taking appropriate undergraduate kinesiology-related courses. Substitution and/or equivalency decisions for prerequisite courses or transfer of any graduate hours must receive the approval of the Program Director or Dean.

In addition to the University's minimum criteria for graduate programs, the admission process for the Master of Science in Kinesiology requires the applicant to:

1. Submit two letters of recommendation

GRADUATE STUDENT POLICIES

ALL POLICIES LISTED PREVIOUSLY IN THE CATALOG APPLY TO GRADUATE STUDENTS, EXCEPT IN CASES WHERE A SPECIFIC POLICY IS LISTED IN THIS SECTION

ACADEMIC LOAD

For purposes of financial aid, athletic eligibility, and campus housing, full-time status requires the student be enrolled in a minimum of six hours of graduate courses during traditional 15-week semesters and a minimum of three hours of graduate courses during summer terms. To be eligible for financial aid, a student must be enrolled in a minimum of three hours of graduate courses. ETBU will not recognize courses taken at other institutions concurrently as fulfilling this enrollment policy.

ACADEMIC PROBATION/DISMISSAL FROM PROGRAM

For information on probation and/or dismissal from program, students should refer to the specific graduate program section of the catalog. Students on academic probation and/or those not making satisfactory academic progress (see Graduate Satisfactory Academic Progress section) are not eligible for participation in NCAA Division III athletics and may not be eligible for federal/state financial aid.

PROCEDURE FOR PARTICIPATION IN A COMMENCEMENT CEREMONY

Ceremonies are held in December and May at the end of fall and spring semesters. Students may participate in either ceremony if:

1. They have submitted an application for graduation before the published deadline and
2. Satisfactorily completed all course and curricular requirements

DEGREE REQUIREMENTS

GENERAL REQUIREMENTS FOR A GRADUATE DEGREE

1. Completion of a minimum of thirty semester hours.
2. A minimum cumulative GPA (Grade Point Average) as established by the appropriate graduate program.
3. A minimum grade of “C” on all courses in the major, minor, departmental core, and concentration (if applicable).
4. All other requirements as established by the appropriate graduate program.

TIME LIMIT FOR ALL DEGREES

Student may choose to graduate under the catalog in effect during the first semester of enrollment or any successive catalog. All catalog provisions expire after six years. Refer to the “Graduation Requirements” for each program for specific time limits.

PROCEDURE FOR AWARDING OF DEGREE

Degrees are awarded four (4) times a year (fall, spring, May, and summer) when all degree requirements have been completed. Participation in the commencement ceremony is optional. In order for the degree to be awarded, the student must have completed the following by the date listed in the University Calendar at the front of this catalog:

1. Submitted an application for graduation before the published deadline.
2. Satisfactorily completed all course and curricular requirements.

FINANCES

The fees below are for the academic year June 1, 2019 to May 31, 2020. The University reserves the right to change any of these charges at the beginning of any semester or term, provided economic conditions justify the change.

FACILITIES AND SERVICES/GRADUATE STUDENT FEE

The general student fee entitles students the use of the Dean Healthplex, the student center, the library, most laboratories, and check cashing services. In addition, this fee provides admission to athletic events, admission to most concerts and social activities, and includes selected student publications.

FLEX DOLLARS

Available with all meal plan options, flex dollars can be used in the Bennett Student Commons Cafeteria or to enjoy a variety of convenient on-the-go options at The Republic, Chick-fil-A, and Subconnection in the Ornelas Student Center. Once the easy-to-use flex dollars are purchased, they offer a cashless form of payment accessible through the ETBU ID card.

PAYMENT OF CHARGES

A student’s tuition, fees, room, and board charges for each academic period are due and payable at the time of registration and prior to attending classes. The University accepts payment in the form of most credit cards, debit cards, or personal check. Payments in full may be made through the ETBU website or in the business office, located in Marshall Hall. The University also offers a deferred payment plan (for fall and spring semesters) that permits payment of each semester’s charges to be made in multiple installments. The deferred payment plan is not available to international students during the first year of attendance. Information about the payment plan is available in the University Business Office as well as online on the Business Office web page under “Payment Information”. The University may deny class attendance to students who fail to pay or make arrangements for their bill in accordance with University policy. Payment in full of all semester charges must be made in the Business Office before a student may enroll for an ensuing semester, obtain an official transcript or receive a diploma at graduation.

REGISTRATION - PAYMENT REQUIREMENTS

Registration is offered each semester to students in good standing with the University. All charges are due and payable upon the issuance of semester billing statements. To register for a term, payment must be made on or before the date published in the University Calendar. If payment is not received in the Business Office by the appropriate date, the student may lose registration privileges, including loss of schedule, and the student will have to register again during the scheduled registration period, risking the possibility of closed classes.

UNIVERSITY BOOKSTORE

In general, purchases at the University Bookstore must be by cash, check, or credit card. However, students with certain financial aid in excess of tuition, fees, room and board, may charge books and supplies for a limited time period at the beginning of each semester. This period will end one week after the last day to add a class, for Fall and Spring semesters, and one day after the last day to add a class for Summer I, II, or III terms.

STUDENT ACCOUNTS

Student accounts may include only charges for tuition, course related fees, housing, meal plans, and student insurance. Fees for parking fines, miscellaneous fees, disciplinary fines, library fines, etc. must be paid at the time the expense is incurred. Unpaid fines will be charged to the student account at the end of each semester.

DELINQUENT ACCOUNTS

If a student account becomes delinquent and is determined to be uncollectible, it may be necessary to submit the account to a third party for collection. All collection costs, including legal fees, will be charged to the student account balance. The University reserves the right to

charge interest and/or fees on all delinquent accounts.

REFUNDS

Registration with the University is considered a contract binding students for the entire academic period. A student finding it necessary to withdraw from the University must officially withdraw through the Registrar's Office. This official withdrawal must be accomplished before any consideration can be given by the Business Office for granting refunds. Failure to attend class or simply notifying an individual instructor of intent to withdraw will not be regarded as an official withdrawal.

A class day (or day of class) is defined as any weekday for which regular classes are scheduled. When a student in good standing withdraws or drops from classes for reasons approved by the administration, eligibility for refunds will be determined as follows:

FALL AND SPRING SEMESTER REFUND SCHEDULE

Tuition and Room Refunds

Through the second day of class	100%
During the third through seventh class day.....	85%
During the eighth through tenth class day.....	60%
During the eleventh through fifteenth class day.....	45%
During the sixteenth through twentieth class day.....	25%
After the twentieth class day	0%

Board Refunds

Prorated refund based on ten weeks. After the tenth week of the semester, there is no refund on the board.

SUMMER I, II, AND III TERM REFUND SCHEDULE

Tuition and Room Refunds

Through the first day of class.....	100%
During the second day of class	80%
During the third day of class.....	60%
During the fourth day of class.....	45%
During the fifth day of class	25%
After the fifth day of class	0%

For official refund dates for each term, see the University Calendar. The date of withdrawal upon which refunds are based will be the date that the completed withdrawal card is presented to the Registrar for processing.

Students are cautioned that withdrawal from courses or failure to maintain satisfactory academic progress toward a degree may cause partial or total loss of financial aid, VA benefits, and NCAA eligibility requirements.

GRADUATE SATISFACTORY ACADEMIC PROGRESS

The Higher Education Act of 1965, as amended by Congress, mandates that institutions of higher education monitor the academic progress of students who receive federal financial aid. East Texas Baptist University has established the following minimum standards to be eligible for and continue to receive federal financial aid. This policy reflects the changes to federal regulations that were effective as of July 1, 2011. The financial aid award year is fall, spring, May, and summer terms.

Full-time status requires the student be enrolled in a minimum of six hours of graduate courses during traditional 15-week semesters (or across two 8-week terms in fall or spring). Satisfactory academic progress will be monitored at the end of each semester, eight-week term, or summer term, and is accomplished through the following measures dependent upon the program in which the student is enrolled:

Students must successfully complete fifty-percent of the hours in which they are enrolled each term. Students must maintain a minimum 2.75 cumulative grade point average on all graduate work.

Appeal Process

Financial aid ineligibility decisions may be appealed, but must be done in writing within six weeks of being placed on financial aid suspension. Supporting documentation is required with each appeal. The Admissions and Financial Aid Committee will review appeals as needed and will notify the student of its decision. All appeals should be sent to the Financial Aid Office at ETBU.

FINANCIAL AID

Based on the individual's application and eligibility, East Texas Baptist University will determine appropriate student awards and will send the applicant an online award letter identifying the financial aid offered. Problems may arise, whether within or beyond the student's control, which prevent identified financial aid awards from materializing (e.g., failure of the student to comply promptly with instructions, rejection of the applicant by an outside agency, and changes in federal or state regulations or funding). Therefore, the University reserves the right to review and modify any awards because of changes in an individual's financial status, changes in eligibility requirements, lack of satisfactory academic progress, limited federal or state funding, or any other unforeseen events. In any such event, the Financial Aid Office will assist to the best of its capability, but the student remains fully responsible for all charges. A financial aid recipient is responsible for determining, before registration, whether personal resources plus financial aid will be sufficient to meet expenses.

SCHOLARSHIPS

For information on departmental, program, or University scholarships, please contact the Office of Financial Aid or the appropriate graduate Program Director.

VETERANS ASSISTANCE

Students eligible to receive VA benefits must apply for them with the Regional Processing Office (RPO) for our region in Muskogee, Oklahoma. Once a student's aid, Chapter, and percentage of eligibility have been determined by VA, the student will be issued a Certificate of Eligibility. This original document, along with official copies of ALL military transcripts, and the form DD-214, must be delivered to the Office of the Registrar before any student can be processed for certification. The Muskogee RPO can be contacted by calling 1-888-442-4551, and additional help or information can be found at the VA's website located on the internet at www.gbill.va.gov. The amount of a student's VA benefits plus ETBU scholarships may not exceed the cost of tuition.

GRADUATE PROGRAMS

MASTER OF ARTS IN CLINICAL MENTAL HEALTH COUNSELING

DR. ALLEN APPIAH-BOATENG

Program Director

The Master of Arts in Clinical Mental Health Counseling is a 60-credit hour graduate program designed to meet the educational requirements to become a Licensed Professional Counselor (LPC). The courses for the Master of Arts in Clinical Mental Health Counseling program will be delivered utilizing face-to-face, web-enhanced, and online formats in regular 16-week and accelerated summer semesters. The curriculum is consistent with LPC licensure laws in Texas and Louisiana.

MISSION STATEMENT

The mission of East Texas Baptist University's Clinical Mental Health Counseling program is to prepare students to be multicultural competent professional counselors, capable of promoting the mental health of individuals and families with diverse contextual and cultural backgrounds, using an integrated knowledge from Christian faith and counseling principles alongside encouraging students' personal and professional identity development through faculty mentoring.

GRADUATION REQUIREMENTS

For the Master of Arts in Clinical Mental Health Counseling program, students will complete a total of 60 graduate credit hours, maintain at least a 2.75 grade point average, and pass the Counselor Preparation Comprehensive Examination (CPCE) exam with a score comparable to the national average. Students must complete all requirements for the degree within five years of being granted full admission.

DISMISSAL FROM PROGRAM

1. Students who fail to achieve full admission after the completion of nine graduate hours will be dismissed from the program.
2. Students who fail to maintain at least a 2.75 cumulative grade point average will be placed on academic probation and will be required to earn a minimum semester grade point average of 2.75 or above in subsequent semesters until the cumulative grade point deficiency is removed. Failure to attain at least a 2.75 semester grade point average may result in dismissal from the program.
3. Students who earn a grade of "D" or "F" in any one course may be dismissed from the program based on a recommendation from the Program Director and Dean.

CURRICULUM

The Master of Arts in Clinical Mental Health Counseling consists of 60 semester hours.

Students may enter the program during any Fall or Spring term.

MASTER OF ARTS IN THEOLOGICAL STUDIES

MASTER OF ARTS IN CHRISTIAN MINISTRY

DR. SCOTT STEVENS

Program Director

Within the graduate program, all instruction and learning activities are designed to build a community of scholarly ministers. Course content will be delivered in the context of faculty lecture material, interactive discussions, concept papers, reading of literature in the discipline, research activities, faculty/student interactions, and units focused on student-generated content. Students will engage in real-world applications of unique issues and concepts inherent in their calling and will study advanced approaches to the challenges facing the contemporary church, as well as global ministry themes.

Faculty assigned to teach in the Master of Arts in Theological Studies and the Master of Arts in Christian Ministry programs are experienced in teaching in the college environment, as well as applying course content in the pastoral and ministerial setting. Faculty also participate in research and scholarship that promote thoughtful inquiry in academic and ministerial contexts.

Students electing to complete the thesis option in the field of religion will choose a thesis director from among the religion faculty. The thesis director will work individually with the student throughout the semester to construct and carry out the analysis of the research question, and assist the student in preparing to write and defend the thesis project.

MISSION STATEMENT

Through advanced biblical, theological, and practical study, the School of Christian Studies graduate programs seek to equip men and women to become Christian servant leaders who possess the knowledge and skills necessary to fulfill their calling in the Kingdom of God.

STATEMENT OF PHILOSOPHY

The nature of graduate education is to foster an environment with the student as an active participant in the learning process as leader, researcher, and practitioner. Significant time is spent on the review of the literature of the discipline. The activities of the course are writing intensive, engage the biblical text more closely and thoroughly than is typical in an undergraduate course, require careful, detailed analysis of diverse and conflicting interpretations, incorporate reflective thought on the part of the student, include an increased expectation of independent research, and necessitate a search for additional resources to bring to class to inform discussion. At their discretion students may work in collaborative groups to complete the course goals and objectives, but each student must be prepared to participate personally in seminar discussions and presentations.

GRADUATION REQUIREMENTS

For the Master of Arts in Theological Studies and the Master of Arts in Christian Ministry, students will complete a total of 36-37 graduate credit hours with a grade of “C” or higher and maintain at least a 2.75 grade point average. Students must complete all requirements for the degree within five years of being granted full admission.

DISMISSAL FROM PROGRAM

1. Students who fail to achieve full admission after the completion of nine graduate hours will be dismissed from the program.
2. Students who fail to maintain at least a 2.75 cumulative grade point average will be placed on academic probation and will be required to earn a minimum semester grade point average of 2.75 or above in subsequent semesters until the cumulative grade point deficiency is removed. Failure to attain at least a 2.75 semester grade point average may result in dismissal from the program.
3. Students who earn a grade of “D” or “F” in any one course may be dismissed from the program based on a recommendation from the Program Director and Dean.

CURRICULUM FOR THE MASTER OF ARTS IN THEOLOGICAL STUDIES

The Master of Arts in Theological Studies is a two-year program focused on preparing students for further theological study and church-related vocations; it consists of 36-37 semester hours in which four hours may be earned by completing a thesis or advanced ministry project. This curriculum provides opportunities for intensive study in Christian scriptures, theology, and ministry at the graduate level. Students may enter the program during any fall or spring term.

Bible and Theology Foundations – 21 hours from the following:

- RLGN 5310 The Christian Life in the Letters of Paul
- RLGN 5311 Christianity and Contemporary Culture
- RLGN 5320 Old Testament Theology
- RLGN 5330 New Testament Theology
- RLGN 5331 New Testament Ecclesiology
- RLGN 5340 Peoples, Theology, and Literature of the Ancient Near East and Israel
- RLGN 5341 Biblical Theology
- RLGN 5342 Selected Topics in Theology

Ministry Foundations – 15 hours from the following:

- RLGN 5300 The Baptists
- RLGN 5301 Early Childhood Ministry
- RLGN 5302 Elementary Children's Ministry
- RLGN 5303 Family Ministry
- RLGN 5350 The Educational Ministry of the Church
- RLGN 5352 Selected Topics in Ministry
- RLGN 5355 Spiritual Formation: Scripture, Tradition, and Practice
- RLGN 5360 World Christianity
- PSYC 5300 Understanding the Contemporary Mind and Religion

Thesis Option (4 hours) – Students may elect to complete a thesis (requiring completion of both of the following courses). Completion of RLGN 6101 and RLGN 6301 will substitute for one Bible and Theology Foundations course or for one Ministry Foundations course.

- RLGN 6101 Thesis/Ministry Project 1
- RLGN 6301 Thesis/Ministry Project 2*

* RLGN 6301 requires the successful completion of a thesis or ministry project report.

- A thesis or ministry project report must be determined to be “Acceptable” on all criteria identified in the grading rubric (available online in the Manual for Research Theses and Ministry Project Reports) in order for the student to receive credit (grade of CR) in RLGN 6301 Thesis/Ministry Project 2.
- If the student submits a thesis/report determined to be anything other than “Acceptable” on any of the criteria in the grading rubric (or does not submit a thesis/report at all), the student will have the following options:
 - (a) The student may request that the professor give the student an Incomplete for the course. The student must complete the thesis/report by the due date determined by the professor to receive credit (CR) for the course. The student who fails to satisfy this requirement will be given the opportunity to choose one of the two options below.
 - (b) The student will receive a grade of NC (no credit) for the course and reregister for RLGN 6301 Thesis/Ministry Project 2 for the next semester.
 - (c) The student will receive a grade of NC (no credit) for the course and register for an elective course to complete graduation requirements for the MAR degree.

MASTER OF BUSINESS ADMINISTRATION

DR. BARRY EVANS

Dean, Fred Hale School of Business

DEN MURLEY

Program Director

The graduate program curriculum will be composed of 33 credit hours and designed for students to begin each fall and spring semester, and progress through the sixteen month program. Instruction will be delivered using face-to-face interaction, and online interaction through the Canvas learning management system. Accomplished entrepreneurs will serve as guest lecturers, advisors to the students, and as members of review panels charged with providing independent assessment of students' assignments.

STATEMENT OF PHILOSOPHY

The Master of Business Administration (MBA) in Entrepreneurial Leadership is designed to integrate business theory and application. The curriculum provides students with the opportunity to expand their knowledge in theoretical thinking and current research in the field of business, and then demonstrate an understanding of that knowledge through the development of business enterprises. Students using this method become intimately aware of the skills necessary to lead and manage a business.

GRADUATION REQUIREMENTS

For the MBA in Entrepreneurial Leadership, students will complete a total of 33 graduate credit hours with a grade of "C" or higher and maintain at least a 2.75 grade point average. Students must complete all requirements for the degree within five years of being granted full admission.

DISMISSAL FROM PROGRAM

1. Students who fail to achieve full admission after the completion of two Flex Terms will be dismissed from the program.
2. Students who fail to maintain at least a 2.75 cumulative grade point average will be placed on academic probation and will be required to earn a minimum semester grade point average of 2.75 or above in subsequent semesters until the cumulative grade point deficiency is removed. Failure to attain at least a 2.75 semester grade point average may result in dismissal from the program.
3. Students who earn a grade of "D" or "F" in any one course may be dismissed from the program based on a recommendation from the Program Director and Dean.

CURRICULUM

The MBA in Entrepreneurial Leadership is a 33 credit hour program consisting of 11 courses delivered over four semesters. Students typically begin in the Fall and take the courses in a prescribed sequence. The following courses constitute the MBA curriculum:

Semester 1

- MBAE 5301 Entrepreneurial Leadership
- MBAE 5302 Economics and the Free Market

Semester 2

- MBAE 5303 Marketing Concepts and Strategies
- MBAE 5304 Social Media Information Systems
- MBAE 5312 Business Research and Decision Making

Semester 3

- MBAE 5306 Managerial Accounting
- MBAE 5307 Financial Concepts and Processes
- MBAE 5313 Leading and Managing Change

Semester 4

- MBAE 5309 Strategic Human Resource Management
- MBAE 5310 Strategic Management
- MBAE 5311 Formulating and Implementing Strategy (Capstone)

Students will explore leadership as a process involving leaders, followers and the situation. Particular emphasis will be placed on developing an entrepreneurial and intrapreneurial mindset.

MASTER OF EDUCATION

DR. P. J. WINTERS

Program Director

The Master of Education is a 12-month program designed to develop educational leaders within a Christian framework. The program requires 12 hours of foundational courses and at least 18 hours from one of the four specializations.

Two of the specializations enable students to take certification examinations. Students pursuing the teacher certification specialization will be able to take one of the certification exams, EC-6, 4-8, or 7-12, depending on their plan of study. In addition, these students will also learn classroom management strategies, curriculum development, implementation, and assessment, as well as the educational theories upon which these strategies are based. The second certification specialization will enable students to take the principal certification exam and prepare to serve as a school administrator. Students who already have a master's degree and would like principal certification can enroll to take only the 18 hours needed to take the examination.

The students pursuing the curriculum and instruction specialization will study curriculum development, assessment, and evaluation. Students pursuing this specialization will also develop skills needed to take leadership roles helping other teachers develop curriculum to better meet the needs of the students in their school. The curriculum will provide students information on current legal rulings and issues but will also expand their knowledge in theoretical thinking and current research in the field.

The students pursuing the sports leadership specialization will be prepared for leadership roles in sports related fields.

STATEMENT OF PHILOSOPHY

The nature of graduate education is to foster an environment with the student as an active participant in the learning process as leader, researcher, and practitioner. As a result, more time is spent on the review of literature of the discipline with much of that reading being completed outside class. The activities of the course are more writing intensive, use case analysis, incorporate a reflective portfolio approach to authentic assessment, include an increased expectation of independent learning, and promote a search for outside resources to bring to class to inform discussion.

For students enrolled in summer seminar courses, knowledge is compacted and presented in an adult learning, accelerated format. It is necessary for much of the student work to be completed outside of the weekly seminar and class learning teams also meet in extended sessions to complete the course goals and objectives.

Students in both summer seminar and traditional semester courses will receive supplemental course instruction and faculty facilitation with online tools within Canvas.

GRADUATION REQUIREMENTS

For the Master of Education, there are 30 graduate credit hours required. Students will complete 12 foundation hours in education, and then the student's selected specialization will require a minimum of 18 credit hours beyond the foundation courses. The teacher certification track requires an additional one credit hour course to prepare students to take the state teacher certification exams. This course will not count toward the master's degree.

Students must complete all credit hours with a grade of "C" or higher and maintain at least a 2.75 grade point average. Students must complete all requirements for the degree within five years of starting the program.

DISMISSAL FROM PROGRAM

Students may be dismissed from the program for the following reasons:

1. Students who fail to maintain at least a 2.75 cumulative grade point average will be placed on academic probation and will be required to earn a minimum semester grade point average of 2.75 or above in subsequent semesters until the cumulative grade point deficiency is removed. Failure to attain at least a 2.75 semester grade point average may result in dismissal from the program.
2. Earning a grade of "D" or "F" in any one class.

CURRICULUM

The courses that comprise the curriculum for the Master of Education degree were designed

by the faculty of the School of Education to meet current United States Department of Education requirements as stated in the Higher Education Act, Texas Education Agency rules and regulations, Texas Standards, as well as area market demands. Students will take 12 credit hours of foundation courses and a minimum of 18 credit hours of courses specific to their chosen specialization.

Instruction for the courses in the curriculum for the Master of Education will be web-supported with course content delivered in a face-to-face seminar setting. Web support will consist of posting content area lectures, review of literature in the discipline, and external links to support material; discussion boards; electronic submission of assignments; and communication tools for virtual real-time support. Students will be required to attend weekly on-campus seminars as part of each course. Seminar sessions will be reserved for direct instruction, case studies, collaborative projects, discussion, clarification, and application of course content within the context of the P-12 school setting. The seminar format is designed to be a bridge between educational theory and practical application in the school classroom. EDUC 5102 is designed to prepare students to pass the state teacher certification test.

Students in the Teacher Certification Specialization will complete a two semester internship or one semester clinical teaching assignment in a regional P-12 partnership school. Each student will be assigned an individual mentor teacher during the internship/clinical teaching experience that will work with the intern/clinical teacher to deliver quality instruction and assess the intern/clinical teacher in the areas of instructional competency identified by state and national standards.

Students in the Teacher Certification Specialization, Curriculum and Instruction Specialization, and Sports Leadership Specialization will take two research courses. The first course is offered in the spring semester and the second is offered during the Summer I semester. The second of these courses will culminate in the development of a research proposal that includes an introduction to the research problem, a comprehensive literature review, and a methodology section. This required proposal will detail a research design utilizing quantitative or qualitative methods suitable for investigation at the graduate level.

Students in the Educational Leadership Specialization will only take the first research course that is offered in the spring semester. These students will complete an action research project during the second course in their practicum experience.

PROCESS FOR CERTIFICATION (PERTAINS TO THOSE PURSUING SECONDARY OR ELEMENTARY CERTIFICATION)

East Texas Baptist University's Master of Education degree with a certification track allows a person with a bachelor's degree or higher to complete the requirements for an educator certificate by completing a graduate course of study while meeting the requirements for teacher certification in the state of Texas. All certification requirements are subject to the Texas Education Agency (TEA) standards, rules, and regulations. TEA has the authority to suspend, revoke, or refuse to issue a teaching certificate to a person who has been convicted of a felony or misdemeanor for a crime which directly relates to the duties and responsibilities of the teaching profession. All state agency and testing fees related to the attainment of certification in the state of Texas are the responsibility of the student.

Steps to Becoming a Texas Educator through East Texas Baptist University's Master of Education program (Teacher Certification Track):

1. Meet the screening criteria for admission and gain approval to the program.

All general and specific admission requirements for the Master of Education program (certification tracks) in line with the State Board of Educator Certification and the Texas Education Agency must be met along with approval from the ETBU Department of Teacher Education.

2. Develop a certification plan.

After meeting the screening criteria and being accepted into the program, students will meet with a graduate advisor to discuss their goals as a teacher. The advisor will advise students of the specific coursework, student teaching or internship, and tests that must be completed.

3. Complete the student teaching requirement (Option 1).

If this option is chosen, the advisor or a field experience supervisor will assist in finding an appropriate clinical teaching placement, and will guide students through this process. Students holding bachelor's degrees may qualify for a one-year paid internship as part of a post-baccalaureate program. If you qualify for a paid internship, please proceed to step 4.

4. Obtain a teaching position and apply for a Probationary Certificate (Option 2).

If determined that students are eligible for a teaching internship based on progress and completion of any appropriate tests, an eligibility statement for employment purposes will be provided. Students will need to secure a teaching assignment at the grade level and in the subject area of their target certificates. Once a position has been secured, students will have an experienced, certified mentor assigned to work with them and additional supervision will be provided.

If a teaching position has been secured for the internship, students will need to apply online for a Probationary Certificate, valid for one calendar year to meet state certification rules for students and the school. Students will need to create an online account, apply, pay fees, and meet the requirements for a criminal background check. The ETBU Department of Teacher Education will need to make recommendation online for the appropriate certificate.

5. Register for and complete the appropriate examinations.

Students must be authorized to register for examinations when they are at the appropriate point in the program. This will vary based on the type of program they are enrolled in. Persons in post-baccalaureate programs may be allowed to complete the content subject tests earlier than persons in an undergraduate program. Testing fees by the state and/or testing organization will apply.

6. Complete all requirements for a Standard Certificate.

Students will need to complete all coursework, clinical teaching or internship, and examination requirements indicated on their certification plans.

7. Apply for the Standard Certificate.

Upon completion of all requirements, students will need to apply online. When qualifications are met, the program will recommend you online for the Standard Certificate. A criminal background check will be conducted prior to issuance of any certificate. All first-time applicants for an initial credential must be fingerprinted as part of a national criminal background check. A fingerprinting fee, certification fees, and/or other fees will be charged by the state.

8. Become a certified teacher.

When a student's certificate is approved, it will be posted to the agency website. Students will be notified by email when your certificate is official.

MASTER OF EDUCATION IN COLLEGE AND UNIVERSITY LEADERSHIP

DR. P.J. WINTERS

Program Director

The M.Ed. in College and University Leadership will give students a broad experience in higher education administration and leadership. Students will be prepared to accept entry level administrative positions at community colleges and universities.

STATEMENT OF PHILOSOPHY

The nature of graduate education is to foster an environment with the student as an active participant in the learning process as leader, researcher, and practitioner. As a result, more time is spent on the review of literature of the discipline with much of that reading being completed outside class. The activities of the course are more writing intensive, use case analysis, incorporate a reflective portfolio approach to authentic assessment, include an increased expectation of independent learning, and promote a search for outside resources to bring to class to inform discussion.

The curriculum is designed as an ongoing 18-month program. The primary audience targeted for enrollment in the program are individuals who currently work in community colleges, universities, and high schools who desire to work effectively in middle-level administration in higher education. The program has a projected initial class of eight full-time students.

Instruction will be delivered using a hybrid model with the face-to-face component taking place on the ETBU campus at One Tiger Drive in Marshall, Texas. Courses will be offered in eight-week terms during the fall and spring semesters and seven-week terms during the summer. The face-to-face component will be delivered through intensive all-day Saturday sessions with a web-based learning management system providing support for the hybrid format. Graduate faculty will serve as advisors to the students and as mentors for research projects.

Students in both summer and traditional semester courses will receive supplemental course instruction and faculty facilitation with online tools within Canvas.

GRADUATION REQUIREMENTS

For the Master of Education in College and University Leadership, there are 30 graduate credit hours required. Students must complete all credit hours with a grade of “C” or higher and maintain at least a 2.75 grade point average. Students must complete all requirements for the degree within five years of starting the program.

DISMISSAL FROM PROGRAM

Students may be dismissed from the program for the following reasons:

1. Students who fail to maintain at least a 2.75 cumulative grade point average will be placed on academic probation and will be required to earn a minimum semester grade point average of 2.75 or above in subsequent semesters until the cumulative grade point deficiency is removed. Failure to attain at least a 2.75 semester grade point average may result in dismissal from the program.
2. Earning a grade of “D” or “F” in any one class.

CURRICULUM

The M.Ed. in College and University Leadership is a 30 credit hour program consisting of 10 courses. The following courses constitute the M.Ed. curriculum:

- HIED 5301—Governance, Administration, and Leading
- HIED 5302—Higher Education Law and Finance
- HIED 5303—Christian Servant Leadership

MASTER OF EDUCATION IN SCHOOL COUNSELING*

DR. JOAN STRUTTON

Program Director

The Master of Education in School Counseling* is a 48 hour program that seeks to provide students with a strong foundation for school counselor positions in Texas public schools. Upon completion of the required program, students will be eligible to sit for the TExES exam in school counseling.

The courses for the Master of Education in School Counseling* will be delivered utilizing traditional face-to-face, web-enhanced, and accelerated summer seminar formats. The curriculum will provide students substantive training in human growth and development, abnormal human behavior, assessment techniques, counseling theories and techniques, lifestyle and career development, socio-cultural factors, integration of faith in counseling, and professional issues. Additionally, students will take courses promoting their capacities for research consumption, applied research methodology, and program evaluation. The program curriculum also includes a careful focus upon current legal, social, governmental, and economic issues facing school counseling professionals. Courses are richly supported by contemporary literature of the discipline that prepares the students to seek Texas state certification as a school counselor.

STATEMENT OF PHILOSOPHY

The nature of graduate education is to foster an environment with the student as an active participant in the learning process as leader, scholar and practitioner. As a result, more time is spent on the review of literature of the discipline with much of that reading being completed outside class. The activities of the course are more writing intensive and applied in nature. In turn, this includes an increased expectation of independent learning, which requires students to search for outsider resources to bring to class to inform discussion and professional development.

In counseling, the personhood and the interventions of the counselor are both essential aspects of the helping relationship. Thus, students will engage in significant self-reflection and experiential learning during their preparation. This requires appropriate self-care outside of the class environment and significant rehearsal and practice both within and beyond the classroom. In an effort to promote integration of scholastic and practice competencies, students will also complete a supervised practicum necessary for certification as a school counselor

GRADUATION REQUIREMENTS

For the Master of Education in School Counseling*, there are 48 graduate credit hours required. Students must complete all credit hours with a grade of “C” or higher and maintain at least a 2.75 grade point average. Students must complete all requirements for the degree within five years of starting the program.

DISMISSAL FROM PROGRAM

Students may be dismissed from the program for the following reasons:

1. Students who fail to maintain at least a 2.75 cumulative grade point average will be placed on academic probation and will be required to earn a minimum semester grade point average of 2.75 or above in subsequent semesters until the cumulative grade point deficiency is removed. Failure to attain at least a 2.75 semester grade point average may result in dismissal from the program.
2. Earning a grade of “D” or “F” in any one class.

CURRICULUM

The M.Ed. in School Counseling* is a 48 credit hour program consisting of 16 courses. The following courses constitute the M.Ed. in School Counseling* curriculum:

The integrated Master of Arts in Christian Ministry (MACM) and Master of Business Administration (MBA) program is designed to prepare students to serve in roles requiring both theological education and administrative skills. Examples of such positions include church administrators, denomination/ associational leaders, leaders of missions organizations, and leaders of faith-based service organizations. Integration is achieved in two ways. First, students are able to pursue both degrees simultaneously, creating a synergism between the two curricula. Second, pursuing these two degrees separately would require a total of 69 hours of course work; by recognizing 9 hours of the MBA coursework as fulfilling the concentration requirement in the MACM, the total coursework for the integrated program is 60 hours.

COURSE DESCRIPTIONS

BUSINESS

MBAE 5301 Entrepreneurial Leadership

This course is a study of leadership principles and their application in business organizations.

MBAE 5302 Economics and the Free Market

The study of economic thought and action as it influences individual and market behavior. Included in the course is a study of how markets determine what is produced and what is allocated, analytical approaches to economic data for decision making, and a study of the impact on producers and consumers that monetary and fiscal policies play.

MBAE 5303 Marketing Concepts and Strategies

This course focuses on the strategic development of new products in entrepreneurial and intrapreneurial ventures. Specifically, this will include idea generation and screening, business and environmental analysis, product development, test marketing, and commercialization from the perspective of the entrepreneur. These concepts will all be brought together by the students as they develop a strategic marketing plan with a recommended implementation.

MBAE 5304 Social Media Information Systems

This course utilizes social media and mobile technology as part of a business plan for modern companies. Emphasis will be placed on mobile application development, business page development on Facebook (or similar social network), business use of Twitter, web site development, and e-commerce.

MBAE 5306 Managerial Accounting

This course will enable students to use accounting applications as they relate to the corporate form of business. A special emphasis will be placed on the entrepreneurial/managerial role in accounting applications.

MBAE 5307 Financial Concepts and Processes

This course is designed for the student planning an entrepreneurial career rather than embarking upon a career in finance. The course will develop skills necessary to evaluate opportunities and manage resources. Financial tools and applications will be developed for evaluating new projects and products. Emphasis will be placed on stock and bond valuation, capital budgeting, cost of capital, company valuation and efficient markets.

MBAE 5309 Strategic Human Resource Management

This course is a study of human resources management from a theoretical and practical view. Students will learn the essential HR functions, including legal requirements, recruiting, developing, and retaining human resources. Students will apply that knowledge in specific ways by creating original job descriptions, a staffing plan, and a compensation strategy for use in an entrepreneurial setting.

MBAE 5310 Strategic Management

This course is the capstone of the MBA program and incorporates all concepts taught in the curriculum. The course includes a study of strategies that successful businesses have employed and the methodology used for sound decision making. Research methodology incorporates the use of specific analysis of markets, industry competitive analysis, SWOT, financial analysis, etc. in order to evaluate the effectiveness of leadership decision making.

MBAE 5311 Formulating and Implementing Strategy

This course will combine knowledge gained from previous courses pertaining to the management of small business. There will be in-depth coverage of selected topics in leadership, economics, finance, human resources, business research, and marketing. Students will gain firsthand awareness of the management skills, knowledge, and behaviors employed by successful entrepreneurial leaders through in-depth discussions with practicing entrepreneurs and investors. Students will have the option of building a business plan for a proposed business venture conducted under the supervision of the instructor.

MBAE 5312 Business Research and Decision Making

This course uses research tools, employs research concepts and techniques to enable leaders to make informed decisions. Students will locate data sources, gather primary and secondary data, perform analysis using appropriate statistical techniques to effectively interpret and

solve specific business problems. The focus is on essential tools for the investigation of business phenomena where chance variation is a factor. Use of statistical software such as SPSS, Minitab, or Excel is included.

MBAE 5313 Leading and Managing Change

This course develops the skills needed for leading change. In this course, students will analyze the forces that drive organizations to change, examine impediments to change, and survey a range of approaches for making organizational change more effective. The principal objective of this course is to develop an understanding of change processes and provide students with practical skills for managing and leading change.

COUNSELING

COUN 5301 Theories of Counseling

This course is designed to provide students with an understanding of the major counseling theories and practices. Several of the major theories of counseling will be examined with an emphasis on four areas: key concepts of the theory, its beliefs about the therapeutic process, the role of the counselor, and how to apply the theory to helping a client change. Each theory will be analyzed for its uniqueness and similarity with the other approaches and applied to case examples.

COUN 5302 Introduction to Play Therapy

This course is an introduction to working with children ages 3-9 using play therapy concepts and skills. Students will learn the basic toys to be included in a mobile play kit and the toys to be used in the playroom. Students will also learn the benefits that play therapy has on helping children to learn boundaries and respond to the consequences of their actions.

COUN 5303 Counseling Children and Adolescents

This course is a didactic and experiential course that prepares graduate students to work with the specific needs of children and adolescents. This course will focus on developmental needs, specific therapeutic interventions, and common emotional issues of children and adolescents. Group and individual counseling techniques will be practiced and treatment options will be covered. *Prerequisite: COUN 5312.*

COUN 5304 Professional Orientation in Counseling

This course is an introduction to the field of counseling. It includes the history and trends of the counseling profession; the professional roles and identity; and ethical issues that affect the practice of counseling. This course provides opportunities to explore various issues in counseling such as: career counseling, diversity, school counseling, college counseling, crisis counseling, addictions counseling, rehabilitation counseling, and other contemporary issues.

COUN 5305 Group Counseling

A study of group dynamics, process, theoretical applications, techniques and leadership skills in an experiential setting. This course traces the major theoretical orientations in group counseling. Students will learn to apply group approaches to the treatment of mental health problems. *Prerequisites: COUN 5301 and COUN 5335.*

COUN 5309 Assessment for Counselors

This course provides an overview of various approaches to assessment and procedures for evaluation. Special emphasis is given to counseling decision-making, and treatment planning. Theoretical and applied material will be integrated in order to provide the student with an understanding of the context of assessment and evaluation. Emphasis will be placed on equipping students to understand technical terms in professional journals, test manuals, and test reports.

COUN 5312 Lifespan Development

This course provides an advanced overview of current research and theory on life-span human development, and will enhance students' understanding of significant developmental changes that occur over the life span. Emphasis will be placed on standard physical, cognitive, emotional, and social development as well as on issues such as diversity and socialization in relation to perceptions of human development. Professional, clinical, legal, and ethical issues will also be addressed.

COUN 5316 Psychopathology and Diagnosis

This course will provide an overview of psychopathology and treatment planning. An

interactive, developmental perspective for conceptualizing psychopathology as well as resilience will be employed. In particular, the influence of development, neurobiological mechanisms, and contextual features on the emergence, exacerbation, and alleviation of psychopathology will be discussed.

COUN 5321 Research and Program Evaluation

A review of the research methods used in counseling. Included are experiences in searching research literature databases, understanding basic statistics, evaluating statistical software, planning research, and communicating research findings. Strategies for effective program evaluation as methods of consultation will also be reviewed.

COUN 5327 Sociocultural Factors in Counseling

This course provides students with an understanding of how diversity and pluralistic trends and treatment strategies are related to such factors as: culture, race, ethnicity, nationality, age, gender, sexual orientation, mental and physical characteristics, education, disability, family values, religious and spiritual values, socioeconomic status, and unique characteristics of individuals, couples, families, and communities.

COUN 5330 Professional Issues and Ethics for Practice

This course provides a survey of ethical principles, standards, and legal codes for counselors as defined by the American Counseling Association (ACA), American School Counseling Association (ASCA), and the states of Texas and Louisiana. Students will learn how to apply ethical decision making models to navigate potential ethical dilemmas.

COUN 5335 Techniques in Counseling

This course emphasizes the stages of the helping relationship. Students practice basic attending and communication skills. Counseling skills are introduced through didactic, demonstration, and experiential learning situations. Counseling skills will be integrated with the use of counseling theories. Grade of "B" or higher is required for graduation.

COUN 6301 Marriage and Family Therapy

This course provides an overview of marital and family counseling from a systems perspective. An overview of the predominant systems theories essential in working with couples and families will be presented. Special emphasis is given to evidence based treatments and the current research on attachment theory and the role of attachment in couple and family distress. *Prerequisites: COUN 5301 and COUN 5335.*

COUN 6305 Career Counseling Across the Lifespan

Students will be introduced to career development and the importance of various facets of career counseling. Emphasis is given to developmental considerations and the role of testing, educational and career development program planning and implementation. Technology-based career development applications and strategies will be explored.

COUN 6313 Counseling Practicum I

Counseling supervised field experience. The practicum experience is designed to give counselors in training the opportunity to put into practice the skills and knowledge they are developing throughout the counseling program as they counsel clients for the first time. This practicum requires the student to complete 100 clock hours of supervised practicum, a minimum of 40 hours of which must be direct service. *Prerequisites: COUN 5300, COUN 5301, COUN 5305, COUN 5309, COUN 5316, COUN 5321, COUN 5327, COUN 5330, COUN 6305, COUN 6320, COUN 6322, COUN 6326, and COUN 5335 with a grade of "B" or higher.*

COUN 6320 Psychopharmacology and Treatment

This course will discuss the primary psychiatric disorders and the medications commonly used to treat these disorders, with an emphasis upon disorders identified in current Diagnostic and Statistical Manual of Mental Disorders. Students in this course will gain an understanding of how these drugs work, what effects and side effects they have, and how to work with clients as they receive both medical and counseling services. *Prerequisite: COUN 5316.*

COUN 6322 Crisis and Trauma Intervention

This course will look at the dynamics and treatment of developmental and situational crises, trauma, and grief. Students will be able to apply multiple models of intervention to various problems, such as suicide, sexual assault, domestic violence, substance abuse, school violence, abuse, divorce, grief and loss, and disaster relief. Primary skills of psychological first aid will additionally be taught.

COUN 6324 Advanced Ethics for Professional Practice

This course explores the range of ethical issues that professionals may encounter within the field of counseling during independent practice. Through lecture, discussion, reading, and role-plays, students will explore such issues as the interrelation between professional ethical codes, ethical decision-making, and records management. Additionally, a survey of applicable rules, laws, and statutes related to professional practice will be undertaken. *Prerequisite: COUN 5330.*

COUN 6326 Addictions Counseling

This course will provide an in-depth study of the theories and etiology of addictions and addictive behaviors including strategies for assessment and diagnosis, prevention, intervention, and treatment across the lifespan across a variety of settings. Coverage will include but not be limited to gambling, sexual, eating, alcohol, and drug-related addictions.

COUN 6350 Counseling Internship I

Internship I builds upon skills and experiences developed in practicum, identifies the strengths and growth areas relative to counseling core competencies, and focuses on expanding the depth and diversity of the student's professional experience as they counsel clients. This internship requires the student to complete 300 clock hours of supervised internship, a minimum of 120 hours of which must be direct service. *Prerequisite: COUN 6313 with a grade of "B" or higher.*

COUN 6351 Faith Integration in Counseling

In this course, students explore personal and professional issues of faith and spirituality as they pertain to clinical competency in professional counseling. Students will have an opportunity to learn about frameworks for faith integration in professional practice. The course provides students with an overview of several common approaches to mental health counseling from a faith perspective that have been well-supported in research.

COUN 6352 Counseling Internship II

Internship II is an extension of Internship I and requires the student to complete an additional 300 clock hours of supervised internship, a minimum of 120 hours of which must be direct service. Internship II will build on strengths and improve growth areas identified in Practicum and Internship I as students continue to work with clients. Focus will continue to be on providing the best possible client care and professional development. *Prerequisite: COUN 6350 with a grade of "B" or higher.*

EDUC 5302 Educational Psychology and Learning Theory

The field of educational psychology has gained form from a variety of learning and developmental theories. In this course, multiple theories of development, motivation, behavior, and learning will be examined in depth. The question, "how do humans learn?" is at the heart of these theories, and students are invited to construct, deconstruct, and reconstruct their personal theories of learning throughout the course. Students will also consider what constitutes learning. A variety of topics including the effectiveness of intrinsic and extrinsic motivators; student engagement; the nature of intelligence and creativity; the relationships between teaching and learning; differences in learning among diverse groups; and issues of testing, assessment, and accountability will be considered. In considering all such topics, a common theme continues to emerge. How do psychological principles illuminate processes of learning and teaching? In this course, we consider how theory, research, and practice inform each other in order to improve the efforts of educators. The activities and assignments for this course will be tailored to fit the program in which the student is enrolled.

EDUC 5312 Research Methods

This course introduces students to quantitative and qualitative methods for conducting meaningful inquiry and research. Students will gain an overview of research intent and design, methodology and technique, format and presentation, and data management and analysis informed by commonly used statistical and qualitative methods.

EDUC 5313 The Superintendency

Students will study the basic functions, duties responsibilities and current problems confronting practicing school superintendents. Special consideration will be given to strategic planning, student activities, ethics and ethical decision making, public information and collaborative decision making.

EDUC 5314 Curriculum and Instruction Leadership

Students will study the basic issues in strategic curriculum and instruction leadership. Various district curriculum planning methods will be analyzed and discussed. A heavy emphasis will be placed on using research based methods for planning instructional delivery systems and the examination of data to determine best practice for district wide decisions.

EDUC 5315 Human Resource Leadership and Financial Management

This course examines how to manage human resources effectively in the dynamic legal, social, and economic environment currently impacting educational institutions. This course also examines the concepts and theories that form the foundation of public school finance in America. Special consideration will be given to the following topics: formulation and implementation of human resource strategy; job analysis; methods of recruitment and selection; techniques for training and development; performance appraisal; compensation and benefits; and the evaluation of the effectiveness of human resource management frameworks and practices; taxation, revenue sources, legislative issues, risk management; school bonds; salaries; and indebtedness.

EDUC 5316 Organizational Leadership and Community Relations

This course focuses on how skills and abilities in leadership and management can be developed and applied by individuals in order to make a difference in organizations, communities, or societies. The course will also present concepts and specific techniques in school-community relations involving the development and maintenance of purposeful programs of communication and collaboration between school personnel and the community.

EDUC 5321 Curriculum Planning with Technology

This course offers the continued and deeper application of current and emerging technology tools in the design, development, and assessment of integrated, interdisciplinary, inclusive curricula. Along with the other courses in the Curriculum and Instruction Program this course will focus on development of integrated curriculum units. This course prepares students to be curriculum leaders at the campus and district level.

EDUC 5322 Curriculum Design, Assessment and Evaluation

This course examines classical as well as current theories of curriculum development and design. Practical applications of curriculum assessment and other determinants are considered. A systemic evaluation process of curriculum is emphasized.

EDUC 5323 Adapting Curriculum for Diverse Learners

This course will focus on the unique needs of diverse learners in the general education classroom. Topics covered include differentiation of instruction, response to intervention, and creating accommodations and modifications according to the needs of the learner. Research on adapting curriculum for diverse learners will be examined from the perspective of a graduate student. As a result of taking this course, students will be provided the tools necessary to become campus leaders in the adaptation of curriculum for diverse learners.

EDUC 5324 Curriculum Leadership

This course will focus on assisting teachers to define, plan, implement, and assess the P-12 Curricula. This course will also explore human resources available to schools and leaders. School leaders today must demonstrate “facilitative leadership” in order to be effective. The job of school leader is increasingly complex. The development of leadership capacity within one’s own self and others will be considered so that leadership challenges can be met effectively.

EDUC 5325 Academic Coaching

This course is designed to offer a straightforward plan to help site-based administrators and instructional coaches collaborate to bring out the best in teachers, build a strong and cohesive staff,

and achieve greater student academic success. A strength-based school improvement model will be the focus of the learning. Students will learn how to work with teachers to help them work together and maximize teacher effectiveness and efficiency. The academic coaching model will focus on self-reflection, planning, goal setting, and a feedback based walk-through model to mirror the state's current teacher evaluation system.

EDUC 5331 Education Research

This course will focus on methods used to conduct research in education. Topics covered will include: organizing, analyzing, and interpreting data, descriptive statistics, inferential statistics, qualitative research in education, and ethical issues related to education research. An emphasis is placed on interpreting existing research for application purposes as a classroom teacher.

EDUC 5332 Research Applications in the Classroom

This course will focus on developing a complete research proposal that includes an introduction to the research problem, a comprehensive literature review, and a methodology section. The required proposal will detail a research design utilizing either quantitative or qualitative methods suitable for implementation as a classroom teacher and representing graduate level work. *Prerequisite: EDUC 5331*

EDUC 5333 Technology in Today's Classroom

This course will develop technology literacy skills for teaching. Students will demonstrate the use of technology in communicating, collaborating, and teaching. Knowledge and proficiencies needed to confidently incorporate existing and emerging educational technologies into candidates' future classrooms will be taught. Emphasis will be on integrating technology applications to support content area teaching. Assignments and activities will be tailored to fit the track that student is taking.

EDUC 5334 Equity and Diversity in Education

This course examines pedagogy for students from diverse backgrounds in the classroom. Topics covered include teaching methods for English language learners, students with special needs, diverse cultures, and low socio-economic status. Students will examine and apply the latest research concerning these diverse student groups.

EDUC 5340 Studies in Effective Classroom Management and Instructional Strategies

This course examines instructional methods and strategies that emphasize theoretical and practical applications of the teaching-learning processes along with the major instructional and managerial roles of classroom teachers. Emphasis is given to planning for instruction, relating instruction to learning outcomes, classroom organization and management, discipline management and performance of diverse learners. Teaching methods and techniques using group processes, and those oriented toward the individual, are identified and demonstrated through lesson planning, cooperative learning techniques and utilization of multimedia and technology. The activities and assignments for this course will be tailored to fit the master's track in which the student is enrolled. The course consists of online assignments and weekly meetings on campus.

EDUC 5341 Curriculum and Assessment I with Internship

This is a seminar course that offers an exploration of the principles of curriculum and lesson planning. Basic models of instruction including direct instruction, discovery and experiential learning, concept induction, concept attainment, and differentiated instruction to address the needs, interests and abilities of diverse students are investigated. Designing developmentally appropriate assessments is also introduced. Students will complete the first half of a full year internship during this semester.

EDUC 5342 Curriculum and Assessment I

This is a seminar course that offers an exploration of the principles of curriculum and lesson planning. Basic models of instruction including direct instruction, discovery and experiential learning, concept induction, concept attainment, and differentiated instruction to address the needs, interests and abilities of diverse students are investigated. Designing developmentally appropriate assessments is also introduced.

EDUC 5343 Curriculum and Assessment II with Internship

This is a synthesis seminar course that offers the continued and deeper application of constructivist principles to the design and development of integrated, interdisciplinary, inclusive and culturally responsive curricula. This course is designed to help teachers improve their assessment and evaluation literacy. An emphasis is placed on the various approaches to assessment including performance tasks, observations and portfolios; test construction and design; grading procedures; and reporting practices

including self-assessment, student conferences and parent conferences as a part of designing effective instructional delivery systems. Students will complete the second half of a full year internship.

EDUC 5344 Curriculum and Assessment II with Clinical Teaching

This is a synthesis seminar course that offers the continued and deeper application of constructivist principles to the design and development of integrated, interdisciplinary, inclusive and culturally responsive curricula. This course is designed to help teachers improve their assessment and evaluation literacy. An emphasis is placed on the various approaches to assessment including performance tasks, observations and portfolios; test construction and design; grading procedures; and reporting practices including self-assessment, student conferences and parent conferences as a part of designing effective instructional delivery systems. Students will complete fourteen (14) weeks of clinical teaching during the semester.

EDUC 5345 Curriculum and Assessment I With Half-Day Clinical Teaching

This is a seminar course that offers an exploration of the principles of curriculum and lesson planning. Basic models of instruction including direct instruction, discovery and experiential learning, concept induction, concept attainment, and differentiated instruction to address the needs, interests, and abilities of diverse students are investigated. Designing developmentally appropriate assessments is also introduced. Students will complete fourteen (14) weeks of half (1/2) day clinical teaching during the semester. To receive credit for clinical teaching a student must complete this course as well as EDUC 5346. *Prerequisites: EDUC 5302, EDUC 5333, READ 5318, and READ 5333.*

EDUC 5346 Curriculum and Assessment II With Half-Day Clinical Teaching

This is a synthesis seminar course that offers the continued and deeper application of constructivist principles to the design and development of integrated, interdisciplinary, inclusive, and culturally responsive curricula. This course is designed to help teachers improve their assessment and evaluation literacy. An emphasis is placed on the various approaches to assessment including performance tasks, observations and portfolios; test construction and design; grading procedures; and reporting practices including self-assessment, student conferences and parent conferences as a part of designing effective instructional delivery systems. Students will complete fourteen (14) weeks of half (1/2) day clinical teaching during the semester. To receive credit for clinical teaching, a student must complete EDUC 5345 during the fall semester as well as this course. *Prerequisite: Successful completion of EDUC 5345.*

EDUC 5350 Language Acquisition

This course examines theories of second language acquisition and practical application of theories to second language teaching and learning. Students will be able to recognize the processes through which languages are acquired in both formal and informal contexts. This course will also consist of an interdisciplinary survey of theory and practice, paying close attention to how the application of all aspects of language acquisition relate to institutional learning. *Prerequisite: Entrance into the Curriculum and Instruction Track*

EDUC 5380 Strategic Operations

This course provides students with an overview of strategic operations in public school management theory and research. Long range planning and development will be the key topics. The course assumes management as a phenomenon embedded within particular contexts of school-based decision making and governance. Information from the educational administration and corporate perspectives of management will focus attention on the improvement of communication and implementation of tasks associated with the delivery of services in public schools.

EDUC 5381 School Finance

In this course students will focus on the role of the principal in the management of public school campus finances. Emphasis will be placed on planning, development, and implementation of finances as well as budgeting, purchasing, human resources, and business office management. The course will include a focus on the processes and procedures that most effectively and equitably meet the identified instructional needs of the building and specifically supports increased student achievement as specified in the campus improvement plan.

EDUC 5382 Administration of Special Programs

Administration of Special Programs prepares students to administer special and compensatory education programs. The course emphasizes the basic concepts, issues, problems, and procedures in administration of special and compensatory programs. Students will be exposed to real world issues

in the form of case studies and group projects.

EDUC 5384 The Principal

This course is designed to focus on the skills, practices, and understandings to be an effective principal. Instruction in this course will emphasize competencies necessary for leadership and management of the school. It will also focus on the Principal's role in developing an effective learning community.

EDUC 5385 Practicum I

This practicum course in education administration is the first of two field-based courses in which students have an opportunity to apply or demonstrate acquired knowledge and skills in a real world (public school) setting. Critical issues relating to school leadership and management are examined in the practicum experience. Approximately 75 hours of activities are undertaken that relate to the principal as the school community leader, instructional leader, and administrative leader of the campus. All activities must be related to the State Board for Educator Certification (SBEC) standards and competencies taught in the program curriculum and tested in the Principal Certificate.

EDUC 5386 Practicum II

This practicum course in education administration is the second of two field-based courses in which students have an opportunity to apply or demonstrate acquired knowledge and skills in a real world (public school) setting. Critical issues relating to school leadership and management are examined in the practicum experience. Approximately 75 hours of activities are undertaken that relate to the principal as the school community leader, instructional leader, and administrative leader of the campus. Additionally, an action research project will be completed as the culminating activity. All activities must be related to the State Board for Educator Certification (SBEC) standards and competencies taught in the program curriculum and tested in the Principal Certificate. *Prerequisite: Completion of EDUC 5385 with a grade of "B" or higher.*

EDUC 5387 School Law

This course is designed to develop and improve the students' knowledge and understanding of the basic legal parameters that impact organization and control of the Texas and American school systems.

HIGHER EDUCATION

HIED 5301 Governance, Administration, and Leadership

This course examines organizational theories, models, policies, and cultures; external and internal governance and management processes; leadership theories and practices; critical roles and responsibilities; and principal administrative functions affecting various college and university administrative and instructional units.

HIED 5302 Higher Education Law and Finance

This course examines case law on issues of access, student rights, employment, church and state, private sector, liability, academic freedom, and civil rights. Additionally, this course examines revenue, fund-raising and development, types of expenditures, tuition and financial aid policies, budgeting and accounting practices.

HIED 5303 Christian Servant Leadership

This course is designed to prepare the student for effective leadership in his/her profession by introducing key aspects of servant leadership from research literature and from Scripture. The student will be challenged not only to understand the key ideas associated with servant leadership but also to apply those ideas to his/her own life and to differentiate between a biblical approach to servant leadership and a secular approach.

HIED 5304 Philosophy and Trends in Higher Education

This course provides a history of the U.S. system of higher education through an overview of that system and its scope, a survey of the philosophical missions and purposes served by U.S. colleges and universities, and an investigation of some of the pressing policy questions and emerging practice issues confronting these institutions.

HIED 5305 Fundamentals of Educational Research and Institutional Assessment

This course introduces students to quantitative and qualitative methods for conducting meaningful inquiry, research, and assessment in higher education. Students will focus on research intent and design, methodology and technique, format and presentation, data management, and evaluation

informed by commonly used statistical and qualitative methods.

HIED 5306 Teaching and Learning: Strategies for Student Success

This course consists of an examination of various teaching methods and learning strategies for the college student. An examination of adult learning styles, assessment methods, and differentiation of instruction for all students is emphasized.

HIED 5307 Student Affairs Leadership

This course is an overview of basic functions and professional issues in student affairs work. Pertinent concepts of administration and student development are introduced. The functions of and relationships between various student services departments are discussed with special emphasis given to institutional policies, planning, and coordination to support housing and dining, recreation services, activities and organizations, and career services.

HIED 5308 The Community College

This course is designed to familiarize students with one of the largest segments of higher education. Topics include, but are not limited to, governance, history of the community college, community college finance, and community college legal policy.

HIED 5309 Enrollment Management: Recruitment and Retention

Students will examine strategic enrollment management processes, financial aid, diversity issues, and methods to align marketing and recruitment efforts with institutional mission and goals. The course also emphasizes the importance of the partnership between academic affairs and student affairs in developing retention strategies.

HIED 5310 Academic Leadership

This course will focus on the academic structure and leadership of the university. Students will examine challenges and opportunities in developing and enhancing undergraduate, graduate, and non-traditional programs that support institutional missions.

KINESIOLOGY

KINE 5301 Current Trends and Issues in Sports and Exercise Settings

This course surveys current trends and issues in various sports and exercise settings. Emphases will be placed upon analyzing modern research and contemporary issues related to the preferred occupations of the students enrolled in the course. Discussing assigned topics, organizing and giving topical presentations, examining principles related to sports and exercise fields, and applying those principles to program planning, administration, and supervision will be emphasized.

KINE 5302 Sports Management and Marketing

This course will offer insight into the role of sports in the marketing world's ongoing effort to connect with consumers. Students will be introduced to and become familiar with the terms and tools relevant to leadership in the sports industry, including an examination of the difference between the use of sports for marketing and the use of marketing in sports. The course will focus on five basic marketing concepts and their innovative application in the business of sports. In addition, the course will cover basic management techniques for a variety of leadership positions within Kinesiology careers.

KINE 5303 Coaching Behaviors and Sports Preparation

This course examines various aspects of sports preparation and coaching behavior. Emphases will be placed upon analyzing various coaching behaviors and styles, examining and discussing the ideal styles to use in diverse settings, and preparing workouts, practices, and game plans dependent upon those styles. The role of the sports or exercise coach as a leader and role model will also be heavily emphasized. Discussing assigned topics, organizing and giving topical presentations, examining principles related to sports and exercise fields, and applying those principles to program planning will be emphasized.

KINE 5304 Sports and Exercise Psychology

This course provides students with an in-depth view of theoretical and applied aspects of sport and exercise psychology. This course considers the many facets of sport and exercise psychology in review fashion, with special attention given to the use of this information by leaders in sports and exercise settings. The course will also include a focus upon both historical and contemporary developments throughout those applied settings.

KINE 5305 Principles of Advanced Human Performance

This course will explore the principles necessary to design, implement, and administrate a safe and effective strength and conditioning program. The course will address the exercise goals of clients in a variety of settings, including those with goals towards individual sports, team sports, and personal

wellness. It is strongly recommended, but not required, that students have at minimum basic knowledge of human anatomy and physiology before taking this course.

KINE 5306 Practicum: Sports and Exercise Leadership

This course includes a minimum of 150 hours of applied activities in field-based settings, including but not limited to leadership roles in coaching, sports administration, and exercise settings. The practicum experience is intended to provide the educational link between more closely supervised university faculty- or campus-related instruction and the independence of the real-world setting. Permission from the faculty member assigned to the course is required for enrollment. *Prerequisite: Permission from the faculty member assigned to the course is required for enrollment.*

KINE 5307 Measurement and Evaluation

This course is designed to give the student knowledge of essential principles of measurement and evaluation in Kinesiology. Experiences are provided to help the student understand basic concepts relating to classification of data, samples and populations, hypothesis testing, and probability statements. Appropriate statistical measures and research methods will be included, as well as related computer assisted technology.

KINE 5308 Sports and Exercise Leadership

This course examines leadership in a variety of sport and exercise settings. Emphases will be placed upon specific settings based upon those enrolled in the course. Exploring the various factors in applied leadership and the discussion of ethical implications are among the most-important objectives. Discussing assigned topics, organizing and giving topical presentations, examining principles related to sports and exercise fields, and applying those principles to program planning will be emphasized.

KINE 5309 Sports and Exercise Nutrition

This course will offer insight into the role of sport nutrition and performance related nutrition education. Students will be introduced to and become familiar with the terms and tools relevant to nutrition, including an examination of nutrition for aerobic and anaerobic sports. The course will focus on basic nutrition concepts and the application of nutrition planning for performance enhancement. In addition, the course will cover case studies for team nutrition implementation.

KINE 5310 Motor Learning and Control

This course develops an understanding of the cognitive, behavioral, neurophysiological and biomechanical approaches to motor skill learning. Areas of study include feedback manipulation, motor programming, dynamic systems theory, generalizability of schema, and compatibility analysis. Particular attention is given to the mechanisms underlying skill acquisition and the role of practice and feedback on performance.

KINE 5312 Research Methods

This course introduces students to quantitative and qualitative methods for conducting meaningful inquiry and research. Students will gain an overview of research intent and design, methodology and technique, format and presentation, and data management and analysis informed by commonly used statistical and qualitative methods.

MUSIC

MUSI 5300 Christian Worship and the Contemporary Church

In this course students will examine the purpose and practices of Christian worship. Attention will be given to developing a philosophy of communal worship based on Biblical principles, and skills to plan worship services effectively for a congregation.

PSYCHOLOGY

PSYC 5300 Understanding the Contemporary Mind and Religion

The focus of this course is on the meaning religion has for an individual in today's world. Utilizing a synthesis of classic and contemporary research on religious thought, feeling, belief, and behaviors, the course will explore a three-dimensional model of different ways of being a religious person. The course is not concerned with purely conceptual or philosophical discussions of religion, but seeks to provide a comprehensive evaluation from an empirical perspective.

READING

READ 5317 Developing Literacy Skills

This course includes a review of the current theoretical approaches that form the conceptual foundations of teaching reading and the methodologies by which they are applied in the elementary

school. Topics include the developmental stages of reading, including word recognition skills, fluency, comprehension, integration of the language arts, and vocabulary development. Ways of organizing and managing reading instruction are also covered.

READ 5318 Reading in the Content Area

This course will focus on theories and methodologies of teaching reading as it applies to the major content areas. Pre-reading, during reading, and post-reading strategies will be explored along with different methods of teaching comprehension, vocabulary, word identification skills in the content area, fluency, and study skills. This course will also include techniques of teaching spelling, grammar, and writing as an integrated part of the content area. It is part of the core courses required for the curriculum & instruction track and certification track.

RELIGION

RLGN 5300 The Baptists

This graduate level colloquium examines the historical origins, development, theology, polity, and mission of the Baptist denomination, with attention to the historic Baptist groups and denominations, their presence around the world, and the varieties of Baptist expressions through the churches, conventions, and other organizations. The colloquium will involve readings in primary source materials and significant secondary works, with close focus given to the Southern and Texas Baptists.

RLGN 5301 Early Childhood Ministry

During the first five years of a child's life, foundations are laid for a lifetime of learning and growth. This course will combine knowledge, theory, and practical application to enable the student to work with young children in any church setting. This study will include a review of the characteristics of early childhood. Students will study the practical skills needed to provide age appropriate learning experiences and activities for children birth through five years of age. Attention will be given to planning and operating programs for this age group in the church and during the week.

RLGN 5302 Elementary Children's Ministry

This is a survey class to help students learn how to develop a quality ministry to children in grades 1-6 and their families. The course will include a review of the characteristics of children from first through the sixth grade. Students will study the practical skills of providing age appropriate learning experiences and activities for the children teaching ministry of the church. Special consideration will be given to developing lay leadership for children's ministry.

RLGN 5303 Family Ministry

This course will survey what the church can do to minister to the family as a unit, not just as the individual parts of preschoolers, children, youth, parents, or guardians. Students will explore biblical foundations of family ministry. Students will have the opportunity to learn skills related to understanding the social context and cultural contexts of families and give them a foundation for designing and carrying out ministry with and through the family.

RLGN 5304 History of Missions

A survey of the historical progress of the Christian mission from its beginnings with the first-century church through the twentieth century focusing on specific types of mission endeavors. The development of the idea of mission among different Christian traditions and times and how it was practiced will be examined along with emerging factors and themes contributing to advance or decline of the Christian mission endeavor.

RLGN 5305 Strategies for Missions

A study of principles and practices essential for building a mission strategy with New Testament characteristics in international settings. Strategies for Missions focuses on the biblical, missiological, historical, cultural, and practical issues that inform and guide the development of an effective mission strategy. The course will evaluate theories of mission process, current trends in Protestant missions, missionary problems, cross cultural mission strategies and will allow the student to develop and evaluate a strategy to reach a population segment or people group.

RLGN 5306 Theology of Missions

A Study of the underlying principles and theological presuppositions of the global Christian mission. This course will examine understandings of truth, biblical authority, the nature of non-Christian religions, the role of the local church, the place of social justice, spiritual dynamics, the

growth of the majority world church, and many other concerns that have impacted the mission endeavor. These developments will be examined from a biblical, historical and contemporary perspective.

RLGN 5307 Youth Evangelism and Discipleship

This course will help students learn how to develop strategies and plans to reach teenagers for Christ and to disciple them in their faith. The course will explore a biblical foundation for evangelism and discipleship, and will include a review of the various models of youth evangelism and discipleship in order to assess their validity and effectiveness in guiding teenagers toward spiritual maturity.

RLGN 5308 Youth Cultural Issues

This course will equip students to examine and interpret youth culture by acquainting them with the various issues, problems, and challenges faced by teenagers (and their families) in America. Students will analyze current youth cultural trends and will generate plans to address these issues through the youth ministry of a local church.

RLGN 5309 New Testament Exegesis

Selected texts from the New Testament will be examined, involving detailed exegesis of specific passages. Texts will be selected based on canonical, thematic, historical, literary, and/or authorial criteria. This course may be repeated for credit when the selected texts vary.

RLGN 5310 The Christian Life in the Letters of Paul

An in-depth study of the ethical theology, methodology, and instruction of the Apostle Paul. The course gives significant attention to literary and contextual issues in determining how the Apostle Paul sought to shape the lives of his converts for the purpose of witness in the world to live as God intends. Particular focus will be directed to the Christological, Ecclesial, and Eschatological dimensions of Pauline moral discourse.

RLGN 5311 Christianity and Contemporary Culture

A multi-directional study of the relationship between Christianity and contemporary culture, including analysis of various understandings of “culture,” a survey of biblical and historical models for the relationship of Christian faith and practice to broader cultural settings, analysis and evaluation of various methods of theological interpretation of cultural texts and trends, and application of such methods to selected expressions of contemporary North American culture.

RLGN 5319 Old Testament Exegesis

Selected texts from the Old Testament will be examined, involving detailed exegesis of specific passages. Texts will be selected based on canonical, thematic, historical, literary, and/or authorial criteria. This course may be repeated for credit when the selected texts vary.

RLGN 5320 Old Testament Theology

An advanced survey of the nature, history, methods, and themes of Old Testament theology. The Old Testament teaching about God, creation, the land, anthropology, hamartiology, soteriology, community, leaders, and eschatology will be treated as well as the relationship between the Old Testament and the New Testament.

RLGN 5330 New Testament Theology

A study of the major theological themes of the New Testament. The focus of the course will be on the exegesis of critical New Testament texts as the basis for New Testament Theology. Attention will be given to the question of the theological coherence of the New Testament canon.

RLGN 5331 New Testament Ecclesiology

A study of the church as presented in the New Testament. The focus of the course will be on the exegesis of critical New Testament texts, examining the purpose, function, organization, and leadership of the church.

RLGN 5340 Peoples, Theology, and Literature of the Ancient Near East and Israel

A study of the archaeology, historical geography, religion, manners and customs, economics, social concerns, and literature of the Ancient Near East and Israel.

RLGN 5342 Selected Topics in Theology

A thorough study of a topic selected from the disciplines that comprise theological studies (including Hebrew, Greek, biblical archaeology, biblical studies, biblical theology, systematic theology, ethics, and philosophy). Students will be required to engage in a detailed study of the topic, including examination of standard works and current research on the subject. Analysis and

synthesis of the material will be incorporated into a course project. This course may be repeated for credit when the topic changes.

RLGN 5350 The Educational Ministry of the Church

This course identifies the educational leadership needs of a church. An examination will be made of Bible study, discipleship, and mission education and action needs for adults, youth, children, and preschoolers in a church. Emerging twenty-first century educational and ministry needs will be examined.

RLGN 5352 Selected Topics in Ministry

A thorough study of a topic selected from the disciplines that comprise ministry studies (including homiletics, evangelism, discipleship, spiritual development, pastoral studies, missions, Baptist tradition, and leadership). Students will be required to engage in a detailed study of the topic, including examination of standard works and current research on the subject. Analysis and synthesis of the material will be incorporated into a course project. This course may be repeated for credit when the topic changes.

RLGN 5355 Spiritual Formation: Scripture, Tradition, and Practice

This course examines various traditions, disciplines, and practices of Christian spirituality in the context of their historical development and explores how these influence contemporary spiritual formation. Classical readings from spiritual pioneers will highlight the interconnectedness of scripture, faith, and practice, and will serve as an intellectual foundation for the students' own experience of spiritual formation. Students will also read and study scripture from a devotional perspective and will practice, both individually and communally, the spiritual disciplines that have shaped the Church. All instruction, study, and practices have the goal of promoting personal and spiritual formation as a vital component of the Christian life and ministry.

RLGN 5360 World Christianity

Study of the recent growth of worldwide Christianity with a particular emphasis on the perspective and contributions offered by Christians from Africa, Asia and Latin America. Attention will be given to recent theological developments; key historic, demographic, and cultural themes; and emerging partnership opportunities.

RLGN 6101 Thesis/Ministry Project 1

This course is the preparation of a prospectus for a research thesis/ministry project. A completed prospectus will include a clear statement of the focus of the thesis/project and a survey of the professional literature relevant to the thesis/project. This course will be graded on a credit/no credit basis. *Prerequisite: Permission of the Program Director*

RLGN 6301 Thesis/Ministry Project 2

This course consists of the completion of a graduate research thesis or ministry project, including the submission of a research thesis/project report in both written and oral formats. This course will be graded on a credit/no credit basis. *Prerequisite: Successful completion of RLGN 6101.*
